READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 1]

[EXECUTIVE ORDER NO. 2015-02]

Competitive Process for Procurement of Legal Services

January 20, 2015

Whereas, Section 515 of the Commonwealth's Procurement Code exempts various categories of "Sole Source" contracts from the requirement of competitive bidding, including when services are to be provided by attorneys or litigation consultants selected by the Office of General Counsel, the Office of Attorney General, the Department of the Auditor General or the Treasury Department; and

Whereas, the Office of General Counsel has, in reliance on Section 515 and with the approval of the Governor, engaged private counsel to represent the Commonwealth or its employees in civil or criminal matters without utilizing a competitive bidding process; and

Whereas, competitive bidding for legal services should be used to the maximum extent feasible prior to engaging private counsel to represent the Commonwealth or its employees in civil or criminal matters; and

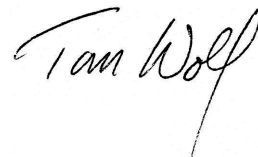

Whereas, Section 512.1 of the Procurement Code includes an alternate process for obtaining services through the use of "competitive electronic auction bidding;" and

Whereas, Section 518 of the Procurement Code includes an alternative process for lawyers and other professionals under the heading "Competitive Selection Procedures for Certain Services;" and

Whereas, in many cases, the need to retain private counsel can be predicted and planned for sufficiently in advance to engage in competitive bidding; and

Whereas, procuring legal services through a competitive procurement process wherever possible will provide greater assurance that legal expenditures are efficiently utilized, will result in a more transparent selection process, and will enhance public perception that the process is fair and not influenced by political or other improper considerations.

Now, Therefore, I Thomas W. Wolf, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby direct as follows.

Governor

- 1.805. Role of General Counsel.
- 1.806. Effective date.

§ 1.801. Contracts conducted on the basis of competitive bidding procedures.

Except as set forth in this subchapter, the awarding of contracts for legal services or legal consultants by the Office of General Counsel or an executive department shall be conducted on the basis of the competitive bidding procedures in 62 Pa.C.S. § 512.1 or § 518 (relating to competitive electronic auction bidding; and competitive selection procedures for certain services).

§ 1.802. Contracts awarded on a sole source basis.

Legal service or legal consultant contracts shall be awarded on a sole source basis only when it is clearly not feasible to utilize competitive bidding because of an urgency of need or other documented circumstances.

§ 1.803. Request for authorization for outside counsel.

When an executive department determines that the paid services of outside counsel are required, it shall submit to the Office of General Counsel a request for authorization to proceed. The request for authorization must succinctly state:

§ 1.804. Request for proposals and invitation for bids.

Upon receipt of written authorization to proceed from the General Counsel, the department may issue a request for proposals under 62 Pa.C.S. § 518 (relating to competitive selection procedures for certain services) or an invitation for bids under 62 Pa.C.S. § 512.1 (relating to competitive electronic auction bidding).

§ 1.805. Role of General Counsel.

The General Counsel shall, as soon as practicable:

- (1) Identify categories of legal services or types of cases that may be supplied by outside lawyers or law firms, or both.
- (2) Develop a competitively bid list of preapproved outside counsel for emergency situations.
- (3) Identify the circumstances in which the awarding of legal services on a sole source basis is justified based on the criteria in § 1.802 (relating to contracts awarded on a sole source basis) and those that must be subject to competitive bidding under either 62 Pa.C.S. § 512.1 or § 518 (relating to

competitive electronic auction bidding; and competitive selection procedures for certain services).

(4) Implement a system to award those contracts in accordance with those provisions.

§ 1.806. Effective date.

This subchapter takes effective immediately.

[EXECUTIVE ORDER NO. 2015-01]
Executive Branch Employee Gift Ban

January 20, 2015

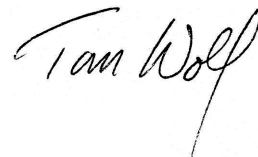

Whereas, the citizens of the Commonwealth are entitled to confidence in the integrity of the government, including the process by which decisions and administrative actions are rendered by employees of the Commonwealth; and

Whereas, such confidence in the integrity of the government demands that significant contact between Commonwealth Executive Employees and special interests, lobbyists and those who employ lobbyists seeking to influence the decisions and administrative actions of such employees, be regulated and publicly disclosed; and

Whereas, the Constitution of Pennsylvania vests supreme executive power in the Governor, which power includes the prerogative to establish practices and proceedings before executive agencies and to regulate actions that may influence, or have the potential to influence, the outcome of decisions and administrative actions of executive branch employees; and

Whereas, the Code of Conduct adopted by Executive Order 1980-18, as amended ("Code of Conduct"), restricts and requires disclosure of the receipt by employees, appointees and officials of the Executive Branch of the Commonwealth of gifts, gratuities, favors, entertainment, loans or any other thing of monetary value, including in-kind gifts, from persons doing or seeking to do business with the Commonwealth or with interests that are substantially affected by decisions of Commonwealth officials.

Now Therefore, I, Thomas W. Wolf, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby reaffirm the Code of Conduct for Commonwealth Employees, and promulgate the following amendments to such Code of Conduct to clarify the applicability of the Code of Conduct generally and to strengthen and expand the provisions regarding prohibitions on the receipt of gifts.

Subchapter K. CODE OF CONDUCT FOR APPOINTED OFFICIALS
AND STATE EMPLOYEES

RESTRICTED ACTIVITIES: CONFLICTS OF INTEREST

§ 7.153. Gifts and favors.

(a) No employee, appointee or official in the Executive Branch of the Commonwealth may solicit or accept for the personal use of the employee or another, a gift, gratuity, favor, entertainment, hospitality, loan or any other thing of monetary value, including in-kind gifts, from a person who:

(1) Is seeking to obtain business from or has financial relations with the Commonwealth.

(2) Conducts operations or activities that are regulated by the Commonwealth.

(3) Is engaged, either as principal or attorney, in proceedings before the Commonwealth or in court proceedings in which the Commonwealth is an adverse party.

(4) Has interests that may be substantially affected by the performance or nonperformance of the official duty of the employee.

(b) The only exceptions are limited to the following instances:

(1) The solicitation or acceptance of something of monetary value from a friend, parent, spouse, child or other close relative under circumstances which make it clear that the gift is motivated by a family relationship or personal friendship rather than the position of the employee. Relevant factors in making a determination include the history of the relationship (for example, does the friendship predate employment by the Commonwealth) and whether the family member or friend pays for the gift.

(2) The acceptance of loans from banks or other financial institutions on customary terms of finance for proper and usual activities, such as home mortgage loans.

(3) Participation in widely attended gatherings free of charge is permissible when officials have been invited and are acting in furtherance of their official duties. But no food or drink can be accepted without payment at market value.

[4 PA. CODE CHS. 7 AND 7a]
[EXECUTIVE ORDER NO. 2011-03]
Public Private Partnership

May 3, 2011

Whereas, Pennsylvania has dramatically low national rankings in areas of key economic indicators, such as job creation, population growth, new business start-ups, patent creation and the average educational attainment for its workforce; and

Whereas, the commonwealth's economic development goals include developing an innovation-driven economy, ensuring that all Pennsylvania's children can achieve their full potential through access to a first-class education, increasing wealth-generating job opportunities for all citizens,

encouraging small business growth, significantly reducing the burdens government places on businesses and citizens, expanding Pennsylvania-based business export opportunities, and harnessing Pennsylvania's energy potential; and

Whereas, successful economic development must be sustainable, contribute lasting economic benefits, provide a solid education that prepares students to compete in a global economy, and evaluate workforce and education options and opportunities in order to ensure an improved quality of life for Pennsylvania's people and communities; and

Whereas, commonwealth taxpayers for too long have been unduly burdened with, and relied upon for, sustaining Pennsylvania's many levels of state and local governments; and

Whereas, merely improving government policies and programs is insufficient to surmount the significant economic challenges facing the commonwealth; and

Whereas, the use of a public private partnership to bring business, government, community, and education leaders together is essential to accomplishing these goals; and

Whereas, Pennsylvania is fortunate in having an abundance of world-class private sector resources and leaders who desire to better their communities and the commonwealth; and

Whereas, Team Pennsylvania Foundation is a dynamic resource for Pennsylvania, created as a nonprofit corporation incorporated in 1997, under 15 Pa.C.S. Subpart C (relating to Nonprofit Corporation Law of 1988), in order to assist the commonwealth in increasing job growth, retention and creation within Pennsylvania.

Now, Therefore, I, Tom Corbett, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby recognize, affirm and celebrate the economic development partnership between the commonwealth and the Team Pennsylvania Foundation.

GOVERNOR'S OFFICE

Proclamation of Disaster Emergency

January 26, 2015

Whereas, A severe winter event is impacting the Commonwealth of Pennsylvania, causing dangerous winter weather conditions including snow and ice accumulation; and

Whereas, this emergency event has the potential to cause significant adverse impacts upon the population throughout the Commonwealth; and

Whereas, this emergency event may prompt affected county and municipal governments to declare local disaster emergencies because of the winter weather conditions; and

Whereas, the emergency event is of such magnitude or severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county and municipal emergency response plans.

Now Therefore, pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S. Section § 7101 et seq.,) I do hereby proclaim the existence of a disaster emergency in the Commonwealth and authorize and direct that the Pennsylvania Emergency Management Agency Director or designee assume command and control of all

statewide emergency operations and that all Commonwealth departments and agencies, under the direction of the Pennsylvania Emergency Management Agency Director or designee, utilize all available resources and personnel as is deemed necessary to cope with the magnitude and severity of this emergency event.

Further, I hereby transfer up to \$250,000 in unused appropriated funds to the Pennsylvania Emergency Management Agency, which amount may be increased or decreased as conditions require. The aforementioned funds shall be used for disaster-related expenses incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. § 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516; and

Further, I hereby direct the Pennsylvania Emergency Management Agency to staff the State Emergency Operations Center for the duration of this emergency event and to augment it with personnel from other state agencies and departments. I also authorize the Agency to direct and coordinate the emergency response, recovery, and mitigation activities of other state agencies and departments as deemed necessary to deal with the exigencies of this disaster emergency through implementation of the State Emergency Operations Plan; and

Further, I hereby authorize the Secretary of Transportation to use all available equipment, resources, and personnel of the Department, in whatever manner that she deems necessary, to ensure that all state highways in the areas that may be affected by the emergency event are cleared of snow, debris and any other obstructions resulting from this event and to ensure that highways, bridges, roadbeds, and related facilities and structures, including federal-aid highways, that may sustain damage in the disaster affected areas are immediately repaired, maintained, reconstructed, or replaced, or that new construction is undertaken where necessary. In addition, I hereby waive any laws or regulations that would restrict the application and use of the Department's equipment, resources, and personnel to assist local jurisdictions in the repairs and clearing and removal of snow, debris and other types of obstructions from non-state-owned highways. This assistance to local jurisdictions may be provided solely at the discretion of the Secretary of Transportation. This assistance, however, does not apply to privately owned highways, roads, streets, or other types of property; and I hereby authorize the Secretary of Transportation, in her sole discretion, to waive any provision of the Vehicle Code or any other law or regulation which she is authorized by law to administer or enforce as may be necessary to respond to this emergency event; and

Further, if investigations made on my behalf determine that the Commonwealth is in need of greater flexibility in the application of state and federal motor carrier regulations to accommodate truck drivers in the finding and transporting of fuel, food or other commodities across the state to provide emergency relief during this event, I hereby direct the Department of Transportation to waive any laws or Federal or state regulations related to drivers of commercial vehicles; and

Further, pursuant to the powers vested in me by the Constitution and laws of this Commonwealth (51 Pa.C.S. § 508), I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of this disaster emergency proclamation, such individuals and units of the Pennsylvania National Guard, as requested by the Pennsylvania Emergency Management Agency, to alleviate the danger to public health and safety caused by this emergency event; and

Further, I hereby authorize the Commissioner of the Pennsylvania State Police to use all available resources and personnel of the Department, in

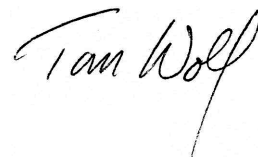

whatever manner he deems necessary, to aid in the recovery aspects related to all interstate, other federal and state highways in the Commonwealth to address this emergency event; and

Further, I hereby direct that the emergency response, recovery, and mitigation aspects of the Commonwealth and all applicable county, municipal, and other emergency response plans be activated and that all state, county, and municipal actions taken to implement those plans be coordinated through the Pennsylvania Emergency Management Agency; and

Further, I hereby suspend the provisions of any other regulatory statute prescribing the procedures for conduct of Commonwealth business, or the orders, rules or regulations of any Commonwealth agency, if strict compliance with the provisions of any statute, order, rule or regulation would in any way prevent, hinder, or delay necessary action in coping with this emergency event. All Commonwealth agencies may implement their emergency assignments without regard to procedures required by other laws, except mandatory constitutional requirements, pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, and expenditures of public funds; and

Still Further, I hereby urge the governing bodies and executive officers of all political subdivisions that may be affected by this emergency event to act as necessary to meet the current exigencies as legally authorized under this proclamation, including by the employment of temporary workers; by the rental of equipment; and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

Given under my hand and the Seal of the Governor, at the City of Harrisburg, on this twenty-sixth day of January in the year of our Lord two thousand fifteen, and of the Commonwealth the two hundred and thirty-ninth.

Proposed Public Access Policy Concerning Case Records of the Appellate and Trial Courts

The Administrative Office of Pennsylvania Courts is planning to recommend that the Supreme Court of Pennsylvania adopt this proposed public access policy concerning official case records of the appellate and trial courts. At my direction, a working group comprised of judges, attorneys, filing office and administrative personnel developed this proposed policy that is being published for public comment. The proposed policy covers official case record information that would be accessible by the public, how requests for access are to be handled, applicable fees, and other pertinent recommendations.

Balancing the public's right of access to official records with an individual's privacy interests is an important public policy issue. This proposal builds upon existing UJS policies governing access to magisterial district court case records, electronic case records and financial records.

The Explanatory Report highlights the working group's considerations in formulating this proposed policy. I request that interested persons submit suggestions, comments, or objections concerning this proposal to the working group through

B. "Case Records" are (1) pleadings, documents and other legal papers for any unique case filed with and maintained by the applicable court or custodian; (2) dockets, orders, opinions, judgments, decrees, and other legal papers for any particular case created and maintained by the applicable court or custodian. H. "Financial Source Documents" are:

J. "Party" is one who commences an action or against whom relief is sought in a matter.

K. "Public" is any person, member of the media, business, non-profit entity, organization or association. The term does not include a party to a case; the attorney(s) of record in a case; Unified Judicial System officials or employees if acting in their official capacities; or any federal, state, or local government entity, and employees or officials of such an entity if acting in their official capacities.

L. "Remote Access" is the ability to electronically search, inspect, print or copy information in a case record without the need to physically visit the court facility.

Commentary

Regarding Subsection J, *amicus curiae* are not parties. See Pa.R.A.P. 531.

Regarding Subsection K, Unified Judicial System officials or employees include: judicial officers and their personal staff, administrative staff and other central staff, prothonotaries, clerks of the courts, clerks of the orphans' court division, sheriffs, prison and correctional officials, and personnel of all the above.

Section 2.0. Statement of General Policy.

A. This policy shall govern access by the public to case records.

B. Security, possession, custody, and control of case records shall generally be the responsibility of the proper custodian and designated staff.

C. Facilitating access by the public shall not substantially impede the orderly conduct of court business.

D. A court or custodian may not adopt more restrictive or expansive access protocols than provided for in this policy. Nothing in this policy requires a court or custodian to provide remote access to case records. However, if a court or custodian chooses to provide remote access to any of its case records, access shall be provided in accordance with Section 10.0.

E. This policy shall apply to all case records created on or after the effective date of this policy.

Commentary

The Supreme Court of Pennsylvania has adopted other policies governing public access to Unified Judicial System case records: the *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania* that provides for access to the statewide case management systems' web docket sheets and requests for bulk data and the *Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts* that provides for access to case records of the magisterial district courts maintained in a paper format.

Section 3.0. Access to Case Records.

All case records shall be open to the public in accordance with this policy.

Section 4.0. Requesting Access to Case Records.

A. Any person desiring to inspect or copy case records shall make an oral or written request to the proper custodian, unless otherwise provided by court order or rule. If the request is oral, the custodian may require a written request.

B. Written requests shall be substantially in the format designed and published by the Administrative Office of Pennsylvania Courts.

C. Requests shall identify or describe the records sought with specificity to enable the custodian to ascertain which records are being requested.

Commentary

Public access requests to the courts and custodians are routinely straightforward and often involve a limited number of records. Therefore, artificial administrative barriers should not be erected so as to inhibit fulfilling these requests in an efficient manner.

Nonetheless, Subsection A provides a custodian with the flexibility to require that a more complex request be submitted in writing to avoid misunderstandings and errors that can often result in more time being expended to provide the requested information than is necessary. This approach is not novel; submission of a written request form has been a longstanding practice under the Unified Judicial System's *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania* and *Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts*.

Subsection C does not require a requestor to identify a case by party or case number in order to have access to the files, but the request shall clearly identify or describe the records requested so that court personnel can fulfill the request.

Section 5.0. Responding to Requests for Access to Case Records.

A. A custodian shall fulfill a request for access to case records as promptly as possible under the circumstances existing at the time of the request.

B. If a custodian cannot fulfill the request promptly or at all, the custodian shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied.

C. If a custodian denies a written request for access, the denial shall be in writing.

Commentary

Given that most public access requests for case records are straightforward and usually involve a particular case or matter, custodians should process the same in an expeditious fashion.

There are a number of factors that can affect how quickly a custodian may respond to a request. For example, the custodian's response may be slowed if the request is vague, requires compilation of a large amount of information, or involves information that is stored off-site. Ultimately, the goal should be to respond timely to requests for case records.

In those unusual instances in which access to the case records cannot be granted in an expeditious fashion, the custodian shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied, which may include:

- the request involves such voluminous amounts of information that the custodian is unable to fulfill the same without substantially impeding the orderly conduct of the court or custodian's office;
- records in closed cases are located at an off-site facility;
- a particular file is in use by a judge or court staff. If a judge or court staff needs the file for an extended period of time, special procedures should be considered, such as making a duplicate file that is always available for public inspection;
- the requestor failed to pay the appropriate fees, as established pursuant to Section 6.0 of this policy, associated with the request; and/or
- the requested information is restricted from access pursuant to applicable legal authority.

An aggrieved party may seek relief from a denial of a written request for access consistent with applicable legal

authority (for example, Pa.R.A.P. 123 and pertinent motion practice at the trial court level).

Section 6.0. Fees.

A. Reasonable fees may be imposed for providing public access to case records pursuant to this policy and in accordance with applicable legal authority.

B. Fees for duplication by photocopying or printing from electronic media or microfilm shall not exceed \$0.25 per page, except as provided by applicable legal authority.

C. A custodian shall establish a fee schedule that is (1) published in the *Pennsylvania Bulletin*, (2) posted in the court facility in an area accessible to the public, and (3) posted on the custodian's website.

Commentary

To the extent that the custodian is not the court, approval of the fee schedule by the court may be necessary.

An example of applicable legal authority setting forth photocopying fees is 42 Pa.C.S. § 1725(c)(1)(ii) that provides the clerk of Orphans' Court of the First Judicial District shall charge \$3 per page for a copy of any record. In addition, the copying fees for appellate records are \$1 per page if the appellate prothonotary's office transmits the document to the requestor, or \$0.50 per page if copies are provided to the requestor in person. See 204 Pa. Code § 155. However, copies of most appellate court opinions and orders are available for free on the Unified Judicial System's website, www.pacourts.us.

Subsection B is consistent with the fee structure provided for under the Pennsylvania Right To Know Law (65 P.S. § 67.1307) and promulgated by the Office of Open Records.

Section 7.0. Confidential Information.

A. Unless required by applicable legal authority or as provided in Subsection C, a party shall not set forth the following information in any pleading, document, or other legal paper that is to be filed with a court or custodian, except on a Confidential Information Form to be filed contemporaneously with the pleading, document, or other legal paper:

1. Social Security Numbers;
2. Financial Account Numbers, except an active financial account number may be identified by the last four digits when the financial account is the subject of the case and cannot otherwise be identified;
3. Driver License Numbers;
4. State Identification (SID) Numbers;
5. Minors' names and dates of birth except when a minor is charged as a defendant in a criminal matter (see 42 Pa.C.S. § 6355); and
6. Abuse victim's address and other contact information, including employer's name, address and work schedule, in family court actions as defined by Pa.R.C.P. No. 1931(a), except for victim's name.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable legal authority.

B. The Administrative Office of Pennsylvania Courts shall design and publish the Confidential Information Form.

C. Instead of using the Confidential Information Form, a court may adopt a rule or order permitting the filing of

any pleading, document, or other legal paper in two versions, a "Redacted Version" and "Unredacted Version." The "Redacted Version" shall not include any information set forth in Subsection A, while the "Unredacted Version" shall include the information.

D. Parties and their attorneys shall be solely responsible for complying with the provisions of this section and shall certify their compliance to the court. The certification that shall accompany each filing shall be substantially in the following form: "I certify that this filing complies with the provisions of the *Public Access Policy of the Unified Judicial System of Pennsylvania: Case Records of the Appellate and Trial Courts* that require filing confidential information and documents differently than non-confidential information and documents."

E. A court or custodian is not required to review any filing for compliance with this section. A party's or attorney's failure to comply with this section shall not affect access to case records that are otherwise accessible.

F. If a filing fails to comply with the requirements of this section, a court may, upon motion or its own initiative, order the filing sealed and/or redacted. A court may also impose appropriate sanctions, including costs necessary to prepare a compliant filing.

Commentary

There is legal authority requiring information listed in Subsection A to appear on certain court documents. For example, 23 Pa.C.S. § 6108(b) provides for the inclusion of a defendant's social security number on a protection from abuse order, and Pa.R.C.P. No. 1910.27 provides for inclusion of the plaintiff's and defendant's social security number on a complaint for support.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable legal authority. For example, cases filed under the Juvenile Act that are already protected by 42 Pa.C.S. § 6307, Pa.Rs.J.C.P. 160 and 1160.

Unless constrained by applicable legal authority, court personnel and jurists are advised to refrain from inserting confidential information in court-generated documents (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court's opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public's access to court records and ability to understand the court's decision.

It is recommended that when a redacted version of a document is prepared the drafter shall indicate where in the document confidential information has been omitted. For example, the drafter could insert minors' initials in the document, while listing full names on the Confidential Information Form. If more than one child has the same initials, a different moniker should be used (e.g. child one, child two, etc.).

While Pa.R.C.P. No. 1931 is suspended in most judicial districts, the reference to the rule is merely for definitional purposes.

With regard to Subsection D, the certification of compliance is required whether the documents are filed in paper form or via an e-filing system. Courts that permit e-filing should consider the development of a compliance "checkbox" whereby e-filers could indicate their compliance with this policy.

Any party may make a motion to the court to cure any defect(s) in any filing(s) that does not comport with this section.

Section 8.0. Confidential Documents.

A. Unless required by applicable legal authority, the following documents are confidential and shall be filed with a court or custodian under a cover sheet designated “Confidential Documents Form”:

1. Financial Source Documents;
2. Minors’ educational records;
3. Medical/Psychological records;
4. Children and Youth Services’ records; and
5. Marital Property Inventory pursuant to Pa.R.C.P. No. 1920.33.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable legal authority.

B. The Administrative Office of Pennsylvania Courts shall design and publish the Confidential Documents Form.

C. Confidential documents submitted with the required cover sheet shall not be accessible to the public, except as ordered by a court. However, the cover sheet or a copy of it shall be accessible to the public.

D. Parties and their attorneys shall be solely responsible for complying with the provisions of this section and shall certify their compliance to the court. The certification that shall accompany each filing shall be substantially in the following form “I certify that this filing complies with the provisions of the *Public Access Policy of the Unified Judicial System of Pennsylvania: Case Records of the Appellate and Trial Courts* that require filing confidential information and documents differently than non-confidential information and documents.”

E. A court or custodian is not required to review any pleading, document or other legal paper for compliance with this section. A party’s or attorney’s failure to comply with this section shall not affect access to case records that are otherwise accessible.

F. If confidential documents are not submitted with the required cover sheet, a court may, upon motion or its own initiative, order that any such documents be sealed. A court may also impose appropriate sanctions for failing to comply with this section.

Commentary

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable legal authority, such as Juvenile Act cases pursuant to 42 Pa.C.S. § 6307, Pa.Rs.J.C.P. 160 and 1160.

Unless constrained by applicable legal authority, court personnel and jurists are advised to refrain from inserting confidential information in court-generated documents (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court’s opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public’s access to court records and ability to understand the court’s decision.

With regard to Subsection D, the certification of compliance is required whether the documents are filed in paper

form or via an e-filing system. Courts that permit e-filing should consider the development of a compliance “checkbox” whereby e-filers could indicate their compliance with this policy.

With regard to Subsection E, if the party or party’s attorney fails to use a cover sheet designated “Confidential Document Form” when filing the documents deemed confidential pursuant to this Section, documents which are otherwise inaccessible may be released to the public because they were not properly identified through the use of the Confidential Document Form.

Any party may make a motion to the court to cure any defect(s) in any filing(s) that does not comport with this section.

Section 9.0. Limits on Public Access to Case Records at a Court Facility.

The following information shall not be accessible by the public at a court facility:

A. Case records under 20 Pa.C.S. § 711(9), including but not limited to records of proceedings with regard to issues concerning recordation of birth and birth records, the alteration, amendment, or modification of such birth records, and the right to obtain a certified copy of the same, except for the docket and any court order or opinion;

B. Case records concerning incapacity proceedings filed pursuant to 20 Pa.C.S. §§ 5501—5555, except for the docket and any final decree adjudicating a person as incapacitated;

C. Transcripts in family court actions, as defined by Pa.R.C.P. No. 1931(a), lodged of record, excepting portions of transcripts when attached to a motion or other legal paper filed with the court;

D. Any Confidential Information Form or any Unredacted Version of any pleading, document, or other legal paper as set forth in Section 7.0;

E. Any document filed with a Confidential Document Form cover sheet as set forth in Section 8.0;

F. Information sealed or protected pursuant to court order;

G. Information to which access is otherwise restricted by federal law, state law, or state court rule; and

H. Information presenting a risk to personal security, personal privacy, or the fair, impartial and orderly administration of justice, as determined by the Court Administrator of Pennsylvania with the approval of the Chief Justice. The Court Administrator shall publish notification of such determinations in the *Pennsylvania Bulletin* and on the Unified Judicial System’s website.

Commentary

Unless constrained by applicable legal authority, court personnel and jurists are advised to refrain from inserting confidential information in court-generated documents (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court’s opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public’s access to court records and ability to understand the court’s decision.

While Pa.R.C.P. No. 1931 is suspended in most judicial districts, the reference to the rule is merely for definitional purposes.

With respect to Subsection G, Pennsylvania Rule of Appellate Procedure 104(a), Pa.R.A.P. 104(a), provides that the appellate courts may make and amend rules of court governing their practice. The Administrative Office of Pennsylvania Courts shall from time to time publish a list of applicable legal authorities that restrict public access to court records or information. This list shall be published on the Unified Judicial System's website and in the *Pennsylvania Bulletin*. In addition, all custodians shall post this list in their respective court facilities in areas accessible to the public and on the custodians' websites.

With respect to Subsection H, the Administrative Office of Pennsylvania Courts shall include any such determinations in the list of applicable legal authorities referenced above.

Section 10.0. Limits on Remote Access to Case Records.

A. The following information shall not be remotely accessible by the public:

1. The information set forth in Section 9.0;
2. In criminal cases, information that either specifically identifies or from which the identity of jurors, witnesses (other than expert witnesses), or victims could be ascertained, including names, addresses and phone numbers;
3. Transcripts lodged of record, excepting portions of transcripts when attached to a motion or other legal paper filed with the court;
4. *In Forma Pauperis* petitions;
5. Case records in family court actions as defined in Pa.R.C.P. No. 1931(a), except for dockets, court orders and opinions;
6. Case records in actions governed by the Decedents, Estates and Fiduciaries Code, Adult Protective Services Act and the Older Adult Protective Services Act, except for dockets, court orders and opinions; and
7. Original and reproduced records filed in the Supreme Court, Superior Court or Commonwealth Court as set forth in Pa.R.A.P. 2151, 2152, and 2156.

B. With respect to Subsections A(5) and A(6), unless otherwise restricted pursuant to applicable legal authority, dockets available remotely shall contain only the following information:

1. A party's name;
2. The city, state, and ZIP code of a party's address;
3. Counsel of record's name and address;
4. Docket entries indicating generally what actions have been taken or are scheduled in a case; and
5. Court orders and opinions.

Commentary

Remote access to the electronic case record information residing in the Pennsylvania Appellate Court Case Management System (PACMS), the Common Pleas Criminal Court Case Management System (CPCMS) and/or the Magisterial District Judges System (MDJS) is provided via web dockets, available on <https://ujportal.pacourts.us/>, and is governed by the *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania*.

Depending upon individual court resources, some courts have posted online docket information concerning civil matters. If a court elects to post online docket information concerning family court actions and actions governed by the Decedents, Estates and Fiduciaries Code, Adult Protective Services Act and the Older Adult Protective Services Act, the docket may only include the information set forth in Subsection B. This information will provide the public with an overview of the case its proceedings and other pertinent details, including the court's decision. Release of such information will enhance the public's trust and confidence in the courts by increasing awareness of the procedures utilized to adjudicate the claims before the courts as well as the material relied upon in reaching determinations. For more information on public access to court dockets, see *Hartford Courant Company v. Pelligrino*, 380 F.3d 83 (2nd Cir. 2004) and *Doe v. Public Citizen*, 749 F.3d 246 (4th Cir. 2014). This provision does not impact what information is maintained on the docket available at the court facility.

Access to portions of transcripts when attached to a motion or other legal paper filed with the court in family court actions is governed by Subsection A(5).

Section 11.0. Correcting Clerical Errors in Case Records.

A. A party, or the party's attorney, seeking to correct a clerical error in a case record may submit a written request for correction.

1. A request to correct a clerical error in a case record of the Supreme Court, Superior Court or Commonwealth Court shall be submitted to the prothonotary of the proper appellate court.

2. A request to correct a clerical error in a case record of a court of common pleas or Philadelphia Municipal Court shall be submitted to the proper custodian.

B. The request shall be made on a form designed and published by the Administrative Office of Pennsylvania Courts.

C. The requestor shall specifically set forth on the request form the information that is alleged to be a clerical error and shall provide sufficient facts, including supporting documentation, that corroborate the requestor's allegation that the information in question is in error.

D. The requestor shall provide copies of the request to all parties to the case.

E. Within 10 business days of receipt of a request, the custodian shall respond in writing to the requestor and all parties to the case in one of the following manners:

1. The request does not contain sufficient information and facts to determine what information is alleged to be in error, and no further action will be taken on the request.

2. The request does not concern a case record that is covered by this policy, and no further action will be taken on the request.

3. A clerical error does exist in the case record and that the information in question has been corrected.

4. A clerical error does not exist in the case record.

5. The request has been received and an additional period not exceeding 30 business days is necessary to complete a review of the request.

F. A requestor may seek review of the custodian's response under Subsections E(1)—(4) within 10 business days of the mailing date of the response.

1. The request for review shall be submitted on a form that is designed and published by the Administrative Office of Pennsylvania Courts.

2. The request shall be reviewed by the judge(s) who presided over the case.

Commentary

Case records are as susceptible to clerical errors and omissions as any other public record. The power of the court to correct errors in its own records is inherent. E.g., *Jackson v. Hendrick*, 746 A.2d 574 (Pa. 2000). It is important to emphasize that this section does not provide a party who is dissatisfied with a court's decision, ruling or judgment a new avenue to appeal the same by merely alleging there is an error in the court's decision, ruling or judgment. Rather, this section permits a party to "fix" information that appears in a case record which is not, for one reason or another, correct.

Particularly in the context of Internet publication of court records, a streamlined process is appropriate for addressing clerical errors to allow for prompt resolution of oversights and omissions. For example, to the extent that a docket in a court's case management system incorrectly reflects a court's order, or a scanning error occurred with regard to an uploaded document, such clerical inaccuracies may be promptly corrected by the appropriate court staff, upon notification, without a court order. Since 2007, the *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania* has provided a similar procedure for any errors maintained on the web docket sheets of the PACMS, CPCMS and MDJS. The procedure has successfully addressed clerical errors on docket entries in a timely and administratively simple manner.

A party or party's attorney is not required to utilize the procedures set forth in this section before making a formal motion for correction of a case record in the first instance. Alleged inaccuracies in orders and judgments themselves must be brought to the attention of the court in accordance with existing procedures.

This section is not intended to provide relief for a party's or attorney's failure to comply with Sections 7.0 and 8.0 of this policy. Sections 7.0 and 8.0 already provide for remedial action in the event that non-compliance occurs.

With respect to this section, a custodian includes, but is not limited to, the county prothonotaries, clerks of orphans' court, and clerks of the court.

A log of all corrections made pursuant to this section may be maintained by the proper appellate prothonotary or custodian, so that there is a record if an objection is made in the future. Such a log should remain confidential. It is suggested that custodians include a registry entry on the case docket when a request is received and a response is issued.

Section 12.0. Continuous Availability of Policy.

A copy of this policy shall be continuously available for public inspection in every court and/or custodian's office and posted on the Unified Judicial System's website.

EXPLANATORY REPORT

Public Access Policy of the Unified Judicial System of Pennsylvania: Case Records of the Appellate and Trial Courts

General Introduction

Recognizing the importance of the public's access to the courts, the Administrative Office of Pennsylvania Courts

(AOPC) has developed statewide policies governing access to court records. With the Supreme Court's approval, protocols have been implemented for access to electronic case records in the Judiciary's statewide case management systems, magisterial district court case records, and financial records of the Unified Judicial System (UJS). In 2013, the AOPC embarked on the next phase of policy development designed to address access to case records of the trial and appellate courts.

This latest effort is necessitated by the confluence of several factors. The proliferation of e-filing systems and related decisions to post (or not post) case records online (as part of document imaging or e-filing systems) on a county-by-county basis has resulted in disjointed accessibility to the UJS's trial court case records. A county may post all divorce and custody records online for viewing, perhaps for free, and a neighboring county may not. Online posting of sensitive information contained in case records, such as social security numbers, currently depends upon geography. Surveys conducted by the AOPC also revealed the treatment of sensitive information contained in paper case records maintained by the filing offices varies widely. For example, whether a social security number is available to a member of the public who wishes to view the records of a particular case in a filing office depends upon local practices.

The ongoing initiative to implement e-filing in Pennsylvania's appellate courts—the PACFile project—is also a catalyst for policy development. While appellate court opinions, orders and dockets have been online via the UJS's website for over a decade, the e-filing of appellate briefs and related legal papers raises basic questions that should be considered when a court undertakes such a project, such as: What sensitive information must be redacted? Who is responsible for ensuring the appropriate information is redacted?

At the state and local level, the Judiciary is moving forward into the digital age, and it clearly needs to give thoughtful consideration to its systems and procedures to ensure equal access to the UJS's trial and appellate case records. Disparate filing and access protocols certainly impede the statewide practice of law in the Commonwealth. Litigants and third parties, some of whom are unrepresented or are not voluntary participants in the judicial process, may be left in the dark as to whether their private, personal identifiers and intimate details of their lives will be released (online) for public viewing.

Government and the private sector collect extensive amounts of personal data concerning individuals' finances, unique identifiers, and medical history and so on. Many of these types of data are relevant to the cases that are before the courts for decision, and some data is provided in court filings even though irrelevant to the matter before the court. Therefore, like other branches of government and the private sector, the courts are constantly considering issues regarding the need for openness and transparency and the concern for personal privacy and security.

With regard to the courts, however, the constitutional and common law presumption of openness has to be carefully weighed against relevant practical, administrative considerations when crafting solutions to avert breaches of privacy and security. Striking the right balance is not an easy task.

The public's right to access court proceedings and records is grounded in the First and Sixth Amendments of the U.S. Constitution, Article I §§ 7, 9, and 11 of the

Pennsylvania Constitution, and the common law. While there is overlap between the common law and constitutional analyses, there is a distinction between the two. Specifically, the constitutional provisions provide a greater right of access than the common law.¹ However, these constitutional and common law rights are not absolute and may be qualified by overriding interests. A more extensive discussion of the right to access is contained in the *Explanatory Report of the Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania*.²

Therefore, with the approval of the Supreme Court, the Court Administrator of Pennsylvania convened a working group to study and develop a proposed policy for public comment. Under the experienced and dedicated leadership of Commonwealth Court Judge Renée Cohn Jubelirer and Montgomery County Court of Common Pleas Judge Lois E. Murphy, the working group undertook its charge with an open mind and an aim to appropriately balance the competing interests at hand. The group consisted of judges, appellate court filing office personnel, local court personnel, two Prothonotaries/Clerks of Courts, one Register of Wills/Clerk of Orphans' Court, and representatives from the Pennsylvania Bar Association and the rules committees of the Supreme Court, as well as AOPC staff.

Before developing a proposed policy, the working group studied and discussed the different types of records pertaining to criminal, domestic relations, civil, juvenile, orphans' court and appellate matters filed in the courts. Tackling each case type individually, the working group considered existing legal restrictions and other jurisdictions' access policies on the release of data and documents. In formulating whether information and documents should be considered confidential, the group also determined how access would be limited. There are categories of information that are completely restricted, such as social security numbers, and categories that are restricted from online viewing by the public but remain available for public inspection at a court facility, such as original and reproduced records filed in the appellate courts.

In crafting its proposal, the group was guided at all times by the long-standing tradition of access to court records and the important interests it serves, as follows:

to assure the public that justice is done evenhandedly and fairly; to discourage perjury and the misconduct of participants; to prevent decisions based on secret bias or partiality; to prevent individuals from feeling that the law should be taken into the hands of private citizens; to satisfy the natural desire to see justice done; to provide for community catharsis; to promote public confidence in government and assurance that the system of judicial remedy does in fact work; to promote the stability of government by allowing access to its workings, thus assuring citizens that government and the courts are worthy of their continued loyalty and support; to promote an understanding of our system of government and courts.

Commonwealth v. Fenstermaker, 530 A.2d 414, 417 (Pa. 1987) (citing *Commonwealth v. Contankos*, 453 A.2d 578, 579-80 (Pa. 1982)).

However, the group also recognized that transparency of judicial records and proceedings must be balanced with

other considerations in this Internet age. The group endeavored to strike the appropriate balance between access and interests involving the administration of justice, personal privacy and security—particularly with regard to online records. Also essential to the group's evaluation were practical considerations, such as the methods of redaction to be implemented and identification of various "best practices" that should be instituted statewide.

The working group provides the following relevant commentary for the sections of the proposed policy.

Section 1

The definitions incorporate elements of those found in existing UJS public access policies and other legal authorities.

Case records of the Traffic Division of the Philadelphia Municipal Court are not governed by this policy. The working group recommends that the *Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts* (hereinafter referred to as "*MDC Paper Policy*") be amended to govern access to those records.

It is important to note how this proposed policy would intersect with existing UJS policies, namely the *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania* (hereinafter referred to as "*Electronic Policy*") and *MDC Paper Policy*. The *Electronic Policy* governs access to the electronic case record information, excluding images of scanned documents, residing in the three statewide case management systems: Pennsylvania Appellate Courts Case Management System, Common Pleas Case Management System and the Magisterial District Judge System. Put simply, the *Electronic Policy* governs what information resides on the public web docket sheets accessible via the UJS web portal or is released to a member of the public requesting electronic case record information from one of the systems.

The *MDC Paper Policy* governs access to the paper case records on file in those courts.

This proposed policy governs access to (1) official paper case records of appellate courts, courts of common pleas, and Philadelphia Municipal Court, (2) images of scanned or e-filed documents residing in the three statewide case management systems, (3) images of scanned or e-filed documents residing in the case management systems of the judicial districts, and (4) case record information posted online by judicial districts via their own "local" case management systems. This proposal ensures a more equitable and systematic approach to the case records filed in and maintained for the trial and appellate courts.

The definition of "financial source document" is derived from the definition of "sealed financial source documents" used in Minnesota (Minn.G.R.Prac. Rule 11.01) and Washington (WA.R.Gen. Rule 22(b)).

Section 2

Section E provides that the policy applies to case records created on or after its effective date. The working group recognizes that there will be a period of transition prior to full implementation of this policy; that is, some cases commenced prior to the effective date of the policy will contain information that the policy restricts from public access. To expect full and complete implementation of the policy by applying it retroactively to existing records is impractical and burdensome.

¹ See *Commonwealth v. Long*, 922 A.2d 892 (Pa. 2007).

² Explanatory Report is found at: <http://www.pacourts.us/assets/files/page-381/file-833.pdf?cb=1413983484884>

The working group anticipates recommending a delayed implementation date when it submits the proposal to the Supreme Court for approval. This will afford the time necessary for court personnel, attorneys, and members of the public to familiarize themselves with the policy's provisions and make necessary adjustments to existing forms, protocols and systems. A similar approach was taken when the Supreme Court adopted the public access policy for magisterial district courts. The group will also recommend that the AOPC, perhaps in partnership with bar associations and other stakeholders, develop educational tools so that litigants, attorneys, court personnel, vendors, and members of the general public can be made aware of the policy's provisions. This would include Commonwealth agencies that conduct administrative proceedings to ensure that the agency's record on appeal can be filed without delay.

Notice to litigants can be an important tool for educational purposes. The public, and litigants in particular, may assume some or all of the information in court records is private. A notice about the existence of this policy may serve to educate litigants so that when they file pleadings and legal documents, they will be acting with knowledge, and in turn they can make informed decisions about what to include in their filings with the court. By way of example, Commonwealth Court provides the following notice to unrepresented parties in appeals from Commonwealth agencies:

Unless sealed by statute or court order, all dockets, filings and orders and opinions of the Court in your case will be public records and subject to public inspection. The Court's public dockets are available on the Court's website and are searchable on-line. The Court's opinions, which generally include a summary of the case including the identity of the parties and the relevant factual background, also are available on the Court's website and searchable on-line. Generally, the Court will seal or restrict public access to dockets or opinions only upon motion and only for good cause.

Additionally, upon adoption of the *MDC Paper Policy*, the AOPC revised its criminal, civil and landlord-tenant complaint forms to include notice as to the policy's general prohibition on inclusion of social security numbers and financial information. 204 Pa. Code §§ 213.1—213.7.

The working group notes that this section's provisions are similar to those contained in the *MDC Paper Policy*, which have been successfully implemented.

Section 4

The working group acknowledges that requestors may be unable to complete a written request, if required by a court. In such circumstances, access should not be denied but may be delayed until the custodian or designated staff is available to assist the requestor. If the request is granted, it may be necessary for the custodian or designated staff to sit with the requestor and monitor the use of the file to ensure its integrity. This is consistent with the responsibility placed upon the custodian and designated staff for the security, possession, custody and control of case records in Section 2.0(B). Such a practice is also consistent with the requirement that addressing requests for access cannot impede upon the administration of justice or the orderly operation of a court, pursuant to Section 2.0(C).

The working group notes that this section's provisions are similar to those contained in the *MDC Paper Policy*, which have been successfully implemented.

Section 5

While implementing the provisions of this policy should not unduly burden the courts and custodians or impinge upon the delivery of justice, it is reasonable for the public to expect that courts and custodians shall respond to requests for access in a consistent fashion. This section brings uniformity, in general, as to when and how courts and custodians shall respond to requests. Similar sections are found in the *Electronic Policy* and *MDC Paper Policy*.

Section 6

The surveys conducted by the working group regarding the public access protocols of the judicial districts revealed different approaches to imposition of fees, especially with regard to remote access to court records. Some impose a fee for providing remote access because the costs associated with building and maintaining such systems are often substantial. Given that remote access is a value-added service, not a requirement, it is thought that those who avail themselves of this service should be charged for the convenience of maintaining these systems.

Others do not impose fees for remote access because providing this service reduces the "foot traffic" in the filing offices for public access requests. This, in turn, frees staff to attend to other business matters, resulting in a financial benefit by reducing costs associated with dealing with the requests over the counter. The AOPC has provided "free" online access to public web docket sheets for cases filed in the appellate courts, criminal divisions of the courts of common pleas and Philadelphia Municipal Court, as well as the magisterial district courts for years. In 2014, 59 million of those web dockets sheets were accessed online.

The working group recognizes that local factors play a part in these decisions; however, it is interesting to note that the two largest judicial districts in the Commonwealth are at opposite ends of the spectrum (i.e. one has posted virtually all dockets and documents for free, and the other posts some dockets for free but not documents). While the working group recognizes that other factors play into these determinations (such as, technological capabilities, statutorily mandated fees) and the simple distinction drawn above requires further study, the working group questions if the public would benefit from some standardization in this area to ensure that fees do not become a financial barrier to access.

The working group notes that Section 6's provisions are similar to those contained in the *MDC Paper Policy*.

Section 7

The working group observes that the concept of restricting access to particular, sensitive identifiers is not novel. The *Electronic Policy* and *MDC Paper Policy* restrict access to social security numbers and financial account numbers, for example. The federal courts, and many state court systems, have restricted access to the types of identifiers that are listed in Section 7.0.

At the outset, the working group noted that *Electronic Policy* and *MDC Paper Policy* provide that access to social security numbers is shielded from release. Moreover, there are scores of authorities at both the federal and state level that protect the release of this information. While some of these authorities are not applicable to court records, they require access to this information in government records be limited or wholly restricted. For example: 65 P. S. § 67.708(b)(6)(i)(A), 74 P. S. § 201, 42 U.S.C.A. § 405(c)(2)(C)(viii), F.R.Civ.P. 5.2(a)(1), F.R.Crim.P. 49.1(a)(1), Alaska (AK R Admin Rule

37.8(a)(3)), Arizona (AZ ST S CT Rule 123(c)(3)), Arkansas (Sup. Ct. Admin. Order 19(VII)(a)(4)), Florida (FL ST J ADMIN Rule 2.420(d)(1)(B)(iii)), Idaho (ID R Admin Rule 32(e)(2)), Indiana (Ind. St. Admin. Rule 9(G)(1)(d)), Maryland (MD. Rules 16-1007), Michigan (Administrative Order 2006-2), Minnesota (Minn.Gen.R.Prac. Rule 11.01(a)), Mississippi (Administrative Order dated August 27, 2008 paragraph 8), Nebraska (Neb Ct R § 1-808(a) and Neb. Rev. Stat § 84-712.05(17)), New Jersey (NJ R GEN APPLICATION Rule 1:38-7(a)), North Dakota (N.D.R.Ct. Rule 3.4(a)(1) and A.R. 41(5)(B)(10)(a)), Ohio (OH ST Sup Rules 44(h) and 45(d)), South Dakota (SDCL § 15-15A-8), Texas (TX ST J ADMIN Rule 12.5(d)), Utah (UT R J ADMIN Rules 4-202.02(4)(i) and 4-202-03(3)), Vermont (VT R PUB ACC CT REC § 6(b)(29)), Washington (WA. R. Gen. Rule 31(3)(1)(a)) and West Virginia (WV R RAP Rule 40(e)(3)).

With regard to financial account numbers, the working group noted that *Electronic Policy* and *MDC Paper Policy* provide that access to this information should not be accessible. Many other jurisdictions have taken a similar approach. For example: F.R.Civ.P. 5.2(a)(1), F.R.Crim.P. 49.1(a)(1), Alaska (AK R Admin Rule 37.8(a)(5)), Arizona (AZ ST S CT Rule 123(c)(3)), Arkansas (Sup. Ct. Admin. Order 19(VII)(a)(4)), Florida (FL ST J ADMIN Rule 2.420(d)(1)(B)(iii)), Idaho (ID R Admin Rule 32(e)(2)), Indiana (Ind. St. Admin. Rule 9(G)(1)(f)), Minnesota (Minn.Gen.R.Prac. Rule 11.01(a)), Nebraska (Neb Ct R § 1-808(a) and Neb. Rev. Stat § 84-712.05(17)), New Jersey (NJ R GEN APPLICATION Rule 1:38-7(a)), North Dakota (N.D.R.Ct. Rule 3.4(a)(1) and A.R. 41(5)(B)(10)(a)), Ohio (OH ST Sup Rules 44(h) and 45(d)), South Dakota (SDCL § 15-15A-8), Vermont (VT R PUB ACC CT REC § 6(b)(29)), Washington (WA. R. Gen. Rule 31(3)(1)(b)) and West Virginia (WV R RAP Rule 40(e)(4)).

Concerning driver license numbers, the working group noted that *Electronic Policy* provides that driver license numbers should be protected. Moreover, there are many authorities at both the federal and state level that protect the release of this information. While some of these authorities are not applicable to court records, they require access to this information in government records be limited or wholly restricted. For example: 65 P.S. § 67.708(b)(6)(i)(A), 18 U.S.C. § 2721—2725, 75 Pa.C.S. § 6114, Alaska (AK R Admin Rule 37.8(a)(4)), Idaho (ID R Admin Rule 32(e)(2)), New Jersey (NJ R GEN APPLICATION Rule 1:38-7(a)), Utah (UT R J ADMIN Rules 4-202.02(4)(i) and 4-202-03(3)), Vermont (VT R PUB ACC CT REC § 6(b)(29)) and Washington (WA. R. Gen. Rule 31(3)(1)(c)).

State Identification Numbers (“SID”) have been defined as “[a] unique number assigned to each individual whose fingerprints are placed into the Central Repository of the State Police. The SID is used to track individuals for crimes which they commit, no matter how many subsequent fingerprint cards are submitted.” See 37 Pa. Code § 58.1. The *Electronic Policy* prohibits the release of these numbers. Furthermore, in *Warrington Crew v. Pa. Dept. of Corrections*, 1006 C.D. 2010, the Commonwealth Court upheld a ruling by the Office of Open Records that a SID number is exempt from disclosure through a right-to-know request because such numbers qualify as a confidential personal identification number (opinion unreported).

The working group noted that other jurisdictions also provide similar protections to minors’ names and/or dates of births. For example: F.R.Civ.P. 5.2(a)(1), F.R.Crim.P. 49.1(a)(1), Alaska (AK R Admin Rule 37.8(a)(6)), North

Dakota (N.D.R.Ct. Rule 3.4(a)(3) and A.R. 41(5)(B)(10)(c)), Utah (UT R J ADMIN Rules 4-202.02(4)(l) and 4-202-03(3)) and West Virginia (WV R RAP Rule 40(e)(1)).

With regard to abuse victims’ address and other contact information, Pennsylvania through the enactment of various statutes has recognized the privacy and security needs of victims of abuse. For example, Pennsylvania’s Domestic and Sexual Violence Victim Address Confidentiality Act (23 Pa.C.S. §§ 6701—6713) provides a mechanism wherein victims of domestic and sexual violence can shield their physical address (even in court documents) and hence protect their ability to remain free from abuse. The Pennsylvania Right To Know Law (65 P.S. §§ 67.101—67.1304) recognizes the potential risk of harm which can be caused by the disclosure by the government of certain personal information. For example, 65 P.S. § 67.708(b)(1)(ii) prohibits the disclosure that “would be reasonably likely to result in a substantial and demonstrable risk of physical harm to or the personal security of an individual.” Moreover, 23 Pa.C.S. § 5336(b) prohibits the disclosure of the address of a victim of abuse in a custody matter to the other parent or party. 23 Pa.C.S. § 4305(a)(10)(ii) and (iii) provides that the domestic relations section shall have the power and duty to:

“implement safeguards applicable to all confidential information received by the domestic relations section in order to protect the privacy rights of the parties, including: prohibitions against the release of information on the whereabouts of one party or the child to another party against whom a protective order with respect to the former party or the child has been entered; and prohibitions against the release of information on the whereabouts of one party or the child to another person if the domestic relations section has reason to believe that the release of the information may result in the physical or emotional harm to the party or the child.”

In addition, other jurisdictions have taken a measure to protect similarly situated individuals, such as: Alaska (AK R Admin Rule 37.8(a)(2)), Florida (FL ST J ADMIN Rule 2.420(d)(1)(B)(iii)), Indiana (Ind. St. Admin. Rule 9(G)(1)(e)(i)), New Jersey (NJ R GEN APPLICATION Rule 1:38-3(c)(12)), and Utah (UT R J ADMIN Rules 4-202.02(8)(E)(i) and 4-202-03(7)).

The working group proposes two approaches to maintaining the confidentiality of the information listed in subsection (A). Parties and their attorneys can set forth the listed information on a Confidential Information Form, designed and published by the AOPC. This is akin to the procedure set forth in the *MDC Paper Policy*; the Confidential Information Form used by that policy is posted on the UJS’s website at www.pacourts.us.

The alternative approach identified by the working group is for litigants and attorneys to file two versions of each document with the court/custodian—one with sensitive information redacted (“redacted copy”) and the other with no information redacted (“unredacted copy”). The redacted copy shall omit any information not accessible under this policy and be available for public inspection. The unredacted copy shall not be accessible by the public. At least one other jurisdiction has implemented a similar approach. See WA. R. Gen. R. 22(e)(2) (Washington). Some contend that a redacted copy of a document will be more readable than an unredacted copy containing monikers as placeholders for sensitive information not included in the document. This approach may have merit particularly in an e-filing context and was identified as a more amenable solution given the current design of the PACfile project.

While a court or custodian is not required to review any pleading, document, or other legal paper for compliance with this section, such activity is not prohibited. If a court or custodian wishes to accept the burden of reviewing such documents and redacting the same, such a process must be applied uniformly across all documents or cases.

Section 8

The protocol of submitting to a court or custodian certain documents under a cover sheet so that the documents are not accessible to the public has been instituted in other jurisdictions, such as Minnesota (Minn.G.R.Prac. Rule 11.03), South Dakota (SDCL § 15-15A-8), and Washington (WA.R.Gen. Rule 22(b)(8) and (g)). The working group noted with favor, these protocols and incorporated that concept into this policy. One manner in which to implement this protocol (e.g. the need to separate a confidential document within a file accessible to the public) is to maintain a confidential electronic folder or confidential documents file within the case file, thus ensuring that the file folder with the non-public information can be easily separated from the public case file, when access is requested.

Concerning financial source documents, other jurisdictions have similar provisions regarding such documents including Minnesota (Minn.G.R.Prac. Rule 11.03), South Dakota (SDCL § 15-15A-8), and Washington (WA.R.Gen. Rule 22(b)(8) and (g)).

Similar protocols with regard to minors' education records are found in other jurisdictions, such as Nebraska (Neb Ct R § 1-808(a) and Neb. Rev. Stat § 84-712.05(1)) and Wyoming (WY R Gov Access Ct Rule 6(a) and WY ST § 16-4-203(d)(viii)).

With regard to medical records, the working group noted that other jurisdictions have similar provisions including Indiana (Ind. St. Admin. Rule 9(G)(1)(b)(xi)), Maryland (MD. Rules 16-1006(i)), Nebraska (Neb Ct R § 1-808(a) and Neb. Rev. Stat § 84-712.05(2)), Utah (UT R J ADMIN Rules 4-202.02(4)(k) and 4-202-03(3)), Vermont (VT R PUB ACC CT REC § 6(b)(17)), West Virginia (WV R RAP Rule 40(e)(1)) and Wyoming (WY R Gov Access Ct Rule 6(t)).

Section 7111 of the Mental Health Procedures Act, 50 P. S. § 7111 provides that all documentation concerning an individual's mental health treatment is to be kept confidential and may not be released or disclosed to anyone, absent the patient's written consent, with certain exceptions including a court's review in the course of legal proceedings authorized under the Mental Health Procedures Act (50 P. S. § 7101). While it is unclear if this provision is applicable to the public accessing an individual mental health treatment records in the court's possession, the working group believes this provision provides guidance on the subject. Thus, such records should not be available to the public except pursuant to a court order. See *Zane v. Friends Hospital et al*, 575 Pa. 236, 836 A.2d 25 (2003). Other jurisdictions have similar protocols, such as Maryland (MD. Rules 16-1006(i)), New Mexico (NMRA Rule 1-079(c)(5)), Utah (UT R J ADMIN Rules 4-202.02(4)(k) and 4-202-03(3)), Vermont (VT R PUB ACC CT REC § 6(b)(17)) and Wyoming (WY R Gov Access Ct Rule 6(p)).

Children and Youth Services' records introduced in juvenile dependency or delinquency matters are not open to public inspection. See 42 Pa.C.S. § 6307 as well as Pa.Rs.J.C.P. 160 and 1160. Introduction of such records in a different proceeding (e.g., a custody matter) should not change the confidentiality of these records; thus, the

records should be treated similarly. These records are treated similarly by other jurisdictions, such as Florida (FL ST J ADMIN Rule 2.420(d)(1)(B)(i)), Indiana (Ind. St. Admin. Rule 9(G)(1)(b)(iii)) and New Jersey (NJ R GEN APPLICATION Rule 1:38-3(d)(12) and (15)).

As required by Pa.R.C.P. No. 1920.33, a marital property inventory includes "a specific description of all marital property in which either or both have a legal or equitable interest individually or with any other person and the name of such other person; and a specific description of all property in which a spouse has a legal or equitable interest which is claimed to be excluded from marital property and the basis for such exclusion." The extent of the financially sensitive information required to be listed on this document rivals that of the information contained in a financial source document. Therefore, this document should also be treated as confidential. The working group notes that a similar protocol is found in Vermont (VT R PUB ACC CT REC § 6(b)(33) and 15 V.S.A. § 662).

Section 9

This section safeguards certain sensitive information that is already protected by existing legal authority or was deemed to require protection by the working group from access at the court facility. The latter category included three specific types of records: birth records, incapacity proceeding records and family court transcripts except portions of transcripts when attached to a motion or other legal paper filed with the court.

The working group noted that access to a birth certificate from the Department of Health, particularly an amended birth certificate, such as in an adoption case, is limited pursuant to various statutes. 35 P. S. §§ 450.603, 2915 and 2931. The working group was concerned that unrestricted access to records filed in proceedings about birth records could have the unintended effect of circumventing the purposes of the confidentiality provisions of the above statutory framework. Moreover, at least one jurisdiction, Florida (FL ST J ADMIN Rule 2.420(d)(1)(B)(vi)), provides similar protections to these records. However, concerned that the lack of transparency may erode the public's trust and confidence, the working group proposes the release of dockets and any court order, decree or judgment. Releasing the dockets as well as any order, decree or judgment disposing of the case is believed to strike the appropriate balance between access to the court's decision, and hence the public's understanding of the judicial function, and personal privacy, or the intimate details of a person's ability to function.

Given the extent of financial and sensitive information that is provided in order that a court may determine whether a person is incapacitated and, if so, that must subsequently be reported in a guardian's report, the working group opined that these records should not be accessible. The working group noted that similar provisions are found in many other jurisdictions including: California (Cal. Rules of Court, Rule 2.503(c)(3)), Florida (F.S.A. §§ 744.1076 and 744.3701), Georgia (Ga. Code Ann. § 29-9-18), Idaho (ID. R. Admin. Rule 32), Maryland (MD. Rules 16-1006), New Jersey (NJ R GEN APPLICATION Rule 1:38-3(e)), New Mexico (NMRA Rule 1-079(c)(7)), South Dakota (SDCL § 15-15A-7(3)(m)), Utah (UT R J Admin. Rule 4-202.02(4)(L)(ii)), Washington (WA.R.Gen. Rule 22(e)) and Wyoming (WY R Gov Access Ct Rule 6(g)). For the reasons of transparency, the working group proposes that the case docket and any court order, decree or judgment be accessible for these cases.

The provisions of Subsection H are consistent with those contained in the *Electronic Policy, MDC Paper Policy* and Rule of Judicial Administration 509. The Judiciary's commitment to the principle of open and accessible case records is reflected in the inclusion of a publication requirement.

Section 10

Any information to which access is limited pursuant to Sections 7, 8 or 9 is also not accessible remotely pursuant to Subsection A(1). As to Subsections A(2) through A(7), it is important to note that this information will remain available at the courthouse or court facility wherein access has been traditionally afforded. The working group believes there is a difference between maintaining "public" records for viewing/copying at the courthouse and "publishing" records on the Internet. Thus, there is certain information for which at the present time courthouse access remains the appropriate forum.

Concerning Subsection A(2)'s restriction on remote access to information that identifies jurors, witnesses, and victims in criminal cases, similar provisions have been implemented by other jurisdictions, including Alaska (AK R ADMIN Rule 37.8(a)(1) and (2)), Indiana (Ind. St. Admin. Rule 9(G)(1)(e)), Mississippi (Administrative Order dated August 27, 2008 paragraph 8), Nebraska (NE R CT § 1-808(b)(3)), Texas (TX ST J ADMIN Rule 12.5(d)) and Utah (UT R J ADMIN Rules 4-202.02(8)(e) and 4-202-03(7)).

As pertains to Subsection A(5), in considering family court records (i.e. divorce, custody, and support), the working group is cognizant that individual courts have implemented protocols to shield some of these records from access. Some suggest that these cases are essentially private matters involving painful recollections of failed family relationships and hence are "nobody's business." Sensitive to these concerns, the working group believes that prohibiting online posting of any family court records (save for a docket, court orders and opinions), along with the requirements that certain information and documents filed with the court or custodian be shielded from access via the use of a Confidential Information Form, redacted filings and/or a Confidential Document Form, removes a significant amount of the personal, sensitive information from access, while allowing public access to ensure accountability and transparency of the judicial system.

With regard to Subsection A(6), the working group noted that New Mexico has a similar protocol protecting Older Adult Protective Services Act matters (NMRA Rule 1-079(c)(4)). For the reasons expressed above, the working group proposes remote access to dockets, court orders and opinions in these cases, to the extent that the judicial districts have developed systems and procedures that facilitate such access.

It is essential that courts and/or custodians in designing systems, such as those for document imaging and/or e-filing, give ample consideration to the requirements of this policy and ensure such systems are in compliance. This is imperative as the Judiciary moves toward statewide e-filing for all levels of courts.

As for systems currently in existence, the working group recognizes that this policy may require changes to current protocols and processes. Thus, as noted earlier, a delayed implementation date will be recommended to allow for necessary adjustments.

Section 11

The working group noted with favor a similar provision included in the *Electronic Policy*. The working group

proposes that this policy should also delineate a procedure by which an individual may correct a clerical error that appears in a case record accessible remotely. As noted in the *Explanatory Report* to the *Electronic Policy*, these provisions borrow heavily from the correction provisions in the Criminal History Record Information Act. The working group was persuaded, for the same reason outlined in the *Explanatory Report*, that a similar protocol should be included in this policy.

Other Comments

During the course of its deliberations, the working group identified various ancillary recommendations that merit consideration. Some are directly related to the policy provisions, while others may be categorized as "best practices" that should be considered by the courts and practitioners. Overall, these recommendations are intended to promote the successful implementation of this proposed policy.

1. The working group recommends the establishment of an *ad hoc* committee to monitor the implementation of this policy and to propose revisions to the policy necessitated by legal, technological and administrative changes.

2. The working group recommends that the Civil Procedural and Minor Court Rules Committees consider amending the rules setting forth the requirements for *in forma pauperis* petitions to remove the requirement that children's full names appear on petitions and only require the minors' initials on the forms. This will ensure compliance with the restriction of Section 7.0(A)(5). The relevant rules are Pa.R.C.P. 240(h) and Pa.R.C.P.M.D.J. No. 206(E)(vi).

3. The working group recommends that the Appellate Procedural Rules Committee consider a protocol permitting the extension of a protective order issued by a lower court during the pendency of an appeal. For example, parties may be granted a certain time period within which to file a new application for protective order; such a protocol may also address whether certain court personnel are exempted, perhaps at the discretion of the court. In addition, instituting a methodology, automated or otherwise, by which the lower court signals to the appellate court that it issued an order to seal, is also recommended. *See also* MI R ADMIN Rule 8.119(D) (Michigan).

4. The working group recommends that the courts, AOPC and rules committees remain cognizant of this policy as they develop e-filing and case management systems, procedures and forms in the future. It may be helpful to litigants and practitioners to include mention of this policy on pertinent forms, as was done by the AOPC for the criminal, civil and landlord-tenant complaint forms when the *MDC Paper Policy* was adopted. In addition, the following "best practices" should be considered as courts develop systems for e-filing:

a. Access to the courts should be promoted by the e-filing processes;

b. Court control over its own records should be preserved;

c. Systems should have consistent functionality, compatible protocols and rules to facilitate statewide practice;

d. Processes for *pro se* litigants should be defined to provide equal and secure access to the system;

e. Issues involving public access to e-documents, and the sensitive data that may be contained therein, should be fully studied before the e-filing system is developed;

f. Payment of any required filing fees should be accomplished via electronic methods;

g. Bi-directional exchange of data should be facilitated between e-filing and case management systems; and

h. Maximum flexibility in the design of a system should be sought to accommodate future evolutions of technology.

5. In order to facilitate online access to case records, courts and custodians should procure software to ensure sensitive data is appropriately redacted. While this proposed policy puts the onus on parties and their attorneys for redacting specified information, the working group considers implementation of redaction software to be a “best practice” and perhaps a necessity for those courts and custodians that intend to post records online, especially those records that pre-date the policy’s effective date. This best practice has already been adopted by a number of judicial districts and further safeguards the publication of sensitive data, like that outlined in Section 7.0.

6. As previously expressed, the working group regards education as an essential component to the successful implementation of this policy. As officers of the court, attorneys must familiarize themselves with and heed the UJS’s public access policies, particularly given the certification of compliance required by Sections 7.0(D) and 8.0(D). The working group noted the amendments to the commentary to Rule of Professional Conduct 1.1 pertaining to technology:

To maintain the requisite knowledge and skill, a lawyer should keep abreast of changes in the law and

its practice, *including the benefits and risks associated with relevant technology*, engage in continuing study and education and comply with all continuing legal education requirements to which the lawyer is subject (emphasis added).

It may be advisable for the Rules of Professional Conduct to provide additional guidance to attorneys regarding their special responsibility in protecting their clients’ sensitive information and documents, in addition to being informed about other technological matters, such as meta-data in e-filed documents.

7. The working group advises that technology and internal procedures may assist the courts and custodians with complying with this proposed policy and the Judiciary’s commitment to open records.

a. It is recommended that application of “optical character recognition” (OCR) software be employed. OCR software facilitates the search and retrieval of documents, as well as “copy and paste” of text that may be helpful for attorneys.

b. It is recommended that exhibits should be separately e-filed from pleadings and other legal papers to easily safeguard those that are restricted pursuant to policy or subject to an order to seal from public view. Relatedly, as pertains to the preparation of a transcript, it is recommended that the Rules of Judicial Administration require that a list of exhibits appear at the beginning of the transcript.

c. Due consideration and routine review should be given to the standards for record retention as applied to those in paper form and electronic form by records custodians.

REPORT

Proposed Amendments to Pa.R.Crim.P. 701

Commonwealth Agreement to Pleas Entered Pursuant to Rule 701

It has been suggested to the Committee that in some of the larger judicial districts, primarily Philadelphia, there is a problem with some defendants using Rule 701 as a means of “judge-shopping” to have more serious cases pled and sentenced by the judge who is perceived as more lenient.

Most jurisdictions have established procedures for ensuring the assignment of new cases against a particular defendant are assigned to the same judge as existing cases. In Philadelphia, however, due to the large case load, new cases are assigned by a more random procedure. As a result, under Rule 701, any defendant, who is facing more than one case, can unilaterally choose his sentencing judge simply by going to trial and being found guilty, or pleading guilty or *nolo contendere*, before the judge of his choosing, then using Rule 701 to bring all his other cases to that judge for plea and sentencing. This is accomplished without any input from the prosecution or other assigned judges. The practice appears to be most common in multiple DUI cases or cases that carry a mandatory sentence.

Background

When Rule 701 was adopted in 1973 (as then-Rule 1401), the Committee noted that the rule reflected sound sentencing policy, and that this is consistent with the positions of the American Bar Association, the Pennsylvania Bar Association, and the Task Force on Corrections of the National Advisory Commission on Criminal Justice Standards and Goals. For example, the benefits of such a policy are stated in the ABA Standards for Criminal Justice, Chapter 14—Pleas of Guilty, Standard 14.1.2 (1999) Commentary:

Allowing for consolidated guilty pleas enables a defendant to be sentenced simultaneously on all charges that he or she is facing in that government's courts. This reduces the governmental resources that must be devoted to the cases, while also allowing the defendant to take full advantage of any concurrent sentencing options that may be available. By pleading to all offenses simultaneously, the defendant can complete his or her sentence without facing these additional charges, and can avoid the risk of having a detainer filed against the defendant on these other charges while serving his or her sentence.

One of the few appellate decisions interpreting this rule, *Commonwealth v. Kepner*, 34 A.3d 162 (Pa. Super. 2011), stated that “the purpose of Rule 701 is to allow a defendant the opportunity to be sentenced one time on all charges within a particular jurisdiction” but the trial court is not required to sentence a defendant on each count to which he or she pleads guilty. The Superior Court therefore concluded that the trial court did not create an illegal sentence in sentencing the defendant,

who pled *nolo contendere* to burglary and criminal trespass, on only the criminal trespass count. A dissenting opinion by Judge Shogan argues that the case should be remanded for sentencing on the burglary charge, otherwise, the case would have a charge upon which there was a conviction to have no sentence.

The Comment to Rule 701 was revised in 2013,¹ as a part of an amendment package, to clarify that the rule was applicable to a defendant being sentenced for violation of probation or intermediate punishment or being recommitted for a parole violation. Additionally, the Comment was revised to provide for a delay in sentencing in this situation when one of the offenses involves a victim. This change was made to permit time to obtain the victim's statements on the sentence or to obtain a victim impact statement in accordance with the Crime Victims' Act, 18 P. S. § 11.201.

Discussion

Based on this history, the Committee has concluded that the right of a defendant to consolidate his or her cases is not constitutionally based but rather defined by rule. Limitations, therefore, may be incorporated into the rule to address inequities. For example, the 2013 change noted above added a limitation to the defendant's right to consolidate pleas and sentencing under this rule by adding a delay so that the prosecution may effectuate a victim's rights in a case. With the 2013 change, the rule already contemplates a limitation on the defendant's right to consolidate to provide for prosecution-raised objections in certain cases. The Committee considers that the proposed change would similarly provide for prosecution input to prevent “judge-shopping.”

The proposed changes would not deprive the defendant of the right to plead guilty to all or some of his outstanding cases. It would simply put a limitation on the unilateral ability to choose the sentencing forum for all of his or her outstanding cases. Currently under Rule 701 only the defendant has the ability to consolidate cases, an ability which has been used in certain jurisdictions as a means of selecting a sentencing judge of choice. In providing for the prosecution to object to such consolidation, the Committee analogized to the mutual right to jury trial. The proposed amendments are intended to provide a more equitable “playing field” in this area.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation

to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

(5197 Commerce Drive, York, PA 17408) for the construction of a new vitamin and mineral supplements production line at the Davies Facility located in Jackson Township, **York County**. The expected increases in facility emissions as a result of the changes proposed are: 22.14 tons per year of PM; 25 tons per year of VOCs and one ton per year of combined HAPs. The facility is a State Only (non-Title V) facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the

plan approval will be incorporated into a State Only Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

55-00002D: The Selinsgrove Center owned and operated by PA Department of Public Welfare (1000 Route 522, Selinsgrove, PA 17870) has submitted a plan approval application to the Department of Environmental Protection (DEP) for their proposal to comply with the National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources as codified in 40 CFR Part 63 Subpart JJJJJJ, also known as the Area Source Boiler MACT at their facility in Penn Township, **Snyder County**. On January 16, 2014, the facility received the Department's approval for extension of Subpart JJJJJJ compliance deadline to March 21, 2015. The facility operates existing boilers that are fired on coal, and the boilers are considered as affected sources in the Area Source Boiler MACT. On October 6, 2014, the facility submitted a plan approval application and proposed to restrict the coal heat input of each boiler.

The Department reviewed the plan approval application and supplementary information submitted by the Selinsgrove Center facility, and the facility proposal designates each of the coal boilers as a limited-use boiler, in accordance with the applicable requirements pertaining to limited-use boiler as specified in 40 CFR Part 63 Subpart JJJJJJ. The Selinsgrove Center facility is a Title V facility. If the Department determines that the facility has satisfied the required evaluation for Area Source Boiler MACT compliance, the requirements of 55-00002D will be incorporated into Title V Operating Permit 14-00002 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. Upon issuance, the plan approval will serve as the federally enforceable permit until the amended Title V operating permit is issued. Based on these findings, the Department intends to issue a plan approval to restrict the operation of the coal boilers at the facility such that, each of the boilers will be designated as a limited-use boiler by the Area Source Boiler MACT.

The following are the conditions that the Department proposes to place in the plan approval to require the facility to operate each of the coal boilers as a limited-use boiler. All applicable Federal and State regulatory requirements including monitoring, recordkeeping, reporting, and work practice conditions have been included in the plan approval, to demonstrate compliance with all applicable requirements.

1. 25 Pa. Code § 127.12b

[Additional authority for permit conditions no. 1, 2, and 3 is derived from 40 CFR Section 63.11237, related to the definition of limited-used boiler]

2. 25 Pa. Code § 127.12b

The maximum heat input from the anthracite coal used to operate the boiler associated with Source ID 032 shall not exceed 52,560 MMBtu (HHV) on a rolling 365-day period basis.

3. 25 Pa. Code § 127.12b

The maximum heat input from the anthracite coal used to operate the boiler associated with Source ID 033 shall not exceed 44,676 MMBtu (HHV) on a rolling 365-day period basis.

4. 25 Pa. Code § 127.12b

[The following condition supersedes the requirements specified in Section C, Condition #009 of Title V Operating Permit 55-00002.]

(a) Pursuant to 25 Pa. Code § 127.511, the permittee shall perform sampling of all received anthracite coal deliveries and analyze coal samples, to determine the coal specifications found below and verify compliance with the applicable ash content restriction. Unless otherwise dictated by the method or analysis, the coal specifications shall be determined on percent weight basis.

1. Percent Sulfur (%S),
2. Percent Ash (%A), and
3. Heat Content of Fuel or High Heating Value, (HHV), in units of Btu/lb.

(b) Pursuant to 25 Pa. Code § 139.33, the procedures used for collection and composition of samples shall be those specified in 40 CFR Section 63.11213(b) or ASTM D2234/D2234M, (or equivalent as determined by the Department). Compositing sample preparation procedures shall follow EPA SW-846-3050B or ASTM D2013/D2013M, (or equivalent as determined by the Department). The analysis used to determine heat content of fuel shall be ASTM D5865, (or equivalent as determined by the Department).

(c) In lieu of performing sampling and analysis on each of the received coal deliveries, the permittee shall obtain a copy of the coal shipment analysis report from the coal supplier(s), to determine the coal specifications found above and verify compliance with the applicable ash content restriction. The analysis shall be signed by the responsible individual(s) representing the coal supplier(s) and provide certification that the analysis and results are true, accurate and complete, based upon information and belief formed after reasonable inquiry. In addition, the coal shipment analysis report shall include all of the information specified in 25 Pa. Code § 127.511(b)(1)(i)—(v). The coal shipment analysis report shall also demonstrate that the accepted coal delivery was sampled and analyzed and, based on the analysis results; the coal, as received, meets the coal specifications for this facility as required by the valid Pennsylvania Commercial Item Description (PCID) No. 1069 document. A copy of the valid PCID No. 1069 document shall be kept at the facility and made available to the Department upon request.

(d) All sampling and analyses to determine the coal specifications specified above shall be consistent with the applicable sampling methods and analyses specified in 25 Pa. Code Chapter 139.

5. 25 Pa. Code § 127.12b

The permittee shall keep records of the coal shipment analysis reports or the results of coal fuel sampling and analysis. The records shall contain all of the information specified in 25 Pa. Code § 127.511(b)(1)(i)—(v).

Source IDs 031, 032, and 033

[Additional authority for this permit condition is also derived from 25 Pa. Code § 127.511, (related to monitoring and related recordkeeping and reporting requirements)]

(a) The permittee shall calculate and keep record of the total daily coal fuel fired to operate each of the boilers, in units of pounds. The permittee shall keep record of the 3-year weighted average heat content of the anthracite coal as received, in units of Btu/lb, along with the supporting data that were used to calculate the weighted average. A new weighted average is calculated at the beginning of each calendar year using the heat content data recorded during the 3 previous calendar years.

(b) With the records required above, the permittee shall calculate and keep records of the total daily heat input, in units of MMBtu. On a daily basis, the permittee shall calculate and record the total heat input as determined by a rolling 365-day sum total, to verify compliance with the restrictions limiting the maximum heat input of coal used to operate the boilers.

7. 25 Pa. Code § 127.12b

Source IDs 031, 032, and 033

(a) Pursuant to 40 CFR Section 63.11210, the permittee shall perform initial tune-up of the boilers prior to March 21, 2015, according to paragraphs (b)(1)—(7) of this condition.

(b) Pursuant to 40 CFR Section 63.11223, after completion of the initial tune-up, the permittee shall conduct subsequent tune-ups every 5 years. All tune-ups shall be performed in accordance with paragraphs (b)(1)—(7) of this condition. Each 5-year tune-up shall be conducted no more than 61 months after the previous tune-up. The permittee may delay the burner inspection specified in paragraph (b)(1) and inspection of the system controlling the air-to-fuel ratio specified in paragraph (b)(3) until the next scheduled unit shutdown, but the permittee must inspect each burner and system controlling the air-to-fuel ratio at least once every 72 months.

25-1011A: Duskas Martin Funeral Homes & Crematory, Inc. (4216 Sterrettania Rd, Erie, PA 16506), the Department intends to issue a plan approval to for the continued operation of one human crematory in Millcreek Township, **Erie County**. Public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44.

This plan approval application was submitted per the Department's instruction that crematories which open or plan to open their primary chamber's door during the cremation cycle could no longer use or obtain the GP-14 for authorization. Those crematories must be authorized by a plan approval or elect to no longer open the door during the cremation cycle in order to continue operating under GP-14 authorization. The applicant has elected to apply for a plan approval rather than prohibit the opening of their door which they feel is necessary for efficient and complete cremation cycles.

The crematory has been reviewed to evaluate its incorporation of BAT. The BAT contained in the GP-14 is still considered to be current BAT. This unit meets or exceeds each of the technologies or specifications identified in the GP-14; therefore, the use of this unit is considered to be meeting BAT for the construction of a crematory.

Emissions are estimated to be: less than 1.0 tpy of SO_x, CO, NO_x, particulate matter, VOC, and HAP (each).

The Plan Approval will contain testing, recordkeeping, emission restriction, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

In accordance with 25 Pa. Code § 127.44(e)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(e)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting

the comments, identification of the proposed plan approval [25-1011A, Duskas Martin Funeral Home and Crematory] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Edward F. Orris, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6636.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region.

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act’s remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report

includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Additional Class of Disproportionate Share Payments to Qualifying Teaching Hospitals

The Department of Human Services (Department) is providing final notice of its changes to the qualifying criteria and payment methodology for disproportionate share hospital (DSH) payments to qualifying teaching hospitals that provide psychiatric services to Medical Assistance (MA) beneficiaries. Additionally, the Department also is providing final notice of its funding allocation for this payment for Fiscal Year (FY) 2013-2014. This DSH payment is intended to help offset medical education costs of psychiatrists which are incurred by hospitals providing psychiatric care to MA beneficiaries and the uninsured.

The Department is modifying the qualifying criteria for DSH payments to qualifying acute care general hospitals. The Department will consider any psychiatric unit of a general acute care hospital enrolled in Pennsylvania's (PA) MA Program with PA MA psychiatric medical education costs that exceed \$40,000, according to its FY 2010-2011 MA Cost Report, eligible for this additional class of DSH payments if it meets one of the following criteria:

1. The hospital provides at least 40,000 psychiatric days of service to PA MA beneficiaries as reported on its 2010-2011 MA Cost Report.

2. The hospital's percentage of PA MA fee-for-service (FFS) inpatient psychiatric days to total PA MA FFS inpatient days exceeds 25% as reported on its FY 2010-2011 MA Cost Report.

The Department is also modifying the payment methodology for these DSH payments. Specifically, the Department is distributing 2/3 of the amount allocated for these payments equally among teaching hospitals qualifying under previously listed criteria 1. The Department is distributing 1/3 of the amount allocated for these payments equally among teaching hospitals qualifying under previously listed criteria 2. Hospitals that qualify under both criteria are eligible only for payment under criteria 1.

The Department has allocated funding for these DSH payments at the same level as allocated for FY 2012-2013.

Payment limitations are still applicable, including those limitations prohibiting the Commonwealth from exceeding its aggregate annual DSH allotment and prohibiting a hospital from receiving DSH payments in excess of its hospital-specific limit.

The Department published notice of its intent to allocate funding for these DSH payments at 44 Pa.B. 2588 (April 26, 2014). The Department received no public comments during the 30-day comment period, and will implement the changes as described in its notice of intent.

Fiscal Impact

The FY 2013-2014 impact, as a result of the funding allocation for these payments is \$0.500 million (\$0.232 million in State general funds and \$0.268 million in Federal funds).

BEVERLY D. MACKERETH,
Secretary

GAME COMMISSION

Availability of Finding of No Significant Impact for Voluntary Public Access Habitat Incentive Program

Summary: The United States Department of Agriculture, Natural Resources Conservation Service (NRCS) has prepared a Finding of No Significant Impact (FONSI) in compliance with the National Environmental Policy Act (NEPA) (42 U.S.C.A. §§ 4321—4370h), and an environmental impact statement will not be prepared for a Voluntary Public Access and Habitat Improvement Program (VPA-HIP) grant being provided to the Game Commission (Commission).

For Further Information: A copy of the environmental assessment (EA) and FONSI can be accessed through the appropriate link at www.nrcs.usda.gov/ea. Single copies of the EA and FONSI documents may be obtained by contacting Andree DuVarney, National Environmental Coordinator, USDA-NRCS, Ecological Sciences Division, Room 6158-S, P. O. Box 2890, Washington, D.C., 20013-2890, andree.duvarney@wdc.usda.gov.

Supplementary Information: The NRCS is providing VPA-HIP funds to the Commission. These funds will be used to continue expansion of the components of the Pennsylvania Public Access Program that were funded under the 2011 VPA-HIP grant. The 2014 VPA-HIP funds will be utilized through the Pennsylvania Public Access Program to: increase cooperator participation by at least 20% to 16,923 cooperators; provide 20% more new hunting and trapping opportunities to hunters and trappers for pheasants, rabbits, woodcock, ducks, quail, mink and muskrats; increase the current 2.6 million-acre program by 520,000 acres; increase habitat quality on at least 50,000 acres on participating properties; and monitor the results, including program element increases, economic benefits and the results of public access user surveys, so that successes can be documented.

The NRCS published a Notice of Intent to adopt the Farm Service Agency Programmatic EA at 44 Pa.B. 7990 (December 20, 2014) and requested comments for a 30-day period. Upon an independent review of the EA, the NRCS found that the document adequately addressed the effects of providing the Commission with 2014 VPA-HIP grant funds to continue activities described in the EA. In its notice the NRCS requested comments but none were received.

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On July 10, 2012, the Secretary’s Bureau served a Complaint that I&E filed against Respondent at Docket No. C-2012-2312933, alleging that Respondent violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c), by failing to satisfy its 2009-2010, 2010-2011, and 2011-2012 fiscal year assessments.

13. Respondent paid the civil penalty as requested by I&E and the full amount of its outstanding assessment balance, which satisfied its 2009-2010, 2010-2011, and 2011-2012 fiscal year assessments.

14. On January 22, 2014, I&E filed a Certificate of Satisfaction with the Secretary’s Bureau indicating that the Complaint had been satisfied and requesting that the proceeding be marked closed.

2012-2013 Fiscal Year

15. On or about August 27, 2012, the Commission sent Respondent, through certified mail, an assessment invoice for the July 1, 2012 to June 30, 2013 Fiscal Year. Respondent’s assessment was \$1,280.

16. On September 7, 2012, Respondent signed a certified mail card, which indicated that it received an assessment invoice for the Commission’s July 1, 2012 to June 30, 2013 Fiscal Year.

17. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

18. The Commission received no objections from Respondent to this assessment.

19. Respondent failed to fully pay the amount of its 2012-2013 assessment invoice.

2013-2014 Fiscal Year

20. On or about September 12, 2013, the Commission sent Respondent, through certified mail, an assessment invoice for the July 1, 2013 to June 30, 2014 Fiscal Year. Respondent’s assessment was \$1,384.

21. On September 18, 2013, Respondent signed a certified mail card, which indicated that it received an assessment invoice for the Commission’s July 1, 2013 to June 30, 2014 Fiscal Year.

22. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

23. The Commission received no objections from Respondent to the 2013-2014 Fiscal Year Assessment.

24. Respondent failed to fully pay the amount of its 2013-2014 assessment invoice.

25. The total outstanding assessment balance for Respondent is \$2,664.

*Violations**COUNTS 1-2*

26. That Respondent failed to satisfy its 2012-2013 and 2013-2014 fiscal year assessments in that it did not pay the amounts due within thirty (30) days of receipt of the invoices.

If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is 25% of the outstanding assessment balance or \$666. This civil penalty is based, in part, on Respondent's history of noncompliance with the Public Utility Code involving a failure to satisfy its assessments, as set forth above.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$3,330, which consists of its outstanding assessment balance, which totals \$2,664 and a civil penalty of \$666 for the above-described violations; and

(b) If payment of the civil penalty and assessments is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

(3) the Commission certify automobile registrations to the Pennsylvania Department of Transportation for suspension or revocation.
