READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 1]

[EXECUTIVE ORDER NO. 2015-03]

Leasing of State Forest and State Park Land for Oil and Gas Development

January 29, 2015

Whereas, Section 27 of Article I of the Constitution of Pennsylvania guarantees the Commonwealth's citizens the right to clean air, pure water and to the preservation of the natural, scenic, historic and aesthetic values of the environment; and

Whereas, the Department of Conservation and Natural Resources (DCNR) has a duty pursuant to the Conservation and Natural Resources Act (Act of June 28, 1995, P.L. 89, No. 18) (CNRA) to conserve and maintain State Forests and State Parks in the public trust for the use and benefit of all its citizens, and generations yet to come, as guaranteed by Section 27 of Article I of the Constitution of Pennsylvania; and

Whereas, Pennsylvania's award-winning State Parks provide opportunities for enjoying healthful outdoor recreation and serve as outdoor classrooms for environmental education, and in meeting these purposes host 38 million visitors annually, support over 13,000 jobs, and provide \$1.2 billion to the state's economy; and

Whereas, leasing State Park land for oil and gas development is contrary to DCNR's longstanding policy; and

Whereas, Pennsylvania's 2.2 million-acre State Forest system has been certified longer than any other State Forest system in the United States through an independent scientific review to be compliant with the gold standard for environmentally and socially responsible forestry established by the international Forest Stewardship Council (FSC), and this certification is vital to the economic viability of the forest products industry in Pennsylvania; and

Whereas, more than 673,000 acres of the State Forest land are currently open to oil and gas development through DCNR-issued leases (386,000 acres) or because of privately-owned mineral rights where the Commonwealth does not own the subsurface oil and gas (287,000 acres); and

Whereas, according to an analysis completed in 2010 by DCNR, the portion of State Forest land that is currently not available for oil and gas development is vital for maintaining pure water, wild and natural ecosystems and valuable recreational opportunities that support Pennsylvania's eco-tourism industry; and

Whereas, based on data gathered through 2012, while still piloting and developing monitoring and management tools and protocols, DCNR has found that that "there are clearly impacts and tradeoffs that are associated with" oil and gas development on State Forest land, as well as risks to the resources, the uses of the forest, and the balance among them; and

Whereas, the complex, interrelated, and significant impacts already identified by DCNR and others include clearing of almost 1,500 acres, degraded wild character and recreational experiences on over 9,300 acres, heavy truck traffic, forest conversion and fragmentation and soil disturbance, invasive species, hiking and snowmobile trail conflicts, loss of scenic vistas, noise pollution affecting recreational experiences and wildlife, and reduction in timber harvest revenues due to road bonding costs; and

Whereas, DCNR has concluded that in order to develop a full understanding of the cumulative impacts of oil and gas development on State Forest and State Park land, additional longitudinal research and monitoring on a wide variety of impacts and risks are needed, including air quality, water quality, groundwater, soil, the effects of evolving DCNR-prescribed best management practices, the effects of pipeline stream crossings, wildlife, noise pollution, and timber harvesting; and

Whereas, DCNR has concluded that additional leasing of State Forest land or State Park land for oil and gas development would jeopardize DCNR's ability to fulfill its legislative duty to conserve and maintain these public natural resources, and to sustain its FSC forest certification;

Now, Therefore, I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws (including the CNRA), and consistent with recommendations made by the Acting Secretary of Conservation and Natural Resources, do hereby direct the following.

Governor

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 6]

[EXECUTIVE ORDER NO. 2012-02]

Governor's Advisory Council for Hunting, Fishing and Conservation

February 15, 2012

Whereas, the Constitution of this commonwealth proclaims that Pennsylvania's public natural resources are the property of all people, including future generations, and commands the commonwealth to conserve and maintain our natural resources for the benefit of all people; and

Whereas, Pennsylvania has abundant natural resources, which provide numerous recreational opportunities for all of its citizens; and

Whereas, Pennsylvania's rich outdoor heritage, including activities such as hunting, fishing, trapping, birding, wildlife viewing, boating and hiking, are enjoyed by over 5.9 million Pennsylvanians and visitors each year; and

Whereas, these outdoor recreational activities annually generate more than \$5.4 billion for Pennsylvania's economy; and

Whereas, the Governor, commonwealth officials and agencies would benefit from the advice and counsel of an official representative body, concerned with the recreational use and conservation of the natural resources of the commonwealth, comprised of dedicated hunters, trappers, anglers, hikers and other conservationists of all generations.

Now, Therefore, I, Tom Corbett, Governor of the Commonwealth of Pennsylvania, by the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Governor's Advisory Council for Hunting, Fishing and Conservation, and do order and direct as follows.

Governor

Fiscal Note: GOV-12-02. (1) General Fund; (2) Implementing Year 2012-13 is \$52,629; (3) 1st Succeeding Year 2013-14 is \$103,230; 2nd Succeeding Year 2014-15 is \$111,813; 3rd Succeeding Year 2015-16 is \$116,972; 4th Succeeding Year 2016-17 is \$116,972; 5th Succeeding Year 2017-18 is \$116,972; (4) 2011-12 Program—\$0; 2010-11 Program—\$0; 2009-10 Program—\$0; (7) General Government Operations; (8) recommends adoption. The General Government Operations appropriation is able to absorb the increased cost.

HUNTING, FISHING AND CONSERVATION**

Sec	
6.571.	Purpose.
6.572.	Responsibilities.
6.573.	Composition.
6.574.	Membership.
6.575.	Staffing.
6.576.	Cooperation by State agencies.
6.577.	Reports.
6.578.	Effective date.
6.579.	Termination date.
6.590.	Rescission.

§ 6.571. Purpose.

The purpose of the Governor's Advisory Council for Hunting, Fishing and Conservation is to provide a forum through which an open, forthright and constructive dialogue will be fostered among a diverse group of outdoor recreation and conservation oriented individuals of all generations to provide the Governor, Commonwealth officials and agencies with sound advice on matters pertaining to the conservation of wildlife and other natural resources in this Commonwealth, and on ways to protect, promote and enhance the outdoor heritage of this Commonwealth.

§ 6.572. Responsibilities.

The powers and duties of the Governor's Advisory Council for Hunting, Fishing and Conservation (Council) will be to:

(1) Review and make written recommendations to the Governor regarding any issue appropriate for governmental action that might affect the recreational use and conservation of wildlife and other natural resources in this Commonwealth.

(2) Review and make written recommendations regarding policies adopted or regulations promulgated by the Fish and Boat Commission, the Game Commission, the Department of Conservation and Natural Resources or the Department of Environmental Protection that might affect the recreational uses of natural resources in this Commonwealth.

(3) Review and make written recommendations regarding pending legislation and proposed regulations that might affect the recreational uses of natural resources in this Commonwealth.

(4) Review with the Council chair, at the direction of the Governor, the qualifications of candidates for appointment to the Fish and Boat Commission and the Game Commission and assist the Council chair in making recommendations to the Governor.

(5) At the direction of the Governor, assist the natural resource agencies within the Commonwealth with developing adult and youth programs and with examining issues relating to recreation and wildlife conservation, as appropriate.

§ 6.573. Composition.

The members of the Governor's Advisory Council for Hunting, Fishing and Conservation (Council) will be appointed by the Governor. The membership of the Council will consist of the following:

(1) The chair, who will be appointed by the Governor and, on behalf of the Council, will direct its activities and agenda, conduct its meetings and be primarily responsible for advising the Governor on matters pertaining to the purposes of the Council.

(2) No more than 35 residents of this Commonwealth, at least 4 of whom shall be youth appointees between 14 years of age and 18 years of age at the time of their appointment. Elected Statewide officials, legislators or employees of the Department of Conservation and Natural Resources, the Department of Environmental Protection, the Fish and Boat Commission and the Game Commission are not eligible for membership on the Council.

(3) A broad base of representative stakeholders, all of whom shall have a fundamental interest in the wildlife and other natural resources of this Commonwealth and respect hunting, trapping, angling and other outdoor

recreational activities as valuable and accepted priorities in determining wildlife and natural resource management.

§ 6.574. Membership.

(a) *Terms.* Members of the Governor's Advisory Council for Hunting, Fishing and Conservation (Council) will be appointed for a term of 1 year and will continue to serve thereafter until their successors are appointed and qualified. Members will serve at the pleasure of the Governor.

(b) *Vacancies.* When a vacancy occurs on the Council, the successor will be appointed for a full term.

(c) *Compensation.* Members of the Council will not receive compensation for their service. Members will be reimbursed for travel and related expenses in accordance with Commonwealth policy. See Chapter 40 (relating to travel and subsistence).

§ 6.575. Staffing.

The Department of Conservation and Natural Resources will provide staff resources to support the Governor's Advisory Council for Hunting, Fishing and Conservation.

§ 6.576. Cooperation by State agencies.

Agencies under the Governor's jurisdiction shall cooperate with and provide assistance and support as needed by the Governor's Advisory Council for Hunting, Fishing and Conservation to carry out its functions effectively.

§ 6.577. Reports.

The Governor's Advisory Council for Hunting, Fishing and Conservation (Council) shall submit an annual report to the Governor outlining the Council's activities and accomplishments for the year by December 31.

§ 6.578. Effective date.

This subchapter takes effect immediately.

§ 6.579. Termination date.

This subchapter will remain in effect until revised or rescinded by the Governor.

§ 6.590. Rescission.

Effective immediately, Executive Order 2003-13 is rescinded.

THE COURTS

Title 255—LOCAL COURT RULES

BUTLER COUNTY

Victim Services Fee; No. CP-10-AD-1-2015

Motion to Raise Victim Services Fee

And Now, comes Richard A. Goldinger, District Attorney of Butler County, and presents the following:

1. The District Attorney's Office has certain responsibilities to victims of criminal offenses as set forth in 18 P. S. Section 11.213.

2. In order to comply with said responsibilities, the District Attorney's Office employs two individuals on a full-time basis who deal strictly with victims and witnesses of criminal offenses.

3. The Pennsylvania Commission on Crime and Delinquency, hereinafter referred to as "PCCD," has provided grant funding to counties to assist in employing individuals who are responsible for District Attorney compliance with 18 P. S. Section 11.213.

4. Said grant funding from PCCD consists of the Rights and Services Act grant (RASA) and the Victim of Juvenile Offenders grant (VOJO).

5. Butler County has applied for and been the recipient of each of these grants for at least the previous ten years.

6. While PCCD continues to offer these grants to Butler County, and all other counties across the Commonwealth, the amount of funding available has continually decreased.

7. Butler County has been fortunate to receive sufficient funding from these grants to maintain two full-time employees in the last few years.

8. Although Butler County has been fortunate, the number of employees funded by these grants has gone from three full-time employees and one-part-time employee to the current situation.

9. In 2015, the funding provided by the RASA and VOJO grants will be insufficient to pay the salaries and benefits of the two full-time employees aforementioned.

10. The deficiency is the result of continued cuts to funding by PCCD along with increases in salaries and increased costs of benefits for the employees.

11. Currently in Butler County, court costs of \$60.00 are imposed in all criminal cases, and \$25.00 in all juvenile cases to be applied for victim services.

12. Of those costs, the county keeps \$25.00 of the costs imposed in criminal cases.

13. 18 P. S. Section 11.1101 provides that the counties may keep the \$25.00 they now receive plus 70% of the costs imposed under this section that exceed \$60.00.

14. If the victim services fee were increased to \$100.00 in criminal cases, the county would receive more than double what it receives now in court costs for victim services.

15. These sums should be sufficient to compensate for the shortfall the county is currently facing in victim services funding.

16. This increase in court costs would allow the District Attorney's Office to maintain two full-time employees devoted to victim services.

17. This increase will also continue to allow the county to not utilize taxpayer dollars to fund these two positions.

Wherefore, it is requested the President Judge enter an Administrative Order which increases the Victim Witness Service court cost to \$100.00 in all criminal cases, including cases sentenced at the Magisterial District Courts, with said funds retained by the County of Butler to be placed into a fund to be used for compensation for victim services employees in the District Attorney's Office of Butler County.

RICHARD A. GOLDINGER,
District Attorney

Administrative Order of Court

And Now, this 20th day of January, 2015, upon consideration of the within filed Motion, this Court Orders, pursuant to 18 P. S. Section 11.1101(a), the assessment of the Crime Victim's Compensation Fund and Victim Witness Services Fund shall be increased to a total of \$100.00, unless otherwise ordered by court. This cost shall be imposed at both the Magisterial District Courts for ungraded misdemeanors and misdemeanor 3 and the Common Pleas Court of the 50th Judicial District notwithstanding any statutory provision to the contrary.

Pursuant to 18 P. S. Section 11.1101(b) all fees collected shall be disbursed pursuant to law.

The costs assessed and collected under Section (b)(2) that exceed \$60.00 shall be returned by the Pennsylvania Commission on Crime and Delinquency to the County of Butler for victim witness services.

It is Ordered that this Administrative Order shall be effective thirty (30) days after the publication thereof in the *Pennsylvania Bulletin*, and shall govern all matters then pending.

It is Further Ordered that in accordance with Pa.R.Crim.P. 105, that the District Court Administrator shall:

(a) File one (1) certified copy hereof with the Administrative Office of Pennsylvania Courts,

(b) Distribute two (2) certified copies hereof to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*,

(c) File one (1) certified copy hereof with the Criminal Procedural Rules Committee,

(d) Cause a copy hereby to be published in the *Butler County Legal Journal* once a week for two successive weeks at the expense of the County of Butler, and

(e) Cause a copy hereby to be delivered to the Clerk of Courts and the seven Magisterial District Judge in Butler County to ensure implementation of this order.

(f) Supervise the distribution hereof to all Judges and all members of the Criminal Bar of this Court.

NORTHAMPTON COUNTY

Administrative Order 2014-6; C-48CV2014-10957

Order of Court

And Now, this 17th day of November, 2014, Northampton County Administrative Order 2014-6, Northampton County Local Rule N3129.2, Notice of Sale—Real Property—is hereby adopted as follows, effective thirty (30) days after publication in the *Pennsylvania Bulletin*.

Seven (7) certified copies of the within Administrative Order shall be filed with the Administrative Office of Pennsylvania Court; two (2) certified copies shall be distributed to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*; and one (1) certified copy shall be filed with the Pennsylvania Civil Procedural Rules Committee. One (1) copy of the Administrative Order shall be kept available in the Office of the Prothonotary. A copy is directed to be published in the *Northampton County Reporter*.

Order of Court

And Now, this 17th day of November, 2014, pursuant to Pa.R.C.P. 3129.2, the Court hereby adopts the following local rule for Notice of Sale for Real Property Sheriff Sales in Northampton County.

Rule N3129.2. Real Property; Notice of sale: handbills, written notice, publication.

(a) Notice of the sale of real property shall be given by handbills as provided by subdivision (b), by written notice as provided by subdivision (c) to all persons whose names and addresses are set forth in the affidavit required by 3129.1, and by publication as provided by subdivision (d).

Note: Where real estate subject to federal liens is sold in execution under a judgment by confession, see the provisions of the Federal Tax Lien Act of 1966 adding sec. 742(c) to the Internal Revenue Code, 26 U.S.C.A. § 7425(c), providing for notice to the United States.

(b) The handbills shall be posted by the sheriff in the sheriff's office and upon the property at least thirty days before the sale, and shall include:

(1) a brief description of the property to be sold, its location, any improvements, the judgment of the court on which the sale is being held, the name of the owner or reputed owner, and the time and place of sale. The brief description of the property required to be set forth

pursuant to Pa.R.C.P. 3129.2(b)(1) need not include the metes and bounds description set forth in the last recorded deed as long as the description sets forth the location of the property by street address and by reference to the parcel identifier number (PIN); and

(2) a notice directed to all parties in interest and claimants that a schedule of distribution will be filed by the sheriff on a date specified by the sheriff not later than thirty days after the sale and that distribution will be made in accordance with the schedule unless exceptions are filed thereto within ten days after the filing of the schedule.

(c) The written notice shall be prepared by the plaintiff, shall contain the same information as the handbills or may consist of the handbill, and shall be served at least thirty days before the sale on all persons whose names and addresses are set forth in the affidavit required by Rule 3129.1.

(1) Service of the notice shall be made

(i) upon a defendant in the judgment who has not entered an appearance and upon the owner of the property

(A) by the sheriff or by a competent adult in the manner prescribed by Rule 402(a) for the service of original process upon a defendant; or

Note: See Rule 76 for the definition of "competent adult."

(B) by the Plaintiff mailing a copy in the manner prescribed by Rule 403 to the addresses set forth in the affidavit; or

(C) if service cannot be made as provided in subparagraph (A) or (B), the notice shall be served pursuant to special order of court as prescribed by Rule 430, except that if original process was served pursuant to a special order of court under Rule 430 upon the defendant in the judgment, the notice may be served upon that defendant in the manner provided by the order for service of original process without further application to the court; and

(ii) upon the defendant in the judgment who has entered an appearance, by the plaintiff in the manner provided by Rule 440; and

(iii) upon each other person named in the affidavit by the plaintiff by ordinary mail at the address set forth in the affidavit with the return address of the plaintiff appearing thereon. The plaintiff shall obtain from the U.S. Postal Service a Form 3817 Certificate of Mailing. Service shall be complete upon mailing. If the mail is returned, the validity of the service shall not be impaired and the sale shall proceed at the time fixed in the notice.

(2) The person serving the notice shall file a return of service as provided by Rule 405. If service is made by mail pursuant to subdivision (c)(1)(iii), the return shall include the certificate of mailing and the letter, if returned.

(3) If service on any person is not made at least thirty days prior to the date of the sale stated in the notice, such notice shall be deemed timely if the sale is stayed, continued, postponed or adjourned in accordance with Rule 3129.3 to a date certain which is at least thirty days after the date of the last required service.

DEPARTMENT OF AGRICULTURE

Order; Training and Certification for Certified Parking Meter Inspectors

Section 1. Purpose; Authority; Duration.

This Order is a temporary order establishing training and certification requirements and procedures for persons seeking to become Certified Parking Meter Inspectors, and is authorized under the Consolidated Weights and Measures Act, at 3 Pa.C.S.A. § 4115(b).

This Order is effective as of March 8, 2015 and shall remain in effect until March 8, 2016—one year from date of issuance.

Section 2. Definitions.

The following word and terms, when used in this order, have the following meanings, unless the context clearly indicates otherwise:

Act—The Consolidated Weights and Measures Act, 3 Pa.C.S. §§ 4101—4194.

Certified parking meter inspector or *CPMI*—An individual who is certified by the Department of Agriculture to inspect and certify the accuracy of parking meters.

Department—The Department of Agriculture of the Commonwealth.

Section 3. Certified parking meter inspector.

(a) *General.* A person may apply to the Department to be designated a certified parking meter inspector ("CPMI") for purposes of the Act and this order.

(b) *Authority.* A CPMI may inspect and certify the accuracy of parking meters as required by the Act.

(c) *Fees.* A CPMI may charge a fee for inspection and testing services.

Section 4. Certification standards.

A person seeking a CPMI certificate from the Department shall do the following:

(1) Successfully complete an approved training course as described in Section 5 (relating to training courses).

(2) Pass a Department-administered or Department-approved written test by a score of at least 70%.

(3) Possess or have access to field standards and test equipment as necessary to inspect, determine and certify the accuracy of parking meters, as required under the Act.

(4) Comply with the application requirements described in Section 7 (relating to applying for certification) and other requirements of this order.

(5) Be at least 18 years of age.

Section 5. Training courses.

(a) *Department-administered courses and Department-approved courses.* The Department-administered parking meter certification training course meets the requirements of subsection (b) and is an approved training course. The Department will approve additional parking meter certification training courses that meet the application and course-content requirements of this Section.

(b) *Training course; hours and content.* A Department-approved parking meter certification training course shall consist of a minimum of four (4) hours of instruction, with at least two (2) hours of classroom training and at least two (2) hours of hands-on training. The training course shall cover the following topics:

(1) Basic operation of mechanical and digital parking meters.

(2) Determination and use of appropriate field standards.

(3) Familiarization with documentation requirements.

(4) Inspection and testing procedures.

(5) Noting deficiencies and reporting results.

(c) *Application for approval by Department.* A person seeking the Department's approval of a parking meter certification training course shall apply in writing to the Department and provide the following:

(1) A course outline.

(2) A description of the subject matter to be addressed in each component of the course, addressing all of the course topic requirements set forth in subsection (a).

(3) The name and background information of each course instructor, a description of the subject matter to be addressed by that instructor and information to demonstrate the familiarity of the instructor with that subject matter.

(4) A list of the dates, times and locations at which the training course is to be presented.

(5) A copy of the proposed written test, together with a copy of the answer key.

(6) Verification that the person conducting the course shall issue a certificate of completion to any person who successfully completes the course, and shall promptly report the results of the testing required under Section 4, Paragraph (2) (relating to certification standards), above, in writing to the Department.

(7) Such other information as the Department may reasonably require.

(d) *Obtaining the list of current approved training courses.* The Department will provide a current list of approved training courses upon request, and will maintain a copy of the current list on its internet website: www.agriculture.state.pa.us.

(e) *Effect of addition of a course to list of courses.* If a training course is added to the list described in subsection (d), a person who has successfully completed that course within six (6) months preceding the date the Department approved the course will be deemed to have successfully completed an approved training course as described in Section 4, Paragraph 1 (relating to certification standards). That person must also meet the requirements of Section 4, Paragraphs (2), (3), (4) and (5) in order to be designated a CPMI.

Section 6. Audit by Department.

The Department may attend and audit an approved training course to ascertain whether the course is conducted in accordance with the Act and this order. A person offering or conducting an approved training course shall, at least 7 days in advance of conducting the course, mail or deliver to the Department written notification of the date, time and location of the training course. A person offering or conducting an approved training course shall allow the Department's auditors entry to the program and provide copies of course materials.

Section 7. Applying for CPMI certification.

(a) *Application required.* A person who has successfully completed a Department-administered or Department-approved parking meter certification training course may apply to the Department for a CPMI certificate. Certification is granted through issuance of the certificate described in Section 8 (relating to CPMI certificate).

(b) *Form of application.* A person seeking certification under the Act may obtain an application form from the Department using the contact information provided in Section 14 (relating to contacting the Department). The applicant shall complete the form and return it to that same address. The application form shall require the following information:

(1) The name, mailing address and birth date of the person seeking a certificate.

(2) The name, location and date of completion of any approved training course completed by the person seeking a certificate.

(3) A copy of any certificate of completion with respect to the approved training course.

(4) A detailed description of the equipment the person seeking the CPMI certificate will use in conducting parking meter inspections, including applicable verifications of accuracy, inspection records and other documentation demonstrating the equipment is accurate and in working order.

(5) The date of the application.

(6) Other information the Department might reasonably require.

(c) *Departmental action on application.* The Department will, within 30 days of receiving an application, mail the applicant a certificate, a disapproval notice or a request for additional clarification or documentation. If the Department requests additional clarification or documentation, its review and consideration of the application will cease until the requested material is received, from which time the 30-day review period shall begin again.

Section 8. CPMI certificate.

(a) *CPMI certificate.* The Department will provide a CPMI a CPMI certificate.

(b) *Contents of CPMI certificate.* A CPMI certificate will bear the following information:

(1) The name of the person to whom it is issued.

(2) The date of issuance.

(3) A unique identification number.

(4) A statement that the Department has determined the person identified on the certificate to be a "CPMI" with respect to parking meters.

(5) Other information the Department might reasonably include.

(c) *Ownership of CPMI certificate.* A CPMI certificate issued by the Department will remain the property of the Department. A CPMI or other person having physical possession of a certified parking meter certificate shall, upon written notice from the Department, surrender and return the certificate to the Department.

(d) *Obligation to produce CPMI certificate for inspection.* A CPMI shall produce the CPMI certificate for inspection upon demand by the Department or any person on whose behalf the CPMI is performing the inspection or test.

Section 9. Expiration of CPMI certificate.

A CPMI certificate will remain valid unless or until five (5) years or more elapse between consecutive parking meter inspections by the CPMI to whom the CPMI certificate is issued, or unless the CPMI certificate is suspended or revoked in accordance with the procedures in Section 12 (relating to suspension or revocation of certification).

Section 10. Obtaining a new CPMI certificate.

(a) *No renewals: new certificate required.* The Department will not renew a CPMI certificate or extend the expiration date of a certificate. A person shall, instead, apply for and obtain a new CPMI certificate in accordance with Section 7 (relating to applying for certification) to be issued a successor CPMI certificate.

(b) *Training course.* A person who is applying for a CPMI certificate shall have successfully completed a training course as described in Section 5 (relating to training courses) within six (6) months of the date of the application form.

Section 11. Inspection and testing by the Department.

(a) *Random inspection and testing.* The Department may conduct random inspection and testing of parking meters that have been inspected and tested by a CPMI to determine whether the CPMI conducted the inspection and testing in accordance with the Act and this order.

(b) *Inspections generally.* In addition to the random inspection and testing described in subsection (a), the Department may conduct inspection and testing of any parking meter that has been inspected and tested by a CPMI.

(c) *Time lapse affecting results.* In evaluating the inspection and testing performed by the CPMI, the Department will take into account any lapse of time between an inspection performed by the Department and the inspection performed by the CPMI.

(d) *Reporting of results.* Within 30 days following a random inspection, the Department will mail the CPMI written notice of the inspection and the results of that inspection.

(e) *Use of results.* The Department may use the results of its inspection and testing to suspend or revoke the certificate of a CPMI in accordance with Section 12 (relating to suspension or revocation of certification), or as the basis for a warning or instruction directed to the CPMI.

Section 12. Suspension or revocation of certification.

(a) *Basis for action.* The Department may suspend or revoke a CPMI certificate if the CPMI does one or more of the following:

- (1) Violates a provision of this order.
- (2) Violates a provision of the Act.
- (3) Intentionally or fraudulently reports inaccurate information on an inspection report form.
- (4) Is found, following inspection and testing by the Department in accordance with Section 11 (relating to inspection and testing by the Department), to have inaccurately, improperly or incompetently performed testing and inspections of parking meters issued.

(b) *Notice.* The Department will provide a CPMI with written notice of its intention to suspend or revoke certification, which will afford the CPMI notice and opportunity for an administrative hearing before the Department prior to the effective date of the suspension or revocation.

(c) *Delivery of notice.* The Department will deliver the notice described in subsection (b) to the affected CPMI by

personal service or by regular mail to the address provided by the CPMI on his application for a certificate under Section 7 (relating to applying for certification), or to the address most recently provided to the Department in writing by the CPMI as the address to which notices should be sent.

Section 13. CPMI list.

(a) *CPMI list to be maintained.* The Department will maintain a current CPMI list containing the following information with respect to each CPMI:

- (1) Name and address.
- (2) Telephone number.
- (3) Fax number (if available).
- (4) The unique identification number of the CPMI's certificate.

(b) *Distribution of copies.* The Department will provide a copy of the current CPMI list upon request.

Section 14. Contacting the Department.

For purposes of this order, a person may contact the Department at the following address:

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 2015

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of March, 2015, is 4 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such

individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.18 to which was added 2.50 percentage points for a total of 4.68 that by law is rounded off to the nearest quarter at 4 3/4%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0272612 A-1, Pesticides, US DOI Fish & Wildlife Service, 3090 Wright Street, Marquette, MI 49855-9649.

Description of Existing Activity: The application is for an NPDES permit amendment for an existing discharge associated with the application of pesticides in Summerhill and Summit Townships, **Crawford County**.

The receiving stream(s), Conneaut Creek and Fish Creek, are located in State Water Plan 15A, Lake Erie watershed and are classified for aquatic life protection of Warmwater Fishes/Migratory Fishes and Coldwater Fishes/Migratory Fishes, respectively. Applicators are required to follow product labeling instructions of pesticides, which may include provisions to reduce application doses and notify public water suppliers in the event applications are conducted near public water supply intakes. The discharges associated with the pesticide applications are not expected to affect public water supplies.

PA DEP has made a tentative determination to issue the NPDES permit amendment subject to the terms and conditions of the permit. Pesticide applications will be conducted in a manner that minimizes adverse environmental effects. The proposed permit contains conditions that require implementation of Pest Management Measures, Recordkeeping and Annual Reporting Requirements, Corrective Action Documentation and Reporting, and a Pesticides Discharge Management Plan.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 814-332-6340. You may submit written comments on the application and draft permit within 30 days to the address above. After the 30-day comment period, PA DEP will make a final determination on the issuance of the permit.

The EPA waiver is not in effect.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25-year/24-hour rain storms, the CAFO general permit is a non-discharge NPDES permit. Where applicable, compliance with 40 CFR federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the state narrative water quality standards.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the

application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the mediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional

office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Eric Supey, Environmental Cleanup and Brownfields Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Finnetrock Property, 169 Pottsville Street, Cressona Borough, **Schuylkill County**. Liberty Environmental Inc., 50 North Fifth Street, 5th Floor, Reading, PA 19601, on behalf of Richard Finnetrock, 745 Ridge Road, Orwigsburg, PA 17961, submitted a Notice of Intent to Remediate. A No. 2 fuel oil spill occurred as a result of a leaking coupling buried beneath the floor, and future use of the site is residential. The Notice of Intent to Remediate was published in *The Republican-Herald* on January 19, 2015.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this

type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Contact: Muhammad Q. Zaman, Environmental Program Manager—Telephone: 570-327-3648

55-00026A: Hummel Station LLC (PO Box 517, Shamokin Dam, PA 17876), for the modification of conditions from plan approval 55-00001G with regards to the natural gas combined cycle turbine project in Shamokin Dam Borough, **Snyder County**. This is a Title V facility.

17-00001F: NRG REMA LLC, (250 Power Plant Drive, Shawville, PA 16873), plan approval application for the addition of natural gas firing capability to the operation of the electric utility steam generating units located in Bradford Township, **Clearfield County**, at the Shawville Generating Station. Additionally, the applicant has requested plant-wide applicability limits (PALs) for PM_{2.5}, PM₁₀, SO₂, NO_x, CO, VOC, Pb, PM, H₂SO₄, and CO₂e emissions at the facility. The facility is a Title V facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southcentral Region: Air Quality Program, 909 Elmerston Avenue, Harrisburg, PA 17110

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4762, Lisa Dorman, New Source Review Permitting Chief—Telephone: 717-705-4863 or William Weaver, Regional Air Quality Manager, Telephone: 717-705-4702.

06-05044A: PA Department of Public Welfare, Wernersville State Hospital (422 Sportsman Road, Wernersville, PA 19565) for the establishment of an operating limit for reduced coal usage to no more than a 10% annual capacity factor for coal-fired Keeler Boilers #1, #2 and #3 so they will meet EPA's definition of "Limited-Use Boiler." Also, a correction will be made to the Hurst Boiler fuel input capabilities to reflect the actual capabilities of the boiler at the Wernersville State Hospital located in South Heidelberg Township, **Berks County.** The potential increases in facility emissions as a result of the changes proposed are: 6.85 tpy of SO_x, 3.21 tpy of NO_x, and 1.96 tpy of CO. The facility is a Title V facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, and 40 CFR Part 63 Subpart JJJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial and Institutional Boilers Area Sources and 40 CFR Part 60 Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units. Based on these findings, the Department proposes to issue a plan approval for the proposed operational changes. If, after the project has been implemented, the Department determines that the sources are in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

67-05137: Strine Printing Company, Inc. (30 Grumbacher Road, York, PA 17406) for retrospective approval of a 9-unit flexographic printing press operation at their facility in Manchester Township, **York County,** and for the installation of a new, tenth press. As of the end of 2014, actual facility VOC emissions were greater than 50 tons per year (tpy). The applicant has proposed that facility volatile organic compound (VOC) emissions be limited to 50 tons per 12-month rolling period, combined hazardous air pollutant (HAP) emissions be limited to 25 tons per 12-month rolling period, and individual hazardous air pollutant (HAP) emissions be limited to 10 tons per 12-month rolling period. DEP's review of the information submitted by the applicant indicates that the air contamination sources as proposed can comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the existing and new construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into a State-only Operating Permit pursuant to 25 Pa. Code § 127.402.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701

Contact: Muhammad Q. Zaman, Environmental Program Manager—Telephone: 570-327-3648

55-00002D: The Selinsgrove Center owned and operated by PA Department of Public Welfare (1000

Route 522, Selinsgrove, PA 17870) has submitted a plan approval application to the Department of Environmental Protection (DEP) for their proposal to comply with the National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources as codified in 40 CFR Part 63 Subpart JJJJJJ, also known as the Area Source Boiler MACT. On January 16, 2014, the facility received the Department's approval for extension of Subpart JJJJJJ compliance deadline to March 21, 2015. The facility operates existing boilers that are fired on coal, and the boilers are considered as affected sources in the Area Source Boiler MACT. On October 6, 2014, the facility submitted a plan approval application and proposed to restrict the coal heat input of each boiler.

The Department reviewed the plan approval application and supplementary information submitted by the Selinsgrove Center facility located in Penn Township, **Snyder County,** and the facility proposal designates each of the coal boilers as a limited-use boiler, in accordance with the applicable requirements pertaining to limited-use boiler as specified in 40 CFR Part 63 Subpart JJJJJJ. The Selinsgrove Center facility is a Title V facility. If the Department determines that the facility has satisfied the required evaluation for Area Source Boiler MACT compliance, the requirements of 55-00002D will be incorporated into Title V Operating Permit 55-00002 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. Based on these findings, the Department intends to issue a plan approval to restrict the operation of the coal boilers at the facility such that, each of the boilers will be required to be operated as a limited-use boiler by the Area Source Boiler MACT. Upon issuance, the plan approval will serve as the federally enforceable permit until the amended Title V operating permit is issued.

Pursuant to 40 CFR Part 63 Subpart JJJJJJ, the plan approval source-level conditions include the provisions to operate each coal boiler at the facility, such that the annual capacity utilization of each does not exceed 10% of their maximum capacity utilization. Also, monitoring and recordkeeping of the coal ash content (% weight) and heat content (Btu/lb), as received, and the daily coal usage of each coal boiler were included in the plan approval conditions pursuant to 25 Pa. Code § 127.511 and 40 CFR Part 63 Subpart JJJJJJ. The monitoring and recordkeeping conditions are part of the continuous demonstration for compliance with the annual capacity utilization restrictions. The plan approval also requires the facility to report the status of compliance with the plan approval conditions including the supporting documentation, within 120 days from their March 21, 2015, Subpart JJJJJJ compliance deadline date. In addition, recordkeeping, reporting and work practice source-level conditions were included in the plan approval, to demonstrate compliance with the applicable boiler tune-up provisions from Subpart JJJJJJ. The facility is still required to comply with the conditions, including emissions restrictions, of Title V Operating Permit 55-00002.

All applicable Federal and State regulatory requirements including monitoring, recordkeeping, reporting, and work practice conditions have been included in the plan approval, to demonstrate compliance with the applicable requirements including 40 CFR Part 63 Subpart JJJJJJ.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Re-

gional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-3693.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745

Contact: Mark R. Gorog, P.E., Environmental Engineer Manager—Telephone: 412-442-4150

11-00524C: JWF Industries, Inc. (84 Iron Street, Johnstown, PA 15907) In accordance with 25 Pa. Code §§ 127.44—127.46, the Pennsylvania Department of Environmental Protection (DEP) is providing notice that it intends to issue an Air Quality Plan Approval to JWF Industries, Inc. to authorize the construction and temporary operation of a new spray paint booth and a shot blast booth at their Environmental Tank and Container (ETC) facility located in West Taylor Township, **Cambria County**.

Sources at the existing facility include a spray paint booth, shot blast booth, gas metal arc welding, portable heat sources and space heaters. The spray paint booth will exhaust through GFS wave exhaust filters. Welding operations and shot blast booth will be located in a permanently-located building, and exhaust to a dust collector.

Upon authorization of this plan approval the facility potential to emit will not exceed 0.5 ton of NO_x, 0.3 ton of CO, 30 tons of VOC, and 1.2 ton of HAP on an annual basis. The ETC facility is subject to the best available technology (BAT). The VOC limit restriction, monitoring, recordkeeping, reporting and work standards practice conditions of the Plan Approval have been derived from the applicable requirements of 25 Pa. Code Chapters 121—143.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a review may be made by contacting Phil Bouse at 412-442-4000.

Any person may submit comments or object to the plan approval or a proposed condition thereof by filing a written protest with the Department at the Southwest Regional Office. A 30-day comment period, from the date of this publication, will exist for the submission of comments.

A protest to a proposed action shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.44 (relating to public notice). A protest shall include the name, address and telephone number of the person filing the protest, identification of the proposed plan approval issuance being opposed (Plan Approval 11-00524C) and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons who have properly filed a protest under 25 Pa. Code § 127.46 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

Written comments, protests, and requests for a public hearing may be directed to Jesse Parihar, Air Quality Engineering Specialist, Department of Environmental Protection, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222. For additional information concerning the plan approval or the issuance procedure contact Mr. Parihar at 412-442-4030.

03-00027E: GenOn Northeast Management Company (121 Champion Way, Suite 200, Canonsburg, PA 15317) Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (DEP) intends to issue Air Quality Plan Approval: PA-03-00027E to allow the construction of a truck coal receiving area at the Keystone Generating Station located in Plumcreek Township, **Armstrong County**.

The truck coal receiving area will be to enhance the overall coal receiving and blending capabilities at Keystone, allowing up to 1,000,000 tons of coal to be delivered by truck. It will be located within the existing permitted area at Keystone adjacent to the existing rail coal receiving area and near the existing limited truck coal receiving area. New and modified air contamination sources include increases to plant roadway vehicle traffic, coal delivery by truck to feeders or storage zones, feeder conveyors, a new collection conveyor, extension of an existing conveyor, and miscellaneous associated transfer points. This plan approval does not authorize any increase to the permitted heat input to the electric generating units and there is no projected change in emissions from those units. Best available technology (BAT) for coal delivery by truck is delivery by covered trucks, paving of delivery roadways, and a roadway dust control plan which includes sweeping and watering as necessary. BAT for feeders and storage zones is partial enclosure by wind barriers and watering as necessary. BAT for conveyors and transfer points is partial enclosure with a minimum coal moisture content of 5% to full or underground enclosure.

This authorization is subject to state regulations including 25 Pa. Code §§ 123.1, 123.2, 123.31 and 123.41. These limitations are applicable facility-wide and already included in Keystone's Title V Operating Permit (TVOP). Plan approval conditions will include rolling 12-month limits on coal delivery by truck, work practice requirements consistent with the Department's BAT determinations, and associated recordkeeping requirements. Facility-wide reporting and monitoring requirements already included in Keystone's TVOP will encompass the new sources. Potential emissions from this project are calculated to be 8.56 tons of particulate matter (PM), 2.21 tons of particulate matter less than 10 microns (PM₁₀), and 0.95 ton of particulate matter less than 2.5 microns (PM_{2.5}) per year. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently submit either a revision to its pending TVOP application or a TVOP administrative amendment application in accordance with 25 Pa. Code Subchapters F and G.

A person may oppose the proposed plan approval by filing a written protest with the DEP through Alan Binder, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Additional written comments may also be submitted. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-03-00027E) and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based.

All comments must be received prior to the close of business 30 days after the date of this publication.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481

Contact: Edward Orris, New Source Review Chief—Telephone: 814-332-6636

25-1011A: Duskas Martin Funeral Homes & Crematory, Inc. (4216 Sterrettania Rd, Erie, PA 16506), the Department intends to issue a plan approval to for the continued operation of one human crematory in Millcreek Township, **Erie County**. Public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44.

This plan approval application was submitted per the Department's instruction that crematories which open or plan to open their primary chamber's door during the cremation cycle could no longer use or obtain the GP-14 for authorization. Those crematories must be authorized by a plan approval or elect to no longer open the door during the cremation cycle in order to continue operating under GP-14 authorization. The applicant has elected to apply for a plan approval rather than prohibit the opening of their door which they feel is necessary for efficient and complete cremation cycles.

The crematory has been reviewed to evaluate its incorporation of BAT. The BAT contained in the GP-14 is still considered to be current BAT. This unit meets or exceeds each of the technologies or specifications identified in the GP-14; therefore, the use of this unit is considered to be meeting BAT for the construction of a crematory.

Emissions are estimated to be: less than 1.0 tpy of SO_x, CO, NO_x, particulate matter, VOC, and HAP (each).

The Plan Approval will contain testing, recordkeeping, emission restriction, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

In accordance with 25 Pa. Code § 127.44(e)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP @ (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(e)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [25-1011A, Duskas Martin Funeral Home and Crematory] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests

for a public hearing should be directed to Edward F. Orris, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6636.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southcentral Region: Air Quality Program, 909 Elmer-ton Avenue, Harrisburg, PA 17110

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4762, Lisa Dorman, New Source Review Permitting Chief—Telephone: 717-705-4863 or William Weaver, Regional Air Quality Manager, Telephone: 717-705-4702.

38-05022: Weaber Inc. (1231 Mount Wilson Road, Lebanon, PA 17042) to issue a Title V Operating Permit for the lumber processing facility located in South An-nville Township, **Lebanon County**. The actual emissions from the facility in 2013 year were estimated at 42.9 tpy of CO, 15.8 tpy of NO_x, 6.6 tpy of PM₁₀, 6.6 tpy of PM_{2.5}, 1.9 tpy of SO_x, 1.2 tpy of VOCs and 1.4 tpy of Hydrochloric Acid. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63 Subpart JJJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources and 40 CFR Part 63 Subpart ZZZZ—National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

Intent to Issue Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter F.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920

23-00103: Elwyn, (111 Elwyn Road, Elwyn, PA 19063) for a Non-Title V Facility, State-Only, Synthetic Minor Permit in Middletown Township, **Delaware County**. Elwyn is a facility caring for the needs of the developmentally disabled and disadvantaged. The sources of emissions include boilers and emergency generators. The company took an emission limit of 24.9 tons per year of NO_x. The facility is subject to 40 C.F.R. 60 Subpart IIII and 40 C.F.R. 63 Subpart JJJJJJ. Monitoring, record keeping and reporting requirements have been added to the permit to address applicable limitations.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790

Contact: Raymond Kempa, New Source Review Chief—Telephone: 570-826-2507

39-00094: Blend Pro, Inc. (601 South Tenth Street, Suite 300, Allentown, PA 18103) for the operation of a dry mix concrete manufacturing facility located in the City of Allentown, **Lehigh County**. The sources consist of six storage silos which are controlled by baghouses. This is a renewal of a State-Only Operating Permit. The State-

Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

40-00014: Bimbo Bakeries USA Inc. (325 Kiwanis Blvd, Valmont Industrial Park, West Hazleton, PA 18202-1163) for the operation of a commercial bakery located in West Hazleton Borough, **Luzerne County**. The sources consist of two boilers, three baking lines, and space heaters. The emissions from the baking lines are controlled by a catalytic oxidizer. This is a renewal of a State-Only Operating Permit. The State-Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

40-00045: Ralmark Company (PO Box 1507, Kingston, PA 18704-0507) for the operation of an aircraft parts and equipment manufacturing facility in Larksville Borough, **Luzerne County**. The sources consist of a pulley manufacturing process and a spray booth. The process is controlled by a baghouse. This is a renewal of a State-Only Operating Permit. The State-Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

40-00074: Altec Industries, Inc. (250 Laird Street, Plains, PA 18705-3821) for the operation of a surface coating operation at a truck body manufacturing facility in Plains Township, **Luzerne County**. The sources consist of four paint booths. The emissions from the sources are controlled by panel filters. This is a renewal of a State-Only Operating Permit. The State-Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

40-00109: GRUMA Corporation (15 Elmwood Avenue, Mountaintop, PA 18707) for the operation of a food preparation facility in Wright Township, **Luzerne County**. The sources consist of food production lines and ovens. The emissions are controlled by a mist eliminator and a thermal oxidizer. This is a renewal of a State-Only Operating Permit. The State-Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

54-00063: Greater Pottsville Area Sewer Authority (1050 Route 61S, Pottsville, PA 17901-7163) for the operation of a wastewater treatment plant in the City of Pottsville, **Schuylkill County**. The sources consist of primary and finish solids processing and digesters. The sources are controlled by a wet scrubber and a flare. This is a renewal of a State-Only Operating Permit. The State-Only operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

54-00072: JELD-WEN Inc./Pottsville (1162 Keystone Blvd., Pottsville, PA 17901-9055) for manufacturing of wood products located in Cass Township, **Schuylkill County**. The primary sources consist of layup lines, routers, and paint booths. The control devices are baghouses and panel filters. The sources are considered

minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), total suspended particulate (TSP), and volatile organic compounds (VOC) emissions. This is a renewal State-Only Natural Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmer-ton Avenue, Harrisburg, PA 17110

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4762, Lisa Dorman, New Source Review Permitting Chief—Telephone: 717-705-4863 or William Weaver, Regional Air Quality Manager, Telephone: 717-705-4702.

67-03031: Pennex Aluminum Company, (50 Community Street, Wellsville, PA 17365) to issue a State Only Operating Permit for a secondary aluminum re-melting and extrusion facility in Wellsville Borough, **York County**. The potential emissions are 9.2 tons of PM per year, 29.3 tons of CO per year, 35 tons of NO_x per year, 0.21 ton of SO_x per year, 1.9 ton of VOC per year, and 0.7 ton of total HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63 Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, and 40 CFR Part 63 Subpart RRR—National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum Production.

28-05037: JLG Industries, Inc., Hykes Road Rollback Plant (1 JLG Drive, McConnellsburg, PA 17233) to issue a State Only Operating Permit for a surface coating operation located in Antrim Township, **Franklin County**. The primary emissions from the facility are VOC; the actual 2013 emissions from the facility was 0.1 ton. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions for the source derived from 40 CFR 63, Subpart HHHHHH.

07-03043: McLanahan Corp./Hollidaysburg (200 Wall Street, Hollidaysburg, PA 16648) to issue a State Only Operating Permit for operation of their steel foundry in Hollidaysburg Borough, **Blair County**. The potential emissions of the facility are 1.44 ton of CO per year, 1.72 ton of NO_x per year, 1.3 ton of PM per year, 0.01 ton of SO_x per year, 39.3 tons of VOC per year, and 10.8 tons of Total HAPs per year. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. The facility is subject to 40 CFR Part 60, Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines, and 40 CFR Part 63 Subpart ZZZZZ—National Emission Standards for Hazardous Air Pollutants for Iron and Steel Foundries area Sources.

36-05125: PA Department of Corrections (1451 N. Market Street, Elizabethtown, PA 17022) to modify a State Only Operating Permit for the corrections officers training facility in Mount Joy Township, **Lancaster County**. The modification is for the establishment of an

operating limit for reduced coal usage to no more than a 10% annual capacity factor for the coal-fired boilers so they will meet EPA's definition of "Limited-Use Boiler." The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63 Subpart JJJJJ—National Emission Standard for Area Sources of Hazardous Air Pollutants (HAPs) for Industrial, Commercial, and Institutional Boilers.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701

Contact: Muhammad Q. Zaman, Environmental Program Manager—Telephone: 570-327-3648

41-00071: Williamsport Steel Container, Co., Inc. (360 Arch St. Williamsport, PA 17701) to issue a renewal State Only Operating Permit for their Arch Street Plant facility located in the City of Williamsport, **Lycoming County**. The facility is currently operating under State Only Operating Permit 41-00071. The facility's main sources include four paint booths and six natural-gas fired ovens with a total combined maximum rated heat input of 10.27 MMBtu/hr.

The facility has potential annual emissions of 3.43 tons of carbon monoxide, 4.09 tons of nitrogen oxides, 0.02 ton of sulfur oxides, 0.31 ton of particulate matter (including particulate matter less than 10 microns in size), 13.92 tons of volatile organic compounds, 2.20 tons of hazardous air pollutants, and 5,259 tons of carbon dioxide equivalent.

The emission limits, throughput limitations and work practice standards along with testing, monitoring, record keeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550. Persons with a disability who wish to comment and require an auxiliary aid, service, or other accommodation to participate should contact the Northcentral Regional Office at 570-327-3659. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 800-654-5984.

65-00596: St. Clair Cemetery Association, Inc. (944 St. Clair Way, Greensburg, PA 15601) for operating cemeteries and crematories at St. Clair Cemetery in Hempfield Township, **Westmoreland County**. This is a State-Only Operating Permit renewal application submitted.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481

Contact: Edward Orris, New Source Review Chief—Telephone: 814-332-6131

42-00192: IA Construction Corporation, McKean Plant (7024 Highway 59, Lewis Run, PA 16738) for renewal of a Synthetic Minor Permit to operate a hot mix asphalt plant located in Lafayette Township, **McKean County**. The emitting sources are: 1) Hot mix asphalt batch plant, 2) Fugitives from transfer point, 3) Propane storage tank (30,000 gallons) and, 4) Portable Crusher, Screen and Diesel Generator. The facility has taken a restriction on production not exceeding 495,000 tons per year to qualify as a Synthetic Minor facility. The emission inventory submitted by the facility for 2013: CO: 12.04 Tons per year, Nitrogen Oxides (NO_x): 1.40 TPY, Particulate matter less than 10 micron size (PM₁₀): 3.97 TPY, Sulfur Oxides (SO_x): 0.14 TPY, Volatile Organic Compound: 0.25 TPY, Carbon Di Oxide (CO₂): 1,163.42 TPY, Particulate Matter, Condensable: 1.26 TPY, Benzaldehyde: 0.0030 TPY.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931-4119, 814-472-1900

Permit No. 56060107 and NPDES No. PA0268992, Coal Loaders, Inc., 210 East Main Street, Ligonier, PA 15658, commencement, operation and restoration of a bituminous surface and auger mine to change the land use from Woodland to Pastureland/Land Occasionally Cut for Hay in Quemahoning Township, **Somerset County**, affecting 45.9 acres. Receiving stream: Higgins Run, a tributary to Quemahoning Creek classified for the following use: high quality cold water fishery. The first downstream potable water supply intake from the point of discharge is Cambria Somerset Authority & Johnstown Water Authority. Application received: January 15, 2015.

Permit No. 56823123 and NPDES No. PA0608548. Croner, Inc., P. O. Box 260, Friedens, PA 15541, permit renewal for reclamation only of a bituminous surface and auger mine in Brothersvalley Township, **Somerset County** affecting 231 acres. Receiving streams: unnamed tributary to Buffalo Creek and unnamed tributary to Swamp Creek classified for the following use: cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: January 16, 2015.

Permit No. 40A77SM12 and NPDES No. PA0249815. PBS Coals, Inc., 1576 Stoystown Road, P. O. Box 260, Friedens, PA 15541, permit renewal for reclamation only of a bituminous surface mine in Brothersvalley Township, **Somerset County**, affecting 1,128 acres. Receiving streams: Piney Run, classified for the following use: cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: January 16, 2015.

Permit No. 56663135 and NPDES PA0605921. PBS Coals, Inc., 1576 Stoystown Road, P. O. Box 260, Friedens, PA 15541, permit renewal for the continued operation and restoration of a bituminous surface mine in Stonycreek Township, **Somerset County**, affecting 27.5 acres. Receiving stream: Schrock Run classified for the following use: cold water fishery. The first downstream potable water supply intake from the point of discharge is Hooversville Borough Municipal Authority Stonycreek SWI. Application received: January 16, 2015.

Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191

33140106 and NPDES Permit No. PA0259543. P. and N. Coal Company, Inc. (P. O. Box 343, Punxsutawney, PA 15767) Commencement, operation and restoration of a bituminous surface mine and associated NPDES permit in Washington Township, **Jefferson County**, affecting 894.2 acres. Receiving streams: Unnamed tributaries to Rattlesnake Run and Rattlesnake Run, unnamed tributaries to Wolf Run, and Harveys Run, all classified for the following uses: CWF. The first downstream potable water supply intake from the point of discharge is Falls Creek Borough. Application received: January 20, 2015.

61100102. K & A Mining (P. O. Box 288, Grove City, PA 16127) Renewal of an existing bituminous surface mine in Scrubgrass Township, **Venango County**, affecting 23.8 acres. Receiving streams: Unnamed tributaries to Allegheny River, classified for the following uses: WWF. The first downstream potable water supply intake from the point of discharge is Emlenton Water Company. This renewal is for reclamation only. Application received: January 28, 2015.

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724-925-5500

65020101 and NPDES Permit No. PA0250082. Rosebud Mining Company (301 Market Street, Kittanning, PA 16201). Transfer application of an existing bituminous surface mine permitted by AMFIRE Mining Company LLC, located in Unity Township, **Westmoreland County**, affecting 68 acres. Receiving stream: unnamed tributary to Nine Mile Run, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Transfer application received: December 31, 2015.

03070101 and NPDES Permit No. PA0251089. Rosebud Mining Company (301 Market Street, Kittanning, PA 16201). Transfer application of an existing bituminous surface mine permitted by AMFIRE Mining Company LLC, located in Burrell Township, **Armstrong County**, affecting 120.1 acres. Receiving streams: unnamed tributaries to Crooked Creek, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Transfer application received: December 31, 2015.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901-2522, 570-621-3118

Permit No. 35150901. Keystone Quarry, Inc., (249 Dunham Drive, Dunmore, PA 18512), incidental coal and stone extraction from the preparation/operation of the Keystone Sanitary Landfill in Dunmore and Throop Boroughs, **Lackawanna County** affecting 714.0 acres, receiving stream: Eddy Creek, classified for the following uses: warm water and migratory fishes. Application received: December 15, 2014.

Permit No. 54150101. Park Mine Coal Co., LLC, (294 Pine Creek Drive, Orwigsburg, PA 17961), commencement, operation and restoration of an anthracite surface mine, coal refuse reprocessing and preparation plant operation in West Mahanoy Township, **Schuylkill County** affecting 99.7 acres, receiving stream: Mahanoy Creek, classified for the following use: warm water fishes. Application received: December 17, 2014.

Permit No. 54-305-032GP12. Park Mine Coal Co., LLC, (294 Pine Creek Drive, Orwigsburg, PA 17961), application to operate a coal preparation plant whose pollution control equipment is required to meet all applicable limitations, terms and conditions of General Permit, BAQ-GPA/GP-12 on Surface Mining Permit No. 54150101 in West Mahanoy Township, **Schuylkill County**. Application received: December 17, 2014.

Permit No. 54783205R6. RJBB Coal Company, (143 Trenton, Mahanoy City, PA 17948), renewal of an existing anthracite coal refuse reprocessing operation in Delano Township, **Schuylkill County** affecting 4.0 acres, receiving stream: North Mahanoy Creek, classified for the following uses: cold water and migratory fishes. Application received: December 23, 2014.

Noncoal Applications Received

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931-4119, 814-472-1900

Permit No. 11052801. Rosebud Mining Co., 301 Market Street, Kittanning, PA 16201, transfer of an existing small noncoal surface mine from AMFIRE Mining Co., LLC, One Energy Place, Latrobe, PA 15650, located in Portage Township, **Cambria County** affecting 2.0 acres. Receiving stream: unnamed tributary to Spring Run classified for the following use: cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received: December 31, 2014.

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724-925-5500

3372SM25A and NPDES Permit No. PA0591963. Hanson Aggregates BMC, Inc. (2200 Springfield Pike, Connellsville, PA 15425). NPDES renewal application for continued mining to an existing large noncoal surface mine, located in Bullskin Township, **Fayette County**, affecting 451.8 acres. Receiving streams: unnamed tributaries to Polecat Hollow, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Renewal application received: January 23, 2015.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form

of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public

notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held,

the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Noncoal NPDES Draft Permits

Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191

NPDES No. PA0241521 (Permit No. 16990301). Glen-Gery Corporation (P. O. Box 7001, 1166 Spring Street, Wyomissing, PA 19610) Renewal of an NPDES permit for a large industrial minerals surface mine in Monroe Township, **Clarion County**, affecting 211.0 acres. Receiving streams: Unnamed tributaries to Reids Run and Reids Run, classified for the following uses: CWF. TMDL: Reids Run. Application received: December 1, 2014.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for noncoal mining activities.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33

U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person

commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1–693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401, Telephone 484-250-5900

E46-1113. Pennsylvania Department of Transport, District 6, 7000 Geerdes Blvd, King of Prussia, PA 19406, Lower Providence, West Norriton, and Upper Merion Townships, Montgomery County; Tredyffrin Township, Chester County, ACOE Philadelphia District.

To perform the below listed water obstruction and encroachment activities associated with the replacement of the existing US 422 bridges while providing new structures for US 422 project. The US 422 corridor improvements include approximately 1.0 mile of reconstruction and widening of approach roadway work providing for 3 lanes (plus ramp auxiliary lanes) in each direction. Specific Water Obstruction and Encroachments are:

1. To replace the existing US 422 Bridge over the Schuylkill River (WWF, MF) and construct and maintain in its place a five span prestressed concrete bulb tee bridge approximately 785 feet total span and approximately 157 wide with average underclearance of 45.5 feet.

2. To construct and maintain scour protection of approximately 4,598 cubic yards rip-rap to facilitate the protection of the proposed bridge abutment.

3. To temporarily place approximately 33,432 cubic yards of fill in the stream to provide for causeway erection to facilitate the construction of the bridge sub-structures.

The project is located at the boarder of Upper Merion and West Norriton Townships in Montgomery County along the Pottstown Expressway (US 422) (USGS Valley Forge Quadrangle Meridian at the center of the proposed bridge -Latitude 40° 06' 27.56"; Longitude 75° 25' 12.34").

EA15-011/WL1515303. Red Clay Valley Association, 1760 Unionville-Wawaset Road, West Chester, PA 19382, East Marlborough Township, Chester County, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities along approximately 1,200 linear feet of an unnamed tributary to the East Branch Red Clay Creek (Perennial, TSF, MF):

1. Installation of in-stream stabilization structures including toe rock protection, toe willow fascines, root wads, rock cross vanes and rock j-hooks.

2. Installation of native riparian plantings for stabilization and enhancement efforts outside of the channel.

3. Installation of half-logs as fish habitat enhancement structures.

4. Temporary impacts to wetlands associated with the installation of various streambank stabilization techniques and grade control structures, including streambank grading and installation of rock and root wad structures.

The southern limit of the site is located at the intersection of North Walnut Road and Longwood Road (Kennett Square, PA USGS Quadrangles, Latitude 39.868889N"; Longitude -75.7025W").

E51-266. Philadelphia Water Department, Office of Watersheds, 1101 Market St., 4th Floor, Philadelphia, PA 19107, Philadelphia County, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities within the floodway and floodplain of the Schuylkill River (WWF, MF) associated with the upgrading of the Children's Hospital of Philadelphia (CHOP).

1. To remove the existing 42-inch RCP combined sewer overflow pipe and replacing with a 54-inch pipe. Total length is about 590 feet; which includes about 144 feet under the CSX railroad. Most of the pipe is in the floodplain.

2. To rehabilitate and maintain two manholes and RC tide gate chamber in the floodplain.

3. To rehabilitate and maintain the outfall structure in the floodway for the replaced 54-inch pipe line.

The site is located along former Bainbridge Street between Schuylkill Avenue and the Schuylkill River (Philadelphia- PA USGS Quadrangle Latitude 39.945402; Longitude -75.186760).

E46-1112. Lower Gwynedd Township, P. O. Box 625, Spring House, PA 19477, Lower Gwynedd Township, Montgomery County, ACOE Philadelphia District.

To construct and maintain the Lower Gwynedd Pedestrian Trail and these specific water obstruction and encroachment activities associated with this project as follows:

- 1) To construct and maintain approximately 8-foot wide by 80-foot long span pedestrian bridge across the Wisahickon Creek (TSF, MF) to facilitate the extension of the trail across the Creek.

- 2) To install and maintain a 24-inch diameter HDPE cross pipe approximately 17 feet long within the floodway of the stream to connect the wetland hydraulic flow from one side of the trail to the flow's original discharge point into the stream.

- 3) To construct and maintain minor grading and excavation work which will impact approximately 0.05-acre of the floodway on both sides of the proposed bridge to accommodate the project design by connecting the trail to the bridge.

The project is located along Township Line Road approximately 1,279 feet northwest of the intersection of Township Line Road and Gwynedd Avenue in Gwynedd Township, Montgomery County (Lansdale and Ambler, PA Quadrangle Latitude: 40° 10' 22.5"; Longitude -75° 15' 25.4").

E30-246. PennDOT District 12-0, 825 North Gallatin Avenue, Uniontown, PA 15401; Cumberland Township, **Greene County**; ACOE Pittsburgh District

County: Greene

ACOE: Pittsburgh

The applicant is proposing to do the following:

1. Remove the existing SR 21, 136 ft long, 18 inch plastic/24 inch RC pipe enclosure; construct and maintain a relocated replacement 250 ft long 45 inch elliptical culvert on an unnamed tributary to Muddy Creek (WWF) with a drainage area of less than 100 acres. As part of the culvert replacement, place and maintain fill in 37 ft of the unnamed tributary to Muddy Creek;

2. Extend by 36 ft and maintain an existing SR 21, 136 ft long, 42 inch RC pipe enclosure with a final length of 172 ft on a second unnamed tributary to Muddy Creek (WWF) with a drainage area of less than 100 acres;

3. Place and maintain fill in 250 feet of the second unnamed tributary to Muddy Creek; construct and maintain 248 feet of mitigation channel;

4. In addition install and maintain road associated stormwater outfalls; place and maintain fill in a de minimis 0.013 acre of PEM wetland; and temporarily impact 606 ft of stream and 0.027 acre of PEM/PSS wetland for construction of the encroachments. Stream mitigation will take place onsite.

These encroachments are associated with the SR 21 and SR 1019 intersection improvement project, located approximately 1.5 miles southwest of Carmichaels, PA in Cumberland Township, Fayette County (Carmichaels quadrangle, North 1.0 inch and West 16.75 inches, Latitude 39° 52' 49" and Longitude -79° 59' 37").

E63-662. PennDOT District 12-0, 825 North Gallatin Ave Uniontown, PA 15401; Peters Township, Union Township, Nottingham Township, **Washington County**; ACOE Pittsburgh District

The applicant is proposing to do the following:

1. Remove the existing 57' long, 15.7' wide, single span SR 1006 bridge with a 76 degree skew and a 5.83' underclearance; construct and maintain a new 87' long, 35' wide single span bridge with a 45 degree skew and a 5.98' underclearance over Peters Creek (TSF) with a drainage area of 8.2 square miles;

2. Remove the existing 11' long, 18.5' wide single span SR 1006 bridge with a 76 degree skew and a minimum 1' underclearance; construct and maintain a new 32' wide

replacement concrete box culvert having a total span length of 10 feet with an 80 degree skew and a minimum underclearance of 2.5' over an unnamed tributary to Peters Creek (TSF) with a drainage area of 0.8 square mile.

3. In addition construct and maintain stormwater outfalls and temporarily impact 270 feet of stream for the construction of the encroachments.

The project is located approximately one half mile east of Finleyville (Hackett Quadrangle, North 22.5 inches; West 2.5 inches; Latitude 40° 14' 58"; Longitude -80° 0' 59") in Peters Township, Union Township and Nottingham Township, Washington County.

The applicant proposes to backfill an abandoned surface mine, which includes a total of 1,892 linear feet of dangerous highwall. The project will also fill in 5.02 acres of open water and 0.34 acre of wetland that has developed within open surface mine pits. (Hazleton and Weatherly Quadrangles 40° 58' 29.06", -75° 52' 58.01")

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

412.442.4000**PUBLIC WATER SUPPLY PERMITS**

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific

standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The report is intended to document remediation of the site to meet the Residential Statewide Health Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the

appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form

and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor,

Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Mining Activity NPDES Permit Notice of Settlement

Notice of Settlement of NPDES Permit Appeal pursuant to 25 Pa. Code § 92a.88

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724.925.5500

The above matter involved the appeal of the National Pollutant Discharge Elimination System Permit No. PA0202975 ("NPDES Permit"), which was issued to Patriot Mining Company ("Patriot") on February 19, 2014, authorizing its treated discharges at the Mt. Morris Mine in Perry and Dunkard Townships, Greene County. The NPDES Permit authorized treated post-mining discharges and the discharge of treated wastewater from mine drainage treatment facilities Outfalls TP110 to Dooley Run which drains to Dunkard Creek within the Monongahela River Watershed.

The Department's final action to resolve this NPDES Permit appeal was a settlement as reflected by a December 24, 2014 Consent Order and Agreement entered into by the Department and Patriot. In its appeal, Patriot challenged, inter alia, water quality based effluent limitations for iron, manganese, aluminum and osmotic pressure. The major provisions of the settlement includes a compliance schedule in the permit but requires Patriot to accept all of the originally established water quality based effluent limitations for iron, manganese and aluminum and osmotic pressure on and after August 1, 2015. Patriot has agreed not to challenge a final Amended NPDES Permit containing these effluent limitations. The draft Amended Permit is still subject to comment from the public prior to final issuance. The Department incorporated the compliance schedule to complete the installation and operation of a passive treatment system consisting of three wetland cells, three horizontal flow limestone beds and a polishing pond for the continued treatment of additional mine drainage seeps. Until such time as this system is completed, on or before May 1, 2015, and for three months thereafter, on or before August 1, 2015, the company shall be authorized to comply with interim effluent limitations for iron and manganese, with no discharge limitations for aluminum or osmotic pressure while it installs and starts operations of the new passive treatment system. Thereafter the company will be required to comply with the final water quality based effluent limitations contained in the draft NPDES Permit for all four challenged parameters.

Copies of the full agreement are in the possession of Charney Regenstein, Assistant Counsel, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4262; and Kevin J. Garber, Esquire, Babst, Calland, Clements and Zomnir, PC, Two Gateway Center, 630 Stanwix Street, 6th Floor, Pittsburgh, PA 15222, (412) 394-5400. The full agreement may be reviewed by an interested person on request during normal business hours.

Any person believing himself aggrieved by the above Consent Order and Agreement has a right to appeal to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, Pennsylvania 17105-8457. Appeals must be filed within thirty (30) days of this publication.

If information concerning this notice is required in an alternative form, please contact the Secretary to the Board at (717) 787-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Service at 1-800-654-5984.

Request for Comments on the Proposed Revision to the Total Maximum Daily Load (TMDL) Developed for Parts of the Crooked Creek Watershed, Armstrong and Indiana Counties

The Department of Environmental Protection will accept comments as of February 14, 2015 for the proposed revision to the TMDL developed in 2009 for the portion of the Crooked Creek watershed affected by siltation. This TMDL was established in accordance with the requirements of Section 303(d) of the Clean Water Act. The 2012 Pennsylvania Integrated Water Quality Monitoring and Assessment Report included aquatic life use impaired stream segments in this watershed caused by siltation from abandoned mine lands and agricultural activities.

There are currently no state or federal in-stream numerical water quality criteria for sediment; therefore, the Department utilized a reference watershed approach

to implement the applicable narrative criteria for sediment by comparing reference and impaired watersheds loading of annual siltation.

This proposed TMDL sets allowable loadings within the specifically impaired stream segments of the portion of the Crooked Creek watershed. The loading was allocated among the land uses of abandoned coal mines, cropland, hay/pasture land, associated transitional/disturbed land,

and stream bank present in the watershed. Data used in establishing these TMDLs was generated using a water quality analysis model (AVGWLF) designed by the Pennsylvania State University. The following table shows the estimated current loadings for the watershed. Overall load reductions necessary in order to meet the TMDLs are also identified.

Summary of TMDL Based Load Reductions In Subbasin 2:

<i>Pollutant</i>	<i>Existing Load (lbs./yr.)</i>	<i>Existing Load (lbs./day)</i>	<i>TMDL (lbs./yr.)</i>	<i>TMDL (lbs./day)</i>	<i>Percent Reduction</i>
Siltation	109,963,026	301,269	75,880,797	207,893	31%

The data and all supporting documentation used to develop the proposed TMDLs are available from the Department. The proposed TMDLs and information on the TMDL program can be viewed on the Department's website (www.dep.state.pa.us/watermanagement_apps/tmdl/). To request a copy of any of the proposed TMDLs, contact Scott Alexander, Water Program Specialist, Bureau of Point and Non-Point Source Management, Central Office, Department of Environmental Protection, Rachel Carson State Office Building, Harrisburg, PA 17105, 717-772-5670, salexander@pa.gov.

The Department will consider all comments in developing the final TMDLs, which will be submitted to EPA for approval. Written comments will be accepted at the above address and must be postmarked by 30 days, after publication in the *Pennsylvania Bulletin*.

Application Period for Municipal Recycling Program Performance Grant Applications under Act 101, Section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988—Calendar Year 2014

The Department of Environmental Protection (Department) announces a request for applications from municipalities for recycling performance grant assistance for recycling programs under section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. § 4000.904). Municipalities include counties, cities, boroughs, incorporated towns, townships, home rule municipalities, their authorities, councils of governments, consortiums or similar entities established by two or more municipalities under 53 Pa.C.S. Chapter 23, Subchapter A (relating to intergovernmental cooperation). This application period is for eligible materials recycled and marketed in calendar year 2014.

Municipal Recycling Program Performance Grant (Performance Grant) funds will be awarded to municipalities based upon the weight of source-separated recyclable materials identified in section 1501(c)(1)(i) of Act 101 (53 P. S. § 4000.1501(c)(1)(i) recovered by municipal recycling programs and the population of the municipality as determined by the most recent decennial census. Calendar year 2014 Recycling Performance Grants will be calculated based on the same formula utilized for the previous grant year.

Applicants who have failed to comply with the conditions set forth in previously awarded grants, the recycling program performance requirements in the act of November 9, 2006 (P. L. 1347, No. 140), the grant requirements of Act 101 or the regulations of Act 101 may not be awarded funds under this grant program. Applicants must ensure that they are in compliance with 25 Pa. Code § 272.314(b)(2) (relating to limits on Department's authority to award grants) regarding the submittal of the annual recycling report.

Eligible materials include the following post-consumer items: clear glass; colored glass; aluminum cans; steel and bimetallic cans; high-grade office paper; newsprint; corrugated paper; other marketable grades of paper; and plastics. Grants will be awarded only for properly documented eligible materials that were actually marketed on or after January 1, 2014, to and including December 31, 2014. Applicants should only claim those tonnages for which they have documentation at the time they complete their application. Any residues, materials not listed as eligible, or any materials that cannot be documented as being generated within the municipality or marketed or recycled into new products or uses are not eligible for consideration toward the grant. In particular, recovered glass that is being stockpiled or used as daily cover at a landfill will not be considered as recycled. Applicants must be able to document the amount of residue attributable to their recycling program.

Documentation to support all claims that eligible recyclable materials were generated within the municipality and marketed must be made available for auditing by the Department, the Office of the Auditor General, the Office of the Treasurer or agents of those offices for 4 years. The Department will not require applicants to retain hauler customer lists; however, the lists may be required to be examined in the event of an audit. It will be the applicant's responsibility to arrange for hauler customer lists to be provided, or for haulers to be present with their customer lists, during a grant audit. Supporting documentation is not required to be submitted with the application. Any tonnages not properly documented at the time of an audit will not be credited towards the applicant's Performance Grant award. No additional/supplemental documentation will be accepted after the audit is completed. Failure to submit a complete and accurate application may result in a denial of the application.

Grant applications must be on forms provided by the Department for calendar year 2014. Grant applications must be delivered by 4 p.m. on September 30, 2015, or postmarked on or before this date. Applications received

by the Department after the deadline will be returned to the applicant. Grant awards are predicated on the receipt of recycling fees required under sections 701 and 702 of Act 101 (53 P.S. §§ 4000.701 and 4000.702), and the availability of moneys in the Recycling Fund.

Applicants who filed a Performance Grant application for calendar year 2013 will be mailed a current application by the Department as soon as it is available. Applications may also be obtained from the Department's web site at www.depweb.state.pa.us (Keyword: "Recycling Grants"). Inquiries concerning this notice should be directed to Mark Vottero, Department of Environmental Protection, Bureau of Waste Management, Rachel Carson State Office Building, P.O. Removal of Sites from the Pennsylvania Priority List of Hazardous Sites for Remedial Response

Baghurst Alley Site, Upper Salford Township, Montgomery County; and Chem Fab, Doylestown Borough and Doylestown Township, Bucks County

Purpose

The Department of Environmental Protection (Department) is removing the Baghurst Alley Site and Chem Fab Site (Sites) from the Pennsylvania Priority List of Hazardous Sites for Remedial Response (PAPL). The United States Environmental Protection Agency (EPA) has placed both Sites on the Federal Superfund National Priority List and therefore the Sites need to be removed from the Pennsylvania Priority List under section 502(e)(1) of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. § 6020.502(e)(1)).

Background

The HSCA was enacted in 1988 to provide for the cleanup of sites in this Commonwealth that are releasing or threatening the release of hazardous substances. Section 502(a) of the HSCA requires that the Department publish a priority list of sites with releases or threatened releases for the purpose of taking remedial response in the *Pennsylvania Bulletin*. This list is the PAPL.

Placement of Sites on the PAPL

The Department places sites on the PAPL when it has determined through investigation that there are releases or threatened releases of hazardous substances, or releases or substantial threatened releases of contaminants which present a substantial danger. In accordance with the requirements of section 502(a) of the HSCA, the Hazard Ranking System (HRS) (40 CFR Part 300, Appendix A) established under the Federal Superfund Act is utilized to rank the sites for placement on the PAPL. The HRS uses mathematical formulas that reflect the relative importance and the interrelationships of the various human health and environmental factors to arrive at a final score on a scale of 0 to 100. The values are assigned using information obtained from site investigations. Section 502(a) of the HSCA also directs the Department to consider its administrative, enforcement and financial capabilities when placing sites on the PAPL.

The PAPL is used to identify sites which require a remedial response to address threats to the public health, safety or the environment. The Department will decide on a case-by-case basis whether to take enforcement or other actions under the HSCA or other legal authorities or to proceed directly with HSCA-funded remedial response actions and seek cost recovery after the cleanup. Remedial response actions will not necessarily be taken in the same order as a site's ranking on the PAPL. The investigation conducted to place a site on the PAPL may not be sufficient to determine either the extent of contamination or the appropriate response actions for a site. The Department may undertake further investigations to determine appropriate response actions. The length of time needed to complete these studies will vary due to the complexity of a site. The Department may decide not to immediately proceed with an HSCA remedial action or that no remedial action is necessary.

Removal of Sites from the PAPL

Sites are removed from the PAPL in accordance with the requirements section 502(e)(1) of the HSCA, which states "[n]o site which has been placed upon the National Priority List established pursuant to the Federal Superfund Act shall be included on the priority list of sites published by the department."

Statutory Authority

The PAPL is published under the authority of section 502(a) of the HSCA. According to section 502 of the HSCA, a decision to place a site on the list or to remove a site from the list is not a final action subject to review under the act of April 28, 1978 (P.L. 202, No. 53), 2 Pa.C.S. (relating to administrative law and procedure), or the Environmental Hearing Board Act (35 P.S. §§ 7511—7516), nor shall it confer a right or duty upon the Department or any person.

Review and Public Comment

The HSCA provides for a 30-day public comment period subsequent to publication of the PAPL. This announcement opens a 30-day comment period for the Sites being removed. Interested persons may submit written comments by March 16, 2015. Written comments for the removal of the Baghurst Alley Site should be submitted to Dustin Armstrong, Environmental Cleanup and Brownfields Program, Southeast Regional Office, 2 East Main Street, Norristown, PA 19401, darmstrong@pa.gov. Written comments for the removal of the Chem Fab Site should be submitted to Colin Wade, Environmental Cleanup and Brownfields Program, Southeast Regional Office, 2 East Main Street, Norristown, PA 19401, cowade@pa.gov.

The regional office site files contain all information considered by the Department in removing the Sites from the list. Persons interested in reviewing the Sites files should contact the Department's Southeast Regional office at (484) 250-5900. The regional office files are available for review by appointment only, from 8 a.m. to 4 p.m., Monday through Friday, excluding State holidays. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5084. Written comments and the Department's responses will be placed into the site file and will later be incorporated into the administrative record.

Contents of the PAPL

This notice removes two sites from the PAPL. Table 1 lists the sites being removed by this notice. Table 2 lists

all sites remaining on the PAPL. The names of the sites, municipalities, counties and region are included in these tables.

Site Summaries

Baghurst Alley Site, Upper Salford Township, Montgomery County—The Baghurst Alley Site is an area of groundwater contaminated by chlorinated solvents. The site is located in the vicinity of Hendricks Road, Old Church Roads and Baghurst Drive. The source area is within a 51.91-acre farm property, currently known as the Miller Farm, located at 1926 Hendricks Road. With the exception of the Miller Farm property owner, the Department has not identified any other potentially responsible parties. The Department addressed residential well contamination through an interim response action which provided for point-of-entry treatment (POET) systems at 17 wells serving 27 homes. In 2004, after detection of 1,4-dioxane, which is not effectively removed by the POET systems, the Department began providing bottled water to the residents with affected water supplies (in addition to continued maintenance of the POET systems). The Department studied options for permanently addressing the drinking water exposure pathway, but was unable to locate an acceptable water source due to limited water availability and presence of naturally occurring metals, including arsenic and lead, in groundwater.

The EPA initiated an evaluation of the Site in 2013, and proposed the Site for listing on the National Priorities List (NPL) in May 2014 as “Baghurst Drive.” The Site’s NPL listing was finalized on September 18, 2014. According to section 502(e)(1) of the HSCA, no site listed on the NPL can be included on the PAPL. Therefore, the Site must be removed from the PAPL.

Chem Fab, Doylestown Borough and Doylestown Township, Bucks County—The Chem Fab Site is located at 300 North Broad Street, Doylestown Borough, Bucks County; it encompasses an approximately 1-acre parcel and an associated plume of contaminated groundwater, extending from the Site southwest into Doylestown Township. The 1-acre parcel is currently owned by 300 North Broad Street, Ltd., and is situated several blocks west of the Bucks County Courthouse in Doylestown Borough. The surrounding properties are light industrial, commercial and residential.

From 1965 to approximately 1986, Chem Fab, Inc., a subsidiary of Harvey Radio Company, Inc., operated an electroplating and metal etching facility at the Site. Wastes generated included ferric chloride, mineral spirits,

chromic acid rinse water and sludge, chromic acid, sulfuric acid, trichloroethylene and tetrachloroethylene.

In 1990, the EPA connected residences and businesses that were impacted by the groundwater contamination to a public water supply. The EPA removed 117 drums of chemicals and 8,400 gallons of liquid waste from the site in 1994 and then placed it on the No Further Remedial Action Planned list. Subsequently, the Department conducted a site investigation in two phases and generated a Site Characterization Report in July 2000; a Phase II Site Characterization Report in November 2002; a Site Characterization Report Addendum in January 2003; and an Engineering Evaluation Report in May 2003. The Site was listed on the Pennsylvania Priorities List for remediation on December 31, 2003.

The Department’s investigations identified several areas which have soil contamination above Statewide Health Standards. The areas of contamination are located on the 300 North Broad Street, Ltd. property and the adjacent Extra Space, Inc. property, formerly owned by Chem Fab, Inc. Contaminants in soils are impacting surface water. In addition, there is an extensive groundwater plume beneath both properties and other neighboring properties. The plume is migrating towards Doylestown Borough’s Public Water Production Well No. 13. The primary contaminants of concern include trichloroethylene (TCE), tetrachloroethylene, their degradation products and chromium, mostly in hexavalent form. The groundwater in several monitoring wells at the Site is noticeably yellow due to extremely high concentrations of chromium. In October 2011 and January 2012, the EPA evaluated the indoor air quality of three office buildings at the Site, and found that one had an open pathway for exposure to TCE.

The EPA initiated an evaluation of the Site in 2007 and proposed it for listing on the NPL on September 19, 2007. The EPA finalized the listing on March 19, 2008. According to section 502(e)(1) of the HSCA, no site listed on the NPL can be included on the PAPL. Therefore, the Site must be removed from the PAPL.

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

Per Diem Rates at Pennsylvania State Veterans' Homes

The Department of Military and Veterans Affairs (Department) has established the following per diem rates for the costs of care for residents at Pennsylvania's six State Veterans' Homes. These rates are based on costs of care for the period July 1, 2012, to June 30, 2013. The Department has implemented and will continue to implement cost-savings measures for the State Veterans' Homes, which are reflected in these per diem rates.

These per diem rates are effective January 1, 2015, until further notice.

Hollidaysburg Veterans' Home, Hollidaysburg:

Nursing Care	\$385
Personal Care (Domiciliary)	\$193

Pennsylvania Soldiers' and Sailors' Home, Erie:

DEPARTMENT OF TRANSPORTATION

Findings

Under section 2002(b) of The Administrative Code of 1929 (71 P.S. § 512(b)) establishing the Department of Transportation (Department), the Deputy Secretary for

Highway Administration, as delegated by the Secretary of Transportation, makes the following written finding:

The Department is planning the following listed projects. Environmental and Section 4(f) Documentation have been developed for the projects identified as follows to evaluate the potential environmental impacts caused by these projects. The approved documents are available in the CE/EA Expert System at <http://www.dotdom2.state.pa.us/ceea/ceeamain.nsf>. The environmental, economic, social and other effects of the proposed projects have been considered. Based upon studies, there is no feasible and prudent alternative to the use of the Section 2002 resources for the following proposed identified projects and all reasonable steps have been taken to minimize the effects.

• **SR 0000, Section L00—City of Meadville, Crawford County.**

Project Description: The project consists of the replacement of the Mead Avenue Bridge (SR 7301), which carries Mead Avenue over French Creek. Minor approach work will be done to accommodate the grade adjustments along Mead Avenue and through the intersection of Mead Avenue and with SR 0102 (Cussewago Road). Improvements also will be made to the intersection of French Street and Mead Avenue east of the bridge. In addition to the bridge replacement, the project includes the milling and paving of Mead Avenue from the end of the full depth reconstruction to the intersection of Mead Avenue and SR 0006/0019.

Environmental Documents: Level 2 CEE approved on July 31, 2014, a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the use of Historic Bridges document approved on October 15, 2010, and a Determination of Section 4(f) Applicability Involving Temporary Use (Occupancy) document approved on March 26, 2014.

Proposed Use of Section 4(f)/2002 Resource: The Mead Avenue Bridge is eligible for listing on the National Register of Historic Places (NRHP). The proposed project will replace the Mead Avenue Bridge with a new structure on the existing alignment. The existing Mead Avenue Bridge was permanently closed to traffic and pedestrians in 2007 due to safety concerns related to structural deficiencies and severe deterioration. The existing bridge will be dismantled and removed resulting in an adverse effect to the bridge. The Department and the Crawford County Commissioners shall institute marketing efforts for the Mead Avenue Bridge with the intent of identifying a willing and capable third party who can provide viable relocation and rehabilitation design plan. If the marketing of the Mead Avenue Bridge is unsuccessful, an interpretive kiosk will be erected to highlight its history and significance. Bicentennial Park is a 3-acre public park owned by the City of Meadville. A temporary construction easement (TCE) totaling 0.3 acre of park property will be needed during construction. The temporary use area of the park will provide equipment access and a staging area for grading equipment. This area will be fully restored to a condition at least as good as that which existed prior to the project.

• **SR 0022, Section 400—Whitehall and Hanover Townships, Lehigh County.**

Project Description: The proposed project involves safety and mobility improvements to the Route 22 corridor. Specifically, the proposed project involves replacing the Fifth Street (SR 1029) and Fullerton Avenue (SR 1015) Bridges over Route 22 to achieve 16.5 feet of vertical

clearance, lengthening the acceleration and deceleration lanes of all four ramps at the Fullerton Avenue Interchange, adding a continuous auxiliary lane in each direction between the MacArthur Road (SR 0145) and Fullerton Avenue Interchanges and replacing the bridges carrying Route 22 over the Lehigh Valley Railroad/Lehigh River and the Lehigh Canal/Dauphin Street.

Environmental Documents: Level 2 CEE approved on September 9, 2014, a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land document approved on April 27, 2011, a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land document approved on April 21, 2014, a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land document approved on June 6, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties document approved on June 16, 2014.

Proposed Use of Section 4(f)/2002 Resource: This project requires the construction of two new piers and the subsequent demolition of the two existing bridge piers within the Lehigh River. Recreational navigation will be maintained between the two piers during project construction. Additionally, an Aid to Navigation (ATON) plan will be implemented to ensure safe passage through the project area. Given the maintenance of recreational navigation during construction, the proposed project will not impact the recreational activities, features or attributes of the Lehigh River Water Trail. Approximately 0.28 acre of right-of-way (ROW) acquisition and 0.04 acre of slope easements from the Wood Street playground are required for this project. The ROW acquisitions totaling 0.65 acre are required from Whitehall Bird Sanctuary. No developed recreational facilities will be impacted by this project. The Canal Park's D&L Trail will be temporarily relocated to Dauphin Street during a portion of construction.

Trail users will be directed to a temporary connection from the existing trail. Upon completion of work, the trail will be restored and opened to users. An aerial easement of 0.14 acre is required from the Lehigh Valley Railroad and Lehigh Navigation Canal, eligible and listed on the NRHP, respectively. There will be a permanent impact of 0.003 acre to these resources resulting from pier footer replacement.

• **SR 0062, Section B08—City of Franklin, Venango County.**

Project Description: The project consists of the rehabilitation of the SR 0062 bridge over French Creek. Project activities include dewatering around piers two and three, excavation around these footings and placement of Class A Cement Concrete around the piers for scour protection.

Environmental Documents: Level 2 CEE approved on September 3, 2014, and a Determination of Section 4(f) Applicability Involving Temporary Use (Occupancy) document approved on August 12, 2014.

Proposed Use of Section 4(f)/2002 Resource: This project will require an ATON plan for the French Creek Water Trail.

• **SR 0078, Section 12M—Greenwich Township, Berks County.**

Project Description: The project consists of the reconstruction of an 8-mile section of Interstate 78/US 22 in Berks and Lehigh Counties. The improvements include the complete reconstruction of all mainline pavement, widening or replacement of project area structures, the addition of truck climbing lanes in both the eastbound and westbound directions, and various safety upgrades necessary to meet current design criteria. Safety improvements include widening to full inside and outside shoulders throughout the length of the project and improving sight distance. Minimal upgrades and some repaving will be done to the other roadways within the project area.

Environmental Documents: Level 2 CEE approved on July 2, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties Determination document approved on June 30, 2014, and a Determination of Section 4(f) Applicability Involving Temporary Use (Occupancy) document approved on June 30, 2014.

Proposed Use of Section 4(f)/2002 Resource: Minor property acquisitions will be necessary from three resources determined eligible for listing on the NRHP: the Maiden Creek Charcoal Furnace (1.94 acres); Heim Farm (1.28 acres); and Kengle Farm (3.50 acres). A finding of no adverse effect was made for each of these properties. A TCE is required from the Keller Farm, eligible for listing on the NRHP, to construct the proposed noise wall along the south side of I-78. The noise wall will result in an adverse effect. A Memorandum of Agreement has been executed committing to mitigation measures including landscaping to minimize the visual impact of the wall.

• **SR 0173, Section B02—Fairfield Township and the Borough of Cochranton, Crawford County.**

Project Description: The project consists of the replacement of the existing SR 0173 bridge crossing over French Creek. The existing Cochranton Truss Bridge is structurally deficient and improvements are required to maintain a safe crossing at this location.

Environmental Documents: Level 2 CEE approved on July 18, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on July 15, 2014.

Proposed Use of Section 4(f)/2002 Resource: French Creek is an approved Water Trail. An ATON plan will be prepared for this project. An area adjacent to French Creek and the bridge is owned by the Borough of Cochranton. This property is leased by the Fish and Boat Commission (Commission) for use as a public boat launch into French Creek and is listed on the Commission's County Guide to boat launches for Crawford County. A permanent ROW acquisition totaling 0.08 acre is required from the edge of the property along SR 0173. A TCE totaling 0.10 acre will be required from the property during construction. The TCE area will be restored to preconstruction conditions after the completion of construction.

• **SR 0183, Section 07S—Jefferson Township, Berks County.**

Project Description: The project consists of the realignment of the New Schaefferstown Road, Bernville Road and SR 0183 intersection. Project activities include realigning the eastern leg of the "Y" intersection, replacing

the existing single span structure over the Unnamed Tributary to Little Northkill Creek, installing an exclusive right-turn lane along SR 0183 northbound, widening the SR 0183 and SR 4016 roadway templates, and installing a traffic signal.

Environmental Documents: Level 1b CEE approved on August 20, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties document approved on April 22, 2014.

Proposed Use of Section 4(f)/2002 Resource: The William Potteiger Farm, located on the west side of New Schaefferstown Road at the intersection with SR 0183, is eligible for the NRHP. The project requires a total of 0.581 acre of permanent land acquisition for ROW and slope and drainage easements from within the boundary of the farm. The minor land acquisitions will not affect the historic integrity of the William Potteiger Farm and none of the buildings on the farm will be affected, resulting in no adverse effect.

• **SR 2022, Section 03B—Stroud Township, Monroe County.**

Project Description: The project consists of the replacement of the structure that carries SR 2022 (Mill Creek Road) over Brodhead. The project also includes restoration of the approach roadway and minor modifications of the vertical alignment to improve sight distance. The existing horizontal alignment will be maintained throughout the project.

Environmental Documents: Level 1b CEE approved on September 8, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land document approved on June 26, 2014.

Proposed Use of Section 4(f)/2002 Resource: Yetter Park, owned by Stroud Township, is located in the southern quadrants of the project area. The park also contains the Township-owned Levee Loop Trail (approximately 3 miles in length) in the southeastern quadrant of the project area. Stroud Trail, a planned trail by Stroud Township, will be constructed in the northwest quadrant of the project area after the bridge replacement project. The proposed project will require acquisition of approximately 0.13 acre of the 25 acres of Yetter Park for transportation ROW. This acquisition includes approximately 10 linear feet of the Levee Loop Trail. A drainage and slope easement will acquire approximately 0.07 acre of Yetter Park between Stokes Mill Road and Brodhead Creek.

• **SR 3047, Section C01—East Fallowfield Township, Chester County.**

Project Description: The project consists of the rehabilitation of the Speakman No. 1 Covered Bridge over Buck Run. The bridge requires rehabilitation due to the deterioration of its structural members over time.

Environmental Documents: Level 1b CEE approved on October 24, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties document approved on July 31, 2014.

Proposed Use of Section 4(f)/2002 Resource: The Speakman's Covered Bridge No. 1 is listed on the NRHP. Steel girders and steel pier bents were added to the structure in 1968 to allow the bridge to carry modern traffic loads. This project will include the rehabilitation of the Burr-arch truss, timber superstructure and the replacement of the abutments to strengthen the structure

to meet modern loading criteria. The existing steel girders will be removed and replaced with a new steel I-beam floor system. Members which are not able to be incorporated into the rehabilitated structure due to deterioration will be replaced in kind and stone from the existing structure will be used to create stone facing for the reinforced concrete abutments and wing-walls. Through coordination with the Pennsylvania Historical and Museum Commission, it was determined that the proposed rehabilitation will not have an adverse effect on the structure's historic eligibility.

• **SR 4046, Section D10—Washington Township, Fayette County.**

Project Description: The project consists of a bridge replacement on SR 4046, installation of approach slabs, updating of the guide rail connections at the new parapets and paving the new approaches. The bridge spans Lutz Run and an abandoned railroad ROW. The new structure and approach roadway will be slightly widened to accommodate current design criteria.

Environmental Documents: Level 1b CEE approved on September 29, 2014, and a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the Use of Historic Bridges document approved on September 23, 2014.

Proposed Use of Section 4(f)/2002 Resource: The structure to be replaced crosses over Lutz Run and the abandoned Pittsburgh and Lake Erie ROW. The existing structure will be demolished and replaced with a new structure at the existing location. The existing bridge is eligible for the NRHP as an early example of a reinforced concrete T-beam structure and is historically and technologically significant. Due to the construction methods and materials involved, in-kind replacement of deteriorated materials cannot occur. It is not possible to rehabilitate this type of bridge without fully compromising the historic integrity of the structure.

• **SR 6006, Section B02—City of Warren, Warren County.**

Project Description: The project consists of the replacement of the superstructure of the SR 6006 bridge over Glade Run.

Environmental Documents: BRPA CEE approved on September 22, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse use Historic Properties approved on September 2, 2014.

Proposed Use of Section 4(f)/2002 Resource: The United Refinery property is eligible for the NRHP. The use of the property will involve the ROW acquisition of a 0.032-acre strip take from the United Refinery parcel. This will accommodate the minor widening and future maintenance needs of the structure. The Cultural Resource Professional has determined that there will be no adverse effect to the property.

• **SR 7207, Section C55—Gilmore Township, Greene County.**

Project Description: The project consists of a replacement of the SR 7207 bridge (County Bridge No. 55) over Bloody Run.

Environmental Documents: BRPA CEE approved on May 2, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse use Historic Properties document approved on April 15, 2014.

Proposed Use of Section 4(f)/2002 Resource: Permanent ROW acquisition will be required from within the boundary of the J. L. Garrison Farm totaling 0.087 acre and consisting of sliver takes near the bridge. The J. L. Garrison Farm is listed on the NRHP. TCEs totaling 0.489 acre will also be necessary within the NRHP boundary for the construction of the temporary run-around. The project is an online bridge replacement that incorporates all measures to minimize harm. The temporary stream crossing will not be a permanent feature of the landscape and will be removed after completion of the project. It was determined that the proposed use of property from the farmstead will not affect its historical or architectural significance.

• **SR 7301, Section LOC—City of Pittsburgh, Allegheny County.**

Project Description: The project consists of the removal of the Ridge Avenue Bridge, and replacing the West Ohio Street Bridge by the City of Pittsburgh in cooperation with the Department and the Federal Highway Administration. Both bridges are located in Pittsburgh's North Side neighborhood and are contributing elements to the Norfolk Southern Railroad (former Pittsburgh, Ft. Wayne and Chicago Line of the Pennsylvania Railroad), eligible for the NRHP, and Allegheny Commons Park and Historic District. The Ridge Avenue Bridge has been closed to all traffic since 2003 and is to be removed.

Environmental Documents: Level 2 CEE approved on June 23, 2014, and a Final Individual Section 4(f) Evaluation approved on June 5, 2014.

Proposed Use of Section 4(f)/2002 Resource: The increased profile grade of the West Ohio Street Bridge will require the use of 0.24 acre of TCE and 0.74 acre of permanent slope easement from Allegheny Commons Park. The replacement of the West Ohio Street Bridge and loss of the Ridge Avenue Bridge, both contributing elements to the Allegheny Commons Park Historic District and the Fort Wayne Division, Pennsylvania Railroad Linear Resource (Historic District) would constitute a use of these resources.

• **SR 7409, Section BRG—Lititz Borough, Lancaster County.**

Project Description: The proposed project involves replacement of the existing North Locust Street Bridge over Santo Domingo Creek in Lititz Borough, Lancaster County. The horizontal and vertical alignment of the proposed structure will match the existing and minimal approach work, and will be needed to tie the new structure into the existing roadway.

Environmental Documents: Level 1b CEE approved on October 21, 2014, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land document approved on September 5, 2014.

Proposed Use of Section 4(f)/2002 Resource: The proposed project will require 0.035 acre of permanent ROW acquisition and 0.138 acre of TCEs from the New Street Park. The permanent ROW will be required for the construction of the proposed culvert end walls, the placement of rip-rap adjacent to the proposed structure, the relocated domestic water pipeline and any necessary grading. Acquisition of the ROW will be limited to the area immediately adjacent to the North Locust Street

Bridge and will not result in a loss of the park's qualities, activities, features or attributes.

FISH AND BOAT COMMISSION

Additions to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) has approved the addition of ten stream sections to its list of Class A Wild Trout Streams as set forth at 44 Pa. B. 7306 (November 15, 2014). Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource and to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries.

Mentored Youth Fishing Day Program; Trout

Acting under the authority of 58 Pa. Code § 65.20 (relating to Mentored Youth Fishing Day Program), the Executive Director of the Fish and Boat Commission (Commission) has designated March 28, 2015, and April 11, 2015, as Mentored Youth Fishing Days for trout, beginning at 8 a.m. and ending at 7:30 p.m., in approved trout waters designated under 58 Pa. Code § 63.3 (relating to fishing in approved trout waters) that are normally closed to trout fishing on those dates. This designation under 58 Pa. Code § 65.20 will be effective upon publication of this notice in the *Pennsylvania Bulletin*.

To participate, anglers 16 years of age or older (adult anglers) must possess a valid Pennsylvania fishing license and current trout/salmon permit and be accompanied by a youth (less than 16 years of age) who has obtained a mentored youth permit or a voluntary youth license from the Commission. Youth anglers must obtain a mentored

youth permit or a voluntary youth license from the Commission and be accompanied by a licensed adult angler to participate.

The minimum size will be 7 inches; the creel limit will be 2 trout (combined species). Other Commonwealth inland regulations will apply. It is unlawful to fish in waters designated as part of the Mentored Youth Fishing Day Program (Program) except in compliance with the requirements of 58 Pa. Code § 65.20 when participating in the Program.

The waters included in the program on March 28, 2015, are those approved trout waters in 18 southeastern counties and 2 waters crossing from those counties that are regulated under 58 Pa. Code § 65.12 (relating to Regional Opening Day of Trout Season Program). The waters included in the program on April 11, 2015, are the approved trout waters in the remaining counties. Special regulation areas are not included in the program.

A listing of approved trout waters is published in the Commission's "Summary of Fishing Regulations and Laws" available from the Commission at P. O. Box 67000, Harrisburg, PA 17106-7000. The listing is also available at <http://fishandboat.com/fishpub/summary/troutwaters.html>.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>

Pennsylvania Liquor Control Board Regulation #54-81 (IRRC #3086)

Economic Development Licenses February 4, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the December 6, 2014 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Pennsylvania Liquor Control Board (Board) to respond to all comments received from us or any other source.

1. Section 3.105. Quarterly filing of applications and application hearings.—Clarity.

This proposed rulemaking establishes the type of evidence an applicant seeking an economic development license must submit to the Board to demonstrate that it has exhausted reasonable means to find a suitable license within the existing county quota law. Under Subsection (e)(1)(3), an applicant must provide, "An explanation as to why it is not economically feasible for the applicant business to pay the amount requested for an existing restaurant liquor or eating place retail dispenser license." The Pennsylvania State Association of Township Supervisors submitted comments contending that this requirement is vague because it does not specify what the Board would consider to be economically feasible or not. We agree that this provision lacks clarity and suggest that the final-form regulation be amended to set forth the criteria an applicant must meet to prove that buying an existing license is not economically feasible.

2. Implementation procedures; Timetables for compliance; Extent to which reports, forms or other paperwork are required.

In order for this Commission to evaluate the effort that will be required for an applicant to comply with this rulemaking, we request the following information related to the number of licenses in each county of the Commonwealth:

- The number of active restaurant liquor licenses;
- The number of restaurant liquor licenses in safekeeping;
- The number of active eating place retail dispenser licenses; and

- The number of active eating place retail dispenser licenses in safekeeping.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Service of Notice of Motor Carrier Formal Complaints

Formal Complaints have been issued by the Pennsylvania Public Utility Commission. Answers must be filed in accordance with 52 Pa. Code (relating to public utilities). Answers are due March 2, 2015, and must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy to the First Deputy Chief Prosecutor, Pennsylvania Public Utility Commission.

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. M. Sall, Inc. 934 Bridge Street Philadelphia PA 19124; Docket No. C-2015-2456196

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to M. Sall, Inc., (respondent) is under suspension effective October 24, 2014 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at 934 Bridge Street, Philadelphia, PA 19124.

3. That respondent was issued a Certificate of Public Convenience by this Commission on July 11, 2002, at A-00118995.

4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c) and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-00118995 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hun-

dred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement
P. O. Box 3265
Harrisburg, PA 17105-3265

VERIFICATION

I, David W. Loucks, Chief, Motor Carrier Enforcement, Bureau of Investigation and Enforcement, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect that the Bureau will be able to prove same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Date: 1/6/2015

David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement

NOTICE

A. You must file an Answer within 20 days of the date of service of this Complaint. The date of service is the mailing date as indicated at the top of the Secretarial Letter. See 52 Pa. Code § 1.56(a). The Answer must raise all factual and legal arguments that you wish to claim in your defense, include the docket number of this Complaint, and be verified. You may file your Answer by mailing an original to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Or, you may eFile your Answer using the Commission's website at www.puc.pa.gov. The link to eFiling is located under the Filing & Resources tab on the homepage. If your Answer is 250 pages or less, you are not required to file a paper copy. If your Answer exceeds 250 pages, you must file a paper copy with the Secretary's Bureau.

Additionally, a copy should either be mailed to:

Wayne T. Scott, First Deputy Chief Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
P. O. Box 3265
Harrisburg, PA 17105-3265

Or, emailed to Mr. Scott at: RA-PCCmplntResp@pa.gov

B. If you fail to answer this Complaint within 20 days, the Bureau of Investigation and Enforcement will request that the Commission issue an Order imposing the penalty.

C. You may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations and by paying the fine proposed in this Complaint by certified check or money order within twenty (20) days of the date of service of this Complaint. Acord certificates of insurance and faxed form Es and Hs are unacceptable as evidence of insurance.

The proof of insurance must be filed with the:

Compliance Office, Bureau of Technical Utility Services
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Payment of the fine must be made to the Commonwealth of Pennsylvania and should be forwarded to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations. Upon receipt of the evidence of insurance from your insurer, and upon receipt of your payment, the Complaint proceeding shall be closed.

D. If you file an Answer which either admits or fails to deny the allegations of the Complaint, the Bureau of Investigation and Enforcement will request the Commission to issue an Order imposing the penalty set forth in this Complaint.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The Judge is not bound by the penalty set forth in the Complaint, and may impose additional and/or alternative penalties as appropriate.

F. If you are a corporation, you must be represented by legal counsel. 52 Pa. Code § 1.21.

Alternative formats of this material are available for persons with disabilities by contacting the Commission's ADA Coordinator at 717-787-8714.
