READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 1910 AND 1930]

Proposed Amendments to the Rules Relating to Domestic Relations Matters; Recommendation 57

The Domestic Relations Procedural Rules Committee proposes the following amendments to Rules of Civil Procedure 1910.13-1, 1910.13-2, 1910.16-2, 1910.19 and 1930.4. The Committee solicits comments and suggestions from all interested persons prior to submission of these proposed amendments to the Supreme Court of Pennsylvania.

Written comments relating to the proposed rules must be received no later than Friday, June 15, 2001 and must be directed to:

Patricia A. Miles, Esquire
 Counsel, Domestic Relations Procedural Rules Committee
 5035 Ritter Road, Suite 700
 Mechanicsburg, Pennsylvania 17055
 FAX (717) 795-2116
 E-mail patricia.miles@supreme.court.state.pa.us

The notes and explanatory comments which appear in connection with the proposed amendments have been inserted by the Committee for the convenience of those using the rules. They will not constitute part of the rules and will not officially be adopted or promulgated by the Supreme Court.

Counsel

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.13-1. Failure or Refusal to Appear Pursuant to Order of Court. Bench Warrant.

* * * * *

(d) The bench warrant shall direct that if the court is unavailable at the time of the party's arrest, the party shall be lodged in the county jail until such time as court is opened for business. The authority in charge of the county jail must promptly notify the sheriff's office and the director of the domestic relations section that defendant is being held pursuant to the bench warrant. **The party shall be brought before the court for a hearing when the court is next open for business. However, [Under] under no circumstances shall the party remain in the county jail longer than [seventy-two hours prior to hearing] five days from the time of arrest before being brought before the court.**

Explanatory Comment—1994

* * * * *

An individual arrested pursuant to a bench warrant can be incarcerated for a period not to exceed **[seventy-two hours] five days** prior to hearing as set forth in

[new] Rule 1910.13-1(d). Under the old rules, if the court [is] was unavailable at the time of arrest, the individual could not be held. Therefore, law enforcement officials were unable to execute bench warrants in the evenings or on weekends, when their efforts were most likely to be successful. By limiting the possible period of incarceration to **[seventy-two hours] five days**, [new] Rule 1910.13-1(d) balances the need to bring parties before the court with the desire to avoid lengthy pre-trial detention. Bail can be set by the court where appropriate, providing additional protection for the respondent.

* * * * *

Explanatory Comment—2001

Subdivision (d) of Rule 1910.13-1 and the related comment have been amended to extend the time period for holding an individual arrested on a bench warrant prior to hearing. While continuing to provide a time limit on a party's pre-hearing detention, the amendment will permit law enforcement officials to execute bench warrants on holidays and long weekends when their efforts have traditionally been most successful.

Rule 1910.13-2. Form of Request for Bench Warrant and Supporting Affidavit. Form of Bench Warrant.

* * * * *

(b) The Bench Warrant entered by a court pursuant to Rule 1910.13-1 shall be in substantially the following form, and shall be attached to the Request for Bench Warrant form set forth in subdivision (a) of this rule:

[CAPTION]

BENCH WARRANT

* * * * *

You are further commanded that if the court is unavailable, the party may be held in the County Jail until the court is opened for business, at which time the party shall be promptly conveyed and delivered into the custody of the court at

 (address)

 (city)

Pennsylvania, for hearing.

The authority in charge of the county jail shall notify the sheriff's office and the director of the domestic relations section forthwith that the party is being held pursuant to the bench warrant.

Under no circumstances may the party be held in the county jail for more than **[seventy-two hours] five days** prior to hearing.

Rule 1910.16-2. Support Guidelines. Calculation of Net Income.

The amount of support to be awarded is based in large part upon the parties' monthly net income. **A support order must be fair and non-confiscatory.**

(a) *Monthly Gross Income.* Monthly gross income is ordinarily based upon at least a six-month average of all of a party's income. The term "income" is defined by the support law, 23 Pa.C.S. § 4302, and includes income from any source. **For purposes of these guidelines, gross income shall include all earned and unearned income that is recurring or will increase the income available to a party over an extended period of time. When determining whether or not an income source should be included in the support guidelines calculation, the court must consider if the funds would have been available to pay expenses related to the subject of the support action if the family was intact and how long that source would have been available to pay those expenses. [The statute lists many types of income including, but not limited to] Gross income includes, but is not limited to, the following:**

(1) **compensation for services, including wages, salaries, bonuses, fees, [and] commissions and compensation in kind (the fair market value of goods, services or benefits received in lieu of wages if they reduce the living expenses of the recipient);**

(2) **military pay and allowances, including Basic Allowance for Quarters (BAQ), Basic Allowance for Subsistence (BAS) and Variable Housing Allowance (VHS) or the fair market value of in-kind benefits;**

[(2)](3) [net] income from the operation of a business or from dealings in property, minus ordinary and necessary operating expenses;

[(3)](4) interest, rents, royalties, and dividends;

[(4)](5) pensions and all forms of retirement [(5) distributions from government and private retirement and pension plans, social security retirement benefits, military retirement benefits, Railroad Retirement Board benefits, deferred compensation plans, profit sharing plans, 401(k) plans, individual retirement accounts and Keogh plans;

[(5)](6) income from annuities, inheritances or an interest in an estate or trust;

(7) income from life insurance and endowment contracts;

[(6)](8) social security disability benefits, [social security retirement benefits,] temporary and permanent disability benefits, workers' compensation and unemployment compensation;

[(7)](9) alimony if, in the discretion of the trier of fact, inclusion of part or all of it is appropriate; [and]

Official Note:

Since the reasons for ordering payment of alimony vary, the appropriateness of including it in the recipient's gross income must also vary. For example, if obligor is paying \$1,000 per month in rehabilitative alimony for the express purpose of financing obligee's college education, it would be inappropriate to consider that alimony as income from which the obligee could provide child support. However, if alimony is intended to finance obligee's general living expenses, inclusion of the alimony as income is appropriate.

(10) overtime, part-time and severance pay;

(11) discharge of indebtedness;

(12) distributive share of partnership gross income;

(13) income from the sale of investments or earnings on investments;

(14) lottery and gambling winnings;

(15) personal injury awards or other lawsuit awards and settlements, insurance compensation or settlements;

(16) income tax refunds, credits or rebates;

(17) imputed income based upon earning potential; and

[(8) other entitlements to money or lump sum awards, without regard to source, including lottery winnings, income tax refunds, insurance compensation or settlements; awards and verdicts; and](18) any form of payment due to and collectible by an individual regardless of source.

Official Note:

The trial court has discretion to determine the most appropriate method for imputing lump-sum awards as income for purposes of establishing or modifying the party's support obligation. These awards may be annualized or they may be averaged over a shorter or longer period of time depending on the circumstances of the case. They may also be escrowed in an amount sufficient to secure the support obligation during that period of time.

Income tax refunds, **credits or rebates** should not be included as income to the extent they were already factored into the party's actual tax obligation for purposes of arriving at his or her net income.

Gross income does not include the following:

(1) means-tested income (i.e. based upon the fact that the recipient has minimal income and requires government assistance to subsist) including, but not limited to, Temporary Assistance to Needy Families (TANF), General Assistance, Refugee Assistance, rent subsidies, food stamps and Supplemental Security Income for the Aged, Blind or Disabled (SSI);

(2) child support received for children of another relationship;

(3) non-income producing assets (e.g. undeveloped real estate, automobiles, jewelry, art, stocks and bonds) unless the court finds that the intent of the investment was to avoid the payment of support;

(4) income of a child, unless the court determines that such income should be included because the child is a professional or has substantial income that reduces the family's living expenses;

(5) income from other household members (e.g. step-parents, current spouse or grandparents) who are not legally responsible for support; and

(6) financial assistance for education including loans, grants, scholarships and veterans' education benefits.

Explanatory Comment—2001

The prior version of this rule simply recited the definition of income in the support statute at 23 Pa.C.S. § 4302. As a result of perceived ambiguity,

the rule has been amended to clarify application of the statutory categories of income in support proceedings.

(b) *Treatment of [Public Assistance, SSI Benefits and] Social Security Payments to a Child Due to a Parent's Disability or Retirement.*

[(1) Neither public assistance nor Supplemental Security Income (SSI) benefits shall be counted as income for purposes of determining support.]

[(2)] If a child for whom support is sought is receiving social security retirement or disability derivative benefits as a result of a parent's age or disability, the benefits the child receives shall be added to the combined monthly net incomes of the obligor and obligee to calculate the income available for support on the vertical axis of the basic child support schedule set forth in Rule 1910.16-3. The presumptive amount of support as set forth on the schedule at the combined income of obligee, obligor and child's benefits shall then be reduced by the amount of the child's social security or disability derivative benefits before apportioning the remaining support obligation between the parties pursuant to Rule 1910.16-4.

Example. If the obligor has net monthly income of \$1200 per month; the obligee has net monthly income of \$800; and the child receives social security derivative benefits of \$300 per month as a result of either the obligor's or obligee's retirement or disability, then the total combined monthly net income is \$2,300. Using the schedule at Rule 1910.16-3 for one child, the amount of support is \$539 per month. From that amount, subtract the amount the child is receiving in social security derivative benefits (\$539 minus \$300 equals \$239). Then, apply the formula at Rule 1910.16-4 to apportion the remaining child support amount of \$239 between the obligor and the obligee in proportion to their respective incomes. Obligor's \$1200 net income per month is 60% of the total of obligor's and obligee's combined net monthly income. Thus, obligor's support obligation would be 60% of \$239, or \$143.40, per month.

[Official Note:

Care must be taken to distinguish Social Security from Supplemental Security Income (SSI) benefits. Social Security benefits are income pursuant to subdivision (a) of this Rule.]

Rule 1910.19. Support Modification. Termination. Guidelines as Substantial Change in Circumstances.

* * * * *

(d) When a child who is the subject of a child support order reaches eighteen (18) years of age, the domestic relations section shall issue an emancipation inquiry and notice to the obligee, with a copy to the obligor, seeking the following information:

(1) confirmation of the child's date of birth, date of graduation or withdrawal from high school;

(2) whether the child has left the obligee's household and, if so, the date of departure; and

(3) any special needs of the child which may be a basis for continuing support for that child beyond the child's eighteenth birthday or graduation from high school, whichever is last to occur.

The notice shall advise the obligee that if the inquiry is not returned within twenty (20) days of mailing or if the child does not have any special needs, the charging order may be modified or terminated by the court. When no other children are subjects of the child support order and the obligee either does not return the emancipation inquiry within twenty (20) days of its mailing or does not assert grounds for continuing support for the child, then the court shall have the authority to administratively terminate the child support charging order without further proceedings at any time on or after the last to occur of the date the last child reaches age eighteen (18) or graduates from high school. Termination of the charging order shall not affect any arrears accrued through the date of termination.

If the order applies to another child or children and/or the obligee asserts that a child has special needs requiring continued support after emancipation, then the domestic relations section may schedule a conference to determine if the charging order should be modified.

Explanatory Comment—2001

Although support orders do not terminate automatically, many obligors are unaware of the necessity of filing a petition to terminate a child support order when the child becomes emancipated. As a result, old orders have continued to charge long after the subject child has become an adult. New subdivision (d) is intended to address this problem by giving the obligee notice of a proposed modification or termination of the order and the opportunity to object. If no objection is made, or if the obligee fails to respond with a reason to continue the order, the rule gives the court the authority to terminate or modify the charging order, depending upon whether or not other children are covered under the order.

CHAPTER 1930. RULES RELATING TO DOMESTIC RELATIONS MATTERS GENERALLY

Rule 1930.4. Service of Original Process in Domestic Relations Matters.

(a) *Persons Who May Serve.* Original process in all domestic relations matters may be served by the sheriff or a competent adult:

- (1) by handing a copy to the defendant; or
- (2) by handing a copy

(i) at the residence of the defendant to an adult member of the family with whom [he] the defendant resides; but if no adult member of the family is found, then to an adult person in charge of such residence; or

(ii) at the residence of the defendant to the clerk or manager of the hotel, inn, apartment house, boarding house or other place of lodging at which [he] the defendant resides; or

(iii) at any office or usual place of business of the defendant to [his] the defendant's agent or to the person for the time being in charge thereof.

- (3) or pursuant to special order of court.

Official Note:

See Rule 76 for the definition of "competent adult."

(b) *Service in Protection From Abuse Matters.* In Protection From Abuse matters only, original process may also be served by an adult **using any means set forth in subdivision (a) above. If personal service cannot be completed within forty-eight (48) hours after the entry of the protection order, the court may, by special order, authorize service by mail pursuant to subdivision (c) of this rule.**

(c) *Service by Mail.* Except in Protection from Abuse matters **unless authorized by special order of court pursuant to subdivision (b) above,** original process may also be served by mailing the complaint and order to appear, if required, to the defendant's last known address by both regular and certified mail. Delivery of the certified mail must be restricted to addressee only, and a return receipt must be requested.

(1) If the certified mail is refused by defendant, but the regular mail is not returned within fifteen days, service may be deemed complete.

(2) If the mail is returned with notation by the postal authorities that it was unclaimed, service shall be made by another means pursuant to these rules.

(d) *Acceptance of Service.* In lieu of service pursuant to this rule, the defendant or **[his] the defendant's** authorized agent may accept service of original process by filing with the prothonotary a separate document which shall be substantially in the following form:

Title 255—LOCAL COURT RULES

CARBON COUNTY

Revision of Adult Probation/Parole Department
Firearms Policy; No. 74MI99

Administrative Order No. 12-2001

And Now, this 21st day of March, 2001, it is hereby *Ordered and Decreed* that, effective thirty (30) days after publication in the *Pennsylvania Bulletin*, that the Carbon County Court of Common Pleas hereby *Revises* the Adult Probation/Parole Department Firearms Policy applicable to all members of the Carbon County Adult Probation Department since its inception on December 13, 1999.

The Carbon County District Court Administrator is *Ordered and Directed* to do the following:

1. File seven (7) certified copies of this Administrative Order with the Administrative Office of Pennsylvania Courts.
2. File two (2) certified copies and one (1) diskette with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
3. File one (1) certified copy with the Pennsylvania Criminal Procedural Rules Committee.
4. Forward one (1) copy for publication in the Carbon County Law Journal.
5. Forward one (1) copy to the Carbon County Law Library.

6. Keep continuously available for public inspection copies of the Order and Rule in the Clerk of Court's Office.

By the Court

RICHARD W. WEBB,
President Judge

Definitions

Purpose: To establish policy and procedure governing the administration of the Carbon County Adult Probation/Parole Department's firearms program.

Applicability: To the Chief Adult Probation/Parole Officer, the Deputy Chief Adult Probation/Parole Officer and all Adult Probation/Parole Officers.

Definitions: As utilized in this document, the following definitions shall apply:

1. *Arrest:* The physical taking of a person into custody and restraining them until they can be brought before the court to answer the violations alleged against them.

2. *Attack management:* Shielding, distance and movement.

3. *Attack potential:* The immediate and simultaneous existence of intent, weapon, delivery system and target.

4. *Center of mass:* The center of the three largest vital areas available, upper torso, brain and pelvic girdle.

5. *Certification:* The assignment of a certification number to a probation/parole officer after successful completion of a mandatory basic training course from the County Probation and Parole Officers' Firearm Education and Training Commission.

6. *Deadly force:* As defined in Pennsylvania Crimes Code, 18 P. S. § 501, which states: "Force, which, under circumstances in which it is used, is readily capable of causing death or serious bodily injury."

7. *Defense of life rule:* The use of deadly force only in those circumstances in which a person cannot safely disengage and where deadly force is required to stop and render a person incapable of continuing life threatening actions.

8. *Delivery system:* The opportunity to place someone in jeopardy.

9. *Displaying a firearm:* The clearing from a holster (unholstering) a firearm or brandishing a holstered weapon in a manner in which a reasonable person could perceive a use of force threat.

10. *Excessive force:* Force, which is unreasonable in the performance of an act otherwise lawful; or, force used in making an arrest in excess of the force reasonably necessary to effect control of a subject.

11. *Firearm:* Any pistol or revolver with a barrel less than twelve inches, any shotgun with a barrel less than twenty-four inches, or any rifle with a barrel less than fifteen inches (See 18 Pa.C.S. § 6102).

12. *Force:* The impetus of power; physical power of strength, exerted against a person and employed without their consent for the purpose of controlling the person while maintaining a position of advantage.

13. *Handgun:* A revolver or pistol designed to be fired with one hand.

14. *Impairment:* A condition, which can affect judgment, reaction time or motor skills as it may affect the ability to handle a firearm safely.

15. *Intent*: The means to place someone in jeopardy.

16. *Magazine*: A receptacle where rounds are stored for use in a pistol.

17. *Peace officer*: Any person who by virtue of his office or public employment is vested by law with a duty to maintain public order or to make arrests for offenses, whether that duty extends to all offenses or is limited to specific offenses, or any person on active State duty pursuant to section 311, of the Act of May 27, 1949 (P. L. 1903, No. 568), also known as "The Military Code of 1949." Also, see 18 Pa.C.S. § 501 as applied to probation officers in 61 Pa.C.S. § 309.1.

18. *Pistol*: A semi-automatic handgun.

19. *Preclusion*: Fast assessment to determine if a lower level of force would be inappropriate, ineffective and to disengage is not possible.

20. *Self-defense*: That action taken to nullify an attack when based on a reasonably founded belief that either death, serious bodily injury or other injury will occur because of the existence of a clear and present danger. Self-defense may be personal or instituted for the protection of another person.

21. *Serious bodily injury*: As defined in the Pennsylvania Crimes Code, 18 P. S. § 2301, which states: "Bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ."

22. *Target*: A person or thing at which force may be directed or used.

23. *Target identification*: An empirical verification of a person or thing at which force may be directed or used.

24. *Target isolation*: The ability to segregate a target from surrounding people or objects.

25. *Use of force*: As defined by the Pennsylvania Crimes Code, 18 P. S. § 508, Use of Force in Law Enforcement, which states:

"(a) Peace Officer's Use of Force in Making Arrest:

(1) A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in the use of any force, which he believes to be necessary to effect the arrest, and of any force, which he believes to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using deadly force only when he believes that such force is necessary to prevent death or serious bodily injury to himself or such other person, or when he believes both that:

(i) such force is necessary to prevent the arrest from being defeated by resistance or escape; and

(ii) the person to be arrested has committed or attempted a forcible felony or is attempting to escape and possesses a deadly weapon, or otherwise indicates that he will endanger human life or inflict serious bodily injury unless arrested without delay.

(2) A peace officer making an arrest pursuant to an invalid warrant is justified in the use of any force which he would be justified in using if the warrant were valid, unless he knows that the warrant is invalid."

26. *Use of force model*: The Use of Force Paradigm for Enforcement and Corrections as developed and defined by John Desmedt of the Protective Safety System.

27. *Weapon*: Includes handguns and firearms. It also includes any other instruments of offensive or defensive combat use or designated as being capable of causing injury to another person.

28. *Weapon-carrying officer*: A county probation/parole officer who is authorized to carry a weapon in connection with performance of the duties of his employment.

Authority and Policy Statement

Authority: This policy statement has been developed pursuant to and in accordance with statutory requirements, local rules established by the Carbon County Adult Probation/Parole Department and through the formal adoption by the Carbon County Court of Common Pleas through administrative court order.

Policy statement: The Carbon County Adult Probation/Parole Department recognizes that an element of danger does exist in dealing with criminal offenders and will provide adult probation/parole officers with the opportunity to carry a firearm in order to protect themselves from serious bodily injury or deadly force. The consideration in the use of force is for the preservation of life and physical safety of the officer, the public and the offender.

Statutory Authority of Adult Probation Officers

Authority of Probation and Parole Officers: Probation and Parole Officers employed by the Court of Common Pleas enjoy police powers over the offenders under their supervision. Section I of Act 277 of 1963 and amended Act 117 (61 P. S. § 309.1) vests probation officers with such police powers. The Act states:

"Probation Officers heretofore or hereafter appointed by any Court of record of this Commonwealth are hereby declared to be peace officers, and shall have police powers and authority throughout the Commonwealth to arrest with or without warrant, writ, rule of process, any person on probation, intermediate punishment or parole under the supervision of said Court for failing to report as required by the terms of his/her probation, intermediate punishment or parole or for any other violation of his/her probation, intermediate punishment or parole."

Peace Officer: In 1973, with the adoption of the Pennsylvania Crimes Code, a peace officer was defined in 18 P. S. § 501 as:

"... any person who by virtue of his public office or public employment is vested by law to make arrests for offenses whether that duty extends to all offenses or is limited to specific offenses ..."

The police powers granted to probation and parole officers are limited. Those powers extend only to persons subject to the jurisdiction of the sentencing common pleas court or as may be granted by another jurisdiction through an Interstate Compact Agreement (61 P. S. § 321 et seq.) or Intercounty Compact Agreement. Therefore, the police power of probation and parole officers differs in scope from that of the police officer.

Arrest Authority: Adult probation/parole officers are empowered to make arrests; however, those powers extend only to offenders under the jurisdiction of the department placed on probation, parole or intermediate punishment (See 61 P. S. § 309.1).

Use of Force Policy

Jurisdiction to act: The use of any force by adult probation/parole officers will be justified only when the department has jurisdiction. The jurisdiction to act as an authorized adult probation/parole officer is limited to those situations involving offenders under the direct supervision of the department and/or those individuals that are encountered by officers as a direct result of the supervision of the offender.

Purpose of force: The objective of the use of force by adult probation/parole officers is to establish and maintain lawful control in a timely manner, to minimize the potential for injury to parties directly involved, as well as others. The degree of force authorized is that degree necessary to establish lawful control in a timely manner. This degree of force depends upon the degree of danger or resistance perceived by the officer.

Use of force model: The department formally adopts, subscribes and employs The Use of Force Paradigm for Enforcement and Corrections as developed and defined by John Desmedt of The Protective Safety Systems.

Timeliness: Timely means on time and not late. Officers need not wait for injury to occur to themselves or others before taking appropriate action to prevent injury.

Control of the subject: Control of the subject must be established for the safety of the officer and others in response to perceived danger and when necessary to accomplish duties authorized by law.

Use of physical force: Physical force is to be used only in circumstances of justifiable self-protection or the protection of other persons. Adult probation/parole officers should use their discretion in using physical force. When possible, officers should consider withdrawing from the situation and securing assistance. If physical force is used, the officer shall only use the minimum force necessary to control the situation.

Officer Identification: If circumstances permit, the officer must make their identity as an adult probation/parole officer known.

Verbal Warning: Whenever possible, the officer must exercise persuasion, advice and warning before using physical force. If such verbal control would be (or is found to be) ineffective, the officer may use physical force to accomplish a lawful purpose.

Use of Force Considerations: Officers shall consider the following when employing force:

1. Subject's immediate threat to safety.
2. Subject's active resistance or attempt to escape.
3. Severity of the crime involved.
4. An officer's ability to disengage.
5. The circumstances existing at the moment force is used.
6. The tactics employed by an officer that may have caused a use of force decision to become necessary.

Reasonable Control Guidelines: When using force, officers must:

1. Match force to the subject's resistance.
2. Correctly apply techniques and equipment appropriate to that force level.
3. Apply alternative options if tactics fail to establish control.

Use of Excessive Force: The use of excessive force is prohibited by Federal and State laws. Violation of these laws can carry both civil and criminal penalties. Officers will be held accountable for the use of force.

Administration of First Aid: An officer who uses force on an offender and injuries result, the officer shall:

1. Contact the Carbon County Communications Center for assistance from medical personnel and law enforcement personnel.
2. Contact the Chief Adult Probation/Parole Officer or immediate supervisor.
3. Render first aid to the injured subject. Officers must remember that they are responsible for administering first aid treatment to an injured subject.

Use of Force Test: The use of force is based upon determining what force a reasonable officer at the scene would have used under the circumstances (See Graham v. Conner, 109 S.Ct. 1865, 1989).

Deadly Force Policy

Serious Bodily Injury: The operational definition of serious bodily injury shall be defined by the Use of Force Model as:

1. An open gash or wound;
2. Major broken bones; and/or
3. Damage to internal organs.

Use of Deadly Force: The use of deadly force by officers shall be strictly limited to defensive situations. If appropriate, officers shall exhaust all other types of force before resorting to the utilization of deadly force.

Justifiable Use of Deadly Force: When the use of deadly force is justified, officers discharging weapons shall not shoot to kill nor shoot to wound, but rather to stop the action by causing the instant incapacitation of the subject. For maximum stopping effectiveness and to minimize the danger to innocent bystanders, officers should shoot at center body mass.

Offensive Posture: Officers shall not utilize deadly force in an offensive posture to effect the apprehension of those persons who commit violations of probation, parole or intermediate punishment, or any other law amounting to summary, misdemeanor or felony offenses, which do not present the threat of death or serious bodily injury. Nothing contained in this policy statement shall preclude the use of deadly force for self-defense, when warranted.

Verbal Warning: When practical, and if the time and opportunity exists in a deadly force situation, officers shall identify themselves as adult probation/parole officers and give some type of warning prior to the use of deadly force.

Requirements for Righteous Deadly Force: Officers shall consider the following:

1. Accurately assessing a subject's imminent potential for attacking in a life-threatening manner (attack potential); the immediate and simultaneous existence of intent, weapon, delivery system and target.
2. Articulating why an officer feared for their life or someone else's when deadly force action was taken.
3. Explaining why a lower level of force was inappropriate, ineffective and disengagement was not possible.

Target Identification and Isolation: Officers shall consider the following factors when making a decision to use deadly force:

1. Officers facing a decision to use deadly force must be aware of any innocent third parties that may be present in or near the line of fire.

2. Officers are prohibited from discharging their firearms when they cannot identify their target and it appears reasonably and likely that an innocent person(s) may be injured, unless the prohibition in discharging the firearm is likely to result in the immediate death or serious bodily injury of the officer or another person.

3. Officers shall establish target identification and target isolation.

Use of Excessive Force: See Page 5 of this policy statement.

Administration of First Aid: See Page 5 of this policy statement.

Disengagement: Whenever possible, and if the time and opportunity exists, officers shall utilize shielding, distance and movement (attack management) to disengage from a situation before resorting to deadly force.

Warning Shots: Warning shots are strictly prohibited under all circumstances.

Rescue Shots: Officers may use a rescue shot for the purpose of identifying location and/or acquiring appropriate assistance.

Authorization to Carry Firearms

Authorization to Carry a Firearm: All adult probation/parole officers with peace officer status can request authorization to become a weapon-carrying officer (See Page 18 of this policy statement).

Requirements to Carry a Firearm: The department shall authorize officers to carry firearms for defensive purposes when the following criteria is met:

1. Successful completion of a criminal background investigation.

2. Successful completion of a psychological examination.

3. Successful completion of the Basic Orientation Academy for Probation/Parole Officers.

4. A written request from the Adult Probation/Parole Officer to the Chief Adult Probation/Parole Officer to carry a firearm.

5. Successful completion of a first aid and CPR course.

6. Successful completion of a defensive tactics and Use of Force course.

7. Successful completion and certification from the County Probation and Parole Officers' Firearm Education and Training Commission.

8. Ability to demonstrate a proficiency in the knowledge, handling, and safety of firearms.

Issuance of Authority to Carry a Firearm: The process of requesting authorization to carry a firearm shall be reviewed by the Chief Adult Probation/Parole Officer who shall consider the following:

1. Demonstrated need to carry a firearm in the performance of their official duties.

2. Physical and emotional condition of the officer.

3. Presence of alcohol-related problems.

4. Signs of emotional instability.

5. Officer under the care of a psychologist or psychiatrist.

6. Current or past disciplinary problems with the officer.

7. Completion of all requirements as outlined in this policy statement.

Final Approval: The Chief Adult Probation/Parole Officer will make the final decision. The refusal of a request for authorization to carry a firearm is not appealable. Unless otherwise instructed, an officer may reapply for authorization every six months (See Page 19 of this policy statement).

Officers Not Requesting Authorization To Carry: All officers that were hired prior to the implementation date of this policy statement will have the option to carry a firearm. If an officer decides not to carry a firearm, then he/she must complete the Request Not To Carry a Firearm form and return it to the Chief Adult Probation/Parole Officer. Nothing in this policy statement shall prohibit an officer from requesting authorization to carry at a later time (See Page 20 of this policy statement).

Relinquishing Authorization: Once an officer is authorized to carry a firearm, that officer cannot request relinquishment of that authorization. The decision to carry a firearm is a difficult and moral decision that must be considered carefully by the officer before requesting authorization.

Condition of Employment: After the adoption of this policy statement, any new employee will be required to carry a firearm in the performance of their official duties.

Issuance of the Firearm: Once the officer has completed all training and fulfilled all agency requirements, the Chief Adult Probation Officer shall issue a firearm to the officer and execute the firearm issuance form (See Page 21 of this policy statement).

Firearms Not To Be Carried Without a License: Since adult parole/probation officers are declared peace officers with police powers to arrest offenders in violation of probation, parole or intermediate punishment, a license to carry a firearm during the performance of their official duties is not required. However, the department recommends that all weapon-carrying officers obtain a license to carry a weapon. The officer shall absorb the costs of the permit. Also, according to 18 Pa.C.S. § 6106, states, No person shall carry a firearm in any vehicle or concealed on or about his person, except in his place of abode or fixed place of business, without a license, except, constables, sheriffs, prison or jail wardens, or their deputies, policemen of this Commonwealth or its political subdivisions, or other law-enforcement officers.

Conditions for Carrying a Firearm

Conditions for Carrying Firearms: All weapon-carrying officers shall carry their firearm concealed and under the following circumstances:

1. During an arrest situation.

2. During a search and seizure situation.

3. While conducting field contacts, including after-hour investigations by assigned on-call personnel.

4. Range qualification and related training, including practice shooting.

5. To and from employment.

Office and Courthouse Setting: While in the office, all weapon-carrying officers shall secure their firearm in the gun security cabinet within the adult probation office. Officers shall be prohibited from carrying their firearm while in the office, unless entering or exiting the building to conduct fieldwork.

Courthouse Setting: While in the Courthouse or Courthouse Annex Building, all weapon-carrying officers shall secure their firearm in the gun security cabinet within the adult probation office. Officers shall be prohibited from carrying their firearm in the courthouse or courthouse annex building, unless entering or exiting the building to conduct fieldwork.

Concealment of Firearm: Firearms are to be carried in a concealed manner on the officer, under an article of clothing. The following exception will apply:

1. When participating in an arrest situation, the officer may position the weapon in an unconcealed manner to enhance accessibility.

Displaying a Firearm

Displaying a Firearm: Firearms shall not be displayed or drawn for any other reason than described below:

1. During an arrest situation.
2. Justifiable self-protection or the protection of others
3. When the officer perceives an immediate threat of death or serious bodily injury, which may include an attacking animal.
4. Cleaning the firearm, storage and inspection.
5. Range qualification or practice shooting.
6. Storage at a correctional facility, courthouse or other secure facility.

Handling of Firearms

Handling of a Firearm: The continued authorization to carry a firearm will depend on the following:

1. The officer's compliance with agency policy and procedure.
2. The officer's ability to handle the firearm in a safe manner.
3. The officer's ability to conduct themselves in a safe and proper manner while in possession of the firearm.
4. Except for general maintenance, storage or authorized training, officers shall not draw or exhibit their firearms unless circumstances create strong reasonable belief that it may be necessary to lawfully use the weapon.
5. In those situations, the officer shall exercise a reasonable standard of care with the drawn weapon. Reasonable care includes: pointing the muzzle in a safe direction; keeping the trigger finger outside the trigger guard; and under no circumstances shall a weapon capable of double action be cocked for single action use.
6. The use or handling of a firearm by an officer, on or off-duty, in a careless or imprudent manner or the unjustified endangering of human life by a firearm in violation of this policy statement is strictly forbidden and shall result in a disciplinary investigation and may result in the revocation of authorization to carry a firearm.

7. The department does not authorize or recognize the carrying of an agency issued firearm during off-duty hours.

Firearm Safety Considerations: The following regulations apply to all firearms and situations, whether on or off the range, at home or conducting probation/parole activities:

1. Always consider all firearms to be loaded.
2. Never point the muzzle of the firearm across anything, which you are unwilling to shoot.
3. Keep your finger outside the trigger guard until you are ready to shoot.
4. Be certain of your target, target identification and target isolation.
5. When you take a gun from its holster or storage for any other purpose than necessary use, unload it and check to see that it is unloaded three times.
6. A gun is not a toy, do not play with it.
7. Do not use or possess a firearm when drinking or using other substances that alter perception or disposition.
8. Resist the temptation to show off your firearm.
9. Do not loan your firearm to anyone else.
10. When passing a pistol to another individual, make sure the weapon is unloaded, magazine removed, action open, handing it gun grip first.

Storage of Firearms and Ammunition

Storing the Firearm: All weapon-carrying officers shall store their firearm as follows:

1. *In the Field:* When performing fieldwork, firearms are to be concealed on the officer.
2. *In an Automobile:* Firearms shall not be left in a vehicle, trunk, glove compartment, briefcase or other areas of storage, except under the following circumstances.
 - a. When the officer is entering an institution in which a firearms locker is not available.
 - b. When the officer must appear in court in which the courthouse does not allow entrance of an armed officer and there is no firearms locker available.
 - c. Should circumstances arise requiring the emergency or brief storage of a weapon, the containment area must be stationary, locked and be inaccessible to all except the officer.
3. *In the Office:* For purposes of office security and safety, officers are not permitted to carry their firearm in the office, unless entering and exiting to conduct fieldwork. When weapon-carrying officers are assigned to the office for duty days, the firearm must be stored in the gun security cabinet unloaded, with the key being secured by the officer. Under no circumstances are firearms to be stored in desks or any other location in the office. If weapon-carrying officers do not take their firearms home after normal business hours, then the weapon must be secured in the gun security cabinet, unloaded.
4. *In the Courthouse/Annex Building:* For purposes of courthouse security and safety, officers shall secure their firearm in the gun security cabinet within the adult probation office unloaded. Officers shall be prohibited from carrying their firearm in the courthouse or annex building, unless entering or exiting the building to conduct fieldwork.

5. *Correctional Facilities/Other Courthouses:* When officers enter correctional facilities, other courthouses or any other secure facility, the officer shall secure their weapon in accordance with the facility's regulations.

6. *At Home:* See Page 11 of this policy statement.

7. *Interstate Travel:* When traveling outside the Commonwealth of Pennsylvania, officers are not permitted to carry their firearm into the neighboring state.

8. *In a Public Rest Room:* The officer shall remove his/her duty belt with the firearm in the holster and place the duty belt around the officer's neck. This procedure will ensure that the officer's equipment will not be stolen or forgotten.

Storage of Ammunition: When in the office, the firearm will be unloaded and the ammunition secured separately from the firearm in the gun security cabinet, accessible only to authorized personnel. When at home, the ammunition shall be removed from the firearm and stored in a separate location.

Unattended Firearm: Under no circumstances shall the officer leave his duty weapon unattended while in the office, field, home or any other unsecured locations.

Home Safety

Firearm at Home: All weapon-carrying officers may take their firearms home after normal business hours.

Home Safety: It is essential that the officer assigned to carry a firearm instruct their family members in the proper use and handling of the firearm. It should be made perfectly clear that the firearm is not to be handled by anyone other than the officer or a mature adult. The officer is responsible to educate his family members on the safety and proper handling of the firearm. All firearms should be kept out of the reach of children and immature or irresponsible adults and stored in a secure area. Older children may be given gun instruction with the extent of the training being dependent on the child's maturity and judgment of the parents.

Storage at Home: Immediately upon entering the residence, the firearm should be unloaded, the magazine removed and the firearm and equipment stored in a secure area. Officers are encouraged to store the ammunition, magazines and the firearm in different locations. The firearm must not be left unattended and accessible while in the residence. It shall be the responsibility of the officer to ensure that the firearm is properly secured in a locked cabinet or drawer. The firearm should be kept beyond the reach of small children.

Loaded Firearm: Firearms shall not remain loaded while in the residence. The officer shall immediately unload the weapon when they enter the residence and all ammunition should be kept in a safe location away from the weapon.

Trigger Guards: As a suggestion, a trigger guard lock will secure the firearm from accidental discharge. The key to the trigger guard should be kept on the officer's person at all times.

Unattended Weapon at Home: The officer shall not leave his duty weapon unattended while in their residence. The firearm must be secured at all times.

Loading and Unloading Firearms

Loading Firearms in the Office: The agency has provided all weapon-carrying officers with a gun barrel to load and unload their weapons. When officers are preparing for fieldwork, the officer shall load his firearm in the gun barrel located within the agency as follows:

1. The officer shall notify all agency personnel that he will be loading his weapon.

2. Before loading the weapon, the officer shall clear the entire room of other agency personnel.

3. The officer shall point the barrel of the weapon into the center of the gun barrel and load the weapon.

4. No other agency personnel shall be permitted in the area until the weapon is loaded and secured in the officer's holster.

Unloading Firearms in the Office: When officers return from the field, they shall unload their weapon as outlined above.

Discharge of Firearms

Discharge of a Firearm: The discharge of a firearm is permitted only when an officer reasonably believes that he/she or another person is at risk for serious bodily injury or death and that the deadly force employed by the officer is reasonable and necessary and not excessive by comparison to the type of resistance offered by the offender.

Unholstering: See Page 9 of this policy statement (Displaying a Firearm).

A Discharged Weapon: Any unholstering, discharge or firing of a weapon, other than in a training program, qualification or off-duty practice, must be reported immediately to a supervisor by the officer who discharged the weapon.

Involved Officer(s) Responsibilities: Any time an officer is engaged in an incident, which involves the discharge of a firearm, whether by an agency officer or another person, the following procedure shall apply:

1. Immediately following the incident, secure the scene and make every effort to preserve potentially pertinent evidence.

2. Contact the Carbon County Communications Center for the police department that has jurisdiction and medical personnel, if injuries resulted to any persons at the scene.

3. Notify the Chief Adult Probation/Parole Officer or his designee, if unavailable.

Written Incident Report: The officer must file a written incident report immediately after the discharge to their immediate supervisor. The officer shall provide the exact location and time of the incident; a detailed description of the incident; names and addresses of witnesses; reasons for discharging the weapon; names of any investigating police officers; and any other information that may be necessary in understanding and investigating the incident. However, if a police investigation has been initiated, the officer(s) involved with the incident will not need to file a written report at this time. The Chief Adult Probation/Parole Officer will obtain a copy of the police report.

Surrendering the Weapon: The officer shall surrender the weapon involved to their immediate supervisor or a requesting police officer involved in the investigation. The officer's weapon shall be confiscated and temporarily suspended until the investigation is completed.

Incidents and Allegations: It is the responsibility of the officer carrying a firearm to report immediately to a supervisor any incidents or situations that may result in allegations being made or complaints filed regarding the use or displaying of a firearm. Other staff that observes an unusual situation involving a firearm must verbally report to an immediate supervisor. The Chief Adult Probation/Parole Officer may request a written report.

Departmental Investigation: The Chief Adult Probation Officer shall receive prompt notification of the incident so that an investigation can be initiated to verify the factual basis surrounding the situation.

Shooting At Moving Vehicles

Shooting at Moving Vehicle Guidelines: Officers shall not discharge a firearm at or from a moving vehicle except under the following circumstances:

1. As a last resort measure of self-defense when the subject is using deadly force by means of other than the vehicle.

2. As a last resort measure of self-defense when a vehicle is being driven in a manner deliberately intended to kill or injure an officer or other party.

Limitations and Consequences Shooting at a Moving Vehicle: In deciding to shoot at a moving vehicle, officers must take into account the following limitations and consequences:

1. The difficulty of hitting a moving target.
2. The possibility of ricochets striking unintended targets.
3. Population densities.
4. The difficulty in penetrating the automobile body and/or steel belted radial tires.
5. The inability to stop a vehicle's momentum even when the target actor is hit.
6. The possibility of damage or injury, which might result from causing the vehicle to go out of control.

Damaged, Lost or Stolen Firearms

Damaged Firearm: Any officer who suspects that his/her issued firearm is damaged shall immediately notify the Chief Adult Probation/Parole Officer. A potentially damaged firearm shall not be carried. The firearm shall be secured and sent to a certified armorer for repairs. During this time, the officer will not carry a firearm until the firearm can be repaired.

Lost or Stolen Firearm: The loss or theft of a firearm shall be immediately reported to the Chief Adult Probation/Parole Officer. This report must be made within twenty-four (24) hours of occurrence, either by telephone or in person. The initial notification will be followed immediately by a written report describing the circumstances surrounding the loss or theft of the firearm. The employee must take immediate and reasonable action to recover the firearm and obtain all information available to aid in the investigation and recovery of the firearm. Employees must seek assistance from the appropriate law enforcement agency as soon as possible.

Security and Accountability: Officers are directly responsible for the safety and security of authorized firearms. Officers may be required to reimburse the County for the costs of lost, stolen or damaged firearms if:

1. An official investigation establishes that the officer is negligent or otherwise at fault,
2. It is administratively decided that reimbursement is to be made.

Disciplinary Action: Failure to safeguard or otherwise secure firearms may result in disciplinary action. Furthermore, the officer's authorization to carry may be suspended and he/she referred for appropriate levels of training.

Requirement to Notify the Department of Physical and Pharmacological Conditions Affecting the Ability to a Carry Firearm

Impairment: It shall be the responsibility of the weapon-carrying officer to notify their immediate supervisor of any physical or pharmacological conditions causing physical and/or emotional impairment.

Prescriptive Medication: In those instances when an officer is prescribed a medication for an illness or medical condition, it shall be the responsibility of the weapon-carrying officer to notify their immediate supervisor. When an officer believes and/or medical personnel indicate that a medication may affect judgment and/or reaction time, authorization to carry a firearm shall be suspended. Authorization shall be reinstated upon the cessation of the medication and its effects or with a physician's ruling that the medication's potential contraindications would be aversive to handling a firearm safely and proficiently.

Temporary Suspension of Authorization to Carry

Incidents and Allegations: See Page 15 of this policy statement.

Departmental Investigation: See Page 15 of this policy statement.

Temporary Suspension of Authorization to Carry: If circumstances arise where an officer's ability to properly handle a firearm is called into question, the Chief Adult Probation/Parole Officer has the duty and authority to immediately remove the officer's agency issued firearm in an effort to provide for the safety of the officer, as well as that of the community. Reasons for a temporary suspension may include, but are not limited to the following:

1. Physical limitation or injury
2. Mental, emotional, or behavioral impairment
3. Allegations of misconduct, negligence, or carelessness
4. Induced impairment due to drugs (illicit or legal), and/or alcohol
5. Unsafe situational tactics
6. Violation of agency policy or procedure
7. Actions which may indicate a staff member's judgment is impaired
8. Violation of the Protection From Abuse Act, 35 P. S. § 10181, as amended, when the Court directs that all weapons be forfeited.

Period of Temporary Suspension: The Chief Adult Probation/Parole Officer shall conduct an investigation into the allegation of improper handling of a firearm. Within thirty (30) days of the alleged allegation, a decision shall be made to:

1. Remove authorization
2. Continue temporary suspension
3. Return firearm

Continued Temporary Suspension: If after thirty (30) days, the Chief Adult Probation/Parole Officer has not completed the investigation, then the temporary suspension may be extended for an additional thirty (30) days.

Removal of Authorization: After completion of the investigation, the Chief Adult Probation/Parole Officer may remove authorization from the officer until he/she can demonstrate an ability to properly handle the firearm in a safe manner and/or has completed training necessary to demonstrate the safe and proper handling of a firearm. This administrative decision is not considered disciplinary action and is for the safety of the officer and the community.

Appeal of Decision: The decision of the Chief Adult Probation/Parole Officer shall be final.

Allegations Involving the Chief Adult Probation/Parole Officer: When any allegations are lodged against the Chief Adult Probation/Parole Officer for violations of this firearm policy, then the Deputy Chief Adult Probation/Parole Officer shall remove the firearm from the Chief and conduct an investigation into the allegation in accordance with this policy statement.

Performance of Official Duties During Suspension: An officer whose authorization to carry a firearm has been suspended shall continue to perform their official duties and functions as an adult probation/parole officer with no interruption in services.

Reinstatement Process: An officer who had authorization removed may reapply for reinstatement every six months.

Firearms Training Requirements

Basic Firearms Academy: All officers carrying firearms must attend the initial firearms training course offered by the County Probation and Parole Officers' Firearm Education and Training Commission (See 61 Pa.C.S. § 332.1 through 61 Pa.C.S. § 332.9). The training course shall consist of a period of classroom instruction and range qualification.

Requalification: All officers who receive certification by the Commission, must requalify annually and during the time period established by the Commission. The department shall make arrangements with neighboring counties, who have a certified Commission firearms instructor, to conduct requalification training.

Failure to Qualify at the Initial Training: If an officer fails to qualify, he/she shall be given a second opportunity to participate in the next available training course. Any officer requesting a third opportunity must receive authorization from the Chief Adult Probation/Parole Officer.

Failure to Requalify: If an officer fails to requalify, he/she shall be given a second opportunity to participate in the next available training course. Any officer requesting a third opportunity must receive authorization from the Chief Adult Probation/Parole Officer. Failure to requalify will result in the temporary suspension of authorization to carry a firearm. When an officer fails to requalify, then he/she must attend the initial firearms academy.

Failure to Qualify By New Employee: An officer hired after the adoption of this policy statement and fails to qualify/requalify as set forth in this policy statement, will be offered additional training. Failure to qualify thereafter will result in a departmental inquiry as to the reasons an officer failed to qualify. A recommendation will be made to the court concerning the employment status of the officer.

Independent Firearms Practice: Officers authorized to carry a firearm may practice with their issued firearm on the employee's own time. The practice must occur only at a firing range, public or private. The department will only issue 200 rounds of practice ammunition to an officer attending the initial firearms training academy. The officer must purchase all other practice ammunition.

Training Ammunition: The department shall issue the appropriate number of rounds required for initial qualification and requalification. Approved training ammunition is new, factory-loaded, 124 grain, 9mm rounds. The department will only issue ammunition to the officer for two attempts at qualification. Any other authorized attempts to qualify will require the officer to purchase the ammunition approved by the department.

Familiarization Training: All adult probation/parole officers will be required to complete a firearms familiarization course, when available.

Authorized Equipment

Authorized Firearm: The department shall issue a Glock Model 26 (9 mm) pistol to each officer authorized to carry a firearm. Personal firearms are prohibited.

Authorized Duty Ammunition: The department shall issue thirty (30) rounds of duty ammunition, which is new, factory-loaded, 124 grain hydra-shok, jacketed hollow point. Any other ammunition is prohibited.

Holsters: The department shall issue a DeSantis Thumb Break Scabbard for each officer authorized to carry a firearm. All other holsters are prohibited. The holster shall be worn on the officer's duty belt, on the officer's strong side. Cross-draw positioning of a firearm is prohibited.

Magazines and Extensions: Each weapon-carrying officer will be issued two additional ten round magazines fitted with grip extensions.

Double Magazine Pouches: Each weapon-carrying officer will be issued a nylon double magazine pouch.

Modifications to Equipment: All equipment issued by the department is standard and under no circumstances will any modifications be permitted. Officers altering or modifying their equipment will be subject to disciplinary action, including suspension of authorization to carry a firearm.

Cleaning and Maintenance of Firearms

Cleaning of Firearms: Weapon-carrying officers are responsible for the cleaning and lubrication of their issued firearm after each use, whenever the handgun has been subjected to moisture or dirt and every three months. Cleaning kits will be available in the department and the officer must keep a record of when the handgun was cleaned. Since the department has no designated areas for cleaning, officers will be expected to clean their firearm at their desk or at home. Failure to maintain proper maintenance and cleaning of the firearm may result in the temporary suspension of authorization to carry.

Safety Considerations: Before cleaning your firearm, make absolutely sure that it is unloaded. All ammunition should be stored away from the cleaning area, with the gun's action open during the cleaning process.

Damaged Firearms: See Page 14 of this policy statement.

Inspection: The department shall forward all firearms to a certified Glock armorer for inspection, when necessary.

SCHUYLKILL COUNTY
Amendments to Orphans' Court Rules
Order of Court

And Now, this 23rd day of March, 2001, at 9:00 a.m., the Court hereby approves and adopts Schuylkill County Orphans' Court Rule 2.4D and hereby amends Schuylkill County Orphans' Court Rules 7.1B; 8.2A; and 8.7A. The rules are adopted and amended for use in the Court of Common Pleas of Schuylkill County, Pennsylvania (21st Judicial District) and shall be effective immediately upon publication in the *Pennsylvania Bulletin*.

It is further *Ordered* that said rules as they existed prior to the amendment are hereby repealed and annulled on the effective date of said rules as amended, but no right acquired thereunder shall be disturbed.

The Clerk of the Orphans' Court of Schuylkill County is Ordered and Directed to do the following:

1. File ten (10) certified copies of this Order and Rules with the Administrative Office of Pennsylvania Courts.

2. File two (2) certified copies of this Order and Rules with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, together with a diskette reflecting the text in the hard copy version.

3. File one (1) certified copy of this Order and Rules with the Pennsylvania Orphans' Court Rules Committee.

Rule 2.4D. Praecepto to Transmit.

All filings which require action by a judge or an assignment by the Court Administrator shall be accompanied by a praecipe to transmit on the Clerk's form "Praecepto to Transmit", and shall indicate the nature of the filing and what action is being sought to move the matter forward. The purpose of the praecipe is to advise the Court of what may be necessary for a disposition (i.e. when a hearing is required; when a matter is ripe for disposition on the record; matters that can be immediately addressed) and to expedite action on the filing. When a non-jury trial or a hearing involving witnesses is being requested, then the moving party shall list the witnesses to be presented and include an estimate as to the time required to present the case. In matters requiring a non-jury trial or hearing, opposing counsel is required to file a report in WRITING with the Clerk within 10 days of the moving party's filing of the praecipe to transmit, (1) listing the names of the witnesses they will use at trial or hearing; and (2) an estimate of time required to present their case. Failure to file the praecipe to transmit or to indicate what action is required from the Court may result in denial of the relief sought. Failure to list witnesses may result in the preclusion of their testimony.

Rule 7.1B. Exceptions. Time for Filing. Brief.

Except as otherwise provided, exceptions, with a brief in support thereof, shall be filed as of course with the Clerk within twenty (20) days from service of a copy of the adjudication, order, or decree complained of, and a true and correct copy of the exceptions and brief served upon all parties in interest, or their counsel of record, who shall have ten (10) days to respond. Proof of service as aforesaid shall be filed with the Clerk prior to any disposition of the exceptions.

Rule 8.2A. Filing of Report. Place. Time.

(a) The report of an Auditor or Master who has been appointed to assist the Court in the audit of an account or the disposition of an issue of fact in a matter shall be filed with the Clerk.

(b) The report of the Auditor or Master shall be filed within ninety (90) days after completion of the hearing(s) and shall be extended only upon application to the Court for good cause shown.

Rule 8.7A. Report of Auditor or Master. Disposition. Procedure.

(a) The report of an Auditor or Master shall be transmitted to the Court for Confirmation Nisi upon filing with the Clerk and shall become FINAL unless written exceptions thereto are filed within twenty (20) days after the date of filing the report.

(b) *Exceptions.* Any party in interest shall have the right to file exceptions to the report of an Auditor or Master within twenty (20) days after the filing and

confirmation Nisi thereof. Exceptions shall conform to the pertinent provisions of Chapter 7 of these rules.

STATE BOARD OF PODIATRY

[49 PA. CODE CH. 29]

Fees

The State Board of Podiatry (Board) proposes to amend §§ 29.12, 29.13 and 29.83 (relating to adoption of National board examination; fees; and examinations) to read as set forth in Annex A, by revising those fees which are not related to license renewals but rather to applications and specific services to accurately reflect the cost of processing applications and providing services, and by omitting reference to the examination fees for the National licensing examination and podiatry radiology examination.

A. Effective Date

The proposed amendments will be effective upon publication of the final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The proposed amendments are authorized under section 14 of the Podiatry Practice Act (act) (63 P. S. § 42.14).

C. Background and Purpose

Section 14 of the act requires the Board to set fees by regulation so that revenues meet or exceed expenditures over a biennial period. General operating expenses of the Board are funded through biennial license renewal fees. Expenses related to applications or services which are provided directly to individual licensees or applicants are

excluded from general operating revenues and are funded through fees in which the cost of providing the service forms the basis for the fee.

In a recent systems audit of the operations of the Board within the Bureau of Professional and Occupational Affairs (Bureau), the fees for services for licensees and applicants were analyzed to determine if the fees reflected the actual cost of providing the services. Actual cost calculations are based upon the following formula:

$$\begin{array}{r} \text{Number of minutes to perform the function} \\ \times \\ \text{Pay rate for the classification of the personnel performing} \\ \text{the function} \\ + \\ \text{A proportionate share of administrative overhead} \end{array}$$

As a result of the audit, the Board proposes to increase four existing fees, to decrease one fee and to add one additional fee. The analysis determined that current fees do not accurately reflect the actual cost of processing applications and providing other services.

In this proposal, fees for the services identified would be adjusted to allocate costs to those who use the service or submit an application. The Board would continue to apportion its enforcement and operating costs to the general licensing population when the Board makes its biennial reconciliation of revenues and expenditures.

Administrative Overhead

During reviews of other Bureau proposed fee regulations, the Independent Regulatory Review Commission (IRRC) requested that the Bureau and the boards: (1) itemize the overhead cost to be recouped by the fees; and (2) reexamine the method that is used to determine the administrative overhead factor for each fee.

IRRC commented that although the Bureau's method was reasonable, there was no assurance that the fees would recover the actual overhead cost because the charge was not related to the service, and because the charge was based on the actual rather than the projected expenditures. IRRC also commented that there was no certainty that the projected revenues would meet or exceed projected expenditures, as required under the Boards' enabling statutes.

In computing overhead charges, the boards and the Bureau include expenses resulting from service of support staff operations, equipment, technology initiatives or upgrades, leased office space and other sources not directly attributable to a specific board. Once determined, the Bureau's total administrative charge is apportioned to each board based upon that board's share of the total active licensee population. In turn, the boards' administrative charge is divided by the number of active licensees to calculate a "per application" charge which is added to direct personnel cost to establish the cost of processing. The administrative charge is consistently applied to every application regardless of how much time the staff spends processing the application.

This method of calculating administrative overhead to be apportioned to fees for services was first included in the biennial reconciliation of fees and expenses conducted in 1988-89. In accordance with the regulatory review, the method was approved by the Senate and House Standing Committees and IRRC as reasonable and consistent with the legislative intent of statutory provisions which require the Board to establish fees which meet or exceed expenses.

IRRC suggested that within each Board, the administrative charge should be determined by the amount of time required to process each application. For example, an application requiring 1/2 hour of processing time would pay one-half as much overhead charge as an application requiring 1 hour of processing time. The Bureau concurs with IRRC that by adopting this methodology the Bureau and the boards would more nearly and accurately accomplish their objective of setting fees that cover the cost of the service. Therefore, in accordance with IRRC's suggestions, the Bureau conducted a test to compare the resulting overhead charges obtained by applying IRRC's suggested time factor versus the current method.

This review of Board operations showed that approximately 25% of staff time was devoted to providing services described in the regulations. The current method recouped 22% to 28% of the administrative overhead charges versus the 25% recouped using a ratio-based time factor. However, when the time factor is combined with the licensing population for each Board, the resulting fees vary widely even though different licensees may receive the same services. For example, using the time-factor method to issue a verification of licensure would cost \$34.58 for a landscape architect as compared with a cost of \$10.18 for a cosmetologist. Conversely, under the Bureau method the administrative overhead charge of \$9.76 represents the cost of processing a verification application for all licensees in the Bureau. Also, the Bureau found that employing a time factor in the computation of administrative overhead would result in a different amount of overhead charge being made for each fee proposed.

With regard to IRRC's suggestions concerning projected versus actual expenses, the boards noted that the computation of projected expenditures based on amounts actually expended has been the basis for biennial reconciliations for the past 10 years. During these 5 biennial cycles, the experience of both the boards and the Bureau has been that using established and verifiable data which can be substantiated by collective bargaining agreements, pay scales and cost benefit factors, provides a reliable basis for fees. Also, the fees are kept at a minimum for licensees, but appear adequate to sustain the operations of the boards over an extended period. Similarly, accounting, recordkeeping and swift processing of applications, renewals and other fees were the primary basis for "rounding up" the actual costs to establish a fee. This rounding up process has in effect resulted in the necessary but minimal cushion or surplus to accommodate unexpected needs and expenditures.

In the past, questions have arisen as to the difference between certification and verification fees. The certification of a score is made at the request of a licensee when the licensee is seeking to obtain licensure in another state based upon licensure in this Commonwealth which was issued on the basis of a uniform National or regional examination which was taken in this Commonwealth. Generally, the state of original licensure is the only source of the score of the licensee, as testing agencies do not maintain this information. The licensure laws of many states include provisions that licensure by reciprocity or endorsement based on licensure in another state will be granted only if the board or agency determines that the qualifications are the same or substantially similar. Many state agencies have interpreted this provision to require that licensees have attained a score equal to or exceeding the passing rate in that jurisdiction at the time of original licensure. For this reason, these states

require that the Pennsylvania Board and other boards certify the examination score the applicant achieved on the licensure examination.

The difference between the verification and certification fees is the amount of time required to produce the document requested by the licensee. As noted, states request different information when making a determination as to whether to grant licensure based on reciprocity or endorsement from another state. The Bureau has been able to create two documents from its records that will meet all of the needs of the requesting state. The licensee, when the licensee applies to the other state, receives information as to what documentation and form is acceptable in the requesting state. The Bureau then advises the licensee of the type of document the Bureau can provide and the fee.

In the case of a verification, the staff produces the requested documentation by a letter, usually computer-generated, which contains the license number, date of original issuance and current expiration date, and status of the license. The letters are printed for the Bureau's central computer records and sent to the Board staff responsible for handling the licensee's application. The letters are sealed, folded and mailed in accordance with the directions of the requestor. The Bureau estimates the average time to prepare this document to be 5 minutes.

The Bureau uses the term "certification fee" to describe the fee for a request for a document, again generally to support reciprocity or endorsement applications to other states, territories or countries, or for employment or training in another state. A certification document contains information specific to the individual requestor. It may include dates or locations where examinations were taken, or scores achieved or hours and location of training. The information is entered onto a document which is usually supplied by the requestor. The average time to prepare a certification is 45 minutes. This is because a number of resources, such as files, microfilm and rosters must be retrieved and consulted to provide the information requested. The Board staff then seals and issues this document.

The Board is also taking this opportunity to eliminate references to the National Board of Podiatric Medical Examiners examination fee over which the Board has no control or involvement. Currently, candidates take the National board examination and the PM Lexis examination sequentially. Both examinations are recognized uniform examinations used throughout the United States. The General Assembly has indicated its preference for the recognition of National uniform examinations and grading services in accordance with section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a). The fee for the examination is established by the National examiner and communicated directly to the applicants. Applicants for the exam pay the examination fee directly to the National examiner. Thus, it is unnecessary and impractical for the Board to continue to publish the National examiner's examination fee in the Board's regulations. Therefore, the Board is eliminating reference to the examination fee. Moreover, since examination fees are no longer established by the Board, sections 4, 8 and 14 of the act (63 P. S. §§ 42.4, 42.8 and 42.14) are inapplicable as to National uniform examinations.

In addition, the Board is also taking this opportunity to eliminate references to the examination fee for the podiatry radiology examination over which the Board has no control or involvement. A person may, within the practice of podiatric medicine, perform radiologic procedures on

the premises of a podiatrist and under the direct supervision of the podiatrist if the person has passed an examination approved and administered by the Board. See § 29.82(a)(3) (relating to auxiliary personnel performing radiologic procedures). Recently, through a competitive bidding process, the Board has contracted with Professional Credential Service (PCS) to develop and administer the podiatry radiology examination for a period of 5 years, beginning September 1, 2000. The examination is administered twice a year. During the past year, 33 candidates have taken the examination. Candidates for the exam pay the examination fee directly to PCS. Because this contract has been secured by PCS through a competitive bidding process, it is unnecessary and impractical for the Board to continue to publish the fee for this examination in the Board's regulations. Therefore, the Board is eliminating reference to the examination fee.

The Board, moreover, proposes a new fee which will be charged to all applicants who take the radiology technician examination. This fee, which will be charged only once per applicant, is in addition to the examination fee and will be paid directly to PCS prior to the applicant taking the examination. This proposed fee, which will be forwarded back to the Bureau, will cover the administrative costs to the Bureau of providing an authorization form permitting each person who passes the examination to perform radiologic procedures on the premises of a podiatrist and under the direct supervision of a podiatrist. It is presumed that any applicant who fails the examination will retake the examination until the applicant passes and that this "one-time only" fee will be applied toward the authorization form subsequent to the applicant passing the examination.

D. Description of Proposed Amendments

The following table outlines the affected application fees, proposed changes and date the indicated fee was last changed:

<i>Fee Type</i>	<i>Current Fee</i>	<i>Effective Date</i>	<i>Proposed Fee</i>
1. Initial License	\$25	03/17/90	\$30
2. License By Reciprocity	105	02/18/89	95
3. Application For Approval of Educational Conference	50	02/18/89	75
4. Certification of Licensure or Scores	15	02/18/89	25
5. Verification of License	10	02/18/89	15
6. Application for Authorization to Perform Radiologic Procedures	0		25

E. Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1 (February 6, 1996), in drafting and promulgating the amendments the Board considered the least restrictive alternative to regulate costs for services requested by licensees and applicants.

F. Fiscal Impact and Paperwork Requirements

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a modest fiscal impact on those members of the private sector who apply for services from

the Board. The amendments will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

G. *Sunset Date*

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), March 23, 2001, the Board submitted a copy of these proposed amendments to IRRC and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee (Committees). In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Board, the General Assembly and the Governor, of objections raised.

I. *Public Comment*

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Roberta L. Silver, Counsel, State Board of Podiatry, 116 Pine Street, Post Office Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No.16A-444 (Fees), when submitting comments.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Land Exchange

The Department of Conservation and Natural Resources, acting through the Bureau of Forestry, and C & S Lumber Company, Inc. of Roulette, Pennsylvania, are proposing to negotiate an exchange of lands in Cameron and Potter Counties, Pennsylvania.

The Bureau of Forestry is proposing to acquire from C & S Lumber Company, Inc. property consisting of 106 acres of land in Grove Township, Cameron County, completely interior to the Elk State Forest and Sinnemahoning State Park.

In return, the Bureau of Forestry proposes to convey to C & S Lumber Company, Inc. property consisting of 77.5 acres of land along Lehman Run on Hector Township, Potter County.

As is the policy of the Department of Conservation and Natural Resources, the public is hereby notified of this exchange. A 30-day period of public inquiry and/or comment will be in effect commencing April 9, 2001 and ending May 8, 2001. Oral or written comments or questions concerning this proposed exchange may be addressed to: Dr. James R. Grace, State Forester, Pennsylvania Bureau of Forestry, P. O. Box 8552, Harrisburg, PA 17105-8552; telephone (717) 787-2703. These oral and/or written comments will become part of the official document used in the final decision process.

If, in the duration of the 30-day comment period, a significant amount of public concern develops, the Secretary of the Department of Conservation and Natural Resources may schedule a public informational meeting.

Retention of a Professional Design Firm or Firms

Project Reference No. FDC 500-910

The Department of Conservation and Natural Resources (Department) will retain a professional design firm or firms for open-end contracts for various building and engineering designs and associated geological services, environmental services and CADD services. The contract or contracts will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as-needed basis.

Letters of Interest for these projects will only be accepted from individuals, firms or corporations duly

authorized to engage in the practice of professional design. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering and/or architecture. The professional design firm may be an engineering/architectural firm, an architectural/engineering firm, an engineering firm with an architectural subconsultant or an architectural firm with an engineering subconsultant.

The firm's area of responsibility for assigned work shall be throughout Central and Western Commonwealth. Bureau of Facility Design and Construction (Bureau) personnel will do project work in conjunction with this professional design firm on some of the projects.

The services may encompass a wide range of design and environmental efforts with the possibility of several different types of projects being designed under short completion schedules. The firm or firms may be required to design multiple projects at the same time.

The open-ended design services work will consist of building architectural, mechanical, plumbing and electrical designs, tie-ins to site utilities, major maintenance repair, renovations to existing buildings and additions to existing buildings. Many of these projects may be for buildings less than 5,000 square feet in size and small in terms of project scope.

Areas of environmental study associated with these projects may include, but are not limited to, wetlands, soil, geology, DER Chapter 105 and Corps of Engineers 404 permits. The environmental studies will be conducted in accordance with accepted analysis techniques and methodologies.

The selected firm or firms may be required to perform any or all of the projects in order to ensure a complete environmental investigation has been performed and may be required to provide all necessary environmental services, material and equipment necessary to collect, analyze and organize data, assess impacts, prepare reports and design mitigation plans. The reports and other graphic material to be prepared may include, but are not limited to, plans of study, meeting minutes, preparation of permit application documents, mitigation plans and reports and wetland and floodplain findings.

The professional design firm or firms may be required to perform any or all of the following duties: attend site visits; prepare minutes; perform necessary field surveys; plot topography and cross sections; develop erosion control details and narrative; prepare type, size and location report; prepare construction drawings, specifications, and estimates; procure core borings; provide soil and foundation engineering report; investigate utility involvement; and evaluate alternative using benefit/cost analysis, develop details and narratives; prepare reports; and also, the review of shop drawings, catalog cuts and occasional attendance at job conferences may be required.

The services shall also include, but not be limited to, a preliminary meeting in the Bureau of Facility Design and Construction, 8th floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, for each project. The contract shall be based on the hours of service and qualifying expenses not exceeding the contract amount. Work may be done on an hourly basis or a maximum cost work order for the individual design project. The design work will be reviewed by the architectural and engineering staff of the Bureau, and when acceptable, approved by same staff.

The number of open-end contracts and the dollar amount of each contract shall be at the discretion of the Department for the first year. The extent of the work for the subsequent 4-years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

Information Concerning Socially and Economically Restricted Businesses (SERBs).

The Commonwealth of Pennsylvania strongly encourages the submission of proposals by SERBs.

To achieve the objective of enhancing SERB participation, the Commonwealth has established SERB utilization as a selection criteria in the evaluation process.

The Bureau of Contract Administration and Business Development (BCABD) will evaluate the aforementioned criteria and will assign a point value to be considered within the overall RFP total point tabulation.

Proposals submitted by individuals claiming SERB status or proposals submitted by individuals reflecting joint venture and subcontracting opportunities with SERBs must submit documentation verifying their claim.

SERBs are small businesses whose economic growth and development have been restricted based on social and economic bias. Such small businesses are BCABD certified minority and women owned businesses and businesses whose development has been impeded because their primary or headquarters facilities are physically located in areas designated by the Commonwealth as being designated enterprise zones. A small business will not be considered socially/economically restricted if it has gross annual revenues exceeding \$4,000,000, is dominant in its field of operation or employs more than 50 persons.

A company and its affiliates have achieved success and are graduated from this State-sponsored program when their gross revenue exceeds \$4,000,000 annually. Any other small business in which an owner of a graduated firm has a financial interest or over which an owner of a graduated firm has control, either directly or through family members, will not qualify for SERB status. Control is defined as the power, whether or not exercised, to direct or cause the direction of the management and policies of a firm, whether through the ownership of voting shares, by contract or otherwise, or through the making of day-to-day as well as major decisions in matters of policy, management and operations. A determination of control shall include, but shall not be limited to, the following factors: capital investment and all other financial, property acquisition, contract negotiation, and legal matters; officer-director-employee selection and comprehensive hiring; operating responsibility; cost-control matters; income and dividend matters; financial transactions; and rights of other shareholders or joint partners.

Proposers seeking to identify SERBs for joint venture and subcontracting opportunities are encouraged to contact:

General Requirements and Information

Firms interested in performing the required services for the project are invited to submit Letters of Interest to Eugene J. Comoss, P.E., Director, Bureau of Facility Design and Construction, Rachel Carson State Office Building, 8th Floor, 400 Market Street, P. O. Box 8451, Harrisburg, PA 17105-8451. Contact J. Michael Bielo at (717) 787-3217 for general information concerning the design work.

Each Letter of Interest must include the firm's Federal identification number and the project reference number. The Letter of Interest shall also include a description of the firm's three most recently completed projects similar to the project proposed. The description shall include the client, contact person and phone number, the estimated or actual construction cost of the portion of the work which the firm designed, the project manager and the names of all personnel who made major contributions to the project. The Letter of Interest shall indicate the firm's capability of working on multiple small projects at the same time and understanding of the Department's needs. A standard DGS Form 150-ASP must accompany the Letter of Interest and shall indicate the individual in charge. The Form 150-ASP is available by downloading from DGS Home Page on the Internet at <http://www.dgs.state.pa.us/cnprs.htm>. Form 150-ASP may also be obtained in hard copy or on disk (in Word '97 format only). Written request for hard copy or disk should be addressed to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125. In addition, the Form 150-ASP can be obtained via e-mail by addressing your request to: pbianchi@exec.gsinc.state.pa.us. Additional information pertinent to the firm's qualifications to do the work of this contract may be included. Direct costs other than payroll, such as travel and subsistence, shall be based on the current State rates. The Department shall reimburse miscellaneous expenses such as copies, prints, sepias, postage and film at cost upon approval.

The following factors will be considered during the evaluation of the firm's Letter of Interest:

Criteria evaluated by the Technical review will include:

Professional's understanding of the problem as demonstrated in Letter of Interest, and as stated in their own interpretation of the tasks to be performed.

Qualifications of firm.

Professional personnel in firm.

Soundness of approach as demonstrated in Letter of Interest, including the firm's description of prompt responsiveness to design questions, shop drawings and construction questions.

Geographic proximity of the professional to the facility or study area.

Available manpower to perform the services required.

SERB participation. (Evaluated by DGS)

Equitable distribution of the contracts.

Each proposer shall relate their proposal to the above criteria.

Six copies of the Letter of Interest, six copies of the required forms and one copy of the SERB information must be received no later than 4 p.m. on April 27, 2001. The six copies shall be submitted in six complete sets that shall be spiral bound or in folders or secured by binder clips. The assignment and services will be made to one of the firms responding to this notice. However, the Department reserves the right to reject all Letters of Interest submitted, cancel the solicitation requested under this notice, and/or re-advertise solicitation for this service.

The Department will offer a debriefing session to the unsuccessful firms. The Department disclaims any liability whatsoever to its review of the proposal submitted and in formulating a recommendation for selections. Recommendations made by the Department shall be final.

The following parties have submitted: (1) Notices of Intent (NOIs) for Coverage Under (1) General NPDES Permits to Discharge Wastewater into the Waters of the Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations. Monitoring, reporting requirements and other conditions set forth in the general permit: (2) General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; (3)

General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of the Commonwealth; (4) Notification for First Use Application of Sewage Sludge.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.23(d).

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I below, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II below. All oil and gas related permit applications are listed below under Section III. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise below, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

No. PA0052456, Sewage, **Francis L. Hamilton-Oates**, P. O. Box 426, Landenberg, PA 19350-0426.

This application is for renewal of an NPDES permit to discharge treated sewage from sewage treatment plant in New Garden Township, **Chester County**. This is an existing discharge to East Branch of White Clay Creek.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 1,200 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50
Suspended Solids	30	60
Ammonia (as N)	20	40
Total Residual Chlorine	Monitor/Report	Monitor/Report
Fecal Coliform	200 colonies/100 ml as a geometric average

This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Halter Creek in Watershed 11-A, in Taylor Township, **Blair County**.

The receiving stream is classified for warm water fishes, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂—NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was United Water Company located in Susquehanna Township, Dauphin County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.345 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
pH	From 6.0 to 9.0 inclusive	
Total Suspended Solids	30	60

PAG123506, CAFO, **Mark Leinbach Farm**, R. R. 2, Box 14A1, Loysville, PA 17047.

This proposed facility is located in Tyrone Township, **Perry County**.

Description of Proposed Activity: An existing 4,400 finishing hog operation with a total 576.8 AEUs.

The receiving stream, Muddy Run, a tributary to Sherman Creek, is in the State Water Plan watershed 7-A and is classified for: WWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and The Clean Stream Law constitutes compliance with the State narrative water quality standards.

WATER QUALITY MANAGEMENT PERMITS CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER

APPLICATIONS UNDER THE PENNSYLVANIA CLEAN STREAMS LAW

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department). The applications are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permit applications.

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions.

These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of notices of intent to remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Penllyn Lands, Lower Gwynedd Township, **Montgomery County**. Mark J. Irani, P.G., RT Environmental Services, Inc., 215 W. Church Rd., King of Prussia, PA 19406, on behalf of Penllyn Lands, c/o Day & Zimmerman, Inc., 1818 Market St., Philadelphia, PA 19103, has submitted a Notice of Intent to Remediate site soil contaminated with solvents and groundwater contaminated with lead. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *North Penn Reporter* on February 26, 2001.

Milito Property, Norristown Borough, **Montgomery County**. Darryl D. Borrelli, Manko, Gold & Katcher, LLP, 401 City Ave., Suite 500, Bala Cynwyd, PA 19004, on behalf of Michael Milito, Charles Milito, Mary Milito & Dolores Milito, 701 E. Marshall St., Norristown, PA 19401, has submitted a Notice of Intent to Remediate site soil contaminated with PCBs, lead, heavy metals, polycyclic aromatic hydrocarbons and solvents and site groundwater contaminated with lead, heavy metals and solvents. The site is located in a special industrial area. The applicant's proposed remediation will address any immediate, direct or imminent threat to the public health and the environment and will be based on the results of the Baseline Remedial Investigation Report. A summary of the Notice of Intent to Remediate was reported to have been published in *The Times Herald* on February 26, 2001.

Southcentral Region: Environmental Cleanup Program Manager; 909 Elmerton Avenue, Harrisburg, PA 17110.

Former Raymark Industries Lower Mill, Manheim Borough, **Lancaster County**. RT Environmental Services, Inc., 215 West Church Road, King of Prussia, PA 19406 (on behalf of Phoenix Group II, LLC, 2600 Virginia Avenue NW, The Watergate, Suite 606, Washington, DC 20037) has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with lead, heavy metals, solvents, BTEX and PAHs. The applicant proposes to remediate the site to meet a combination of the Statewide health and site specific standards requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *New Era* on March 23, 2001.

Former Raymark Industries Upper Mill, Manheim Borough, **Lancaster County**. RT Environmental Services, Inc., 215 West Church Road, King of Prussia, PA 19406 (on behalf of Phoenix Group I, LLC, 2600 Virginia Avenue NW, The Watergate, Suite 606, Washington, DC 20037) has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with lead, heavy metals, solvents, BTEX and PAHs. The applicant pro-

poses to remediate the site to meet the Statewide health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *New Era* on March 23, 2001.

DETERMINATION FOR APPLICABILITY FOR RESIDUAL WASTE GENERAL PERMITS

Applications for Determination of Applicability Received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and/or the Beneficial Use of Residual Waste Other Than Coal Ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

Permit No. WMGR035D001. Petroleum Recycling Corp., 597 Glen Meadow Road, Richboro, PA 18954. Description: the processing of tank clean-out sludges, separator clean-out sludges, oil spill clean-up residue, waste oil and waste oil/water emulsions, by chemical and physical means and thermal separation to produce an "on specification" waste oil fuel. The application for determination of applicability was received by the Division of Municipal and Residual Waste on March 21, 2001.

Comments concerning the application should be directed to Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, P. O. Box 8472, Harrisburg, PA 17105-8472. Persons interested in obtaining more information about the general permit application may contact the Division of Municipal and Residual Waste, (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications returned under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.

Southeast Region: Regional Solid Waste Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Permit No. 101069. Southeastern Chester County Refuse Authority, P. O. Box 221, Kennett Square, PA, London Grove Township, **Chester County**. Phase I application for an expansion of the SECCRA Landfill. The application was returned by the Southeast Regional Office on January 12, 2001.

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and Regulations to Operate or Close Solid Waste Processing or Disposal Area or Site.

Southwest Region: Regional Solid Waste Manager; 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Application No. 100081. Southern Alleghenies Landfill Inc., Westpointe Corporate Center I, Suite 200, 1550 Coraopolis Heights Road, Moon Township, PA 15108. Southern Alleghenies Landfill, 843 Miller Picking Road, Davidsville, PA 15928. An application for a major modification subject to the Governor's Executive Order 1996-5 and policies. Southern Alleghenies Landfill Inc., proposes an expansion comprising of approximately 110 acres, 59 of which will be used for additional waste disposal. No increase in daily tonnage is proposed. Under the provisions of the Governor's Executive Order and Money Back Guarantee Program, the host municipality, applicant, and the Department of Environmental Protection (Department) have negotiated an application review timeline. The negotiated number of days that the Department has to review the application and to render a decision is 270 days from the date of receipt of the application. The 270 days does not include time that the applicant uses to respond to review comments from the Department.

This application for a major permit modification to a municipal waste landfill in Conemaugh Township, **Somerset County** was received in the Regional Office on March 23, 2001.

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101— 6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.

Northwest Region: Regional Solid Waste Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Permit No. 101622. Waste Treatment Corporation, 1 Harmar Street, Warren, PA 16365, City of Warren, **Warren County**. Application for permit renewal under 25 Pa. Code § 271.223. The application was accepted by the Regional Office on March 26, 2001.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30

days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact DEP through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code §§ 127.521 and 127.424, notice is hereby given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G.

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management using the appropriate Regional Office telephone number noted below. For additional information, contact the appropriate Regional Office noted below.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the Regional Office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701.

53-00005: Dominion Transmission Corp.—Greenlick Station (625 Liberty Avenue, Pittsburgh, PA 15222-3199) for their Natural Gas Transmission facility in the Stewardson Township, **Potter County**. The Title V Operating Permit was issued on May 13, 1999. The revision of this permit is to incorporate conditions from Plan Approval 53-0003C for installation of screw-in prechambers on Engines #1—#4 at the facility. The installation of the screw-in prechambers will not result in the increase of any air contaminant for the facility.

18-00006: Dominion Transmission Corp.—Leidy Station (625 Liberty Avenue, Pittsburgh, PA 15222-3199) for their Natural Gas Transmission facility in the Leidy Township, **Clinton County**. The Title V Operating Permit was issued on June 15, 1999. The revision of this permit is to incorporate conditions from Plan Approval 18-0004B for the installation of screw-in prechambers on Engines #12 and #13 at the facility. The installation of the screw-in prechambers will not result in the increase of any air contaminant for the facility.

Applications received and intent to issue operating permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit requirements).

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

01-05017: Quebecor World, Fairfield Inc. (100 North Miller Street, Fairfield, PA 17320) for a Synthetic Minor Operating Permit for its lithographic printing facility in Fairfield Borough, **Adams County**.

22-03041: Librandi's Machine Shop, Inc. (93 Airport Drive HIA, Middletown, PA 17057) for a Natural Minor Operating Permit for chromium electroplating controlled by surface tension method in Middletown Borough, **Dauphin County**.

67-03021: General Dynamics Ordnance and Tactical Systems (P. O. Box 127, Red Lion, PA 17356-0127) for a Natural Minor Operating Permit for the ordnance manufacturing facility in Red Lion Borough, **York County**.

21-03004: ADM Milling Co. (P. O. Box 3100, Shiremanstown, PA 17011) for a Natural Minor Operating Permit for a flour mill controlled by fabric filters in Camp Hill Borough, **Cumberland County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701.

41-00008: Montour Oil Service—Sandhill Terminal (1801 Market Street, 26/10 PC, Philadelphia, PA 19103-1699) for a State Only Operating Permit for their bulk petroleum and distillate distribution terminal in Loyalsock Township, **Lycoming County**. The facility's main sources include a gasoline truck loading rack, a distillate products loading rack, and four large gasoline storage tanks. These sources have the potential to emit major quantities of volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) both individual and total. The facility has taken restrictions on its annual operating hours to limit VOC and HAP emissions below the major emission thresholds. The facility has the potential to emit sulfur oxides (SO_x), carbon monoxide (CO), particulate matter (PM) and nitrogen oxides (NO_x) below the major emission thresholds.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

25-00755: Foam Fabricators, Inc. (6550 West, 26th Street, Erie, PA 15506) for a Synthetic Minor Operating Permit for manufacturer of plastic foam products in Fairview Township, **Erie County**.

37-00277: SLI Lighting Co. (One Early Street, Ellwood City, PA 16112) for a Synthetic Minor Permit to operate a residential lighting fixtures manufacturing facility in Ellwood City Borough, **Lawrence County**.

PLAN APPROVALS

Applications received for plan approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

40-313-045: Mountaintop Manufacturing (1050 Crestwood Drive, P. O. Box 99, Mountaintop, PA 18707) for construction of a plastics milling operation and associated air cleaning device in Wright Township, **Luzerne County**.

54-317-003: Papetti's Hygrade Egg Products, Inc. (Quaker State Farms, P. O. Box 76 Spain Road, Klingertown, PA 17941) for construction of an egg drying process and associated air cleaning device in Hubley Township, **Schuylkill County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

06-05071A: Sealed Air Corp. (450 Riverfront Drive, Reading, PA 19602) for construction of a 29.9 million BTU boiler controlled by low NO_x burner and low sulfur fuel oil in the City of Reading, **Berks County**. This source is subject to 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units. The plan approval will include requirements to ensure compliance with applicable air quality requirements. The plan approval will be incorporated into accordance with 25 Pa. Code § 127.450 for administrative amendment.

21-05040A: Valley Quarries, Inc.—Shippensburg Quarry (P. O. Box J, Chambersburg, PA 17201-0809) for the addition of a 52" Telsmith cone crusher and a Telsmith triple deck screen and associated conveyors in Southampton Township, **Cumberland County**. These sources are subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants.

36-03100A: Signature Custom Cabinetry, Inc. (434 Springville Road, Ephrata, PA 17522) for construction of a paint booth in Ephrata Township, **Lancaster County**.

38-03032A: Sun Pipe Line Co.—Cornwall Pump Station (10 Penn Center, 20th Floor, Philadelphia, PA 19013) for construction of a biofilter treatment/soil vapor extraction system to remediate petroleum hydrocarbons adsorbed to soils in the subsurface at the pump station in West Cornwall Township, **Lebanon County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701.

41-399-026: Penn Recycling, Inc. (2525 Trenton Avenue, Williamsport, PA 17701) for construction of an automobile/metal shredding operation and associated air cleaning devices (a foam dust suppression system and a cyclone collector) in the City of Williamsport, **Lycoming County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222.

26-00288D: Commercial Stone Co., Inc. (2200 Springfield Pike, Connellsville, PA 15425) for construction of an asphalt plant at the Springfield Pike Quarry in Connellsville Township, **Fayette County**.

32-00356A: Amerikohl Mining, Inc. (202 Sunset Drive, Butler, PA 16001) for construction of a portable coal crusher at the Ernest #1 Surface Mine in Rayne Township, **Indiana County**.

03-00227A: Rosebud Mining Co (R. D. 39, Box 379A, Kittanning, PA 16201) for construction of a portable coal crusher with screen at the Gastown Surface Mine in Plumcreek Township, **Armstrong County**.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

10-001C: AK Steel—Butler Works (210 Pittsburgh Road, Butler, PA 16003) to convert the #12 AP line from a hydrochloric/hydrofluoric/nitric acid pickling operation to a hydrochloric/hydrofluoric/hydrogen peroxide pickling operation in Butler, **Butler County**.

10-001D: AK Steel—Butler Works (210 Pittsburgh Road, Butler, PA 16003) to convert the #23 AP line from a hydrofluoric/nitric/sulfuric acid pickling operation to a sulfuric/hydrofluoric/hydrochloric/hydrogen peroxide pickling operation in Butler, **Butler County**.

61-012B: OMG Americas (Two Mile Run Road, Franklin PA 16323) for a process modification to Reaction Vessel 102 and installation of a hydrogen sulfide scrubber in Sugarcreek Borough, **Venango County**.

37-027A: IA Construction Corp.—West Pittsburgh Plant (River Road, West Pittsburgh, PA 16160) to modify the existing permit to burn alternative fuels (Reprocessed Fuel #5, #2 Fuel Oil, and Natural Gas) in Taylor Township, **Lawrence County**.

10-270A: IA Construction Corp.—Zelienople Plant (158 Lindsay Road, Zelienople, PA 16063) to modify the existing operating permit to burn alternative fuels (Reprocessed Fuel #5, #2 Fuel Oil, and Natural Gas) in Jackson Township, **Butler County**.

Intent to Issue Plan Approvals under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

46-0198C: Blommer Chocolate Co. (1101 Blommer Drive, East Greenville, PA 18041) on March 22, 2001, for operation of a W400 Winnower and baghouse in Upper Hanover Township, **Montgomery County**.

Notice of Intent to Issue a Plan Approval and Amend a Title V Operating Permit

46-0005N: Merck and Co., Inc. (770 Sumneytown Pike, P. O. Box 4 WP20-208, West Point, PA 19486) for

installation of a 500 kW gas-fired emergency generator West Point Township, **Montgomery County**. This installation will result in the emissions of 0.77 ton per year of nitrogen oxides, 0.64 ton per year of carbon monoxide, and 0.19 ton per year of volatile organic compounds. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-00013: Clemens Family Corp. (2700 Funks Road, Hatfield, PA 19440) amended to include the requirement of Plan Approval 46-0013 for the modification of an edible rendering process in Hatfield Township, **Montgomery County**. This modification will result in an emission increase of 0.56 ton of particulate matter per 12-month rolling sum. The facility shall be required to exhaust emissions from the inedible rendering process to either a packed tower scrubber or both a venturi scrubber and packed tower scrubber, as outlined in the amended Title V Operating Permit. The Title V Operating Permit will contain recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-00036: Visteon Systems LLC (2750 Morris Road, Lansdale, PA 19446) amended to include the requirements of Plan Approval 46-0036 for installation of Selective Soldering Machine No. 6 in Worcester Township, **Montgomery County**. This source will result in an emission increase of 01.00035 tons of lead (particulate matter) and 2.37 tons of volatile organic compounds (VOCs) per 12-month rolling sum. The Selective Soldering Machine No. 6 shall only be used for soldering electronic circuit boards. The Operating Permit will contain recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

48-306-008C: Northampton Generating Company, L.P. (1 Horwith Drive, P. O. Box 460, Northampton, PA 18067) for their plant in Northampton Borough, **Northampton County**. The facility currently has a Title V Operating Permit No. 48-00021. The plan approval includes terms and conditions to assure the proper operation of the source to satisfy the State and Federal requirements. It includes at minimum the conditions related to source description, emissions limits for pollutants, monitoring, recordkeeping and reporting, temporary operations to facilitate shakedown and temporary operation period. This plan approval will be incorporated into the Title V operating permit through an administrative amendment at a later date.

The plan approval is for the ability to burn bituminous-anthracite coal, petroleum coke, virgin wood chips and paper process residual (filter cake) in the Circulating Fluidized-Bed (CFB) boiler. The emissions from the unit will be controlled by Fabric collectors, SNCR and Lime injection and shall not exceed the following emission limits:

Pollutant	Units	Pounds/hour	Tons/year
PM ₁₀	0.088 lbs/mm BTU	10.1	34.7
SO _x	0.129 lbs/mm BTU	147.8	598.3
CO	0.15 lbs/mm BTU	172	425.2

<i>Pollutant</i>	<i>Units</i>	<i>Pounds/hour</i>	<i>Tons/year</i>
NOx	0.1 lbs/mm BTU	115	466.8
VOC	0.005 lbs/mm BTU	5.74	23.4

Although the sources covered by this plan approval may be located at a major facility, the installations/modifications do not trigger major new source review or prevention of significant deterioration requirements.

The plan approval will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements. The company will be required to operate and maintain a Continuous Air Contaminants Emission Monitoring System which is certified by the Department for opacity, oxygen, sulfur dioxide, nitrogen oxides and carbon monoxide.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701.

14-310-017L: Glenn O. Hawbaker, Inc.—Pleasant Gap or Central Valley Aggregates Plant (711 East College Avenue, Bellefonte, PA 16823) for construction of additional conveyors and a 40-ton storage bin at their stone quarry in Spring Township, **Centre County**.

The proposed equipment will consist of six conveyors, a feeder and a bin. The air contaminant emissions from this equipment will be controlled by water spray dust suppression systems. The resulting fugitive particulate matter or dust emissions will be negligible.

The Department of Environmental Protection (Department) has determined that the proposed conveyors, feeder and bin will comply with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants, including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. The Department consequently intends to issue plan approval for construction of the respective conveyors, feeder and bin.

The Department intends to place conditions in the plan approval to be issued pertaining to the operation of the proposed equipment and associated water spray dust suppression system. These are intended to assure proper operation of the equipment as well as compliance with all applicable air quality regulatory requirements. The following is a summary of these conditions:

1. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the air contaminant emissions from the respective sources shall be controlled by a water spray dust suppression system.

2. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, if at any time, it is determined that the air contaminant emissions are in excess of any applicable air contaminant emission limitation, the company shall immediately install additional spray nozzles or take other such control measures as are necessary to reduce the air contaminant emissions to within the applicable limitations.

3. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the water spray dust suppression system associated with the equipment shall be connected to an on-demand water source capable of delivering an adequate supply of water at any time the plant is in operation. On-demand shall be interpreted as meaning that adequate water can be provided to all spray nozzles at any time with no more effort than turning a

valve. If at any time the water source cannot deliver an adequate supply of water to properly operate the water spray dust suppression system, the company shall immediately cease plant operation.

47-318-009B: Aldan Acquisition, Inc. (115 Woodbine Lane, Danville, PA 17821-9118) for construction of a festoon oven in their fabric coating and curing facility in Mahoning Township, **Montour County**.

The proposed festoon oven will be fired with natural gas, will have a maximum heat input of 4.8 million BTU per hour and will be used to cure rubber coated cloth. The air contaminant emissions potentially resulting the combustion of natural gas in the oven will be no greater than 2.1 tons of nitrogen oxides, .44 ton of carbon monoxide and .12 ton of volatile organic compounds per year. The oven will also potentially emit malodorous air contaminants from the curing process. Aldan is proposing to control the malodorous air contaminants with a thermal oxidizer currently in use at the facility for the control of volatile organic compound emissions from an existing fabric coating operation. The thermal oxidizer is expected to reduce the emission of malodorous air contaminants to a nondetectable level.

The Department has determined that the proposed festoon oven will comply with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. The Department consequently intends to issue plan approval for the construction of the respective oven.

The Department intends to place conditions in the plan approval to be issued pertaining to the operation and monitoring of the festoon oven and associated thermal oxidizer. These are intended to assure proper operation of the oven and oxidizer as well as compliance with all applicable air quality regulatory requirements. The following is a summary of these conditions:

1. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the festoon oven shall only be used to cure rubber coated cloth. It shall not be used to remove volatile organic compounds from coated cloth.

2. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the festoon oven shall not be operated without the simultaneous operation of the thermal oxidizer.

3. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the thermal oxidizer shall maintain a minimum oxidizer chamber outlet temperature of at least 1400°F at all times the festoon oven is operating.

4. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the thermal oxidizer shall be equipped with a continuous oxidizer chamber outlet temperature monitoring and recording system. All records generated by this system shall be retained for at least 5 years.

59-00005C: Dominion Transmission Corp.—Sabinsville Compressor Station (CNG Tower, 625 Liberty Avenue, Pittsburgh, PA 15222-3199) for installation

of air cleaning devices, "screw-in prechambers" on five 1300 horsepower natural gas-fired reciprocating internal combustion compressor engines (Engines 1—5) at their facility in Clymer Township, **Tioga County**. The Department's review of the information contained in the application indicates that the proposed installations will meet all applicable air quality requirements. Based on this finding, the Department intends to approve the application and issue a plan approval to install the proposed air cleaning devices on the respective engines.

The Sabinsville Compressor Station is a major facility, which has been issued Title V Operating Permit No. 59-00005. The proposed air cleaning devices will replace existing air cleaning devices and are intended to better assure compliance with the nitrogen oxides and volatile organic compound emission limitations previously established for the respective engines under the reasonably available control technology requirements of 25 Pa. Code §§ 129.91—129.95 as well as with the carbon monoxide emission limitation to which the engines are currently subject. These installations will not result in any change in the amount of any air contaminant allowed to be emitted from the engines but may result in a reduction in the emission rate of one or more air contaminants from the levels now actually occurring.

The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable air quality regulatory requirements:

1. Under the requirements of Title V Operating Permit 59-00005 and the reasonably available control technology provisions of 25 Pa. Code §§ 129.91—129.95, the nitrogen oxides emissions from each of the five engines shall not exceed an emission rate of 8.60 pounds per hour while operating at full load/full speed conditions and an emission rate of 17.16 pounds per hour while operating at any other conditions following the installation of the screw-in prechamber system on the respective engine. Additionally, the emission of volatile organic compounds and carbon monoxide shall not exceed 2.30 and 10.37 pounds per hour respectively.

2. Within 120 days of the completion of installation of the screw-in prechamber system on each of the respective five engines, the engine shall be stack tested for nitrogen oxides, volatile organic compounds and carbon monoxide using reference method test procedures acceptable to the Department while the engine is operating at full load and full speed.

3. Under the requirements of Title V Operating Permit 59-00005 and the reasonably available control technology provisions of 25 Pa. Code §§ 129.91—129.95, semi-annual nitrogen oxides portable analyzer testing shall be performed on each engine.

4. Under the recordkeeping requirements of 25 Pa. Code § 129.95, records shall be maintained of the number of hours per month each engine is operated as well as the amount of fuel used each month in each engine.

5. Under the requirements of Title V Operating Permit 59-00005 and the reasonably available control technology provisions of 25 Pa. Code §§ 129.91—129.95, the engines shall only be fired on pipeline quality natural gas.

6. Under the requirements of Title V Operating Permit 59-00005 and the reasonably available control technology provisions of 25 Pa. Code §§ 129.91—129.95, the engines are not required to comply with the nitrogen oxides, volatile organic compound and carbon monoxide emission

limits specified in this plan approval during engine startup and shutdown provided that the duration of startup and shutdown does not exceed one hour per occurrence.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the

conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

54851603R3. Pine Creek Coal Company (P. O. Box 100, Spring Glen, PA 17978), renewal of an existing coal preparation plant/processing facility and related NPDES permit in Hubley Township, **Schuylkill County**, affecting 23.6 acres, receiving stream—Pine Creek. Received March 19, 2001.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931.

56990104. Permit Revision, **Dunamis Resources, Inc.** (One Energy Place, Suite 4000, Latrobe, PA 15650), to: 1) to conduct mining and support activities within 100 feet of an unnamed tributary #4 to Gum Run, situated at a point beginning 1,700 feet upstream from where Gum Run crosses SR 4027, thence upstream a distance of 1,100 feet on the southwestern side of the tributary; 2) to utilize and maintain an existing stream crossing over unnamed tributary #4 to Gum Run, situated at a point located 2100 feet upstream from where Gum Run crosses SR 4027 in Jenner Township, **Somerset County**, affecting 140.0 acres, receiving stream unnamed tributaries to/and Gum Run, unnamed tributaries to/and Roaring Run. Application received March 16, 2001.

32960104. Permit Renewal for reclamation only, **D. J. & W. Mining, Inc.** (P. O. Box 425, Indiana, PA 15701), for continued restoration of a bituminous surface and auger mine in Rayne Township, **Indiana County**, affecting 79.4 acres, receiving stream unnamed tributary to Brush Run; unnamed tributary to Crooked Creek; Brush Run; and Crooked Creek. Application received March 19, 2001.

11900106. Permit Renewal for reclamation only, **Cloe Mining Company, Inc.** (P. O. Box 1, Grampian, PA 16838), for continued restoration of a bituminous surface and auger mine in West Carroll and Barr Townships, **Cambria County**, affecting 196.5 acres, receiving stream Hoppel Run; an unnamed tributary to the West Branch Susquehanna River; and to the West Branch Susquehanna River. Application received March 8, 2001.

McMurray District Mining Office: 3913 Washington Road, McMurray, PA 15317.

32951301. PennAmerican Coal, L.P., (R. D. #1, Box 119A, Avonmore, PA 15618), to renew the permit for the Burrell Deep Mine in Burrell Township, **Indiana County** to renew the existing deep mine permit, no additional discharges. Application received November 29, 2000.

30841312. Consolidation Coal Company, (P. O. Box 100, Osage, WV 26543), to renew the permit for the Blacksville Mine No. 2 in Wayne, Gilmore and Jackson Townships, **Greene County** to renew the permit for 5 years, no additional discharges. Application received February 5, 2001.

30831303. RAG Cumberland Resources, L.P., (R. D. 3, Box 184, Waynesburg, PA 15370), to revise the permit for the Cumberland Mine in Whiteley Township, **Greene County** to install No. 8 shaft, 30 surface acres, stock pile, sedimentation pond, tributary to Dyers Fork. Application received February 9, 2001.

03871302. DLR Mining, Inc., (3065 Airport Rd., Indiana, PA 15701), to revise the permit for the Triple K No. 1 deep mine in Burrell Township, **Armstrong County** to

add a third surface facility site consisting of a deep mine drift entry and 2.2 surface acres for support structures, no additional discharges. Application received February 15, 2001.

30841313. Consolidation Coal Co., (P. O. Box 100, Osage, WV 26543), to renew the permit for the Dilworth Mine in Cumberland Township, **Greene County** to renew for another 5 years, no additional discharges. Application received February 16, 2001.

32841317. Helvetia Coal Company, (P. O. Box 219, Shelocta, PA 15774), to revise the permit for the Lucerne No. 9 deep mine in Conemaugh Township, **Indiana County** to add a treatment pond and 2.5 surface acres to surface permit area in the No. 2 portal area, no additional discharges. Application received February 16, 2001.

32841320. Helvetia Coal Company, (P. O. Box 219, Shelocta, PA 15774), to renew the permit for the Lucerne No. 8 Mine in Young Township, **Indiana County** to renew the existing deep mine permit, site is inactive, no additional discharges. Application received March 6, 2001.

56743704. Penn Pocahontas Coal Company, (P. O. Box 68, Boswell, PA 15531), to renew the permit for the Penn Pocahontas Coal Refuse Disposal Site in Brothers Valley Township, **Somerset County** to renew the permit for reclamation only—no mine drainage treatment facilities. Application received March 13, 2001.

Knox District Mining Office: White Memorial Building, P. O. Box 669, Knox, PA 16232-0669.

33010102. McKay Coal Company, Inc. (R. D. 2, Templeton, PA 16259). Commencement, operation and restoration of a bituminous surface strip and auger operation in Perry Township, **Jefferson County** affecting 56.4 acres. Receiving streams: Two unnamed tributaries to Foundry Run. Application received March 16, 2001.

Noncoal Applications Received

Knox District Mining Office: White Memorial Building, P. O. Box 669, Knox, PA 16232-0669.

10960302. Allegheny Mineral Corporation (P. O. Box 1022, Kittanning, PA 16201). Renewal of NPDES Permit No. PA0227200, Marion Township, **Butler County**. Receiving streams: Unnamed tributary to North Branch Slippery Rock Creek. NPDES Renewal application received March 20, 2001.

**FEDERAL WATER POLLUTION CONTROL ACT,
SECTION 401**

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person

commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS & ENCROACHMENTS

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E48-302. Washington Township, 4 Flicksville Road, Bangor, PA 18013 in Washington Township, **Northampton County**, U.S. Army Corps of Engineers Philadelphia District.

To remove the existing structure and to construct and maintain an 8-foot x 4.5-foot concrete box culvert in Greenwalk Creek (HQ-CWF). The project is located along Township Road (T680) approximately 0.5 mile north west of its intersection S.R. 0191. (Bangor, PA, Quadrangle N:1 7.0 inches; W: 13.9. inches).

E40-568. Jacob Apaliski, R.R. 1, Box 297, Harveys Lake, PA 18618 in Harveys Lake Borough, **Luzerne County**, U.S. Army Corps of Engineers Baltimore District.

To construct and maintain a pile-supported dock, extending approximately 38 feet from the shoreline, in Harveys Lake. The 60-foot x 28-foot dock will be accessed by 4-foot x 10-foot walkway. The project is located at Pole No. 49, along Lakeside Drive (S.R. 0415). (Harveys Lake, PA, Quadrangle N: 21.1 inches; W: 5.5. inches).

E45-410. Pocono Mountains Municipal Airport Authority, P. O. Box 115, Mount Pocono, PA 18344-0115 in Coolbaugh Township, **Monroe County**, U.S. Army Corps of Engineers Philadelphia District.

To remove the existing structure and to construct and maintain a 10-foot x 4-foot concrete box culvert stream enclosure under runway 13-31 having a length of 212 feet in a tributary to Red Run (HQ-CWF). The project is located at Pocono Mountain Municipal Airport on the west side of S.R. 0611, approximately 1 mile north west of the intersection of S.R. 0940 and S.R. 0611. (Tobyhanna, PA, Quadrangle N: 2.3 inches; W: 1.3. inches).

E45-407. East Stroudsburg Savings Association, 744 Main Street, Stroudsburg, PA 18360 in Stroudsburg Borough, **Monroe County**, U.S. Army Corps of Engineers Philadelphia District

To place fill in an isolated remnant of an old mill race channel having a length of approximately 325 feet situated in Pocono Creek Watershed (HQ-CWF) for the purpose of constructing a parking lot for the proposed East Stroudsburg Savings Association Administrative Building. The project is located north of Pocono Creek at the end of Palmer Street. (Stroudsburg, PA, Quadrangle N: 19.4 inches; W: 9.9. inches).

E45-406. Mark Ecker, R.R.#1, Box 100, Canadensis, PA 18325 in Barrett Township, **Monroe County**, ACOE Philadelphia District.

To place fill in approximately 0.14 acre of PFO wetlands for the purpose of constructing a driveway to access a proposed single-family dwelling. The project is located on the north side of S.R. 1012 (Seese Hill Road), approximately 1.0 mile east of S.R. 0447. (Skytop, PA, Quadrangle N: 12.2 inches; W: 14.7. inches).

E54-284. East Brunswick Township, R.R.#4, No. 3, Box 102, New Ringgold, PA 17960 in East Brunswick Township, **Schuylkill County**, ACOE Baltimore District.

To remove the existing structure and to construct and maintain a concrete spread box beam bridge having a single span of 30 feet, an underclearance of 7.7 feet across Indian Run (CWF). The project is located along Township Road T753 (Wild Turkey Lane), approximately 170 feet east of its intersection with T755. (New Ringgold, PA, Quadrangle N: 7.7 inches; W: 15.1. inches).

E45-407. East Stroudsburg Savings Association, 744 Main Street, Stroudsburg, PA 18360 in Stroudsburg Borough, **Monroe County**, ACOE Philadelphia District.

To place fill in an isolated remnant of an old mill race channel having a length of approximately 325 feet situated in Pocono Creek Watershed (HQ-CWF) for the purpose of constructing a parking lot for the proposed East Stroudsburg Savings Association Administrative Building. The project is located north of Pocono Creek at the end of Palmer Street. (Stroudsburg, PA, Quadrangle N: 19.4 inches; W: 9.9. inches).

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

E05-290. John Dibert, Dibert Mobile Home Sales, 11438 Lincoln Highway, Everett, PA 15537, ACOE Baltimore District, in Snake Spring Township, **Bedford County**.

To place fill in a floodplain located along the Raystown Branch of the Juniata River (TSF) and Snake Spring Valley Run (WWF) which will impact 0.106 acre of wetland to expand the available storage area for mobile houses as a result of lost land due to U.S. Route 30 expansion project. (Everett West, PA Quadrangle N: 2.7 inches; W: 3.4 inches).

E21-318. Willis Brubacker, 1815 W. Lisburn Road, Carlisle, PA 17013, ACOE Baltimore Corps, in Monroe Township, **Cumberland County**.

To construct and maintain about 2,400 linear feet of grass lined channel in an unnamed tributary to Hogestown Run (CWF) for the purpose of controlling soil erosion on the Brubacker Farm located on the east side of Township Road T-588 about 0.2 mile north of its intersection with LR 21013 (Mechanicsburg, PA Quadrangle N: 10.75 inches; W: 13.70 inches).

E28-286. Charles Jamison, Greene Township, P. O. Box 215, Scotland, PA 17254, ACOE Baltimore District, in Greene Township, **Franklin County**.

To remove an existing 48-inch pipe culvert and to construct and maintain an 8-foot, 9-inch by 2-foot, 6-inch aluminum box culvert structure across Cold Spring Run (CWF) at a point at T-516 (Scotland, PA Quadrangle N: 7.0 inches; W: 7.0 inches).

E29-082. Earl Neiderhiser, PennDOT 9-0, 1620 North Juniata Street, Hollidaysburg, PA 16648, ACOE Baltimore District in Bethel Township, **Fulton County**.

To remove an existing bridge and to construct a bridge having a span of 140.51 feet and an underclearance of 14.98 feet across the channel of Little Tonoloway Creek (TSF) at a point at SR 0522 (Needmore, PA Quadrangle N: 1.6 inches; W: 8.9 inches).

E44-106. Michelle Snook, Decatur Township, 3585 U.S. Highway 522 North, Lewistown, PA 17044, ACOE Baltimore District in Decatur Township, **Mifflin County**.

To remove an existing structure and to reconstruct and maintain a bridge having a span of 24 feet and an underclearance of 5 feet across the channel of Meadow Creek (CWF) at a point at Township Road 379 (Alfarata, PA Quadrangle N: 7.73 inches; W: 12.0 inches).

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E12-123. Ronald A. Luckenbill, R. R. 1, Box 330A, Emporium, PA 15834-9714. Luckenbill Water Intake Structure, in Shippen Township, **Cameron County**, ACOE Baltimore River Basin District (Rich Valley, PA Quadrangle N: 6.6 inches; W: 6.6 inches).

To construct, operate and maintain a water intake structure in Johns Run (High Quality-Cold Water Fishery); to construct, operate and maintain 300-feet of 4-inch diameter pipe in the floodway of Johns Run to supply water to a private, recreational pond. The construction of the water intake structure shall not impact wetlands while impacting a maximum length of 30-feet of waterway. The project is located the northern right-of-way of SR 4004 approximately 1.3-miles west of SR 0046 and SR 4004 intersection.

E18-235A Croda Incorporated, Draketown Road, P. O. Box 178, Mill Hall, PA 177151-0178, Wetland Fill, Baltimore COE, Mill Hall, PA Quadrangle N: 20.5 inches; W: 13.25 inches.

To place and maintain fill in an additional 0.227 acre of palustrine emergent wetlands and 0.03 acre of palustrine forested open water wetlands. The original permit authorized the placement and maintenance of 1.82 acres of wetland fill and authorized construction of a 2.51 acres wetland replacement in the floodway of Bald Eagle Creek. This amendment will expand the wetland replacement area 0.43 acre to 2.94 acres and includes wetland plantings in the replacement area. The purpose of this project is to expand and upgrade existing chemical plant operations. The company property encompasses 26 acres of land with 8 acres currently developed. The fill site is located on the western side of company property located along Draketown Road (T-373) approximately 0.30 mile from the intersection with S.R. 150 (Mill Hall, PA Quadrangle N: 20.5 inches W: 13.25 inches) Bald Eagle Township, **Clinton County**. Off-site mitigation for impacts will be replaced within the floodway of Bald Eagle Creek located along Lusk Run Road approximately 1.0 mile from the intersection with S.R. 150 (Mill Hall PA Quadrangle N: 22.5 inches; W: 17.0 inches) Bald Eagle Township, Clinton County.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E65-721-A1. Westmoreland County Industrial Development Corporation, 601 Courthouse Square, 2 North Main Street, Greensburg, PA 15601. South Huntingdon Township, **Westmoreland County**, ACOE Pittsburgh District.

To amend Permit E65-721 to place and maintain fill in 0.45 acre of wetlands and construct 0.45 acre of replacement wetlands for the purpose of expanding the existing I-70 Industrial Park. The proposed work includes the construction and maintenance of two 36-inch CPP culverts in an unnamed tributary to the Youghiogheny River (WWF) and the installation and maintenance of two 8-inch PVC sewer lines and two 1-inch gas lines in an unnamed tributary to the Youghiogheny River (WWF). (Donora, PA Quadrangle N: 10.55 inches; W: 0.88 inch).

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E25-632, Erie Western Pennsylvania Port Authority. Pier II Perry's Landing, in City of Erie, **Erie County**, ACOE Pittsburgh District (Erie North, PA Quadrangle N: 1.0 inch; W: 14.8 inches).

To replace the existing floating wave-attenuator to the east of Pier II with a 370-foot long by 76-foot wide rubble-mound breakwall and to construct a 460-foot long by 76-foot wide rubble-mound breakwall on the northwest side of Pier II located at Lawrence Pier—Perry's Landing Yacht Club and Marina in Presque Isle Bay, with impacts totaling approximately 1.45 acres of bottom area.

E62-377, Timothy J. Stec, R.D. 1, Box 3, Grand Valley, PA 16420. Residential Small Flow Treatment Facility, in Eldred Township, **Warren County**, ACOE Pittsburgh District (Grand Valley, PA Quadrangle N: 18.7 inches; W: 5.5 inches).

To construct a small flow treatment plant that will discharge to Caldwell Creek (HQ) along the right bank, located approximately 7 miles northwest of Grand Valley.

ENVIRONMENTAL ASSESSMENTS

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636.

EA49-001NC. Bureau of Abandoned mine Reclamation, Wilkes-Barre District Offices, 2 Public Square 5th Fl., Wilkes-Barre, PA 18711-0790. OSM49(3661)101.1 in Kulpmont Borough, Mt. Carmel Township, **Northumberland County**, ACOE Baltimore District.

Applicant is requesting a Category 2 waiver of permit requirements under Chapter 105.12(a)(16) for project OSM 49(3661)101.1. The project site covers approximately 51 acres, and is located adjacent to St. Mary's Cemetery East, Kulpmont Borough and Mount Carmel Township, Northumberland County (Mount Carmel Quadrangle, N: 7.1 inches; W: 11.6 inches). The purpose of the project is to eliminate approximately 7,550 feet of highwall. Eight strip mine pits will be backfilled with 470,000 cubic yards of material. A 0.07 acre Palustrine Unconsolidated Bottom Permanently Flooded Excavated (PUBHX) wetland exists in one of the strip mine pits (AMLF #8 of PA3661). The PUBHX wetland will be filled during the course of the project. A replacement wetland of equal or larger size will be built at approximately the same location.

ACTIONS

**FINAL ACTIONS TAKEN UNDER
THE PENNSYLVANIA CLEAN STREAMS LAW AND
THE FEDERAL CLEAN WATER ACT
NPDES AND WQM PART II PERMITS
INDUSTRIAL WASTE AND SEWERAGE
WASTEWATER**

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval. The actions are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permits.

Persons aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

PUBLIC NOTICE OF PROPOSED CONSENT ORDER AND AGREEMENT**Avtex Adjunct Mercury Sites
Crawford County**

Under section 1113 of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA), notice is hereby provided that the Department of Environmental Protection (Department) has agreed to a de minimis Consent Order and Agreement (Agreement) with Ralph Hunter, Inc. (Hunter) concerning the resolution of its liability for the Avtex Fibers, Inc. mercury release and the Avtex Adjunct Mercury Sites (Sites). The Sites are located at 33 separate locations in Hayfield, Richmond, Spring, Union, Venango, Vernon and Woodcock Townships, Crawford County.

In 1995 and 1996, Hunter transported mercury-containing wastes (wastes) from the Avtex Fibers, Inc. facility in Vernon Township, Crawford County for use as fill material to various locations. The Sites received wastes for road base in the construction of access roads used for timbering, oil and gas exploration and residential driveways. These wastes contaminated the environment at the Sites. Mercury in the wastes is defined in section 103 of HSCA (35 P. S. § 6020.103) as a "hazardous substance." To date, the Department has removed the wastes from most of the Sites for proper off-site disposal (response). These responses will continue into the construction season for the year 2001, until all remaining specific Sites are completed. The estimated cost for all the responses for the Sites is approximately \$1,318,309. Those responses mitigated the threat to human health and the environment posed by the wastes.

As a transporter and operator during the time of the release and threatened release of hazardous substances at the Sites, Hunter is a "responsible person" as defined in section 103 of HSCA (35 P. S. § 6020.103). Under the terms of the Agreement, Hunter shall pay the Department \$48,000 to resolve its liability at the Sites. The specific terms of this settlement are set forth in the Agreement between Hunter and the Department. The Department will receive and consider comments relating to the Agreement for 60 days from the date of this Public Notice. The Department has the right to withdraw its consent to the Agreement if the comments concerning the

Agreement disclose facts or considerations, which indicate that the Agreement is inappropriate, improper, or not in the public interest.

After the public comment period, the Department's settlement with Hunter shall be effective upon the date that the Department notifies Hunter, in writing, that this Agreement is final and effective in its present form, and that the Department has filed a response to significant written comments to the Agreement, or that no such comments were received.

The Agreement is available for inspection and copying at the Department's office at 230 Chestnut Street, Meadville, PA. Comments may be submitted, in writing, to Hal Beavers, Project Manager, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335. Further information may be obtained by contacting Hal Beavers at (814) 332-6648. TDD users may contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

The report is intended to document remediation of the site to meet the Site Specific Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport

analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. Section 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717)

787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Reaffirmation of Sewage Facilities Act Plan Approval

Plan Location: Upper Stonycreek Joint Municipal Authority, P. O. Box 24, Hooversville, PA 15936. Hooversville Borough, Quemahoning Township, and Shade Township, Somerset County.

Description: The Pennsylvania Infrastructure Investment Authority (PENNVEST) which administers Pennsylvania's State Revolving Fund (SRF) is intended to be the funding source for the project defined by the previously approved plan. The State Environmental Review Process for PENNVEST, SRF funded projects requires the Department to reaffirm project planning approvals if the approvals are, as in this case, 5 or more years old. The existing plan provides for sewerage facility improvements and sewer extensions to resolve existing sewerage problems including raw sewage discharges. The Department's review of the project and information received has not identified any significant, adverse environmental impact. The Department hereby reaffirms the plan approval.

Categorical Exclusion

Location: Shade-Central City Joint Authority, 429 Sunshine Avenue, Central City, PA 15926. Shade Township & Central City Borough, Somerset County.

Description: The Pennsylvania Infrastructure Investment Authority which Administers Pennsylvania's State Revolving Fund is intended to be the funding source for this project. The Authority proposes to provide additional wet weather capacity and rehabilitate existing sewerage facilities to address abandonment of combined sewer overflows, prevent basement flooding, and maintain adequate conveyance and treatment capacity. The Department's review of the project and the information received has not identified any significant, adverse environmental impact resulting from this proposal. The Department hereby categorically excludes this project from the State Environmental Review Process.

Availability of Technical Guidance

Technical guidance documents are on DEP's world wide website (www.dep.state.pa.us) at the public participation center. The "March 2001 Inventory" heading is the governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its nonregulatory documents, as necessary, throughout 2001.

Ordering Paper Copies of DEP Technical Guidance

DEP encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Draft Technical Guidance- Substantive Revision

DEP ID: 362-0300-002 Title: Description: This revised guidance applies to the siting, design and construction of small flow sewage treatment facilities (individual or community sewage treatment facilities proposed to treat 2000 gpd or less) proposed under the requirements of Chapter 71, § 71.64. The revisions provide for new options and consideration of additional system components which were unavailable in the original guidance document. Note, this guidance was previously titled "Small Flow Sewage Treatment Facility Manual." Anticipated Effective Date: June 1, 2001. Comment Period

Ends: May 7, 2001 Contact: Karen Fenchak at (717) 787-8184.

Watershed Redesignation

The Storm Water Management Act (act) (32 P. S. §§ 680.1—680.19), requires Commonwealth counties to prepare and adopt watershed stormwater plans for designated watersheds. The intent of the act is to address the impacts of development on existing stormwater runoff levels and recommend measures to control accelerated runoff to prevent flood damage that could occur due to those development activities.

A watershed stormwater plan includes hydrologic and hydraulic evaluation of the drainage basin, consideration of existing drainage problems, existing and proposed flood control projects and their impacts, existing government regulatory mechanisms, and provides recommendations for the control of accelerated runoff as a result of development. The Department of Environmental Protection (Department) provides up to 75% funding assistance to counties for their watershed stormwater planning efforts.

Under section 14(a)(10) of the act (relating to powers and duties of the Department of Environmental Protection), the Department, in consultation with the counties, originally designated 353 watersheds in this entire Commonwealth. Those watersheds were approved by the Environmental Quality Board (Board) on May 31, 1980, with amendments on November 19, 1991, April 21, 1992, June 21, 1994, April 16, 1996, April 15, 1997, December 16, 1997 and most recently on March 20, 2001, bringing the current number of watersheds to 359.

Nine watersheds had previously been designated within Bucks County. The Bucks County Planning Commission requested that the Delaware River's direct drainage area located within the county boundary be redesignated into two separate watersheds as Delaware River (North) and Delaware River (South), for the purposes of stormwater planning under the act. On March 20, 2001, the Board approved this request to separate the watersheds at the Tincum and Plumstead Township boundaries near the mouth of Tohickon Creek. This redesignation results in Bucks County having 10 watersheds for planning purposes.

Bucks County will take the lead role in preparing the watershed stormwater plans for the newly designated watersheds. The northern portion of the Delaware River (North) watershed drains to areas located in Northampton County. Northampton County has been informed that the redesignation will administratively affect the county. With the redesignations, Northampton County's ten watersheds, which previously were approved by the Board, result in 11 watersheds for planning purposes. The redesignation will enable Bucks County to undertake watershed planning separately, since each watershed has different topography, land uses and development pressures.

The Department conducted a preliminary evaluation of the hydrologic and hydraulic impacts of the redesignations on both of the redesignated watersheds and deter-

mined that there will not be any negative environmental impact from the redesignation action. Northampton County is expected to cooperate with Bucks County in undertaking watershed planning for the redesignated watershed within its jurisdiction.

The Department, subsequent to advertising in the *Pennsylvania Bulletin* on June 10, 2000, held public hearings on June 27, 2000, at the office of the Bucks County Planning Commission and on June 28, 2000, at the Lehigh County Courthouse to accept public comments on the redesignations. The Bucks County Planning Commission and the Lehigh Valley Planning Commission supported Bucks County's petition at the respective public hearings. No adverse comments were received. The

public comment period following the hearings concluded on July 28, 2000, and no further comments were received.

This watershed redesignation is effective upon publication in the *Pennsylvania Bulletin*.

DEPARTMENT OF PUBLIC WELFARE

Payments to Nursing Facilities January 1, 2001 Final Rates

The purpose of this notice is to announce final payment rates based on case-mix index (CMI) adjustments only, for nursing facilities beginning January 1, 2001, in accordance with section 1902(a)(13)(A) of the Social Security Act

(42 U.S.C.A. § 1902(a)(13)(A)), as amended by section 4711 of the Balanced Budget Act of 1997 (Pub.L. No. 105-33). A January 1, 2001 Proposed Rates Notice was published at 31 Pa.B. 706 (February 3, 2001) and provided for a 30-day comment period. The Department of Public Welfare (Department) did not receive any comments on the proposed January 1, 2001 rate notice.

Rates

The final January 1, 2001, rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout this Commonwealth, on the Office of Medical Assistance Programs' website at www.dpw.state.pa.us/omap or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 772-2525.

Methodology

The methodology that the Department used to set the final rates based on CMI adjustments is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for establishing the final rates is that the regulations at 55 Pa. Code Chapter 1187 and the Commonwealth's approved Title XIX State Plan require that rates be set on a quarterly basis.

Appeals

Nursing facilities may appeal their final rates under 55 Pa. Code § 1187.141(a)(7). Under 55 Pa. Code § 1187.141(c)(2), appeals must be filed within 30 days of the date of the Department's letter notifying the facility of its final rates. The filing of an appeal constitutes the exclusive way by which a nursing facility can present the Department with a demand that a final rate be modified, reversed, rescinded or otherwise altered, or with a demand that the Department increase the amount of reimbursement paid to the facility under that rate.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 2000-2001 based on these final rates is \$2.772 million (\$1.284 million in State funds).

Interested persons are invited to submit written comments about the final rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to Department of Public Welfare, Office of Medical Assistance Programs, Attention: Suzanne Love, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

2000 Group Two Exception Requests Medical Assistance Long-Term Care Participation Review

The Department of Public Welfare (Department), by statement of policy effective December 18, 1996, adopted an interim policy announcing that, as a general matter, it intended to exercise its discretion to refuse to enter into new Medical Assistance (MA) provider agreements and to

terminate any provider of MA nursing facility services that sought to increase the number of MA certified nursing facility beds through expansion, unless the Department granted an exception on a case-by-case basis to permit that provider to enroll or expand. A statement of policy that sets forth the guidelines the Department will use when making its case-by-case exception request decisions was published in the *Pennsylvania Bulletin* on January 10, 1998 (28 Pa.B. 138), and is codified at 55 Pa. Code § 1187.21a.

By this notice, published under 55 Pa. Code § 1187.21a(e)(4), the Department announces the 2000 Group Two Exception Requests covering the submission period of July 1, 2000, through December 31, 2000.

Finding Bucks County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to replace the existing Campbell's Bridge over Unami Creek on SR 4027, Allentown Road, Milford Township, Bucks County. The Project involves removal and replacement of the existing bridge, minor roadway realignment, and widening of the bridge approaches.

The proposed Project is subject to a Section 2002 Evaluation due to the use of two resources. The Project will have an "Adverse Effect" on Campbell's Bridge, listed on the National Register of Historic Places, which will be demolished and replaced with a new single or 2-span bridge traversing Unami Creek. Also, 0.29 acres of land will be used from the Milford Township Park for highway right-of-way.

PennDOT shall mitigate the impacts to the replacement of Campbell's Bridge in accordance with the Stipulations contained in the Memorandum of Agreement (MOA) signed by the State Historic Preservation Office, the Pennsylvania Department of Transportation, and the U.S. Army Corps of Engineers. PennDOT shall ensure that all criteria and stipulations of the MOA are completed and properly documented as per the Conditions contained therein. Additionally, the adjacent Milford Township Park impacts will be minimized by avoiding all recreation facilities, and roadway embankment will be reseeded in indigenous grasses and specimen trees. The Sholl Mill House, an adjacent historic resource that is considered eligible for the National Register of Historic Places, will be unaffected by this Project.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to

the project as designed, and all reasonable steps have been taken to minimize such effect.

No adverse environmental effect is likely to result from the replacement of this bridge.

Secretary

Finding Jefferson County

Pursuant to the provisions of 71 P. S. Section 2002(b), The Secretary of Transportation makes the following written finding:

The Federal Highway Administration and the Department of Transportation plan to realign the intersection of S.R. 3033, Mabon Street and Euclid Avenue in Brookville Borough, Jefferson County.

The subject project will require partial/strip right-of-way acquisition of 0.0706 hectares (0.174 acre) from the Philip Taylor House property, which qualifies as a Section 2002 resource. There are no other Section 2002 resources within the project area. The proposed project will have no adverse effect on the resource.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from this intersection realignment project.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, March 22, 2001, and took the following actions:

Regulations Deemed Approved under Section 5(g) of the Regulatory Review Act—Effective March 15, 2001

Insurance Department #11-201: Allocation of Joint Expenses (amends 31 Pa. Code Chapter 3).

Insurance Department #11-202: Miscellaneous Provisions (amends 31 Pa. Code Chapter 11).

Regulations Approved:

Insurance Department #11-203: Annual Audited Insurers' Financial Report Required (amends 31 Pa. Code Chapter 147).

Department of Transportation #18-349: Administrative Practice and Procedure; Outdoor Advertising (amends 67 Pa. Code Chapters 445 and 491).

Commissioners Voting: John R. McGinley, Jr., Chairperson, by phone; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
March 22, 2001

Insurance Department; Annual Audited Insurers' Financial Report Required; Regulation No. 11-203

On September 21, 2000, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Insurance Department (Department). This rulemaking amends 31 Pa. Code Chapter 147. The proposed regulation was published in the September 30, 2000 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on February 22, 2001.

The Department made minor amendments to Chapter 147 to reflect the revised National Association of Insurance Commissioners' Manual for annual audits of financial statements filed by insurers.

We have determined this regulation is consistent with the statutory authority of the Insurance Department (71 P. S. §§ 66, 186, 411 and 412) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Commissioners Voting: John R. McGinley, Jr., Chairperson, by phone; Alvin C. Bush, Vice Chairperson; Arthur Coccodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
March 22, 2001

Department of Transportation; Administrative Practice and Procedure; Outdoor Advertising; Regulation No. 18-349

On October 6, 1999, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapters 445 and 491. The proposed regulation was published in the October 23, 1999 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on November 8, 2000. At its December 14, 2000 public meeting, the Commission voted to disapprove the final-form regulation. On January 30, 2001, the Department notified the Commission of its intent to revise and resubmit the regulation. On March 2, 2001, the revised final-form regulation was submitted to the Commission.

The final-form regulation revises the current administrative procedural rules applicable to Department hearings, enumerates the specific requirements for hearing requests and facilitates the administrative review of

Department procedures. The Department made several changes that further streamlined and clarified administrative procedures.

We have determined this regulation is consistent with the statutory authority of the Department of Transportation (2 Pa.C.S. §§ 501—508 and 701—704) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is now in the public interest.

By Order of the Commission:

This regulation, as revised, is approved.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). This administrative hearing will be held in the Insurance Department's Regional Office in Philadelphia, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Philadelphia Regional Office, Room 1701 State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Kent A. and M. Grace Hirneisen; file no. 01-265-00449; Erie Insurance Exchange; doc. no. PH01-03-032; June 8, 2001, at 12:30 p.m.

Each party may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's

case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

PUBLIC SCHOOL EMPLOYEES' RETIREMENT BOARD

Actuarial Tables and Computational Procedures

The act of December 20, 1995 (P. L. 689, No. 77) (Act 1995-77), amended subsections 8502(h) and (j) of the Public School Employees' Retirement Code (24 Pa.C.S. §§ 8101—8535) to require the Public School Employees' Retirement Board (Board) to publish in the *Pennsylvania Bulletin* the actuarial tables and computational procedures used by the Public School Employees' Retirement System (PSERS) in calculating annuities and other benefits. The Board adopted the following actuarial tables at its December 14, 2000, meeting. Accordingly, these actuarial tables and computational procedures are being published as required by Act 1995-77.

DALE H. EVERHART
Executive Director

The following material provides general information, examples and actuarial tables for computing an estimated retirement benefit from PSERS.

General Information

A key component in the computation of a PSERS' retirement benefit is the final average salary PSERS' retirement code defines final average salary as the highest compensation received as an active member for any three nonoverlapping periods of 12 consecutive months. Compensation for part-time service is annualized on the basis of the fractional portion of the school year for which credit is received. This period is frequently the most recent 3 year period.

Years of credited service are the number of years of school or creditable nonschool service for which eligible contributions have been made or for which salary deductions or other payment arrangements have been made.

Accumulated deductions are the total of a member's contributions (including contributions for purchase of service) and interest.

Actuarial tables which provide the factors to compute certain retirement benefits follow. It should be noted that gender distinctions are shown on various tables because certain retirement benefits are computed differently for males and females for credited service before July 1, 1983. The factors were determined actuarially based on the life expectancies for both males and females. The portion of the benefit for credited service earned prior to July 1, 1983 is computed using gender-distinct factors for males and females. The portion of the benefit for credited service on or after July 1, 1983, is computed using gender-neutral factors (both males and females use the more favorable factor which is most often the female factor).

Retirement Benefit Calculation Examples

The following data will be used for all option calculations, unless otherwise noted.

Final Average Salary	—	\$30,000
Years of Credited Service	—	30 years
Member Sex and Age	—	Female, age 60
Beneficiary Sex and Age	—	Male, age 60
Accumulated Deductions	—	38,000

Maximum Option

The Maximum Option is a single life annuity and will provide the highest monthly amount to the member. If you die and have not received in retirement benefits your accumulated deductions, the total value protected remaining will be paid in a lump sum to your designated beneficiary.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	=	Maximum Single Life Annuity
Accumulated Deductions					=	Total Value Protected

Example:

\$30,000	X	.02	X	30	=	\$18,000 (\$1,500 monthly)
Total Value Protected					=	\$38,000

Option 1

Option 1 provides a reduced lifetime annuity to the member with a guaranteed total payment equal to the present value of the maximum option single life annuity. If at the time of your death you have not received in retirement benefits an amount equal to the total value protected, the unpaid balance will be paid to your designated beneficiary.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	X	Reducing Factor for Option 1*	=	Option 1 Annual Benefit
Maximum Single Life Annuity	X	Present Value of \$1 Annuity**					=	Total Value Protected

Example:

\$30,000	X	.02	X	30	X	.9548*	=	\$17,186 (\$1,432 monthly)
\$18,000	X	15.690**					=	\$282,420

* From Table 2

** From Table 1

Note: To compute the retirement benefit for male members selecting Option 1, a combination of Male Tables (for years of credited service prior to 7/1/83) and Female Tables (for years of credited service on or after 7/1/83 will be used. To compute the retirement benefit for female members, Female Tables will be used for all years of credited service.

Option 2

Option 2 is a joint and 100% survivor annuity with a reduced monthly benefit payable during the lifetime of the member. After the member's death, the same amount is payable for the designed beneficiary's lifetime. Under this Option there is no Total Value Protected.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	X	Reducing Factor for Option 2*	=	Option 2 Annual Member Benefit
Option 2 Annual Member Benefit	X	100%					=	Option 2 Annual Beneficiary Benefit

Example:

\$30,000	X	.02	X	30	X	.9139*	=	\$16,450 to Member (\$1,371 monthly)
\$15,445	X	100%					=	\$15,445 to Beneficiary (\$1,371 monthly)

*From Table 8

Note: To compute a retirement benefit under Option 2, the appropriate ages and gender-based factor from Tables 5, 6, 7 and 8 based upon the specific genders of the member and beneficiary are used for credited service earned before 7/1/83. To compute the portion of the retirement benefit for credited service on or after 7/1/83, the appropriate ages and the higher factor from Tables 5, 6, 7 and 8 are used (most often the female with a male beneficiary factor).

Option 3

Option 3 is a joint and 50% survivor annuity with a reduced amount payable during the lifetime of the member. After the member's death, one-half of the annuity is payable for the designated beneficiary's lifetime. Under this Option there is no Total Value Protected.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	X	Reducing Factor for Option 3*	=	Option 3 Annual Member Benefit
Option 3 Annual Member Benefit	X	50%					=	Option 3 Annual Beneficiary Benefit

Example:

\$30,000	X	.02	X	30	X	.9550*	=	\$17,190 to Member (\$1,432 monthly)
\$17,190	X	50%					=	\$8,595 to Beneficiary (\$716 monthly)

*From Table 12

Note: To compute a retirement benefit under Option 3, the appropriate ages and gender-based factor from Tables 9, 10, 11 and 12 based upon the specific genders of the member and beneficiary are used for credited service earned before 7/1/83. To compute the portion of the retirement benefit for credited service on or after 7/1/83, the appropriate ages and the higher factor from Tables 9, 10, 11 and 12 are used (most often the female with a male beneficiary factor).

Special Option

Special Option provides for some other payment plan that may better fit your needs. This option is subject to the approval of the Retirement Board and all computations are made by the consulting actuary

Example:

- * Member receives reduced benefit.
- * Beneficiary receives 75% of member's reduced benefit.
- * All computations will be made by the actuary.

Option 4

A portion of the benefit, limited to an amount equal to the member's accumulated deductions, may be withdrawn as a lump sum. The present value of the maximum single life annuity less the portion withdrawn will be paid in the form of a single life annuity, an annuity with a guaranteed total payment, or a joint and survivor annuity.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	=	Maximum Single Life Annuity (MSLA)
Lump Sum Payment at Retirement	÷	Present Value of \$1 Annuity			=	Reduction in Annuity
Maximum Single Life Annuity	-	Reduction in Annuity			=	Reduced Single Life Annuity (RSLA)
Reduced Single Life Annuity	X	Reducing Factor for Option 1			=	Option 1 Benefit
Reduced Single Life Annuity	X	Reducing Factor for Option 2			=	Option 2 Member and Beneficiary Benefit
Reduced Single Life Annuity	X	Reducing Factor for Option 3			=	Option 3 Member Benefit (50% to Beneficiary)

Example:

\$30,000	X	.02	X	30	=	\$18,000 (MSLA)
\$38,000	÷	15.690*			=	\$2,422
\$18,000	-	\$2,422			=	15,578 (RSLA) (\$1,298 monthly)
\$15,271	X	.9548**			=	\$14,874 (Option 1) (\$1,239 monthly)
\$15,271	X	.9139***			=	\$14,237 (Option 2) (\$1,186 monthly, \$1,186 monthly to beneficiary)
\$15,271	X	.9550****			=	14,877 (Option 3) (\$1,240 monthly, \$620 monthly to beneficiary)

* From Table 1 (Gender-distinct factors used to calculate the reduction in annuity due to partial lump sum withdrawal of pre July 1, 1983 accumulated deductions. The higher, gender-neutral (usually female) factors are used to calculate the reduction in benefit due to partial lump sum withdrawal of post July 1, 1983 accumulated deductions).

** From Table 2

*** From Table 8

**** From Table 12

Vested Benefits

If you leave service anytime after completing 10 years of credited service and before you become eligible for normal retirement benefits, and do not wish to retire at that time, it will be necessary for you to complete an application to vest. Once your application is received by the Retirement System you are then automatically covered by the death benefit provisions. Approximately one year after the receipt of your application, the Retirement System will notify you of the accumulated deductions credited to your account, the total number of years of service, and maximum single life annuity available to you when you reach retirement age. As a vestee, normal retirement age is:

- * when you reach age 62 if you have fewer than 30 years of credited service, or
- * when you reach age 60 if you have 30 or more years of credited service.

Approximately 90 days prior to your eligibility for a monthly benefit as a vestee, you should contact PSERS and request an estimate under all the various options available and the necessary application for you to complete. This application must be returned to the Retirement System no later than 90 days after your eligibility date. As a vestee, it will be necessary for you to keep your mailing address current.

Formula:

* Same as prior illustrations under Options Maximum, 1, 2, 3 and 4

Example:

* See prior illustrations.

**Early Retirement
(Withdrawal Allowance)**

After 10 years of credited service, you may apply for an early (withdrawal) retirement benefit. This benefit will be based on your age to the nearest year and month when you apply, the number of years of service, and actuarial reduction factor applicable to your age.

Formula:

Final Average Salary	X	2%	X	Years of Credited Service	X	Early Retirement Factor (From Table 3 or 4)	=	Annual Reduced Early Retirement Benefit
----------------------	---	----	---	---------------------------	---	---	---	---

Example:

Male, age 49 with 10 years of service (earned after 7/1/83) and normal retirement age of 62.

\$30,000	X	.02	X	10	X	.478405*	=	\$2,870 (\$239 monthly)
----------	---	-----	---	----	---	----------	---	-------------------------

* From Table 4 (higher of the factors from Table 3 and 4 for post 7/1/83 service)

(Note) Retirements that are eligible for 30 and Out Windows (when available) are not subject to the early retirement reduction.

**Early Retirement
(3% Formula)**

Minimum Requirement—25 years of service and 55 years of age

If you have attained age 55 and have 25 or more years of credited service, you may retire with an annuity reduced by a percentage. The percentage is determined by multiplying the number of months between the effective date of retirement and the date on which you would be eligible for a normal retirement by 1/4% (3% per year).

Formula:

3%	X	Number of Years Below Normal Retirement Age					=	Early Retirement Reduction
100%	-	Early Retirement Reduction					=	Early Retirement Factor
Final Average Salary	X	2%	X	Years of Credited Service	X	Early Retirement Factor	=	Early Retirement Annual Benefit

Examples:

A. Member age 55 with 25 years of service. Normal Retirement Age 60 (5 year reduction).

3%	X	5 years					=	15% Reduction
100%	-	15%					=	85% Early Retirement Factor
\$30,000	X	.02	X	25	X	85%	=	\$12,750 (\$1,062 monthly)

B. Member age 57 with 27 years of service. Normal Retirement Age 60 (3 year reduction).

3%	X	3 years					=	9% Reduction
100%	-	9%					=	91% Early Retirement Factor
\$30,000	X	.02	X	27	X	91%	=	\$14,742 (\$1,228 monthly)

C. Member age 56 with 33 years of service. Normal Retirement Age 58 (with 35 years of service) (2 year reduction).

3%	X	2 years			=	6% Reduction
100%	—	6%			=	94% Early Retirement Factor
\$30,000	X	.02	X 33	X 94%	=	\$18,612 (\$1,551 monthly)

D. Member age 55 with 29 years of service. Normal Retirement Age 60 (5 year reduction).

3%	X	5 years			=	15% Reduction
100%	—	15%			=	85% Early Retirement Factor
\$30,000	X	.02	X 29	X 85%	=	\$14,790 (\$1,232 monthly)

E. Member age 61 with 27 years of service. Normal Retirement Age 62 (1 year reduction).

3%	X	1 year			=	3% Reduction
100%	—	3%			=	97% Early Retirement Factor
\$30,000	X	.02	X 27	X 97%	=	\$15,714 (\$1,309 monthly)

ACTUARIAL TABLES

(Adopted December 14, 2000)

*** Table 1**

Present Value of \$1 Annuity is an actuarial factor used to determine the amount of reserve needed to fund the member's retirement benefit.

*** Table 2**

Service Option 1 Reducing Factors are used to reduce the member's monthly benefit in order to provide a higher death benefit.

*** Tables 3 and 4**

Early Retirement Factors—Men and Women are used to reduce the monthly benefit because normal retirement qualifications are not met.

*** Table 5-8**

Factors for Obtaining Annuities and Pensions Under Option 2 are used to determine the reduction to be able to provide a lifetime benefit for both the member and the beneficiary. Factors consider both the member's age and sex and the beneficiary's age and sex. Option 2 guarantees the beneficiary the same monthly benefit for life after the member's death.

*** Tables 9-12**

Factors For Obtaining Annuities and Pensions Under Option 3 are used to determine the reduction to be able to provide a lifetime benefit for both the member and the beneficiary. Factors consider both the member's age and sex and the beneficiary's age and sex. Option 3 guarantees the beneficiary an amount equal to 50% of the member's monthly benefit for life after the member's death.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

- The payment date specified in the contract.
- 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
- The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

ITQ-SSHE-ELEC-1-2001 This is a reannouncement with a new due date. The State System Of Higher Education is seeking to qualify separate prime firms (electrical contractors) to perform electrical construction work in residence halls and other facilities related to the Commonwealth's 14 state owned universities located at Bloomsburg, California, Cheyney, Clarion, East Stroudsburg, Edinboro, Indiana, Kutztown, Lock Haven, Mansfield, Millersville, Shippensburg, Slippery Rock, and West Chester, and including Dixon University Center in Harrisburg and the various branch campuses of the Universities. Work planned includes the installation of Fire Detection and Sprinkler Systems in approximately 100 residence halls over a 5 year period. Pending work includes various projects undertaken by the System and its Universities associated with the construction or renovation of buildings or electrical infrastructure systems. The Invitation to Qualify (ITQ) is available at the following Web Address: <http://www.sshechan.edu/Procurement/bids.htm>. Interested and qualified firms can obtain an ITQ preferably from the web site or from Rebecca Novak at the Dixon University Center, 2986 North Second Street, Hughes Hall, Room 105, Harrisburg, PA 17110-1201. Requests for the ITQ can be faxed to (fax) (717) 720-7117 or (fax) (717) 720-4013, or e-mailed to rnovak@sshechan.edu. Responses to the ITQ are due on April 30, 2001 by 4 p.m. The System encourages responses from small firms, minority firms, women owned firms, and firms that have not previously worked for the System, and will consider joint ventures that enable these firms to participate in System contracts. Non-discrimination and equal opportunity are the policies of the Commonwealth and the State System of Higher Education.
