READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

THE COURTS

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Amendments to the Pennsylvania Rules of Disciplinary Enforcement Relating to Referral of Respondent-Attorneys to Mental Health Agencies

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Supreme Court of Pennsylvania that it amend Rule 402 of the Rules of Disciplinary Enforcement as set forth in Annex A to permit Chief Disciplinary Counsel to refer respondent-attorneys to mental health agencies for help with problems such as alcoholism or substance abuse.

The Board has found that respondent-attorneys who receive treatment from qualified mental health agencies or programs dealing with alcoholism or substance abuse often benefit substantially from treatment by those agencies or participation in those programs. As a result, the Office of Disciplinary Counsel will often informally recommend to a respondent-attorney believed to be suffering from mental health or addiction problems that the respondent-attorney contact such an agency or program. For a number of reasons, respondent-attorneys sometimes ignore those recommendations. The Board is considering recommending to the Supreme Court that it amend the Rules of Disciplinary Enforcement to permit Chief Disciplinary Counsel to independently contact those types of agencies or programs with a request that the agency or program contact the respondent-attorney. To protect the respondent-attorney, the new rule would require that the Board have (i) previously reviewed the competency of the agency or organization conducting the program and (ii) entered into a confidentiality agreement with the agency or organization to protect the identity of the respondent-attorney. As a further safeguard, only Chief Disciplinary Counsel would have the authority to contact the agency or program.

Interested persons are invited to submit written comments regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, First Floor, Two Lemoyne Drive, Lemoyne, PA 17043, on or before April 15, 2002.

By The Disciplinary Board of the Supreme Court of Pennsylvania

Rule 402. Confidentiality.

(a) [All] Except as provided in subdivision (c), all proceedings involving allegations of misconduct by or disability of an attorney shall be kept confidential until or unless:

* * * * *

(c) It shall not be a violation of subdivision (a) for Chief Disciplinary Counsel to disclose the identity of and contact information for a respondent-attorney reasonably believed to be suffering from mental health or addiction problems to an agency or organization approved by the Board under this subdivision. An agency or organization may be approved under this subdivision if:

(1) the Board finds that the agency or organization is competent to help people suffering from mental health or addiction problems; and

(2) the agency or organization executes a confidentiality agreement on a form prescribed by the Board pursuant to which the agency or organization agrees that:

(i) the identity of any respondent-attorney referred to it and the fact that there is a proceeding under these rules pending against the respondent-attorney shall be kept confidential; and

(ii) it will ensure that all of its employees and anyone else connected with it in any capacity will maintain the confidentiality of the information described in the preceding paragraph.

Official Note: If a lawyer receives confidential information under subdivision (c), the lawyer shall be subject to Rule 8.3(c) of the Pennsylvania Rules of Professional Conduct with respect to that information.

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 89]

Amendments to the Rules of Organization and Procedure of the Board Relating to Prehearing Conferences

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering amend-

ing its Rules of Organization and Procedure as set forth in Annex A to require the holding of a prehearing conference in all proceedings before a hearing committee or special master.

The rules of the Board provide for the holding of optional conferences either before or during a hearing, but do not require a prehearing conference in all cases. 204 Pa. Code § 89.71. The Board believes that the hearing process could be improved if a prehearing conference were always required. The Board is accordingly proposing to amend its rules to require the scheduling in all cases of a prehearing conference to be held not less than 30 days before a hearing.

Interested persons are invited to submit written comments regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, First Floor, Two Lemoyne Drive, Lemoyne, PA 17043, on or before April 15, 2002.

Subpart C. DISCIPLINARY BOARD OF THE SUPREME COURT OF PENNSYLVANIA

CHAPTER 89. FORMAL PROCEEDINGS

Subchapter B. INSTITUTION OF PROCEEDINGS

§ 89.57. Scheduling of hearing and prehearing conference.

The date, time and place of hearing on a petition for discipline shall be scheduled by the Office of the Secretary after consultation with and consideration of any recommendations by the members of the hearing committee or special master, the Office of Disciplinary Counsel, and, if available, the respondent-attorney. The date fixed for the hearing shall not be later than [60] 90 days after the file is transmitted to a hearing committee or special master under § 89.56 (relating to assignment for hearing), unless an extension has been granted by the Board Chairman at the request of any party. **At the time that the hearing is scheduled, the Office of the Secretary shall also schedule a prehearing conference for a date not less than 30 days before the scheduled date of the hearing.**

§ 89.58. Notice of hearing and prehearing conference.

The Office of the Secretary shall serve or cause to be served notice of the hearing and prehearing conference required by § 89.57 (relating to scheduling of hearing and prehearing conference) by means of Form DB-34 (Notice of Hearing and Prehearing Conference) upon the respondent-attorney, at least seven days in advance of the date fixed for the [hearing] prehearing conference. The notice shall indicate the [date, time and place] dates, times and places of the prehearing conference and the hearing and shall state that the respondent-attorney is entitled to be represented by counsel, to cross-examine witnesses and to present evidence in the respondent-attorney's own behalf. A copy of the notice [of hearing] shall at the same time be transmitted to staff counsel. See § 89.7(b) (relating to continuances).

A. A guilty plea pursuant to a plea arrangement must be tendered on or before the date of the Scheduling Conference for the trial session in which the case is listed for trial. After the date of the Scheduling Conference, the Court will not accept a guilty plea pursuant to a plea arrangement in a case on the current trial list, and will

accept only a general plea of guilty or straight plea of guilty as charged, absent a showing of extraordinary circumstances.

B. When a guilty plea is entered, the District Attorney shall cause the information or plea to be endorsed with the name of the presiding Judge.

RULES AND REGULATIONS

Title 28—HEALTH AND SAFETY

DEPARTMENT OF HEALTH

[28 PA. CODE CH. 23]

Intention to Amend Regulations Relating to School Immunizations

The Department of Health (Department) is hereby providing notice that it intends to amend its regulations relating to immunizations required for school entry to reflect recent recommendations of the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) for the allowance of a 4-day grace period for certain vaccine administration. Until that amendment can occur, the Department will accept as within the regulatory requirements of § 23.83 (relating to immunization requirements) those vaccines administered 4 days prior to the earliest date for vaccination permitted by the regulations.

On February 8, 2002, ACIP published revised immunization recommendations in the Morbidity and Mortality Weekly Report (MMWR) stating that it recommended accepting vaccinations given at a time less than or equal to 4 days prior to the minimal interval and age limit for a valid dose of vaccine administration. This recommendation conflicts with the Commonwealth's school immunization requirement for measles, mumps, rubella and varicella vaccines, which states that the vaccines for these diseases must be administered on or after a child turns 12 months of age for the vaccine to be accepted as a valid dose. With respect to varicella, the Department's regulations for entry into seventh grade require either one dose of vaccine at 12 months of age or older or two doses of vaccine at 13 years of age or older. See § 23.83.

The Department has followed ACIP recommendations for Statewide immunization recommendations and school immunization requirements. The Commonwealth chapter of the American Academy of Pediatrics supports ACIP's recent recommendations allowing a 4-day grace period for dose interval and age limit. After consideration of ACIP's February 8, 2002, recommendation and review of the relevant information relating to that recommendation, the Department agrees with ACIP's determination that administering a vaccine dose a few days earlier than the minimum interval or age limit is unlikely to have a significant negative effect on the immune response to that dose.

The Department intends to amend its regulations relating to school immunizations to reflect this 4-day grace period. Until that amendment can occur, the Department will accept vaccinations for measles, mumps, rubella and varicella given within the 4-day grace period.

Questions regarding this notice should be directed to Alice Gray, Director, Division of Immunization, Department of Health, P. O. Box 90, Harrisburg, PA 17108-0090, (717) 787-5681 or V/TT: (717) 783-6154 for speech and/or hearing impaired persons or the Pennsylvania AT&T Relay Service at (800) 654-5984 [TT]. Persons with a disability who require an alternative format of this notice

(for example, large print, audiotape or Braille), should contact Alice Gray at the previously listed address and telephone numbers.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 135, 141 AND 143]

All-Terrain Vehicles; Elk Hunting; Return Postage Fee

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its January 15, 2002, meeting, adopted the following amendments:

Amend § 135.50 (relating to definitions) to establish weight and width specification for all-terrain vehicles (ATVs) not defined as Class I ATVs under 75 Pa.C.S. Chapter 77 (relating to Snowmobile and All-Terrain Vehicle Law) (ATV law) and § 135.53 (relating to operation of ATVs on designated State game land roads by permitted persons) to accurately reflect and abide by the changes in the ATV law.

Amend § 141.42 (relating to big game animal hunting roster) by adding elk to ensure elk hunters may not cooperate to hunt elk in groups larger than 25 persons.

Amend § 143.10 (relating to fee for return postage) to allow the Director to establish return postage fees commensurate with changing first-class postage rates.

These amendments were adopted under the authority of 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

Amendments to §§ 135.50 and 135.53

1. Introduction

The act of June 25, 2001 (P. L. 701, No. 68) (Act 68) amended the ATV law to change the definitions of Class I and Class II ATVs. Class II ATVs no longer have a maximum width or weight. Section 135.50 incorporates these definitions. In addition, the act amended sections 7711.1 and 7711.2 of the ATV law (relating to registration of dealers; and registration of snowmobiles and registration and issuance of certificates of titles for ATVs) to require the display of registration plates on ATVs. To adjust for these changes, the Commission, at its October 2, 2001, meeting proposed, and at its January 15, 2002, meeting adopted, an amendment to § 135.50 to put width and weight limits on ATVs that can be used on State game lands and amended § 135.53 to require the display of a valid registration plate on ATVs used on State game lands. These final-form amendments were made under authority contained in section 2901(b) of the code (relating to authority to issue permits).

2. Purpose and Authority

As was indicated in the Introduction, Act 68 changed the definition of Class II ATVs to eliminate width and

weight restrictions. Since ATVs of an excessive size can cause damage to State game lands, the Commission has decided to retain the limitation for ATVs permitted to go on State game lands. Act 68 also changes sections 7711.1 and 7711.2 of the ATV law to require the display of registration plates on ATVs. With this change, the requirement of displaying a valid decal currently contained in § 135.53 is superseded by the registration plate requirement.

Section 2901(b) of the code provides that the Commission may "... promulgate regulations to control the activities which may be performed under the authority of any permit issued." This provision provides the authority for the final-form amendments.

3. *Regulatory Requirements*

The final-form amendments will retain the size limitations on ATVs that may be used on State game lands that existed prior to the effective date of Act 68 and will require the displaying of a valid registration plate rather than a decal.

4. *Persons Affected*

Disabled person permit holders desiring to use ATVs on State game lands will be affected by the final-form amendments.

5. *Comment and Response Summary*

Two official comments were received with regard to the final-form amendments, opposing the restrictions because they might limit opportunities for the disabled. The Commission believes that the restrictions are necessary to prevent damage and that an adequate number of models meeting the restrictions are available to the disabled.

6. *Cost and Paperwork Requirements*

The final-form amendments should not result in any additional cost or paperwork.

Amendment to § 141.42

1. *Introduction*

To more effectively manage the elk population of this Commonwealth and to standardize hunting methods, the Commission, at its October 2, 2001, meeting proposed, and at its January 15, 2002, meeting adopted, an amendment to § 141.42(e) to limit the number of individuals in parties hunting elk to 25 persons. Section 2102 of the code (relating to regulations) directs the Commission to promulgate regulations concerning the ways, manner, methods and means of hunting. This provision provides the authority for the final-form amendment.

2. *Purpose and Authority*

The act of December 20, 2000 (P. L. 452, No. 111) added section 2705(15) of the code (relating to classes of licenses), which provides for issuance by the Commission of elk hunting licenses. In addition, the Commission has adopted regulations providing for an elk hunting season in this Commonwealth in 2001 and will most likely adopt regulations for a similar season for 2002. The Commission is now in the process of standardizing requirements and limitations for elk hunting with hunting of other big game species. The Commission has therefore adopted an amendment to § 141.42(e) to limit parties hunting elk to 25 persons to promote safety and fair chase.

Section 2102 of the code provides that: "The commission shall promulgate such regulations as it deems necessary and appropriate concerning . . . the ways, manner, methods, and means of hunting or furtaking . . ." The amendment is adopted under this authority.

3. *Regulatory Requirements*

The final-form amendment will limit the number of individuals who can be involved in hunting elk together to 25. This is also currently true of parties hunting deer and bear.

4. *Persons Affected*

Individuals hunting elk either as license holders or as guides will be affected by the final-form amendment.

5. *Comment and Response Summary*

No official comments were received with regard to the final-form amendment.

6. *Cost and Paperwork Requirements*

The final-form amendment should not result in any additional cost or paperwork.

Amendment to § 143.10

1. *Introduction*

In recent years, the Commission has experienced increasing sales of hunting and furtaking licenses by means of mail, fax and the Internet. In June 2001, the Commission added § 143.10, providing for a \$1.50 fee per license order to cover postage and packaging costs. Since that recent change, the actual cost per order has increased to \$1.95. To deal with rapidly changing costs, the Commission, at its October 2, 2001, meeting proposed, and at its January 15, 2002, meeting adopted, an amendment to § 143.10 to allow the Executive Director to change the fee based on postage rates. This amendment is adopted on the basis of section 2722(g) of the code (relating to authorized license-issuing agents).

2. *Purpose and Authority*

As was indicated in the Introduction, although the Commission recently established a fee for postage and packaging of hunting and furtaking licenses ordered by mail, fax or on the Internet, the fee is already too low. To provide maximum flexibility, the Commission is adopting an amendment to § 143.10 to allow the fee to be set by the Executive Director, based on first class postage rates.

Section 2722(g) of the code directs the Commission to adopt regulations for "The administration, control and performance of activities conducted pursuant to the provisions of this chapter." This section provides the authority for the final-form amendment.

3. *Regulatory Requirements*

The final-form amendment will allow changes of fees for postage and packaging for licenses ordered by mail, fax or Internet by order of the Executive Director.

4. *Persons Affected*

Individuals applying for hunting or furtaking licenses by mail, fax or Internet may be affected by the final-form amendment.

5. *Comment and Response Summary*

No official comments were received with regard to the final-form amendment.

6. *Cost and Paperwork Requirements*

The final-form amendment may result in additional cost to license buyers for postage and packaging.

Effective Date

The final-form amendments will be effective on publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Contact Person

For further information regarding the final-form amendments, contact David E. Overcash, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 135, 141 and 143, are amended by amending §§ 135.50 and 135.53, 141.42 and 143.10, to read as set forth at 31 Pa.B. 6189 (November 10, 2001).

(b) The Executive Director of the Commission shall submit this order and 31 Pa.B. 6189, to the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

GAME COMMISSION
[58 PA. CODE CH. 147]
Wildlife Rehabilitation; Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its January 15, 2002, meeting, adopted the following amendments:

Amend §§ 147.301—147.304, 147.306, 147.308 and 147.309. With the advice and cooperation of the Wildlife Rehabilitation Council, the Commission wanted to apply some needed changes in the regulations to make the Commission's rehabilitation program more functional and easier to administer. The final-form amendments will help to clarify the various aspects of this program.

Amend § 147.553 (relating to permit) to establish posting requirements for farms enrolled in the deer control program.

These final-form amendments were adopted under the authority of 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

Amendments to §§ 147.301—147.309

1. Introduction

The Commission has had regulations relating to wildlife rehabilitation permits in Subchapter P (relating to wildlife rehabilitation) since 1992. Although the regulations have generally worked well, the Commission decided to propose some modifications. Therefore, at its October 2, 2001, meeting, the Commission proposed, and at its January 15, 2002, meeting, adopted, amendments to §§ 147.301—147.309 relating to wildlife rehabilitation permits. These amendments are adopted under authority contained in section 2901(b) of the code (relating to authority to issue permits).

2. Purpose and Authority

As was pointed out in the Introduction, the Commission has had regulations relating to wildlife rehabilitation permits for approximately 9 years. The Commission has decided to modify some policies and procedures as follows:

Section 147.301 (relating to definitions) defines "assistant" and redefines "wildlife rehabilitation."

Section 147.302(a)(5) (relating to general) authorizes rehabilitator use of unlicensed volunteers.

Section 147.302(b) authorizes the holding of injured wildlife by a licensed veterinarian for up to 48 hours before notifying the Commission and requires transfer to a licensed rehabilitator.

Section 147.302(j) allows disposal of terminated wildlife in an appropriate manner.

Section 147.302(k) requires submission of a copy of permit records annually by July 30.

Section 147.302(o) makes renewal of permit contingent upon compliance with all relevant legal requirements.

Sections 147.303(b)(6) and 147.304(a)(1)(iv) (relating to permit applications; and wildlife rehabilitation permits) amend "passerines" to "nonraptor" avian species for purposes of identifying types of wildlife.

Sections 147.303(b)(7) and 147.304(d) eliminate the master class of permit.

Section 147.304(c)(1)(ii) eliminates the requirement of passing a written test and requires submission of photographs or a videotape of the permittee's facility.

Section 147.306(b)(4) (relating to endangered or threatened species certification) allows submission of a videotape of facilities for endangered or threatened species certification.

Section 147.306(c) requires attendance at a certification workshop or seminar for endangered or threatened species certification.

Section 147.308(a) (relating to training and education requirements) allows approval by the Wildlife Rehabilitation and Educational Council and the Commission of equivalent training for certification.

Section 147.309(d)(3) (relating to educational use of rehabilitation wildlife permits) prohibits free flying by any species not just avian species.

Section 2901(b) of the code authorizes the Commission "... as deemed necessary to properly manage the game or wildlife resources, ... promulgate regulations for the issuance of any permit and ... to control the activities which may be performed under authority of any permit issued." This section authorizes the final-form amendments.

3. *Regulatory Requirements*

See Purpose and Authority.

4. *Persons Affected*

Individuals wishing to engage in wildlife rehabilitation activities will be affected by the adopted changes.

5. *Comment and Response Summary*

No official comments were received with regard to the final-form amendments.

6. *Cost and Paperwork Requirements*

The final-form amendments should not result in any substantial additional cost or paperwork.

Amendment to § 147.553

1. *Introduction*

The Commission, at its June 12, 2001, meeting, adopted the deletion of § 139.16 (relating to deer damage areas). Posting of deer damage areas under § 139.16 was a prerequisite to obtaining a deer control permit under Subchapter R (relating to deer control). As a result, the Commission, at its October 2, 2001, meeting, proposed, and at its January 15, 2002, meeting, adopted, an amendment to § 147.553 to add paragraph (3), requiring posting of the property.

Section 2901(b) of the code authorizes the Commission to promulgate regulations to control activities performed under authority of a permit.

2. *Purpose and Authority*

As a result of the Commission's adopting of concurrent antlerless and antlered deer seasons, the need for a special season for deer damage areas was eliminated and § 139.16 was deleted. Participation in the deer damage farm program, including posting of the property involved, was a prerequisite to obtaining an agricultural deer control permit under Subchapter R. The Commission has decided to retain the posting requirement of the deer damage farm program and has therefore adopted adding the posting requirement to § 147.553.

Section 2901(b) of the code authorizes the Commission to promulgate regulations to control activities which may be performed under the authority of a permit. This section provides the authority for the adoption.

3. *Regulatory Requirements*

The final-form amendment will continue the requirement that signs be posted on boundaries and along public roads identifying a farm as experiencing deer damage as a prerequisite to obtain an agricultural deer control permit.

4. *Persons Affected*

Individuals owning or leasing farms experiencing deer damage and hunters desiring to hunt on the land would be affected by the final-form amendment.

5. *Comment and Response Summary*

No official comments were received with regard to the final-form amendment.

6. *Cost and Paperwork Requirements*

The final-form amendment will continue an existing requirement and therefore, should not result in any additional cost or paperwork.

Effective Date

The final-form amendments will be effective on publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Contact Person

For further information regarding the final-form amendments, contact David E. Overcash, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending §§ 147.301—147.304, 147.306, 147.308, 147.309 and 147.553, to read as set forth at 31 Pa.B. 6191 (November 10, 2001).

(b) The Executive Director of the Commission shall submit this order and 31 Pa.B. 6191 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

DELAWARE RIVER BASIN COMMISSION

Public Hearing and Draft Technical Guidance

The Delaware River Basin Commission (Commission) will hold a public hearing at its regular business meeting on April 3, 2002, on the proposed "Guidelines for Developing an Integrated Resource Plan Under the Delaware River Basin Commission Southeastern Pennsylvania Ground Water Protected Area Regulations" (Guidelines). The Ground Water Protected Area Regulations for Southeastern Pennsylvania, 25 Pa. Code § 901.5, provide that the Commission may revise a subbasin withdrawal limit to provide additional protection for that subbasin in accordance with more stringent requirements contained in an Integrated Resource Plan (IRP) that has been

adopted and implemented by all municipalities within the subbasin and incorporated into each municipality's comprehensive plan. They further provide that an IRP must be developed according to sound principles of hydrology and at a minimum include nine listed elements. The proposed Guidelines are intended to guide entities in preparing and Commission staff in reviewing IRPs under these criteria. Written comments will be accepted through the close of the hearing. For hearing and comment procedures and to view the proposed Guidelines, visit the Commission's website at <http://www.drbc.net>. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

ACTIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and The Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted before the application, within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated before the application.

Persons with a disability, who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

In addition to the effluent limits, the permit contains the following major special conditions: Combined sewer overflows, sludge disposal and pretreatment condition.

1. Point Sources 002—029 (except 010 and 016) serve as combined sewer reliefs necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant. In accordance with the Department's EPA approved CSO strategy, a special permit requirement is included in Part C of this permit. The permittee shall develop and submit a plan of action and implementation schedule as provided for in the permit.

PAG123544, CAFO, **Hershey Ag**, 138 Airport Road, Box 68, Marietta, PA 17547-0068. This proposed facility is located in Howe Township, **Perry County**.

Description of Proposed Activity: The Shadewood Farms is an existing farrow to feeder 1,800 head swine operation with a total of AEUs of 792.9. An estimated quantity of total annual manure production is 18,807 tons. This

operation uses a 2-stage HDPE-line manure storage system with adequate storage to last greater than 6 months. The first stage, with approximately 1 million gallons of storage, empties into the second stage with approximately 2.5 million gallons of storage capacity. This system utilizes a Leak Detection System around the perimeter of the structure to insure structural integrity. The leak detection system consists of an 18" x 12" stone filled trench at the low point of the subbase of the structure. A 4" diameter heavy duty CPT pipe surfaces to the ground level and is used to visually inspect the facility. Of the 4,531,750 gallons of manure generated, 3,531,750 gallons is land applied on the farm with 1 million gallons of the manure being exported to neighboring farms.

The receiving stream, Howe Run and Juniata River, is in the State Water Plan watershed 12-B and is classified for WWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general

permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

PAG123546, CAFO, Leon Ray Zimmerman, CYN—Donegal Farm, 2011 Maytown Road, Elizabethtown, PA 10722. This proposed facility is located in East Donegal Township, **Lancaster County**.

Description of Proposed Activity: The CYN—Donegal Farm is an existing farm consisting of 3,300 finishing swine, 100 head steer and 145,000 heavy broiler operation with a total of AEU's of 853. An estimated quantity of total annual manure production is 2,478 tons. The swine operation houses under-building pits and an earthen lagoon. Of the 995,932 gallons of manure generated per year, 343,140 gallons is land applied on the farm with 652,792 gallons being exported to neighboring farms. The broiler operation generates 1,600 tons of manure all of which is exported for other than land application to the M. H. Martin Company.

The receiving stream, UNT to Conoy Creek, is in the State Water Plan watershed 7-G and is classified for TSF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

Application No. PA 0246581, CAFO, Mercer Vu Farms, Inc., 12352 Karper Road, Mercersburg, PA 17236. Mercer Vu Farms, Inc. has submitted an application for an Individual NPDES permit for an expanding CAFO known as Mercer Vu Farms, Inc., 12352 Karper Road, Montgomery Township, **Franklin County**.

The CAFO is situated near Johnston Run in Watershed 13-C (Conococheague Creek), which is classified for warm water fishery. The CAFO will be designed to maintain an animal population of approximately 1,254.5 AEU's consisting of approximately 1,000 cows, heifers and calves. The animals will be housed in two new free stall barns. Manure will be managed by solids separation, manure stacking and liquid manure storage. The total capacity of the manure storage facilities will be approximately 8.5 million gallons. Prior to operation of the manure storage facilities, the design engineer will be required to submit certification that the facilities were constructed in accordance with appropriate Pennsylvania Technical Guide Standards. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

Application No. PA 0088935, CAFO, Harmony Farms LLC (Green Valley Farm), P. O. Box 248, Camp Hill, PA 17001. Harmony Farms LLC has submitted an application for an Individual NPDES permit for an existing CAFO known as Green Valley Farm, located at Green Valley Road in North Codorus Township, **York County**.

The CAFO is situated near an unnamed tributary of South Branch Codorus Creek in Watershed 7-H, which is classified for warm water fishery. The CAFO is designed to maintain an animal population of approximately 1,717 AEU's consisting of 3,600 gestating sows, 500 sows with piglets, 125 replacement gilts and 50 boars. The animals are housed in a total of three barns (one gestation, one farrowing and one isolation barn). Manure is stored in three circular concrete manure storage facilities and exported to neighboring farms for land application. The total capacity of the manure storage facilities is approximately 3.6 million gallons. A release or discharge to waters of this Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling the File Review Coordinator at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted before the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices that restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted before the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard,

the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the Department Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If the Department schedules a

hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

01-05025A: Valley Quarries, Inc. (P. O. Box J, Chambersburg, PA 17201-0809) for modification to an existing drum mix asphalt plant to have the capability to burn #4 and #5 fuel oil at the Gettysburg Quarry in Cumberland Township, **Adams County**. This source is subject to 40 CFR Part 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities and 40 CFR Part 60, Subpart Kb—Standards of Performance for Volatile Organic Liquid Storage Vessels.

05-03010A: New Enterprise Stone and Lime Co., Inc. (P. O. Box 77, New Enterprise, PA 16664) for installation of a limestone screening unit at the existing limestone crushing and screening plant in Snake Spring Township, **Bedford County**. The screen will be controlled by wet suppression and is subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants.

22-05007: The Harrisburg Authority (1670 South 19th Street, Harrisburg, PA 17104) for amendment of the previously submitted application for modification and derated operation of the Harrisburg Materials, Energy, Recycling and Recovery Facility in the City of Harrisburg, **Dauphin County**. The amended application provides for installation of a water spray and carbon injection system for each of the two combustion units. These technologies are directed at reducing emissions of dioxin/furan. A subsequent notice of the Department's intended decision will provide opportunities for public comment on this application.

Correction of Previously Published Notice

36-03135A: Shared Mail Acquisitions, LLC (72 Industrial Circle, Leola, PA 17540-0129) for construction of sources at its printing facility in Upper Leacock Township, **Lancaster County**. The company proposed to

remove one coldest press and install two heatset lithographic web presses and an oxidizer. This notice was previously printed at 32 Pa.B. 817 (February 9, 2002) under KAR Printing, Inc.

The plan approval on issued on March 29, 2000. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit through an administrative amendment at a later date. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: James Parette, New Source Review Chief, (570) 826-2531.

48-313-090: Elementis Pigments, Inc. (1525 Wood Avenue, Easton, PA 18042-3186) for modification and operation of the iron oxide lower plant blending system and associated air cleaning devices in Wilson Borough, **Northampton County**. The modification is for the reconfiguration of the existing blending and milling operations into two separate blending lines. A total of five existing fabric collectors will control emissions from both blending lines. The particulate emissions from each fabric collector will not exceed the Best Available Technology standard of 0.02 grain/DSCFT. The Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all

applicable air quality requirements. The facility currently has a Title V Operating Permit No. 48-00018. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit through an administrative amendment at a later date.

48-399-049: North American Pharmaceutical Packaging Margo (19701 Clark Graham Boulevard, Baie D'Uref, Quebec, Canada H9X3T1) for construction of a packaging and carton printing facility in Bethlehem, **Northampton County**. The proposed facility will be a non-Title V facility and will contain contract packaging lines (blister lines). The blister lines will have the potential to emit particulate matter. Expected particulate emissions from the packaging lines will be controlled by baghouse. Expected particulate emissions will be less than 0.02 grain/dscf (0.02 ton per year) from the baghouse. The company will monitor the pressure drop across the baghouses and maintain the system in accordance with the good engineering practices to assure proper operation of the system.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Ronald Dye, New Source Review Chief, (717) 705-4702.

34-05017A: Jay Fulkroad and Sons, Inc. (R. R. 1, Box 3060, McAlisterville, PA 17049) for installation of two secondary crushers, a sand classifier and two fabric collectors in Fayette Township, **Juniata County**. The estimated emissions of particulate matter from the sources are 20.0 tons per year. The sources are subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants. The plan approval will include emission limitations, testing, monitoring, record keeping, reporting requirements and work practice standards designed to keep the facility operating within all applicable air quality requirements.

36-05008B: Tyson Foods, Inc. (403 South Custer Avenue, New Holland, PA 17557) for construction of a vegetable oil poultry fryer controlled by a wet scrubber in Earl Township, **Lancaster County**. The estimated emissions of particulate matter from the operation of the fryer will be about 500 pounds per year. The plan approval will include emission limitations, testing, monitoring, record keeping, reporting requirements and work practice standards designed to keep the facility operating within all applicable air quality requirements.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact: Edward Brown, Facilities Permitting Chief, (610) 832-6242.

46-00019: Lockheed Martin Corp.—Management and Data Systems (230 East Mall Blvd., King of Prussia, PA 19406) for operation of the No. 7 Boiler in Upper Merion Township, **Montgomery County**. The facility is a major (Title V) facility. When combusting natural gas, the No. 7 Boiler emits 0.033 pound of sulfur oxides per hour; 1.4 pounds of nitrogen oxides per hour; 1.4 pounds of carbon monoxide per hour; and 0.54 pound of VOCs per hour. When combusting No. 2 fuel oil, the No. 7 Boiler emits 11.4 pounds of sulfur oxides per hour; 6.36 pounds of nitrogen oxides per hour; 2.34 pounds of carbon monoxide per hour; and 1 pound of VOCs per hour. This operating permit will also incorporate the

requirements of operating permit 46-0030A because the facility has acquired control of Lockheed Martin Corp.—Missiles and Space, 230 East Mall Blvd. As a result of the change in ownership of the facility, the NOx sources at the facility are required to comply with the presumptive RACT requirements contained in 25 Pa. Code § 129.93(b) and (c). The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Contact: Michael Saffo, Facilities Permitting Chief, (570) 826-2531.

54-313-082: Air Products and Chemicals, Inc. (7201 Hamilton Boulevard, Allentown, PA 18195) for operation of the fluorine west plant processes and associated air cleaning devices in Rush Township, **Schuylkill County**.

48-301-044: Wright Veterinary Medical Center (3247 Wimmer Road, Bethlehem, PA 18020) for operation of an animal crematory and associated air cleaning device in Bethlehem Township, **Northampton County**.

40-00035: Quebecor World Hazleton, Inc. (Humboldt Industrial Park, R. R. 1, Box 409Z, Hazleton, PA 18201) for operation of a commercial lithographic printing and paper trimming/shredding plant in Hazle Township, **Luzerne County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

36-05067: C and D Technologies, Inc. (82 East Main Street, Leola, PA 17540) for operation of a lead-acid storage battery manufacturing plant in Upper Leacock Township, **Lancaster County**. The facility has the potential to emit 10 tons of lead annually. The synthetic minor operating permit will contain emission limits, monitoring, recordkeeping and reporting requirements to ensure the facility operates in accordance with the applicable requirements.

44-05012: DONSCO, Inc. (P. O. Box 2001, Wrightsville, PA 17368) for operation of a gray/ductile iron foundry in Union Township, **Mifflin County**. The facility has the potential to emit 100 tons of particulate matter annually. The synthetic minor operating permit will contain emission limits, monitoring, recordkeeping and reporting requirements to ensure the facility operates in accordance with the applicable requirements.

44-05014: Glenn O. Hawbaker, Inc. (711 East College Avenue, Bellefonte, PA 16823) for operation of crushing and asphalt plants at the Hostetler Quarry in Armagh Township, **Mifflin County**. The facility has the potential to emit around 100 tons of nitrogen oxides annually. The synthetic minor operating permit will contain emission limits, monitoring, recordkeeping and reporting requirements to ensure the facility operates in accordance with the applicable requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager, (570) 327-3637.

47-305-002: Iris Energy, LLC (100 Nyala Farm, Westport, CT 06880), owner and **DQE Synfuels, L.P.** (1 North Shore Center, Suite 500, Pittsburgh, PA 15212), operator, for operation of a synthetic fuel manufacturing

facility at the site of PPL Montour, LLC's Montour Stream Electric Station in Derry Township, **Montour County**.

The facility consists of various pieces of conveying, mixing and pelletizing equipment, as well as two 15,000 gallon capacity bulk liquid storage tanks, which are used to manufacture "synthetic fuel" using bituminous coal and organic binders. The facility will emit up to 2.7 tons of VOCs in any 12 consecutive month period as well as an insignificant amount of fugitive particulate matter.

The Department has determined that the facility was constructed and is operating, in accordance with all conditions of Plan Approval 47-305-002 as well as in compliance with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. The Department consequently intends to issue an operating permit for the operation of the respective facility.

The Department intends to place conditions in the operating permit to be issued to ensure continued compliance with all applicable requirements. The following is a summary of these conditions:

1. All conveyors that are not located within an enclosed structure or located within an underground tunnel shall be completely enclosed or covered.

2. Only those additives listed shall be used to manufacture synthetic fuel at this facility unless prior Department approval has been granted to use alternative additives:

- FTH-100 from Accretion Technologies.
- Nalco 9838 from the Nalco Chemical Company.
- Latex DL 298NA from the Dow Chemical Company.

3. The VOC emissions from this facility shall not exceed 2.7 tons during any 12 consecutive month period.

4. The two 15,000 gallon bulk liquid storage tanks are subject to Subpart Kb of the Federal Standards of Performance for New Stationary Sources.

5. The company shall maintain comprehensive accurate records of the quantity of raw coal and the type and quantity of each additive used at the facility during each month. Additionally, the company shall also maintain comprehensive accurate records of the quantity of synthetic fuel produced at the facility during each month. The records shall be retained onsite for at least 5 years from the date of generation and shall be made available to Department personnel upon request.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104; Contact: Edward Braun, Chief, (215) 685-9476.

97-007: I.C.S. Corp. (2225 Richmond Street, Philadelphia, PA 19125) for a printing and mailing facility in the City of Philadelphia, **Philadelphia County**. The natural minor facility's air emission sources include three nonheatset web offset lithographic printing presses.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidance and Land Conservation Act (52 P. S. §§ 1406.1—

1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments or objections or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the previously-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Hawk Run District Mining Office: Empire Road, P. O. Box 209, Hawk Run, PA 16840-0209, (814) 342-8200.

17020102. Forcey Coal, Inc., P. O. Box 225, Madera, PA 16661. Commencement, operation and restoration of a bituminous surface mine permit in Decatur Township, **Clearfield County** affecting 61 acres. Receiving streams: unnamed tributaries to Moshannon Creek, classified for the following uses: CWF. The first downstream potable

water supply intake from the point of discharge is none. None within 10 miles downstream of the permit. Application received February 1, 2002.

17980116. King Coal Sales, Inc., P. O. Box 712, Philipsburg, PA 16866. Revision to an existing bituminous surface mine permit for a change in permit acreage from 158.0 acres to 171.1 acres. The site is located in Cooper Township, **Clearfield County**. Receiving streams: Sulphur Run (CWF), unnamed tributary to Sulphur Run (CWF). Application received January 30, 2002.

17020102. Moravian Run Reclamation Co., Inc., 605 Sheridan Drive, Clearfield, PA 16830. Commencement, operation and restoration of a bituminous surface mine-auger permit in Penn Township, **Clearfield County** affecting 34.6 acres. Receiving streams: Bell Run and unnamed tributaries to Bell Run, classified for the following uses: CWF. The first downstream potable water supply intake from the point of discharge is: none within 10 miles downstream of the permit site. Application received February 19, 2002.

17980107. GLR Mining, Inc., P. O. Box 105, Clymer, PA 15728. Transfer of an existing bituminous surface mine-auger permit from Moravian Run Reclamation Co., Inc. The permit is located in Bell Township, **Clearfield County** and affects 58.0 acres. Receiving streams: unnamed tributary to Haslett Run, classified as a CWF. Application received February 2, 2002.

17990122. Laurel Energy, L.P., One Energy Place, Suite 7500, Latrobe, PA 15650. Transfer of an existing bituminous surface mine permit from Johnson Brothers Coal Company. The permit is located in Brady and Bloom Townships, **Clearfield County** and affects 91.0 acres. Receiving streams: unnamed tributaries of Little Anderson Creek to Anderson Creek; unnamed tributary to Bell Run; unnamed tributary to Irish Run. Application received February 2, 2002.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

56020102 and NPDES Permit No. PA0249157, Croner, Inc., P. O. Box 260, Friedens, PA 15541, commencement, operation and restoration of a bituminous surface and limestone removal mine and for discharge of treated mine drainage in Brothersvalley and Summit Townships, **Somerset County**, affecting 139.5 acres. Receiving streams: unnamed tributaries to Blue Lick Creek to Casselman River classified for the following uses: cold water fishery. There are no potable water supply intakes within 10 miles downstream. Application received February 12, 2002.

32970106 and NPDES Permit No. PA0234435, GLR Mining, Inc., P. O. Box 105, Clymer, PA 15728, permit renewal for reclamation only for continued restoration of a bituminous surface and auger mine in Pine Township, **Indiana County**, affecting 92.5 acres. Receiving streams: unnamed tributaries to Leonard Run, unnamed tributary to Yellow Creek classified for the following uses: Cold Water Fishery. The first downstream potable water supply intake from the point of discharge is Central Indiana County Water Authority. Application received February 7, 2002.

56920104 and NPDES Permit No. PA0599468, Commercial Coal Sales, Inc., Box 148, Friedens, PA 15541, permit renewal for reclamation only for continued restoration of a bituminous surface mine in Milford Township, **Somerset County** affecting 71.0 acres. Receiving streams: unnamed tributaries to/and Middle Creek; and unnamed tributaries to/and the Casselman River classi-

fied for the following uses: Trout Stocked Fishery and Cold Water Fishery. There are no potable water supply intakes within 10 miles downstream. Application received February 13, 2002.

Noncoal Applications Received

Hawk Run District Mining Office: Empire Road, P. O. Box 209, Hawk Run, PA 16840-0209, (814) 342-8200.

14022801. Two Rock Stone Company, P. O. Box 496, Port Matilda, PA 16870. Commencement, operation and restoration of a small industrial minerals (10,000 tons) permit in Howard and Marion Townships, **Centre County** affecting 5 acres. Receiving streams: Lick Run and Bald Eagle Creek (Howard Dam), tributary to Bald Eagle Creek. Application received: February 4, 2002.

Greensburg District Mining Office: Armbrust Building, R. R. 2 Box 603-C, Greensburg, PA 15601-0982, (724) 925-5500.

26980601. Better Materials Corporation (2200 Springfield Pike, Connellsville, PA 15425-9503). Revision application received requesting that a portion of an existing noncoal underground mining operation be approved for surface mining operations. The application also proposes the installation of an at-grade road crossing to allow for transport of overburden and materials to an existing quarry. The mining site is located in Bullsken Township, **Fayette County**. The existing deep mining operation affects 559.1 acres and the proposed surface acreage to be affected is 49.8 acres. Receiving streams: unnamed tributaries to Polecat Hollow Run to Breakneck Run to Mounts Creek (classified as a warm water fishery). There is no public surface water supplies located within 10 miles downstream of the permit area. Application received February 22, 2002.

63920301. Langeloth Metallurgical Co. LLC (10 Langeloth Plant Drive, Langeloth, PA 15054). Renewal application for continued mining of a noncoal surface mine, located in Smith Township, **Washington County** affecting 13 acres. Receiving streams: unnamed tributary to Burgetts Fork to Raccoon Creek; classified for the following use: warm water fishery. There is no potable water supply intake within 10 miles downstream from the point of discharge. Renewal application received February 25, 2002.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

56020801. Thomas D. McClintock, t/a Airesman Wood & Stone Products, 441 Garrett Shortcut Road, Berlin, PA 15530), commencement, operation and restoration of a noncoal mine in Brothersvalley Township, **Somerset County**, affecting 2.7 acres. Receiving streams: Laurel Run to Coxes Creek classified for the following uses: Warm Water Fishery. There are no potable water supply intakes within 10 miles downstream. Application received: February 11, 2002.

4074SM12, New Enterprise Stone & Lime Company, Inc., P. O. Box 77, New Enterprise, PA 16664. Renewal of NPDES Permit No. PA0599352, Jefferson Township, **Somerset County**, receiving streams unnamed tributaries to Kooser Run; and Kooser Run. NPDES renewal application received February 12, 2002.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the

Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-835. Jefferson at Middletown LLC, 8230 Boone Boulevard, Suite 340, Vienna, VA 22182, Middletown Township, **Bucks County**, ACOE Philadelphia District.

To perform the following activities associated with the proposed construction of an access road to the Jefferson at Middletown subdivision located to the west of the northwest interchange ramps for Route 1 and Interstate 95 (Langhorne, PA Quadrangle North: 12.5 inches; West: 1.0 inch).

1) To remove an existing 55 linear foot long, 5-foot by 5-foot concrete box culvert and to construct and maintain a 75 linear foot long, 8-foot by 4-foot concrete box culvert in and along an unnamed tributary to Mill Creek (WWF).

2) To remove an existing 61 linear foot long, 3-foot by 5-foot concrete box culvert and to construct and maintain a 77 linear foot long, 10-foot by 4-foot concrete box culvert in and along an unnamed tributary to Mill Creek.

3) To remove an existing 24-inch corrugated metal pipe and to construct and maintain 75 linear foot long, 8-foot by 4-foot concrete box culvert in and along an unnamed tributary to Mill Creek.

4) To remove an existing 24-inch corrugated metal pipe and a 15-inch corrugated metal pipe and to construct and maintain a 100 linear foot long, 8-foot by 4-foot concrete box culvert in and along an unnamed tributary to Mill Creek.

5) To place and maintain sewer and water utilities across two unnamed tributaries to Mill Creek.

6) To construct and maintain a stormwater outfall structure in adjacent wetlands (PFO) to an unnamed tributary to Mill Creek.

The work located along and across unnamed tributaries to Mill Creek (WWF) will impact 1.44 acres of adjacent wetlands (PFO). The applicant proposes to construct 1.45 acres of replacement wetlands.

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E35-349. Pennsylvania Department of Transportation, Engineering District 4-0, P. O. Box 111, Scranton, PA 18501, in Jefferson Township, **Lackawanna County**, U. S. Army Corps of Engineers, Philadelphia District.

To remove the existing structure and to construct and maintain a concrete arch bridge, having a span of 42.0 feet and an underclearance of 10.0 feet across West Branch Wallenpaupack Creek (HQ-CWF). The project is located along S.R. 2003, Section 250, Segment 0050, Offset 0000 approximately 1.5 miles north of T-348. (Lake Ariel, Quadrangle N: 12.6 inches; W: 14.9 inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E34-103. Larry Neimond, Monroe Township, HCR 63 Box 18, Richfield, PA 17086 in Monroe Township, **Juniata County**, ACOE Baltimore District.

To construct and maintain a stream crossing consisting of twin 9-foot culverts which replaced a collapsed bridge in the channel of Stony Run (CWF) at a point at T-479 (Beaver Springs, PA Quadrangle N: 3.7 inches; W: 2.9 inches) in Monroe Township, Juniata County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E14-416. Pennsylvania Department of Transportation, 1924-30 Daisy Street, Clearfield, PA 16830. SR 2008 Bridge Replacement, in Gregg Township, **Centre County**, ACOE Baltimore District (Spring Mills, PA Quadrangle N: 19.4 inches; W: 10.2 inches).

To: 1) construct and maintain two temporary diversion dikes in Penns Creek; 2) remove an existing bridge; 3) construct and maintain a temporary pedestrian bridge located downstream of the existing bridge; and 4) construct and maintain a single span adjacent composite prestressed concrete box Bea Bridge with a 80-foot 10-inch clear span, minimum underclearance of 9-foot 11-inch on a 60° skew across Penns Creek located 200 feet southwest of the SR 2012 and SR 0045 intersection. The project proposes to permanently impact 46 linear feet and temporarily impact 170 feet of Penns Creek, which is classified as a Cold Water Fishery.

E14-417. Penns Valley Conservation Association, 249 Madisonburg Pike, Madisonburg, PA 16852. Cattle Crossings, in Penn, Gregg, Potter and Haines Townships,

Centre County, ACOE Baltimore District (Madisonburg, PA Quadrangle N: 0.79 inch; W: 2.93 inches).

To construct and maintain: 1) a 12-foot by 20-foot cattle crossing with associated stream bank fencing in an unnamed tributary to Pine Creek on the Roger Thoms farm; 2) a 12-foot by 40-foot cattle crossing with associated stream bank fencing in an unnamed tributary to Pine Creek on the Jason Lehman farm; and 3) a 12-foot by 12-foot cattle crossing with associated stream bank fencing in an unnamed tributary to Pine Creek on the Jason Lehman farm. This project proposes to permanently impact a total of 36 linear feet of unnamed tributaries to Pine Creek, which are classified as Exceptional Value Tributaries of Penns Creek.

E18-335. Department of Conservation and Natural Resources, Bureau of Facility Design and Construction, R. R. 1, Box 212, Emporium, PA 15834. Box Culvert Construction, in Leidy Township, **Clinton County**, ACOE Baltimore District (Renovo West, PA Quadrangle N: 18 inches; W: 16 inches).

To remove the existing 36 inch diameter concrete culvert and to construct and maintain a 4 foot by 10 foot concrete box culvert depressed 1 foot in the bottom of Middle Branch Creek on Middle Branch Road about 3,900 feet south of the intersection of Middle Branch Road with Boyer Road. The project will not impact wetlands while impacting about 30 feet of waterway. Middle Branch Creek is a trout stocked fisheries stream.

E19-222. David L. Force, Berwick Area School District, 1100 Fowler Avenue, Berwick, PA 18603. Thompson Run Silt Deposition Removal, in Berwick Borough and Salem Township, **Columbia and Luzerne Counties**, ACOE Baltimore District (Berwick, PA Quadrangle N: 12.5 inches; W: 14.4 inches).

To remove silt deposition from within the banks of approximately 1,400 linear feet of Thompson Run between Holly Drive in Salem Township to Fowler Avenue in Berwick Borough. The project will impact approximately 0.27 acre of wetlands while impacting approximately 1,400 linear feet of waterway. Thompson Run is a WWF stream.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1364. The Buncher Company, 5600 Forward Avenue, P. O. Box 81930, Pittsburgh, PA 15217-0930. City of Pittsburgh, **Allegheny County**, ACOE Pittsburgh District.

To place and maintain fill and a pedestrian overlook along the left bank side of the Allegheny River (WWF) within the floodway for the purpose of constructing a 1,285-foot long trail. The project is located ear River Mile 1.0 (Pittsburgh East, PA Quadrangle N: 13.2 inches; W: 16.5 inches).

E04-282. Borough of Rochester, 300 West Park, Rochester, PA 15074-2252. Rochester Borough, **Beaver County**, ACOE Pittsburgh District.

To construct and maintain a 48-inch diameter outfall structure on the right bank of the Ohio River (WWF) for the purpose of replacing the existing outfall structure and improving stormwater discharge. The project is located on Railroad Street, approximately 3,500 feet east from the confluence of the Beaver River and the Ohio River (Beaver, PA Quadrangle N: 13.4 inches; W: 3.75 inches).

E63-525. Washington County Board of Commissioners, 100 West Beau Street, Washington, PA 15301. City of Monongahela, **Washington County**, ACOE Pittsburgh District.

To remove the existing structure and to construct and maintain a twin span composite prestressed concrete spread box beam bridge with equal span openings of 52'-4.5" and minimum under clearance of 7'-4" in one span and 4'-8" in the other, across Pigeon Creek (WWF). The bridge is located on Wall Street approximately 30 feet south of its intersection with S.R. 481 (Monongahela, PA Quadrangle N: 12.6 inches; W: 7.7 inches).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-354, Butler County, P. O. Box 1208, Butler, PA 16003-1208, Grossman Bridge Superstructure Replacement, in Slippery Rock Township, **Butler County**, ACOE Pittsburgh District (Slippery Rock, PA Quadrangle N: 5.2 inches; W: 8.0 inches).

Replacement of the superstructure of the Grossman Bridge which carries Hines Road over Keifer Run (WWF) in Slippery Rock Township, Butler County. The existing deck will be removed and replaced with a Glu Lam Timber decking system. The existing steel beams will be used and the existing wing walls and abutments will be repointed. The surface of the completed bridge will be paved with a 3-inch bituminous material.

E20-515, Conneaut Lake Borough, N. Third Street, Conneaut Lake, PA 16316, Conneaut Lake Lakeshore Stabilization, in Conneaut Lake Borough, **Crawford County**, ACOE Pittsburgh District (Conneaut Lake, PA Quadrangle N: 19.3 inches; W: 7.2 inches).

Install approximately 500-feet on concrete barriers along the west side of Conneaut Lake (HQ-CWF) adjacent to Firemen's Beach in Conneaut Lake Borough, Crawford County. The existing shoreline is irregular and eroded. The barriers to be installed are precast concrete median barriers as used by the Pennsylvania Department of Transportation for highway dividers. The barriers will be anchored to steel I-beams driven into the existing stabilized shoreline and the barriers will be backfilled and compacted to existing grade.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS

INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal

form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

I. Municipal and Industrial Permit Actions under The Clean Streams Law (35 P. S. §§ 691.1— 691.1001).

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent for Coverage under (1) General NPDES Permits to Discharge Wastewater into the Waters of the Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; (3) General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of the Commonwealth; (4) Notification for First Use Application of Sewage Sludge.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.23(d).

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

PUBLIC WATER SUPPLY PERMITS

The Department of Environmental Protection (Department) has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Borough or Township	Borough or Township Address	County
Palmer Township	P. O. Box 3039 Palmer, PA 18043	Northampton
Bethlehem Township	4225 Easton Avenue Bethlehem, PA 18020	Northampton

Plan Description: This planning submission provides for the construction of approximately 9,200 feet of 8-inch diameter sewer main in Palmer and Bethlehem Townships which will eliminate the PTMSA's Ridgewood Road Pump Station which currently serves 36 existing homes in Palmer and Bethlehem Townships. In addition, the sewers to be constructed will pass by 12 existing homes and a church in Bethlehem Township which currently have onlot septic systems. Approximately 126 additional people in Palmer Township will be served by public sewers as a result of this project based on 45 homes with an estimated 2.8 persons per home. Wastewater flow from

the existing homes which presently have onlot septic systems are estimated at approximately 12,600 gallons per day (gpd) based on an estimated average daily wastewater flow of 100 gpd per person. The proposed method of sewage disposal is the Easton Area Joint Sewer Authority Wastewater Treatment Plant (WWTP). The flow from the existing homes will be conveyed to the WWTP via the Palmer Township Municipal Sewer Authority's North Intercepting Sewer, the Forks Township Municipal Sewer Authority's Bushkill Creek interceptor and downstream wastewater conveyance facilities in the City of Easton. The PTMSA conveyance facilities have adequate capacity for the additional wastewater flow and Palmer has adequate reserve capacity allocation in the downstream conveyance and treatment facilities for the projected flow of this project.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Lower Milford Township	R. D. 2, Box 499A Coopersburg, PA 18036	Lehigh

Plan Description: The approved plan provides for a repair to an existing malfunctioning onlot sewage disposal system by use of a small flow treatment facility. Treatment will occur with the use of a BioMicrobics Microfast® 0.5 Wastewater Treatment System, an Ecoflow® peat filter and a chlorine contact tank chlorinator prior to effluent being discharged to a tributary of the Hosensack Creek which flows through the property. A second residential dwelling located on the same lot will continue to utilize its own existing onlot sewage disposal system. The property is located at 7655 Schoolhouse Road, Lower Milford Township, Lehigh County.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Springfield Township	9211 Susquehanna Trail South Seven Valleys, PA 17360	York County

Plan Description: Logan's Reserve: The approved plan provides for a 372-lot subdivision on 440 acres that includes single-family and multi-family residential building lots, as well as commercial development and a golf course. Total estimated sewage flows are 134,120 gpd and they will be tributary to the Springfield Township Wastewater Treatment Plant. Plan approval is limited to the serving of the proposed residential and commercial development with public sewer connection to the Springfield Township Sewerage Collection and Treatment System and not the proposed method of irrigation for the golf course. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Plan Location:

Plan Description: The approved plan provides for a combination of residential, industrial and commercial uses on 126 acres on the west side of SR 0194, south of East Berlin Borough in Adams County. The project will be served by construction of a private wastewater treatment plant and private water supply system. Wastewater flows are estimated at 200,000 gpd with ultimate discharge to the Conewago Creek. The project name is Appalachian Realty.

**HAZARDOUS SITES CLEAN-UP
UNDER THE ACT OF OCTOBER 18,
1988**

**Proposed Consent Order and Agreement
Tri-State Petroleum Recovery Site, Kennedy
Township, Allegheny County**

Under section 1113 of the Pennsylvania Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), the Department of Environmental Protection (Department) has entered into a Consent Order and Agreement (CO&A) with Tri-State Petroleum Recovery, Inc. and Stanley Cieslak, Jr. (Consenting Parties) concerning a site investigation of the Tri-State Petroleum Recovery Site (Site).

In the past, hazardous substances were disposed of at the Site and these substances contaminated the environment at the Site. The Department is undertaking an investigation of the Site to determine what threat to human health and the environment the hazardous substances they pose. Stanley Cieslak, Jr. is the owner and operator of the Site. The Consenting Parties are "responsible parties" as defined in section 103 of HSCA. Under the terms of the CO&A, the Consenting Parties shall remit to the Department, on a monthly basis, reimbursement of those costs the Department expends in investigating and remediating the Site. The Consenting Parties shall continue making these payments until they have made reimbursement in full to the Department in settlement of its share of responsibility for the cleanup of the Site.

The specific terms of this settlement are set forth in the CO&A between the Department and Consenting Parties. The Department will receive and consider comments relating to the CO&A for 60 days from the date of this public notice. The Department has the right to withdraw its consent to the CO&A if the comments concerning the CO&A disclose facts or considerations which indicate that the CO&A is inappropriate, improper or not in the public interest. After the public comment period, the Department's settlement with the Consenting Parties shall be effective upon the date that the Department notifies the Consenting Parties, in writing, that this CO&A is final and effective in its present form and that the Department has filed a response to significant written comments to the CO&A or that no comments were received.

Copies of the CO&A are available for inspection at the Department's Southwest Regional Office in Pittsburgh. Comments may be submitted, in writing, to Kevin Halloran, Department of Environmental Protection, Hazardous Sites Cleanup, 400 Waterfront Drive, Pittsburgh, PA 15222. Further information may be obtained by contacting Kevin Halloran at (412) 442-4000. TDD users may contact the Department through the Pennsylvania Relay Services at (800) 645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Act. Plans and reports

required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Plan Revision Approval under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

Northcentral Region: Regional Planning and Recycling Coordinator, 208 West Third Street, Suite 101, Williamsport, PA 17701.

The Department of Environmental Protection (Department) approved a revision for the Clinton County Municipal Waste Management Plan on February 7, 2002.

The Department approved a revision for the Clearfield County Municipal Waste Management Plan on January 18, 2002.

Persons aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing

Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge this action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The plan revision is a public document and may be viewed at the Department Regional Office previously noted.

Questions concerning this approval should be directed to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472; or to Ronald Sommers, Regional Planning and Recycling Coordinator, Bureau of Land Recycling and Waste Management at the Regional Office previously noted.

Planning Grant Awards under section 901 of the Municipal Waste Planning Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) hereby announces the following grant to county under the Pennsylvania Municipal Waste Planning, Recycling and Waste Reduction Act of 1988 (Act 101), sections 208 and 901 of the Waste Tire Recycling Act/Small Business and Household Pollution Prevention Act.

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out

related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. Grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 and the availability of moneys in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

Availability of Technical Guidance

Technical guidance documents are on the Department of Environment Protection's (DEP) website (www.dep.state.pa.us) at the Public Participation Center page. The "December 2001 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its nonregulatory documents, as necessary, throughout 2002.

Ordering Paper Copies of DEP Technical Guidance

DEP encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and telephone number is listed with the document.

Final Certification under Section 401 of the Federal Clean Water Act and Coastal Zone Management Consistency Determination

The Department of Environmental Protection (DEP) hereby certifies under section 401 of the Clean Water Act (CWA) (33 U.S.C.A. § 1341), subject to the conditions listed in this notice, that the activities authorized by the United States Army Corps of Engineers (Corps) published at 67 FR 2019 (January 15, 2002) (Issuance of Nationwide Permits (NWP) Notice) which may result in a discharge into waters of the United States in this Commonwealth will comply with the applicable provisions of sections 301—303, 306 and 307 of the CWA and are consistent with Pennsylvania's Coastal Zone Management Program. In addition, the Commonwealth certifies, subject to the conditions listed in this notice, that there is a reasonable assurance that the construction and operation of the NWPs set forth in the January 15, 2002, notice will comply with applicable Federal and State water quality standards.

On November 24, 2001, the DEP published an initial notice of the Corps' request for section 401 certification of

the Corps' proposed NWP (see 66 FR 42070) (August 9, 2001) at 31 Pa.B. 6512 (November 24, 2001). During the 30-day comment period following the publication of the notice, no public comments were received. The final version of the NWP was published at 67 FR 2019. For further information concerning the NWP, contact the United States Army Corps of Engineers: David Olson at (703) 428-7570; Rich White at (202) 761-4599; or Kirk Stark at (202) 761-4664; or access the Corps' Regulatory Home Page at <http://www.usace.army.mil/inet/functions/cw/cecwo/reg>.

The Corps is reissuing all the existing NWPs, General Conditions definitions with some modifications and one new General Condition. These final NWPs will be effective on March 18, 2002. All NWPs, except NWPs 7, 12, 14, 27, 31, 40, 41, 42, 43 and 44, expire on February 11, 2002. Existing NWPs 7, 12, 14, 27, 31, 40, 41, 42, 43 and 44 expire on March 18, 2002. To reduce the confusion regarding the expiration of the NWPs and the administrative burden of reissuing NWPs at different times, the Corps is issuing all NWPs on the same date so that they expire on the same date. Thus, all issued, reissued and modified NWPs, and General Conditions contained within the January 15, 2002, notice will become effective on March 18, 2002, and expire on March 19, 2007.

Except in instances where the Pennsylvania Statewide Programmatic General Permit (PASPGP-2) issued by the Corps in July 2001 does not apply, the Corps has indicated it will suspend these NWPs. This suspension will preserve the one-stop State and Federal permitting process the Corps presently offers under PASPGP-2 while maintaining the current level of protection provided to our wetlands and water resources.

Conditions

1. Prior to commencing any activity covered by an NWP, the applicant must obtain all necessary permits or approvals from the DEP, including, but not limited to, those required by the The Clean Streams Law (35 P. S. §§ 691.1—691.1001), the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304), the Land Recycling and Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and the regulations promulgated thereunder including 25 Pa. Code Chapters 75, 91—93, 95, 102, 105 and 260—299. All environmental assessments required under these regulations, in addition to other regulatory requirements, must be complied with as a condition of Section 401 Water Quality Certification for the NWPs.

2. Fill material cannot contain wastes as defined in the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

3. For activities which impact on wetlands, a delineation shall be conducted in accordance with the Commonwealth's procedures for wetland delineation. The present procedure is published at 25 Pa. Code § 105.451 (relating to identification and delineation of wetlands—statement of policy).

4. The DEP retains the right, on an individual activity basis, to withdraw or modify 401 Water Quality Certification for an activity subject to a NWP which it determines may adversely impact water quality.

Proposed Revisions to Pennsylvania General Permits for the Beneficial Use of Biosolids or Residential Septage by Land Application (PAG-7, PAG-8 and PAG-9)

Extension of Public Comment Period and Notice of Public Hearing

In accordance with the provisions of the Federal Clean Water Act, The Clean Streams Law (35 P. S. §§ 691.1—691.1001), sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P. S. §§ 510-5, 510-17 and 510-20), the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904), the Department of Environmental Protection (Department) issues three general permits for use by eligible persons for the beneficial use of exceptional quality biosolids, biosolids or residential septage that will be land applied, who are required in 25 Pa. Code Chapters 91, 92 or 271 (relating to general provisions; National Pollutant Discharge Elimination System permitting, monitoring and compliance; and municipal waste management—general provision), as applicable, to obtain a permit for the beneficial use of biosolids in this Commonwealth. The general permits, referred to as PAG-7, PAG-8 and PAG-9, shall only be valid for eligible persons that have submitted an administratively complete and acceptable application, hereinafter referred to as Notice of Intent, to the Department on the prescribed form.

Proposed revisions are necessary to clarify the general permits as they relate to biosolids and to clarify previous language. There is no change to the current application fee of \$500 for each permit.

Notices of proposed revisions to the PAG-7, PAG-8 and PAG-9 were published at 32 Pa.B. 367 and 377 (January 19, 2002), with a 30-day public comment period that closed on February 19, 2002. The Department, by this notice, extends the public comment period on the proposed revisions to the three general permits for an additional 15 days following publication of this notice in the *Pennsylvania Bulletin*, or March 25, 2002. The Department will also hold a public hearing on the proposed revisions as indicated in this notice.

Summary of Proposed Revisions

The general permits have been reorganized and made more concise. In many instances, repetitive regulatory language was replaced by the appropriate regulatory reference. A definition of biosolids is proposed to be added and is proposed to replace "sewage sludge" where appropriate. As an incentive for biosolids generators to produce exceptional quality products, proposed language was added to PAG-7 to exclude exceptional quality biosolids from waste processing and transportation placard requirements. Storage requirements were clarified and en-

hanced notification requirements were added to PAG-8 and PAG-9. An annual soils sampling requirement at land application sites has also been proposed for PAG-8. Appendices are proposed for deletion because the information is readily obtainable from the regulations or other resources.

The existing permit documents package will continue to be available from the Department's regional and central offices until it is replaced or updated.

Copies of Draft Revised Permits

Copies of the draft revised general permits are available from the Bureau of Water Supply and Wastewater Management, P. O. Box 8467, Harrisburg, PA 17105-8467, (717) 783-3795, e-mail to trutrutoutma@state.pa.us and on the Department's website at www.dep.state.pa.us, directLINK "Public Participation"; scroll down to "Proposals Open for Comment," then choose "Regulations and Other Proposals."

Public Hearing

The Department will hold a public hearing to accept comments on the proposed permit revisions on March 18, 2002, at 6:30 p.m. in the Auditorium of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. Anyone wishing to present testimony at the hearing is requested to contact Mary Miller, P. O. Box 8774, Harrisburg, PA 17105-8774, (717) 783-3497 to preregister. Oral testimony is limited to 10 minutes for each witness. Witnesses are requested to submit three written copies of their statement at the hearing. Each organization is limited to designating one witness to present testimony on its behalf.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate should contact Lisa Miller, ADA Coordinator at (717) 787-7116 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how their needs may be accommodated.

Written Comments

Written comments on the proposed revisions should be sent to the Bureau of Water Supply and Wastewater Management, P. O. Box 8774, Harrisburg, PA 17105-8774 or by e-mail to jafrika@state.pa.us. Comments will not be accepted by facsimile or voice mail.

Comments received from January 19, 2002, through March 25, 2002, and at the public hearing will be considered in finalizing the general permits. Following the comment period, the Department will prepare a comment and response document and final permit documents. Availability of the final permit documents will be announced in the *Pennsylvania Bulletin*.

Public Hearing and Meeting of the Health Research Advisory Committee

The Health Research Advisory Committee (Committee) will hold a public hearing and a public meeting on April 29, 2002. The public hearing and meeting will be held in Room 100, Labor and Industry Building, Forster and Seventh Streets, Harrisburg, PA.

State fiscal year 2001-02 priorities for both formula-funded and nonformula-funded health research under the Tobacco Settlement Act are posted on the Department of Health's website (www.health.state.pa.us) under Act 77/Tobacco Settlement Act, Commonwealth Universal Research Enhancement Program. On February 4, 2002, the Committee voted to continue unchanged for State fiscal year 2002-03 the State fiscal year 2001-02 health research priorities for the formula funds. The primary purpose of the public hearing is to obtain suggestions for nonformula funded health research priorities for State fiscal year 2002-03, but comments on the formula-funded priorities are welcome.

The public hearing will be held from 9:30 a.m.—12 p.m. Comments must be submitted in writing, no later than 2:30 p.m. on April 8, 2002, to the Department of Health, Bureau of Health Statistics, Health Research Program, 555 Walnut Street, 6th Floor, Harrisburg, PA 17120-1900. Written comments must be no more than two typewritten pages. Persons wishing to present written statements orally at the public hearing must contact David Hooper at (717) 783-2548 by 2:30 p.m. on April 8, 2002, to make a reservation to testify at the hearing. Oral testimony will be limited to 3 minutes. Persons will be scheduled on a first come, first served basis, as time permits.

A meeting of the Committee will be held from 1 p.m.—4:30 p.m. The purpose of the meeting is to discuss the research priorities for nonformula funds for the State fiscal year 2002-03.

No reservations are required to attend the public meeting.

For additional information contact Patricia W. Potrzebowski, Director, Bureau of Health Statistics or Robin C. Cohick, Administrative Officer, Bureau of Health Statistics, 555 Walnut Street, 6th Floor, Harrisburg, PA, (717) 783-2548.

Persons with a disability who wish to attend the meeting and require an auxiliary aid, service or other accommodation to do so should contact Patricia W. Potrzebowski or Robin Cohick at (717) 783-2548; V/TT (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT&T Relay Services at (800) 654-5984 (TT).

The hearing and meeting are subject to cancellation without notice.

DEPARTMENT OF LABOR AND INDUSTRY

Innovation and Expansion Grant to Provide Job Creation Assistance on Behalf of Persons with Significant Disabilities

The Department of Labor and Industry, Office of Vocational Rehabilitation (OVR), under the Rehabilitation Act of 1973, as amended in 1992, announces that competing applications to establish, expand or improve community rehabilitation programs serving persons with the most significant disabilities will be accepted. This competition is authorized under section 103 of the Rehabilitation Act of 1973.

Funding for this competition is under the auspice of the Pennsylvania State Board of Vocational Rehabilitation and the OVR, which will serve as administrator and fiscal agent for the grant awarded under this competition. Applications will be written to accomplish the following area of emphasis:

- To increase employment and career opportunities for persons with significant disabilities in mainstream industry jobs in Cameron, Clearfield, Elk, Jefferson and McKean Counties.
- To stimulate development, retention, and growth of commerce and industry in Cameron, Clearfield, Elk, Jefferson and McKean Counties.

Service Information

This competition will result in one award and funding for a 4-year period, beginning July 1, 2002. The maximum annual funding level for this grant will not exceed \$150,000.

Eligible applicants are recognized Economic Development Groups (EDG), defined as "any group, corporation, or consortium which exists for the purpose of providing economic development funding, including capital equipment purchases, in the region for which the EDG has been designed."

For purposes of this competition, an eligible applicant may also be another nonprofit or governmental organization experienced in successfully collaborating with business and industry located in Cameron, Clearfield, Elk, Jefferson and McKean Counties. The collaboration must have been in regard to development of employment, employment opportunities, placement of hard-to-place populations, workforce development or comparable areas of endeavor.

An applicant must demonstrate an understanding of the economy, market characteristics, and market potential in the service area that encompasses Cameron, Clearfield, Elk, Jefferson and McKean Counties.

An applicant must have operated in these capacities for a minimum of 3 years for its application to be considered for this competition.

For purposes of this competition, Job Creation Assistance on Behalf of Persons with Significant Disabilities, services focus upon activities that result in increased competitive employment of OVR-eligible persons with significant disabilities. Activities allowable under this grant competition include disbursement of moneys, through the OVR grantee, to qualified local businesses for purchase of equipment.

The grantee funded under this competition must comply with the following:

- Individuals placed in employment through this program must be eligible OVR customers.
- Job creation services must be implemented with the close coordination of the OVR DuBois District Office functioning in a leadership capacity. Proposals submitted for consideration under this grant competition must reflect this ongoing joint effort.
- The OVR District Administrator, the OVR DuBois District Office or that person's designee, must personally be involved in all decisions regarding provision of equipment to applicant businesses. The district administrator must cosign all disbursements made by the grantee to qualifying businesses.

Application Information

Applications received by 5 p.m., April 12, 2002, which are complete and conform to established specifications, will be accepted for review. Applications submitted after this date and time will be ineligible for consideration.

Applications will be evaluated by a panel of reviewers convened for that purpose.

The effective dates for the contract will be July 1, 2002, through June 30, 2003. Final awards made through this competition are subject to the approval of the Executive Director of the OVR.

Eligible applicants include EDGs, defined as "any group, corporation, consortium which exists for the purpose of providing economic development funding, including capital equipment purchases, in the region for which the EDG has been designed."

For purposes of this competition, an eligible applicant may also be another nonprofit or governmental organization experienced in successfully collaborating with business and industry located in Cameron, Clearfield, Elk, Jefferson and McKean Counties. The collaboration must have been in regard to development of employment, employment opportunities, placement of hard-to-place populations, workforce development or comparable areas of endeavor.

A complete application package, which includes more detailed information, is available by contacting Jacqueline B. Lucas, Office of Vocational Rehabilitation, Contracts and Grants Management Section, 909 Green Street, Harrisburg, PA 17102-2913, (717) 787-7016, fax: (717) 705-9345; TDD: (717) 783-8917.

Preproposal Conference

A preproposal conference to deal specifically with technical questions regarding applications will be held for applicants on Tuesday, March 26, 2002, at 10 a.m. in the DuBois Office of Vocational Rehabilitation, 199 Beaver Drive, DuBois, PA 15801.

Copies of the application package will also be available at this conference. Persons expecting to attend should advise the DuBois District Office at (814) 765-0545, no later than 1 week prior to the conference, of any special accommodations that may be required for them to fully participate in the preproposal conference.

DEPARTMENT OF STATE

Notice from the Secretary of the Commonwealth

On January 31, 2002, Governor Mark Schweiker signed into law Act 3 of 2002 (Act 3). Effective March 17, 2002, Act 3 repeals the act of June 30, 1995 (P. L. 170, No. 25), known as the Pennsylvania Voter Registration Act (PVRA) (25 P. S. Ch. 4A (relating to Voter Registration Act)), and codifies it as Part IV (relating to voter registration) of Title 25 (relating to elections) of the *Pennsylvania Consolidated Statutes*. See Act 3, §§ 1, 5(2) and 6. The repeal of the PVRA and its replacement by 25 Pa.C.S. Pt. IV is effective 45 days after enactment, or March 17, 2002. See Act 3, § 7(3).

Section 1513 of Title 25 provides as follows:

§ 1513. Applicability of provisions.

(a) *Suspension.*—To the extent that the Secretary of the Commonwealth determines that the National Voter Registration Act of 1993 (Public Law 103-31, 42 U.S.C. § 1973gg et seq.) prohibits the cancellation of registration for elections for Federal office because of a failure to vote as provided in section 1510 (relating to failure to vote), the provisions of sections 1506 (relating to checkup of registers) through 1512 (relating to correction of errors in cancellation or suspension) are suspended. The suspension shall become effective upon publication of notice of the determination in the *Pennsylvania Bulletin*.

(b) *Effect of suspension.*—Should the provisions of sections 1506 through 1512 be suspended as provided in subsection (a), the provisions of Chapter 19 (relating to provisions contingent on Federal Law) shall be effective during the period of suspension.

Section 1513 is substantively identical to Section 5103 of the PVRA (25 P. S. § 5103 (relating to applicability of provisions)). Acting under Section 5103 of the PVRA, the Secretary of the Commonwealth in 1995 published in the *Pennsylvania Bulletin* a notice that she had determined that the National Voter Registration Act of 1993 (NVRA) prohibits the cancellation of registration for elections for Federal office because of a failure to vote. See 25 Pa.B. 2844 (July 15, 1995). Consequently, since that time, the provisions of Sections 906 through 912 of the PVRA (25 P. S. §§ 961.906—961.912) have been suspended.

Inasmuch as the PVRA on March 17, 2002 will be repealed by Act 3 and replaced by 25 Pa.C.S. Pt. IV, the Secretary of the Commonwealth must make a similar determination under 25 Pa.C.S. § 1513. Upon review of the NVRA, the Secretary of the Commonwealth has determined that the NVRA prohibits the cancellation of registration for elections for Federal office because of a failure to vote as provided in 25 Pa.C.S. § 1510 (relating to failure to vote). Therefore, as provided by Section 1513(a), the provisions of 25 Pa.C.S. §§ 1506 (relating to checkup of registers) through 1512 (relating to correction of errors in cancellation or suspension) are suspended, and the provisions of 25 Pa.C.S. Chapter 19 (relating to provisions contingent on Federal Law) shall be effective during the period of suspension.

This notice shall be effective March 17, 2002, to coincide with the effectiveness of Act 3's repeal of the PVRA and its replacement by 25 Pa.C.S. Pt. IV.

C. MICHAEL WEAVER,
Acting Secretary of the Commonwealth

ENVIRONMENTAL HEARING BOARD

Settlement of Appeal

Waste Management Disposal Services of Pennsylvania, Inc. v. DEP, EHB Doc. No. 2001-003-K

The Department of Environmental Protection (Department) and Waste Management Disposal Services, Inc. (WMDS) have agreed to a settlement of the previous matter.

On or about August 22, 2000, WMDS submitted to the Department two separate Phase I applications for expansions of the Pottstown Landfill (Waste Permit ID No. 10059), located in Douglas and West Pottsgrove Townships, Berks and Montgomery Counties. On or about December 7, 2000, the Department terminated review of the applications and returned the applications to WMDS. On or about January 5, 2001, WMDS filed an appeal of the Department's return of the Phase I applications with the Environmental Hearing Board (Board). The appeal was docketed at EHB Doc. No. 2001-003-K.

The parties have agreed to a settlement, the major provisions of which include:

a. In the event that prior to the cessation of currently approved waste disposal operations in the Eastern Expansion area of the Pottstown Landfill, WMDS or any of its successors or assigns applies to vertically expand the Eastern Expansion area of the Pottstown Landfill within the existing permit area limit of the Existing Eastern Expansion Area then the Department and WMDS, its successors and assigns, will consider the application to be a proposal to operate an "area permitted prior to January 25, 1997," within the meaning of 25 Pa. Code § 273.202 (relating to areas where municipal waste landfills are prohibited).

b. In the event that WMDS or any of its successors or assigns applies to expand or otherwise permit any area of the Pottstown Landfill other than the vertical expansion of the Eastern Expansion area of the Pottstown Landfill as previously stated, then the Department and WMDS, its successors and assigns will consider the application to be a proposal to operate an "area permitted after" December 23, 2000, January 13, 2001, and any other date that precedes the date of approval of the permit for the purposes of the exclusionary area criteria set forth in 25 Pa. Code Articles VIII and IX (relating to municipal waste; and residual waste management).

Copies of the full agreement are in the hands of Mark L. Freed, Assistant Counsel, Department of Environmental Protection, Lee Park, 555 North Lane, Suite 6015, Conshohocken, PA, 19428, (610) 832-6300; and Andrew S. Levine, Esquire, Stradley, Ronon, Stevens & Young, 2600 One Commerce Square, Philadelphia, PA 19103, (215)

564-8073 and at the offices of the Board and may be reviewed by any interested party on request during normal business hours.

GEORGE J. MILLER,
Chairperson

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petition for Study

On February 19, 2002, the Environmental Quality Board (EQB) accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

The petition was submitted by Larry Piasecki of Pottstown, PA, who requests the redesignation of Brooke Evans Creek in Montgomery County from Warm Water Fishes to Exceptional Value waters. The Department of Environmental Protection (DEP) staff will publish notice of its intent to assess the waters before performing survey work.

The petition is available from the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526, and on DEP's website at the following address: <http://www.dep.state.pa.us/dep/subject/eqb/2002/BE%20Creek.pdf>.

HOUSING FINANCE AGENCY

Request for Proposals for Homeownership Choice Program for Year 2002 and Mandatory Prede- velopment Seminar

The Housing Finance Agency (Agency) announces a Request for Proposals (RFP) to provide funds for the development of single family homes, for purchase, in urban communities through its Homeownership Choice Program (HCP).

To encourage partnership at the municipal level, applications for funding through the HCP should be a joint effort between a for-profit builder, a local, nongovernmental nonprofit builder/developer and the local government. To ensure that local resources are better focused on the HCP in that area, municipalities are urged to limit themselves to submitting one proposal.

Interested persons and entities should visit the Agency website at www.phfa.org for specific information, program requirements and application instructions.

Proposals for HCP funding must target those areas within municipalities of a sizable population which have

experienced significant depopulation while their surrounding suburban communities have experienced significant growth. The Agency's funding must be matched on a 1:1 basis by local applicants, with at least 50% of the match funding contributed by local government. Proposals must be financially viable and ready to commence within 1 year of the Agency funding commitment. Additional specific guidance and information about application criteria are available at the Agency website.

HCP Predevelopment Information Seminar

The Agency will conduct a predevelopment information seminar for all prospective HCP participants on March 11, 2002, at 2101 N. Front Street, Harrisburg, PA. Attendance at this seminar is mandatory; no proposals will be accepted from entities other than those who have attended.

Proposals seeking consideration in the Year 2002 HCP must be received by the Agency no later than 2 p.m. on Tuesday, September 3, 2002. Submissions will be the property of the Agency. The Agency reserves the right to amend or modify this program at any time and may determine to discontinue this program at any time. All costs associated with this program or the application process will be the responsibility of the applicant.

Questions regarding the HCP program, predevelopment information seminar or application process may be submitted to Robert F. Bobincheck, 2101 N. Front Street, Harrisburg, PA 17110, fax to (717) 780-1833 or e-mail to bbobincheck@phfa.org.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, February 21, 2002, and took the following actions:

Regulations Deemed Approved under section 5(g) of the Regulatory Review Act—Effective February 13, 2002

Insurance Department #11-211: Charter Amendments; Financial Requirements (Deletes 31 Pa. Code §§ 65.21—65.26)

Regulations Approved

State Real Estate Commission #16A-568: Agency (amends 49 Pa. Code Chapter 35)

State Board of Private Licensed Schools #6-272: Definitions; Fees (amends 22 Pa. Code Chapter 73)

Pennsylvania Public Utility Commission #57-222: Financial Reporting Requirements for All Telecommunications Carriers (amends 52 Pa. Code §§ 63.31—63.33, 71.3 and 71.9)

Insurance Department #11-208: Long-Term Care Insurance Form and Rate Filings (deletes 31 Pa. Code Subchapter M (§§ 89.901—89.921) and adds 31 Pa. Code Chapter 89a)

Approval Order

Public Meeting held
February 21, 2002

Commissioners Voting: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson, by phone; Arthur Coccodrilli, by phone; Robert J. Harbison, III; John F. Mizner

State Real Estate Commission—Agency; Regulation No. 16A-568

On January 20, 2000, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Real Estate Commission. This rulemaking amends 49 Pa. Code Chapter 35. The proposed regulation was published in the February 5, 2000, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 22, 2002.

This rulemaking implements Act 112 of 1998 and Act 47 of 2000. These Acts delineate certain duties of licensees according to whom they are representing and include mandatory provisions to be contained in written agreements and sales contracts. Additionally, the amendments explain various agency relationships and list the duties required of licensees.

We have determined this regulation is consistent with the statutory authority of the State Real Estate Commission (63 P. S. §§ 455.404, 455.608, 455.608a and 455.608b) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

State Board of Private Licensed Schools—Definitions, Fees; Regulation No. 6-272

On April 4, 2001, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Private Licensed Schools (Board). This rulemaking amends 22 Pa. Code Chapter 73. The proposed regulation was published in the April 14, 2001, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 24, 2002.

The Board has added the definition of "seminar," a new fee for schools that only present seminars, and raised fees for biennial school licensure and licensure of admissions representatives. The Board is increasing these fees to generate revenues that meet or exceed expenditures in a biennial period as required by statute.

We have determined this regulation is consistent with the statutory authority of the State Board of Private Licensed Schools (24 P. S. §§ 6504(a) and 6510(a)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Pennsylvania Public Utility Commission—Financial Reporting Requirements for All Telecommunications Carriers; Regulation No. 57-222

On August 27, 2001, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code §§ 63.31—63.33, 71.3 and 71.9. The proposed regulation was published in the September 8, 2001, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 24, 2002.

The regulation updates the existing telephone utility classifications and streamlines reporting requirements for incumbent local exchange carriers (ILECs) and competitive local exchange carriers (CLECs). The regulation allows CLECs to use accounting methods other than the Uniform System of Accounts as long as they report to the PUC which method they are using. Finally, existing requirements for quarterly and annual rate-of-return financial reports are clarified to apply only to ILECs, and the quarterly reports are reduced to semi-annual reports.

We have determined this regulation is consistent with the statutory authority of the PUC (66 Pa.C.S. § 501) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Insurance Department—Long-Term Care Insurance Form and Rate Filings; Regulation No. 11-208

On September 25, 2001, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Insurance Department (Department). This rulemaking deletes 31 Pa. Code Subchapter M (§§ 89.901—89.921) and adds 31 Pa. Code Chapter 89a.

The proposed regulation was published in the October 6, 2001, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 23, 2002. On February 8, 2002, the Commission received a request from the Department to toll consideration of this final-form regulation to modify one sentence. Also on February 8, 2002, the Department submitted its revision to the final-form regulation to the Commission.

The Department is replacing its existing long-term care insurance regulations with a new chapter that revises rate-filing requirements and required disclosure notices. It addresses areas related to the impact of rate increases and adequate disclosure of the terms and conditions of long-term care insurance policies.

We have determined this regulation is consistent with the statutory authority of the Department (40 P. S. § 991.1112) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

TURNPIKE COMMISSION

Retention of a Consulting Firm

Electronic Bidding System Design and Development

Reference No. 3-149

The Turnpike Commission (Commission) will retain a consulting firm/team with experience in highway construction administration procedures, to design and develop a process driven Electronic Bidding System (EBS) for Commission construction contracts. The EBS encompasses electronically executing the entire administrative process (from creation to execution) required to develop construction contract documents and to efficiently procure construction services. The focus of the EBS project is to automate and streamline the entire construction procurement process.

The Commission's main objective is to provide consistency within the construction industry and specifically with the Department of Transportation (Department), with whom we share as business partners. Our goals to consider this a successful project are as follows:

- Research existing EBSs for compatibility with the Commission's needs.
- Develop the Commission new bidding procedures for using the EBS.
- Develop the Commission's EBS.
- Implement the Commission's EBS.

The following factors will be considered by the Commission during the evaluation of the firms submitting statements of interest for these projects:

A. Specialized experience and technical competence of prime consultant and subconsultants. The team must clearly demonstrate an ability to analyze available data to make decisions and develop documents to complete the project in a timely and cost effective manner.

B. Ability and methods to efficiently and effectively manage the implementation of this system in conjunction with existing construction bidding requirements and procedures.

C. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on similar projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project and the client.

D. Project management team experience:

1. Experience with the Commission's bidding and construction policies, procedures and best practices.

2. Experience with the Commission's project development and project management processes.

3. Experience in preparing plans, specifications and estimates in accordance with established project criteria.

4. Experience in development and implementation of construction management/engineering technology, construction project management and cost control expert systems, construction documentation systems, client server technology, WAN/LAN system integration, XML and browser centric applications.

5. Experience with the Commission pertaining to the construction and construction management phases of the Capital Plan Programs.

E. Workload of the prime consultant and subconsultants for all Department and Commission projects.

F. Other factors, if any, specific to the project.

Address these items and any necessary further details in a brief yet comprehensive manner in the statement of interest.

The Commission is committed to the inclusion of disadvantaged, minority and woman firms in contracting opportunities. The minimum participation level for DBE/MBE/WBEs in this contract will be 10% total. Responding firms shall clearly identify DBE/MBE/WBE firms, expected to participate in this contract, in their statement of interest. If the selected firm does not meet the minimum requirement for DBE/MBE/WBE participation, they will be required to demonstrate good faith efforts to achieve the required level. Proposed DBE/MBE/WBE firms must be certified by the Department at the time of the submission of the statement of interest. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Commission's Contracts Administration office by calling (717) 939-9551 ext. 4241.

Questions and inquiries concerning this solicitation should be directed to Jeffrey P. Wilson, (717) 939-9551 ext. 3503 or by e-mail to jwilson@paturnpike.com. Contractual questions should be directed to George M. Hatalowich at (717) 986-8737 or by e-mail to ghatalow@paturnpike.com.

General Requirements and Information

Firms interested in providing the previous work and services are invited to submit a statement of interest with the required information. The statements of interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified.)

2. A three-page expression of interest on the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for each project and provide explanation of the technical approach.

3. An organization chart for the project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the statement of interest will require written approval from the Commission.

4. Tabulation or listing of workload for the prime consultant and all subconsultants for all Department and Commission projects. Do not graphically represent the firm's workload.

5. A Consultant Qualification Package similar to the one submitted to the Department for the current year or one that is best suited for this project. A copy of the Consultant Qualification Package printed directly from the Department's ECMS website is acceptable.

The Consultant Qualification Package should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the statement of interest (subs to follow primes):

- ECMS General Information and Project Experience Forms or Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, either not more than one 1 year old as of the date of the advertisement.
- Resumes of key personnel expected to be involved in the project (limit to two 8 1/2 × 11 pages, per person). Only resumes of key personnel should be included.
- Copy of the firm's registration to do business in this Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in this Commonwealth.
- A copy of the Department's DBE/WBE Certification, if applicable.

If a joint venture responds to a project advertisement, the Commission will not accept separate statements of interest from joint venture constituents. A firm will not be permitted to submit a statement of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. Multiple responses under any of the forgoing situations will cause the rejection of all responses of the firm or firms involved. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

Small firms, DBE firms and other firms who have not previously performed work for the Commission are encouraged to submit a statement of interest.

Firms interested in performing the previous services are invited to submit a statement of interest and required information to George M. Hatalowich, Engineering Contract Manager, Turnpike Commission Administration Building, 700 South Eisenhower Boulevard, Middletown, PA 17057 (street address). The Commission's mailing address is P. O. Box 67676, Harrisburg, PA 17106-7676.

The statement of interest and required information must be received by 12 p.m., Friday, March 22, 2002. Statements of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable statements of interest received in response to these solicitations, one firm will be selected for each contract. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Commission. Technical proposals will not be requested prior to the establishment of the final ranking.

The Commission reserves the right to reject all statements of interest, to cancel solicitation requested under this notice and/or to readvertise solicitation for the work and services.

Retention of an Engineering Firm

Open-End Construction Inspection Mileposts 246.00—359.0 and the Northeast Extension

Reference No. 4-060

The Turnpike Commission (Commission) will retain an engineering or construction management firm to provide open-end construction inspection services for various projects in the Pennsylvania Turnpike's Eastern Region ((Mileposts 246.00—359.0 and the Northeast Extension) (Berks, Bucks, Carbon, Chester, Dauphin, Lackawanna, Lancaster, Lebanon, Lehigh, Luzerne and Montgomery Counties)). The types of projects to be inspected under this agreement may include, but are not limited to, bituminous overlays, bridge rehabilitation and replacements, service plaza parking lot expansions and building modifications.

The contract will be for a maximum cost of \$500,000 or for a 36-month period, with projects assigned on an as-needed basis. The number of required inspectors is contingent upon the workload and has been historically in the average range of zero to seven inspectors at any given time.

The main service to be provided under this agreement will be to supply construction inspectors on an as-needed basis as a supplement to our existing inspection staff. On limited occasions, the selected firm may be required to provide a full-time onsite construction inspection staff, with sufficient office personnel, managers, engineers, technicians and clerical staff, to support the field functions. The selected firm may be required to attend the prebid meeting and preconstruction conference, write project correspondence, and review and approve contractor's submissions. In addition, the selected firm may be required to keep records utilizing the Commission's Construction Documentation System to document the construction progress, prepare current and final estimates for payment to contractors, prepare change orders, conduct monthly job conferences, monitor monthly progress, provide liaison with affected utilities and communities, conduct semifinal and final inspections, determine the final quantities for each contract item and perform other duties as required.

Eighty percent of the inspection staff assigned to this Commission construction project must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies as a transportation engineering technician—construction level 2 or higher.
2. Be registered as a professional engineer by the Commonwealth with 1 year of highway inspection experience acceptable to the Commission.
3. Be certified as an engineer-in-training by the Commonwealth with 2 years of highway inspection experience acceptable to the Commission.

4. Hold a bachelor of science degree in civil engineering or civil engineering technology with 2 years of highway inspection experience acceptable to the Commission.

5. Hold an associate degree in civil engineering technology with 3 years of highway inspection experience acceptable to the Commission.

The remaining 20% assigned to this project shall meet the following education and experience requirements:

Education—Graduation from high school or equivalent certification or formal training. Completion of a training program in construction inspection approved by the Commission may be substituted for high school graduation.

Experience—One year of experience in construction inspection or workmanship which required reading and interpreting construction plans and specifications or 1 year of experience in a variety of assignments involving the testing of materials used in highway or similar construction projects. A 2 to 4 year engineering college degree may be substituted for 1 year of experience.

Questions and inquiries concerning this project should be directed to Matthew J. Wagner, P. E., (717) 939-9551 ext. 5210 or by e-mail to mwagner@paturnipke.com. Contractual questions should be directed to George M. Hatalowich at (717) 986-8737 or by e-mail to ghatalow@paturnipke.com.

General Requirements and Information

Firms interested in providing the previous work and services are invited to submit a statement of interest with the required information. The statements of interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified.)

2. A three-page expression of interest on the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for each project and provide explanation of the technical approach.

3. An organization chart for the project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the statement of interest will require written approval from the Commission.

4. Tabulation or listing of workload for the prime consultant and all subconsultants for all Department and Commission projects. Do not graphically represent the firm's workload.

5. A Consultant Qualification Package similar to the one submitted to the Department for the current year or one that is best suited for this project. A copy of the Consultant Qualification Package printed directly from the Department's ECMS website is acceptable.

The Consultant Qualification Package should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the statement of interest (subs to follow primes):

- ECMS General Information and Project Experience Forms or Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, either not more than one 1 year old as of the date of the advertisement.

- Resumes of key personnel expected to be involved in the project (limit to two 8 1/2 x 11 pages, per person). Only resumes of key personnel should be included.

- Copy of the firm's registration to do business in this Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in this Commonwealth.

- A copy of the Department's DBE/WBE Certification, if applicable.

If a joint venture responds to a project advertisement, the Commission will not accept separate statements of interest from joint venture constituents. A firm will not be permitted to submit a statement of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

Small firms, DBE firms and other firms who have not previously performed work for the Commission are encouraged to submit a statement of interest.

Firms interested in performing the previous services are invited to submit a statement of interest and required information to George M. Hatalowich, Engineering Contract Manager, Turnpike Commission Administration Building, 700 South Eisenhower Boulevard, Middletown, PA 17057 (street address). The Commission's mailing address is P. O. Box 67676, Harrisburg, PA 17106-7676.

The statement of interest and required information must be received by 12 p.m., Friday, March 22, 2002. Statements of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable statements of interest received in response to these solicitations, one firm will be selected for each contract. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Commission. Technical proposals will not be requested prior to the establishment of the final ranking.

The Commission reserves the right to reject all statements of interest, to cancel solicitation requested under this notice and/or to readvertise solicitation for the work and services.

BRADLEY L. MALLORY,
Chairperson

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
