READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

THE COURTS

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 50]

Order Approving Revision of the Comment to Rule 51; No. 222; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Report explaining the changes which are the subject of the Court's Order. The Report follows the Court's Order.

Order

Per Curiam:

Now, this 6th day of June, 1997, upon the recommendation of the Criminal Procedural Rules Committee;

The Rule 51 Comment revision having been approved without publication, as permitted by Pa.R.J.A. 103(a)(3) and a Report to be published with this Order;

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the Comment to Rule of Criminal Procedure 51 is revised in the following form.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective immediately.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 50. PROCEDURE IN SUMMARY CASES

PART I. INSTITUTING PROCEEDINGS

Rule 51. Means of Instituting Proceedings in Summary Cases.

Criminal proceedings in summary cases shall be instituted either by:

- (a) issuing a citation to the defendant; or
- (b) filing a citation; or
- (c) filing a complaint; or
- (d) arresting without a warrant when arrest is specifically authorized by law.

Official Note: Previous Rule 51, adopted January 23, 1975, effective September 1, 1975; Comment revised January 28, 1983, effective July 1, 1983; Comment revised December 15, 1983, effective January 1, 1984; rescinded July 12, 1985, effective January 1, 1986; and replaced by present Rules 3, 51, 52, 55, 60, 65, 70, 75, and 95. Present Rule 51 adopted July 12, 1985, effective January 1, 1986. The January 1, 1986 effective dates all are extended to July 1, 1986; Comment revised February 1, 1989, effective July 1, 1989; Comment revised January 31, 1991, effective July 1, 1991; Comment revised January 16, 1996, effective immediately; **Comment revised June 6, 1997, effective immediately.**

Comment

This rule establishes the means of instituting criminal proceedings in summary cases. For general citation procedures, see Part II, Rules 52 and 53.

For the procedures when a citation is issued to a defendant pursuant to paragraph (a) of this rule, see Part IIA, Rules 55, 56, 57, 58, 59.

For the procedures when a citation is filed pursuant to paragraph (b), see Part IIB, Rules 60, 61, 62, 63, 64.

For the procedures when a complaint is filed pursuant to paragraph (c), see Part III, Rules 65, 66, 67, 68, 69.

For the procedures when there is an arrest without a warrant pursuant to paragraph (d), see Part IV, Rules 70, 71.

For the procedures regarding the use of arrest warrants in summary cases, see Part V, Rules 75, 76.

For general procedures applicable in all summary cases, see Part VI, Rules 80, 81, 82, 83, 84, 85, 86, 90.

For the procedures in summary cases charging parking violations, see Part VII, Rule 95. Although a criminal proceeding may be instituted in these cases by issuing a citation either by handing it to a defendant or placing it on a vehicle windshield, it is expected that many parking cases will be disposed of without a criminal proceeding under these rules. A parking ticket, which is not a citation, is used by a political subdivision and the defendant pays the amount specified on the ticket within the time specified.

Summary cases are cases in which all the offenses charged are either summary offenses, as defined in the Crimes Code, 18 Pa.C.S. § 106(c), or violations of ordinances for which imprisonment may be imposed upon conviction or upon failure to pay a fine or penalty. See Rule 3. Criminal proceedings in summary cases are to be brought under this chapter of the rules. If one or more of the offenses charged is a misdemeanor, felony, or murder, the case is a court case (see Rule 3) and proceeds under Chapter 100 of the rules. Any summary offenses in such a case, if known at the time, must be charged in the same complaint as the higher offenses and must be disposed of as part of the court case. See Crimes Code § 110, 18 Pa.C.S. § 110, and *Commonwealth v. Campana*, 304 A.2d 432 (Pa. 1973), vacated and remanded, 414 U.S. 808 (1973), on remand, 314 A.2d 854 (Pa. 1974). But see *Commonwealth v. Beatty*, 455 A.2d 1194 (Pa. 1983) [, concerning summary violations of the Vehicle Code.]; *Commonwealth v. Taylor*, 522 A.2d 37 (Pa. 1987); and *Commonwealth v. Kresge*, 464 A.2d 384 (Pa. Super. 1983) (no Section 110 violation when separate prosecutions involve offenses "not within the jurisdiction of a single court"). See also *Commonwealth v. Geyer*, 687 A.2d 815 (Pa. 1996) (Section 110 applies to separate prosecution of two summary offenses within the jurisdiction of a single court).

The summary case rules are not intended to prohibit or to suspend any acknowledgment of guilt procedures that may be specifically authorized by statute. See, e.g., Section 926 of the Game and Wildlife Code, 34 Pa.C.S. § 926, and Section 925 of the Fish and Boat Code, 30 Pa.C.S. § 925. Furthermore, the use of a field acknowledgment of guilt pursuant to 34 Pa.C.S. § 926 or 30 Pa.C.S. § 925 should not be construed as the issuance of a citation for the purpose of instituting a summary case under these rules. See Rules 55 and 60.

The Rules of Criminal Procedure generally do not apply to juvenile proceedings, but these rules do apply to proceedings in summary cases involving juveniles to the

extent that the Juvenile Act does not apply to such proceedings. See, e.g., Juvenile Act §§ 6302—6303, 42 Pa.C.S. §§ 6302—6303; Vehicle Code § 6303, 75 Pa.C.S. § 6303. See also 42 Pa.C.S. § 1515(a)(1) and 6303(a)(5) concerning jurisdiction of summary offenses arising out of the same episode or transaction involving a delinquent act for which a petition alleging delinquency is filed.

See Section 1522 [to] of the Judicial Code, 42 Pa.C.S. § 1522, concerning parental notification in certain summary cases involving juveniles.

REPORT

**Comment Revision to Pa.R.Crim.P. 51
Applicability of 18 Pa.C.S. § 110 to Summary Cases**

On June 6, 1997, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court of Pennsylvania approved an addition to the Comment to Rule 51 (Means of Instituting Proceedings in Summary Cases) which clarifies the general rule that summary charges included in a court case must be disposed of as part of the court case.

For some time, the Comment to Rule 51 has contained a discussion of 18 Pa.C.S. § 110 and *Commonwealth v. Campana*, 304 A.d. 432 (Pa. 1973), followed by a citation to *Commonwealth v. Beatty*, 455 A.d. 1194 (Pa. 1983) (concerning summary violations of the Vehicle Code). In addition to *Commonwealth v. Beatty*, the courts have issued several other opinions addressing the applicability of 18 Pa.C.S. § 110 to summary cases. As an aid to the bench and bar, the Committee has added these cases to the Rule 51 Comment: *Commonwealth v. Kresge*, 464 A.d. 384 (Pa. Super. 1983); *Commonwealth v. Taylor*, 522 A.d. 37 (Pa. 1987); and *Commonwealth v. Geyer*, 687 A.d. 815 (Pa. 1996).

1. Administrative Regulation 96-2 establishing mandatory mediation orientation for petitions to modify custody is hereby rescinded.

2. Administrative Regulation 93-1 establishing custody mediation procedures and forms is hereby reinstated pending promulgation of revised custody mediation procedures.

3. All pending petitions seeking custody, partial custody, and/or visitation, or petitions seeking modification of prior custody orders, which were filed prior to March 1, 1997, shall be listed before a Domestic Relations Judge for disposition.

4. All custody petitions filed on or after March 1, 1997, shall be processed as follows:

(A) All initial petitions seeking partial custody and/or visitation, and all petitions seeking partial custody and/or visitation as a modification of a prior custody order, shall be listed before a Custody Hearing Officer for a record hearing consistent with PA.R.C.P. 1915.4-1 and 1915.4-2. In appropriate cases the Custody Hearing Officer may refer the parties to the Family Court's Custody Mediation Program prior to the record hearing consistent with Administrative Regulation 93-1.

(B) All initial petitions seeking sole custody or primary physical custody, or petitions seeking to modify an existing custody order for sole custody or primary physical custody, shall be listed before a Custody Hearing Officer for a conference for the purpose of attempting to effectuate a settlement. If no agreement is reached at the conference, the parties shall be given a date certain for a record hearing before a Domestic Relations Judge and/or may be referred to the Court's Custody Mediation Program consistent with Administrative Regulation 93-1.

(C) The Custody Hearing Officer shall determine whether there are compelling circumstances necessitating an interim Order at which time he/she shall prepare a recommended interim order and refer the case to the Motion Judge for consideration of the proposed interim Order.

(D) This Administrative Regulation is adopted pending modification of the Philadelphia County Local Rules governing Child Custody matters.

Order

And Now, this 29th day of May, 1997, it is hereby *Ordered and Decreed* as follows:

1) The Delaware County Community Service Program is hereby approved as an alternative sentencing option which may be imposed by District Justices for first time offenders charged with summary offenses except in cases charging offenses under Title 75 (relating to vehicles) and Title 34 (relating to game), upon a finding of guilt or a guilty plea.

2) The Defendant shall be required to pay any and all restitution as a condition to participation in the Community Service Program.

3) The Community Service Program shall be implemented and supervised by Mr. Walter Omlor, Executive Administrator for Alternative Sentences, and strictly enforced according to guidelines issued by the Executive Administrator and approved by the Administrator's Office for District Justices at the direction of the President Judge.

4) The Community Service Program shall be phased in throughout Delaware County by "Catchment Areas" according to a timetable which shall be published by the Executive Administrator for Alternative Sentences at the direction of the President Judge. The Executive Administrator shall be responsible for maintaining the record checking, recordkeeping and reporting requirements and shall provide such reports as may be required by the President Judge.

5) District Justices shall require a Defendant admitted into the Community Service Program to pay Court costs and shall sentence the Defendant to not more than fifty (50) hours of Community Service. The Defendant shall pay a Community Service Program fee of twenty-five dollars (\$25.00) and an administrative application fee of sixty dollars (\$60.00) payable directly to the Community Service Program. The fees may be changed from time to time after a determination is made by the Executive Administrator for Alternative Sentences of the appropriate fee based upon the administrative expenses.

6) Whether a Defendant is eligible for the Community Service Program is within the sound discretion of the District Justice.

7) The District Justice and Mr. Walter Omlor shall have the discretion, based upon extenuating circumstances, to admit a Defendant into the Community Service Program even if the Defendant has previously been admitted into the program.

8) If the Defendant fails to complete the Community Service Program, or if the District Justice does not approve an alternative sentence, the District Justice shall proceed with the case as provided by law.

Order

And Now, this 29th day of May, 1997, it is hereby *Ordered and Decreed* as follows:

1) Upon a finding of guilt or a guilty plea, the Delaware County Youth Alcohol and Drug Awareness Program is hereby approved as the exclusive educational sentencing program which shall be imposed by District Justices for first time offenders charged with violating 18 Pa.C.S. § 6308 relating to the possession or consumption of alcohol by persons under the age of twenty-one. In addition thereto, but not in place thereof, the District Justice may also enter an Order placing the offender in the Delaware County Community Service Program.

2) Where a Defendant is convicted or is admitted to any approved alternative sentencing program for a violation of 18 Pa.C.S. § 6308, the court shall order the Defendant's operating privileges suspended pursuant to 18 Pa.C.S. § 6310.4. Furthermore, a copy of the Order shall be transmitted to the Department of Transportation.

3) The Defendant shall be required to pay any and all restitution as a condition to participation in the Youth Alcohol and Drug Awareness Program.

4) The Alcohol and Drug Awareness Program shall be implemented and supervised by Mr. Walter Omlor, Executive Administrator for Alternative Sentences, and strictly enforced according to guidelines issued by the Executive Administrator and approved by the Administrator's Office for District Justices at the direction of the President Judge. The Executive Administrator shall be responsible for maintaining the record checking, recordkeeping and reporting requirements and shall provide such reports as may be required by the President Judge.

5) District Justices shall require a Defendant admitted into the Youth Alcohol and Drug Awareness Program to pay Court costs. The Defendant shall pay a Youth Alcohol and Drug Awareness Program fee of One Hundred Dollars (\$100.00) and an administrative application fee of Sixty dollars (\$60.00) payable directly to the Youth Alcohol and Drug Awareness Program, and, where the Defendant is

placed in the Community Service Program, a Community Service Program fee of Twenty-five dollars (\$25.00) payable directly to the Community Service Program. The fees may be changed from time to time after a determination is made by the Executive Administrative for Alternative Sentences of the appropriate fee based upon the administrative expenses.

6) Whether a Defendant is eligible for the Community Service Program is within the sound discretion of the District Justice.

7) The District Justice and Mr. Walter Omlor shall have the discretion, based upon extenuating circumstances, to admit a Defendant into the Youth Alcohol and Drug Awareness Program or the Community Service

Program even if the Defendant has previously been admitted into either program.

8) If the Defendant fails to complete the Youth Alcohol and Drug Awareness Program or, if applicable, the Community Service Program, the District Justice shall proceed with the case as provided by law.

RULES AND REGULATIONS

Title 22—EDUCATION

DEPARTMENT OF EDUCATION

[22 PA. CODE. CH. 335]

Community College Courses

The Secretary of the Department of Education (Department) adopts Chapter 335 (relating to community college courses) which contains standards for credit and non-credit courses at community colleges that will be eligible for reimbursement by the Commonwealth under Article XIX-A of the Public School Code of 1949 (act) (24 P. S. §§ 19-1901-A—19-1913-A). The proposed standards are set forth in Annex A and are promulgated under authority of section 1913-A(b)(1.2) of the act (24 P. S. § 19-1913-A(b)(1.2)).

Purpose

These standards are promulgated by the Secretary in order to comply with an amendment made to the Public School Code of 1949 by the act of June 7, 1993 (P. L. 49, No. 16) (Act 16). The statutory amendment requires the Secretary, in consultation with the community colleges, to promulgate standards for credit and noncredit courses that will be eligible for Commonwealth reimbursement. The statutory amendment further requires that the standards specifically exclude from eligibility for reimbursement any course or program in avocational or recreational pursuits.

The proposed standards were developed in consultation with the community colleges. The Department wrote three successive drafts of the proposed standards. Each draft was distributed among the community colleges and reviewed by a broad spectrum of community college staff, including presidents, deans, faculty, business managers and specialists in continuing education. Each draft was then revised in response to the comments and suggestions from the community college staff.

Requirements of the Standards

The proposed standards establish criteria to be met by all credit and noncredit courses in order for the courses to be eligible for reimbursement by the Commonwealth under Article XIX-A of the act. Many of the criteria, such as those relating to course approval, course structure and course outlines, were drawn from existing policies or practices at community colleges. Others were developed specifically to make a clear distinction between credit and noncredit courses.

The proposed standards also define the terms "avocational course" and "recreational course" and specify that these courses will not be reimbursed by the Commonwealth. Lastly, a schedule is set forth for implementation of the standards, and a complete description of the records necessary for the colleges to document their compliance is included.

Public Comments and Responses

The Department received comments from three community colleges and one senior citizen's center in response to publication of the proposed rulemaking at 24 Pa.B. 5421 (October 29, 1994). The Secretary considered the public comments received during the official public comment period, as well as additional comments from community college presidents after the close of the comment period.

Comments were received from the House Education Committee on February 10, 1995, from the Senate Education Committee on February 13, 1995, and from the Independent Regulatory Review Commission (IRRC) on February 22, 1995.

IRRC recommended moving the definitions for several terms from § 335.12 to § 335.1 (relating to definitions). The Secretary concurs with this recommendation, but expanded the section to include a number of definitions from both Subchapters B and C (relating to credit courses; and noncredit courses). Two community college commentators, together with the House and Senate Education Committees and IRRC, recommended several changes to the descriptive definition of "noncredit courses" in Subchapter C to eliminate extraneous terms and clarify vagueness. Several of the recommendations were adopted. The definition of "noncredit courses" was restructured and the overall organization of Subchapter C was changed to eliminate cumbersome wording and improve parallel construction.

The two community college commentators and the Education Committees questioned the language used in § 335.21 (relating to noncredit courses) to define non-credit courses, such as "not being postsecondary in nature," (having) "less depth or breadth," and (being) "less rigorous."

The Secretary notes that the descriptive terms are connected by the word "or" in order to indicate that noncredit courses differ from credit courses by at least one of the qualifying attributes, but not necessarily all of them. The term "less rigorous" was dropped, but the other two terms were retained. The term "not postsecondary in nature" was retained to ensure reimbursement for remedial, developmental and adult basic and literacy education courses that focus on content typically delivered through elementary and secondary education. This point is reinforced by the wording of §§ 335.13(a) and 335.22(4)(ii) (relating to remedial; and developmental courses). Since some noncredit courses are characterized by less depth and breadth than credit courses with similar content, this term was also retained.

The two community college commentators and the Education Committees also questioned the description of a noncredit course as not being part of a program of study that leads to a formal college award. This was retained as a point of distinction between credit and noncredit courses. The term "formal college award" was defined in § 335.1 as a "collegiate degree, collegiate certificate or collegiate diploma" in accordance with IRRC's suggestion. The Secretary believes that the new definition satisfies the commentators' concerns.

One community college, together with the Education Committees and IRRC, recommended changing the implementation dates proposed in Subchapter D to eliminate retroactivity and to allow reimbursement eligibility for noncredit courses developed between July 1, 1994, and July 1, 1996. The Secretary concurs with the commentators' recommendation to revise implementation dates. Sections 335.32 and 335.33 (relating to existing credit courses; and existing noncredit courses) were changed to provide that, for Fiscal Years 1997-98 and 1998-99, credit and noncredit courses approved by the colleges prior to July 1, 1997, will be reimbursable if they comply with Chapter 35 (relating to community colleges). Clarifying language was inserted to make existing courses reimburs-

able until Fiscal Year 1999-2000. These sections were further changed to provide that, beginning with Fiscal Year 1999-2000, and for each fiscal year thereafter, credit and noncredit courses shall meet the applicable Chapter 335 standards. The requirement for the preparation of lists of credit and noncredit courses was changed to apply to courses approved prior to July 1, 1997, to be consistent with the date change listed in this Preamble. The deadline for the submission of these lists to the Deputy Secretary of Postsecondary and Higher Education was correspondingly changed to October 1, 1997.

The Education Committees recommended adding language to clarify the years for which avocational and recreational courses are reimbursable and those years for which they are not reimbursable. The Secretary believes that this additional language is not necessary in light of the intention of section 1913-A(b)(1.2) of the act which precludes reimbursement for courses or programs in avocational or recreational pursuits beginning with Fiscal Year 1993-94.

IRRC recommended changing the format of § 335.42 (relating to course outlines) to simplify wording and achieve parallel construction in the description of requirements relating to the preparation and maintenance of course outlines. The Secretary concurs with this recommendation and the section was reformatted accordingly. IRRC suggested changing §§ 335.44—335.46 (relating to course evaluation and program audit; college catalog; and faculty qualifications) to include a determinate time period for the retention of course evaluations, program audits, college catalogs and faculty records. The Secretary concurs with the recommendation and the wording was changed to apply the record retention requirements of § 35.66 (relating to retention of records) to these items.

Finally, IRRC noted that since noncredit courses custom designed for employers and agencies are not available to the general public, it may be desirable to delete § 335.45(b) of the proposed rulemaking, which required that adequate descriptions of these courses be developed and maintained by the colleges. IRRC noted that descriptions of course content would, in all probability, be governed by written agreements between the colleges and contracting parties. In accordance with § 35.61(f)(2) (relating to full-time equivalent enrollment), community colleges receive the standard Commonwealth reimbursement for enrollees in these courses if aggregate gross operating costs on an average per student basis are not completely covered by the contracting party. To substantiate their control over the content and delivery of these courses, and to demonstrate their compliance with § 35.61(f)(2), the colleges must be held accountable for developing and maintaining these noncredit course descriptions. Therefore, the Secretary does not concur with the IRRC's recommendation in this regard.

Affected Parties

The regulations will affect community colleges and students at those colleges.

Cost and Paperwork Estimates

The regulations may impose some additional costs to the extent that a given community college's policy for course development, approval and review differs from what is required by the proposed standards. However, the colleges already maintain most of the documentation to support their annual reimbursement claim audits which are conducted by the Comptroller for Labor, Education and Community Services. Moreover, the burden should be

minimal since the standards provide for the use of media other than paper records for verification that courses meet the standards.

Effective Date

These regulations will be effective on July 1, 1997.

Sunset Date

The effectiveness of these regulations will be continually reviewed by the Secretary. Thus, no sunset date is necessary.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 19, 1994, the Secretary submitted a copy of these proposed regulations to IRRC and to the Chairpersons of the House and Senate Committees on Education. In addition to submitting the regulations, the Secretary provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request. In compliance with section 5(b.1) of the Regulatory Review Act, the Secretary also provided IRRC and the Committees with copies of the comments received.

In preparing these final-form regulations, the Secretary considered the comments received from the Senate Education Committee on February 10, 1994, from IRRC on February 23, 1994, and from the public during the official comment period. The Secretary resubmitted the final-form regulations to the House and Senate Education Committees, and to IRRC on January 27, 1997. In addition to submitting the final-form regulations, the Department provided IRRC and the Committees with a copy of the detailed Regulatory Analysis Form prepared in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation."

These final-form regulations were submitted to IRRC and the Senate and House Education Committees on January 27, 1997. The House Education Committee met on February 5, 1997, and approved the regulations. The regulations were deemed approved by the Senate Education Committee on February 16, 1997. On February 20, 1997, IRRC disapproved the regulations barring publication in the *Pennsylvania Bulletin*. On February 26, 1997, the revised final-form regulations were submitted to IRRC and the Senate and House Education Committees. IRRC met on March 20, 1997, and approved the regulations.

Contact Person

The official responsible for information on the Department's process of promulgating these regulations is Barbara Senior, Director, Bureau of Postsecondary Services, Department of Education, 333 Market Street, Harrisburg, PA 17126-0333, (717) 787-4313. The official responsible for information on the implementation of these regulations is Michael B. Poliakoff, Deputy Secretary for Postsecondary and Higher Education, Department of Education, 333 Market Street, Harrisburg, PA 17126-0333, (717) 787-5041.

Findings

The Secretary finds that:

(1) Public notice of the intention to adopt these regulations was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder at 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The adoption of the standards in the manner provided by this order is necessary and appropriate for administration of the authorizing statute.

Order

The Secretary orders that:

(a) The Secretary, acting under the authorizing statute, orders that the regulations of the Department, 22 Pa. Code, are amended by adding §§ 335.1, 335.2, 335.11—335.13, 335.21—335.23, 335.31—335.33 and 335.41—335.47 to read as set forth in Annex A.

(b) The Secretary will submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for review and approval as to legality and form as required by law.

(c) The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau, as required by law.

(d) This order will take effect upon publication in the *Pennsylvania Bulletin*.

EUGENE W. HICKOK,
Secretary

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 27 Pa.B. 1705 (April 5, 1997).)

Fiscal Note: Fiscal Note 6-255 remains valid for the final adoption of the subject regulations.

Subchapter A. GENERAL PROVISIONS

- | | |
|--------|--|
| Sec. | |
| 335.1. | Definitions. |
| 335.2. | Standards for reimbursement courses—credit and noncredit—at community college. |

§ 335.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Public School Code of 1949 (24 P.S. §§ 1-101—27-2702).

Formal college award—A collegiate degree, collegiate certificate or collegiate diploma.

Reimbursement—Commonwealth reimbursement of a portion of a community college's operating costs for equivalent full-time students as defined in section 1913-A of the act (24 P.S. § 19-1913-A).

Remedial or developmental course—A course designed for students who are deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

Stipend reimbursement—Commonwealth reimbursement on account of a community college's operating costs for equivalent full-time students enrolled in designated

categories of 2-year or less than 2-year occupational or technical programs as defined in section 1913-A(b)(1.4)(iii) of the act.

§ 335.2. Standards for reimbursable courses—credit and noncredit—at community colleges.

To be eligible for reimbursement by the Commonwealth, each credit and each noncredit course that is offered by a community college shall meet the following criteria:

(1) The course has stated learning goals and consists of a planned sequence of topics or learning activities designed to help students achieve the stated learning goals.

(2) The course is summarized in an outline which includes at least the following elements:

(i) The course title and description.

(ii) The learning goals.

(iii) A planned sequence of topics or learning activities designed to help students achieve the learning outcomes.

(iv) A list of reference, resource or learning materials to be used by the students.

(3) The course is consistent with the college's mission, and is or was developed, approved and offered in accordance with the policies, standards, guidelines and procedures established by the college for the approval of new courses or programs.

(4) An accurate description of the course is published in the college's catalog or other official publication pertaining to the academic semesters, terms or years in which the course is offered. This criterion does not apply to noncredit courses which are custom designed to meet the needs of a particular employer or agency and, therefore, which are not available to the general public.

Subchapter B. CREDIT COURSES

- | | |
|---------|--|
| Sec. | |
| 335.11. | Credit courses. |
| 335.12. | Standards for reimbursable credit courses at community colleges. |
| 335.13. | Remedial and developmental courses. |

§ 335.11. Credit courses.

Credit courses are planned, postsecondary activities designed to enable students to achieve stated learning goals.

§ 335.12. Standards for reimbursable credit courses at community colleges.

To be eligible for reimbursement by the Commonwealth, each credit course offered by a community college shall meet the criteria in § 335.2 (relating to standards for reimbursable courses—credit and noncredit—at community colleges) and the following criteria:

(1) The course is assigned units of credit based on Nationally or regionally accepted practices or guidelines which are consistent with Chapter 35 (relating to community colleges).

(2) The course is delivered, or directly supervised, by an instructor whose qualifications meet the college's requirements for instructors of credit courses.

(3) The course's stated learning outcomes are necessary to enable students to attain the essential knowledge and skills embodied in the program's educational objectives, if the course is a requirement of a degree, certificate or diploma program. The college reevaluates the necessity for the course's learning goals when conducting the academic audit required by § 35.21(b) (relating to non-credit courses).

(4) The course is comparable to similar courses which are generally accepted for transfer of credit to accredited 4-year colleges and universities, if designed for transfer.

(5) The course is articulated with other courses so that it is an elective or a requirement of at least one of the college's programs of study which lead to a formal college award.

(6) The course is an elective or a requirement of a program which does not require the student to have more than 30 credit hours of postsecondary study prior to enrolling in the program unless the program is an upper-division program that was approved in accordance with § 42.21 (relating to approval).

(7) The course is evaluated at least once every 5 years in accordance with § 35.21(b) (relating to curricula) using a method determined by the college.

§ 335.13. Remedial and developmental courses.

(a) Remedial and developmental courses are eligible for reimbursement as credit courses, if they meet the criteria in §§ 335.2 and 335.12(1)–(4) (relating to standards for reimbursable courses—credit and noncredit—at community colleges; and standards for reimbursable credit courses at community colleges). Each college decides for itself whether the courses are approved for credit toward a formal college award.

(b) Remedial and developmental courses are not eligible for stipend reimbursement by the Commonwealth.

Subchapter C. NONCREDIT COURSES

Sec.

335.21. Noncredit courses.

335.22. Standards for reimbursable noncredit courses at community colleges.

335.23. Courses or programs in avocational and recreational pursuits.

§ 335.21. Noncredit courses.

Noncredit courses are planned educational activities designed to enable students to achieve stated learning goals. They differ from credit courses by offering less depth or breadth in subject matter; or by being custom designed to meet the workforce training needs of local employers and other community organizations; or by being designed to provide advanced training for professionals or training or retraining for occupational workers; or by not being postsecondary in nature. They also differ from credit courses by not being part of a program of study which leads to a formal college award.

§ 335.22. Standards for reimbursable noncredit courses at community colleges.

To be eligible for reimbursement by the Commonwealth, each noncredit course shall meet the criteria in § 335.2 (relating to standards for reimbursable courses—credit and noncredit—at community colleges) and the following criteria:

(1) A noncredit course whose topic is the same as, or similar to, that of one of the college's credit courses will differ from the credit course in terms of learning goals or will offer less depth or breadth of subject matter.

(2) The course outline includes the number of hours of instruction—lecture and laboratory—which comprise the course.

(3) The course is delivered or directly supervised by an instructor who leads the learning process and assists the students in their learning. The college is responsible for selecting, supervising, and, whenever appropriate, dismissing the instructor.

(4) The course is designed exclusively for education or training in one of the following areas of study:

(i) *Public safety.* Training in firefighting, the handling of hazardous materials, emergency medical services, police work, or, with the approval of the Department of Education, training mandated by a National or State agency to ensure the public safety.

(ii) *Adult basic education or adult literacy.* Training in basic academic skills and life skills.

(iii) *Occupational skills.* Training or retraining in vocational skills and in continuing education for professions such as nursing, accounting and engineering.

(iv) *Academics.* Studies in the arts, sciences, humanities and mathematics.

(5) The quality of the course's content and its learning process is evaluated at least once every 5 years using a method determined by the college.

(6) The course is not a course in recreational or avocational pursuits.

§ 335.23. Courses or programs in avocational and recreational pursuits.

(a) Courses or programs in avocational pursuits are designed to provide enrollees with skills or knowledge to be used in an activity which is subordinate to their current or their planned future customary employment.

(b) Courses or programs in recreational pursuits are designed to provide enrollees with diversion or distraction from workaday routines.

(c) Course topics in avocational and recreational pursuits include:

(i) Leisure activities.

(ii) Hobbies.

(iii) Crafts.

(iv) Sports.

(v) Personal, physical or mental development, fulfillment or fitness.

(vi) Management of personal matters.

(vii) Cultural events.

(viii) Travelogues and tours.

(d) Courses in avocational and recreational pursuits are not reimbursable in accordance with section 1913-A(b)(1.2) of the act (24 P. S. § 19-1913-A(b)(1.2)).

(e) Courses in avocational and recreational pursuits will not be deemed reimbursable by virtue of the possible vocational interests of some or all of the students enrolled therein.

Subchapter D. IMPLEMENTATION SCHEDULE

Sec.

335.31. New credit and noncredit courses.

335.32. Existing credit courses.

335.33. Existing noncredit courses.

§ 335.31. New credit and noncredit courses.

Beginning July 1, 1997, to be eligible for reimbursement by the Commonwealth, each new credit course for Fiscal Year 1997-98 and for each fiscal year thereafter, shall meet the standards in Subchapters A and B (relating to general provisions; and credit courses), and each new noncredit course shall meet the standards in Subchapter A and Subchapter C (relating to noncredit courses).

§ 335.32. Existing credit courses.

(a) Until the beginning of Fiscal Year 1999-2000, credit courses approved by the college prior to July 1, 1997, will be eligible for reimbursement, if they comply with Chapter 35 (relating to community colleges). Beginning with Fiscal Year 1999-2000 and for each fiscal year thereafter, each credit course claimed for Commonwealth reimbursement shall meet the standards in Subchapters A and B (relating to general provisions; and credit courses).

(b) To verify that existing courses are eligible for reimbursement in Fiscal Years 1997-98 and 1998-99, the college shall prepare a list of all its credit courses approved by the college prior to July 1, 1997. The list shall be prepared and submitted to the Deputy Secretary for Postsecondary and Higher Education by October 1, 1997. The list shall also be retained by the college until its State audits for those years are finalized. The list will be used by the State's auditors to verify each course's eligibility for reimbursement.

§ 335.33. Existing noncredit courses.

(a) Until the beginning of Fiscal Year 1999-2000, noncredit courses, excluding avocational and recreational courses, approved by the college prior to July 1, 1997, will be eligible for reimbursement, if they comply with Chapter 35 (relating to community colleges). Beginning with Fiscal Year 1999-2000 and for each fiscal year thereafter, each noncredit course claimed for Commonwealth reimbursement shall meet the standards in Subchapters A and C (relating to general provisions; and noncredit courses).

(b) To verify that existing courses are eligible for reimbursement in Fiscal Years 1997-98 and 1998-99, the college shall prepare a list of its noncredit courses approved by the college prior to July 1, 1997. The list shall be prepared and submitted to the Deputy Secretary for Postsecondary and Higher Education by October 1, 1997. The list shall also be retained by the college until its State audits for those years are finalized. The list will be used by the State's auditors to verify each course's eligibility for reimbursement.

Subchapter E. DOCUMENTATION

Sec.

335.41.	Verification of eligibility for reimbursement.
335.42.	Course outlines.
335.43.	Program approval policy and records.
335.44.	Course evaluation and program audit.
335.45.	College catalog.
335.46.	Faculty qualifications.
335.47.	Source of documentation.

§ 335.41. Verification of eligibility for reimbursement.

Each community college shall maintain and make available for review by the Department of Education or the Department's auditors the documentation provided for in this part to support claims for reimbursement of courses.

§ 335.42. Course outlines.

(a) Each community college shall prepare and maintain an outline for each course. Outlines shall:

(1) Bear the date on which the course was approved by the college.

(2) Bear an authorizing signature to indicate that the course was approved by the college and is in compliance with § 335.2(2) (relating to standards for reimbursable courses—credit and noncredit—at community colleges). The signature on the outline shall be that of the incumbent in the position specified in the college's policy on program approval as responsible for approving course outlines.

(b) Each community college shall establish an onsite depository for course outlines where they will be available for review.

§ 335.43. Program approval policy and records.

(a) Each community college shall establish and implement a written policy on program approval. The policy shall, at a minimum:

(1) Include provisions for ensuring that proposed programs, and the courses which comprise them, are consistent with the college's mission.

(2) Provide guidance on assigning units of credit to courses to ensure that the assignment complies with Chapter 35 (relating to community colleges) and reflects Nationally or regionally accepted practices.

(3) Specify the position of the person responsible for approving programs.

(4) Specify the position of the person responsible for approving course outlines.

(b) Each community college shall also maintain, in accordance with § 35.66 (relating to retention of records), a record of each approved program bearing the signature of the incumbent in the position specified in the college's policy on program approval as responsible for approving programs.

§ 335.44. Course evaluation and program audit.

(a) Each community college shall conduct course evaluations, which for credit courses shall be part of the academic audit specified in § 35.21(b) (relating to curricula). The college shall develop a written program audit and course evaluation policy that specifies the position of the person responsible for program audits. The policy shall also include provisions which require a review of the program's courses to ensure that:

(1) Course materials and content reflect current knowledge in the program's field of study.

(2) Course content is appropriate for both the objectives of the course and the goals of the program.

(3) The catalog description of the course is accurate.

(4) Each required course's stated learning goals are necessary to enable students to attain the essential knowledge and skills embodied in the program's educational objectives.

(5) The content of each course designed for transfer is similar to courses which are generally accepted for transfer of credit to accredited 4-year colleges and universities.

(b) Each community college shall establish an onsite depository of reports on the results of each program audit and course evaluation. The reports shall, at a minimum, demonstrate that the program audit addressed each of the provisions in subsection (a) and shall be signed by the incumbent in the position responsible for program audits to indicate that the program audit was performed and accepted by the college's administration. Each college shall maintain the results of each program audit and course evaluation in accordance with § 35.66 (relating to retention of records).

§ 335.45. College catalog.

(a) Each community college shall publish and maintain a catalog or other official publication of its credit and

noncredit courses. The catalog or other publication shall contain accurate descriptions of courses and shall specify their prerequisites, if any. Two catalogs or other publications may be used: one for credit courses and another for noncredit courses. The latter may be an informal publication such as a tabloid or brochure.

(b) Noncredit courses which are custom designed to meet the needs of a particular employer or agency and which are not available to the general public may be omitted from the college's catalog. However, an accurate description of these courses shall be developed and maintained by the college.

(c) Catalogs and other official publications of the college's credit and noncredit programs shall be maintained as official records in accordance with § 35.66 (relating to retention of records).

§ 335.46. Faculty qualifications.

(a) Each community college shall establish and maintain a written policy on the qualifications required for faculty who teach credit courses.

(b) Each college shall also maintain a list of the instructors for its credit and noncredit courses. The list shall be maintained in accordance with § 35.66 (relating to retention of records), and shall include:

- (1) The name of each instructor.
- (2) The course taught by the instructor.
- (3) The academic year and semester or term in which the instructor taught the course.

§ 335.47. Source of documentation.

With the approval of the Department of Education, the college may provide and make available for review the documentation required under § 335.41 (relating to verification of eligibility for reimbursement) by means of media other than paper records.

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF PHARMACY [49 PA. CODE CH. 27] Facsimile Machines

The State Board of Pharmacy (Board) by this order adopts amendments to Chapter 27 (relating to State Board of Pharmacy) to read as set forth in Annex A.

A. Effective Date

The amendments are effective upon publication in the *Pennsylvania Bulletin*.

B. Statutory Authority

The amendments are adopted under the authority of sections 4(j) and 6(k)(1) and (9) of the Pharmacy Act (act) (63 P. S. §§ 390-4(j) and 390-6(k)(1) and (9)).

C. Background

On May 19, 1994, the Federal Drug Enforcement Administration (DEA) amended its regulations to allow for the transmission of controlled substance prescriptions between the prescriber and the dispenser by facsimile machine. See, 59 F.R. 26109 et seq. The Board has determined to adopt the DEA standards in this Commonwealth. Likewise, the Board has received numerous questions from its licensees regarding the legality of filling a prescription which was received in a pharmacy by means of facsimile equipment.

Section 27.18(o) (relating to standards of practice) already authorizes a pharmacist to dispense a drug on the basis of a prescription or order which is an original or direct copy of the original issued by a prescriber who may be using electronic or computerized equipment. Even before the promulgation of the DEA regulations in 1994 the Board had interpreted this section to mean that it was lawful for a pharmacist to fill a prescription received on a facsimile machine for a drug other than a controlled substance. The Board, by this order, clarifies this lawful practice and adds rules pertaining to filling a prescription for a controlled substance received on a facsimile machine to track the DEA regulations.

The Board believes that the use of a facsimile machine to transmit a prescription from prescriber to pharmacist may result in fewer errors than telephone transmission of prescriptions. When a prescription is transmitted by means of telephone, it is possible for the pharmacist or for the person who makes the call to make an error. There may well be less possibility for error in both transmission and reception of a prescription transmitted by facsimile machine for the pharmacist will read an exact copy of the prescription. For this reason, the Board believes that the public health and safety will be as well if not better protected than under the current methods of prescription transmission. Moreover, all consumers of health care requiring pharmaceutical treatment will benefit from the cost and time savings inherent in quicker transmission of drug prescriptions, reduced errors and freed up pharmacist time to devote to counseling patients on appropriate drug use.

D. Summary of Comments and Responses on Proposed Rulemaking

Notice of proposed rulemaking was published at 26 Pa.B. 1030 (March 9, 1996). The Board received comments from several public commentators, the House Professional Licensure Committee and the Independent Regulatory Review Commission (IRRC). Responses to these comments follow.

Most institutional commentators, including IRRC, questioned the propriety of requiring the prescriber's signature on a prescription which is faxed for dispensing by an institutional pharmacy prior to actual dispensing of the drug. The commentators noted that drug orders affecting patients/residents in an institution often involve the treatment of severe pain requiring immediate dispensing of the drug for administration to the patient. The commentators noted that institutions have established protocols which are consistent with regulations affecting the individual institutions to obtain the prescriber's signature within 24 or 48 hours for drug orders placed on the patient's medical chart in the institution.

The commentators believed that the proposed rulemaking in § 27.20(b) (relating to facsimile machines) requiring an institutional pharmacist to view the actual prescriber's signature prior to dispensing any

nonproprietary drug, including a Schedule II, III, IV or V controlled substance, prior to dispensing the drug, would create undue delays in necessary patient care. IRRC suggested that proposed § 27.20(b), relating to institutional pharmacies, be eliminated to resolve this concern. The remaining institutional commentators, including the Pennsylvania Society of Health-System Pharmacists, suggested that the section be amended to permit at least a 24 to 48 hour period of time within which to obtain a signature on the patient chart related to the prescription or drug order.

The Board has considered these comments and determined that the elimination of proposed § 27.20(b) would best serve the public interest and the Board's interest in protecting patient health while preserving an efficient method for drug dispensing in an institutional setting. To this end, in final rulemaking, the Board has eliminated proposed § 27.20(b), relating to institutional pharmacies, and has added a new paragraph (4) to subsection (c), relating to general issues surrounding facsimile transmission of prescriptions. The new subsection reads:

For purposes of this section, a prescription may not include an order for medication which is dispensed for immediate administration to a patient in an institution.

By this language, the Board clarifies that facsimile transmissions within a particular institution of drug orders reduced to writing on the patient's medical chart, subsequently signed by the prescriber within 24 to 48 hours as required by regulations affecting the particular institution, would not be subject to the requirements related to facsimile transmissions of prescriptions generally.

The Board notes, however, that prescriptions received by a facsimile machine to an institutional pharmacy for dispensing of drugs to persons outside of the particular institution, that is, for a patient discharged to another institution or to home or hospice, even if within a larger health system, must adhere to the requirements established in § 27.20. The Board notes that, with these changes, the section exactly tracks the DEA regulations.

Moreover, the Board notes that it has not, as IRRC had suggested, deferred control of institutional pharmacies to the Department of Public Welfare and the Department of Health. On the contrary, § 27.18(o) outlines the Board's requirements for drug orders in institutions. Neither does the Board relinquish control of institutional pharmacies by the changes which it has made to § 27.20.

Proposed § 27.20(a) outlined two exceptions to the requirements that a pharmacist review the original of a prescription received on a fax machine before dispensing a Schedule II controlled substance. Those exceptions are:

(i) A prescription for a Schedule II controlled narcotic substance which will be administered to a patient by parenteral, intravenous, intramuscular, subcutaneous or intraspinal infusion in the patient's home or hospice.

(ii) A prescription for a Schedule II controlled substance for a resident of a long-term care facility.

IRRC suggested that long-term care facilities should be included under the first exception, citing a DEA distinction between Schedule II narcotic substances and Schedule II substances, and the fact that there are potentially urgent needs of patients in long-term care facilities to receive Schedule II narcotic substances for the relief of pain. A Schedule II narcotic controlled substance is a subset of a Schedule II controlled substance already covered by the second exception involving long-term care

facilities. The Board therefore declines to create a redundancy by adding long-term care facilities to the first exception.

IRRC also recommended that the Board add provisions in final rulemaking related to emergency situations. The Board notes, as has DEA, that the exceptions related to Schedule II prescriptions in § 27.20(a)(2)(i) and (ii) eliminate the need for redundant language related to emergency prescriptions. The Board adopts DEA's interpretation of the language. The Board further notes that pharmacists dispensing scheduled controlled substances always do so subject to DEA requirements, including requirements related to emergency prescriptions.

In response to one commentator who asked the Board to clarify what is meant by the term "narcotic," the Board notes that Pennsylvania law under the Controlled Substance, Drug, Device and Cosmetic Act (35 P. S. §§ 780-101—780-144) defines a "narcotic" in section 2 thereof (35 P. S. § 780-102). This definition tracks that of the Federal Controlled Substances Act and has been incorporated in the Board's standards of practice regulation in § 27.18(u).

Several commentators believed that the Board intended under proposed § 27.20(c) to require pharmacies to maintain fax transmissions in addition to original prescriptions and drug orders. It was never the Board's intention to require duplicate recordkeeping. On the contrary, the Board intends only that if the facsimile copy will be maintained as the original pharmacy record under section 4(a)(3) of the act, then the paper on which the transmission is made must last for at least that long. To avoid any misconceptions about the provision, the Board has revised § 27.20(c)(2) to make this clarification.

Likewise, IRRC and the House Committee suggested a revision to § 27.20(c)(3) which characterizes as unlawful conduct a contribution of a pharmacist or pharmacy to the installation of a facsimile machine in an institution or medical office. The Board's proposal was initially justified by its reference to section 5(a)(9) of the act (63 P. S. § 390-5(a)(9)), which declares kickbacks between pharmacists and medical practitioners to be grossly unprofessional conduct subjecting a pharmacist's license to discipline. IRRC and the House Committee distinguished this characterization from the term "unlawful", which implicates criminal penalties. IRRC therefore suggested that the Board reference this statutory provision in the language of § 27.20(c)(3).

In redrafting § 27.20(c)(3) to accommodate the concerns expressed by IRRC and the House Committee (with which the Board agrees), the Board finds instructive the decision of the Pennsylvania Supreme Court in *Pennsylvania State Board of Pharmacy v. Cohen*, 448 Pa. 189, 292 A.2d 277 (1972). The court there said:

... sections 390-5(a)(6) and (b)(2) both provide for suspension or revocation of licenses and permits respectively upon proof of violation of any properly adopted rules or regulations promulgated by the Board. It is only by means of these statutorily granted rulemaking powers that the Legislature has empowered the Board to provide additional grounds for sanctions.

448 Pa. 197-98, 292 A.2d 281-82.

Section 5(a)(6) and (b)(2) of the act (63 P. S. § 390-5(a)(6) and (b)(2)) provides for disciplinary action against pharmacist licenses and pharmacy permits, respectively, for violations of the act or regulations of the Board. Accordingly, the Board has revised § 27.20(c)(3) to read:

A pharmacist or pharmacy may not contribute in any way to the installation of a facsimile machine in the office of a medical practitioner or in an institution.

A pharmacist or pharmacy who engages in this prohibited conduct could be disciplined under section 5(a)(6) or (b)(2) of the act, respectively.

Finally, several commentators suggested that the amendments should be broadened to include all forms of electronic prescription transmission, together with regulating adequate security measures for the same. The Board notes that, because the proposed regulation was limited to facsimile machine transmission of drug prescriptions, it would be both improper and inconsistent with the law to expand the scope of the regulation on final rulemaking to include transmission of prescriptions through other electronic means.

The Board has also incorporated several technical revisions suggested by IRRC in final rulemaking.

E. Compliance with Executive Order 1996-1, Regulatory Review and Promulgation

The Board reviewed this rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final form regulations address a compelling public health interest in assuring that drug dispensing is accurate, efficient and cost-effective as described in this Preamble, and it otherwise complies with Executive Order 1996-1.

F. Fiscal Impact and Paperwork Requirements

The regulatory amendments will not have a negative fiscal impact on the Commonwealth, political subdivisions or the private sector. In fact, cost savings in time and money can be anticipated through increased efficiency in drug dispensing.

The amendments will not affect paperwork requirements for the Commonwealth or political subdivisions. Paperwork in the public sector relative to drug dispensing and recordkeeping will be reduced.

G. Sunset Date

The Board continually monitors the effectiveness of its regulations through communications with the regulated population; accordingly, no sunset date has been set.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on March 9, 1996, the Board submitted a copy of the notice of proposed rulemaking, published at 26 Pa.B. 1030 (March 9, 1996), to IRRC and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee for review and comment. In compliance with section 5(b.1) of the Regulatory Review Act, the Board also provided IRRC and the Committees with copies of the comments received, as well as other documentation.

In preparing these final-form regulations the Board has considered the comments received from IRRC, the Committees and the public.

These final-form regulations were approved by the House Committee on May 14, 1997, and approved by the Senate Committee on May 13, 1997. IRRC met on May 22, 1997, and approved the final-form regulations in accordance with section 5(c) of the Regulatory Review Act.

I. Contact Person

J. Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder at 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) These amendments do not enlarge the purpose of proposed rulemaking published at 26 Pa.B. 1030.

(4) These amendments are necessary and appropriate for administration and enforcement of the authorizing act identified in Part B of this Preamble.

K. Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 27, are amended by amending § 27.1 and by adding § 27.20 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect on publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

**CHAPTER 27. STATE BOARD OF PHARMACY
GENERAL PROVISIONS**

§ 27.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

ACPE—The American Council of Pharmaceutical Education.

Act—The Pharmacy Act (63 P. S. §§ 390-1—390-13).

BNDD—The Federal Bureau of Narcotics and Dangerous Drugs.

Board—The State Board of Pharmacy.

Caution legend drug or device—Controlled substances and other drugs or devices which by statute or regulation may be dispensed to a patient by a pharmacist only upon the prescription of a medical practitioner.

CEU—Continuing Education Units—The unit of measuring contact hours of continuing education provided by ACPE accredited providers. Ten contact hours are equivalent to 1.0 CEU.

Commissioner—The Commissioner of Professional and Occupational Affairs in the Department.

Contact hours—Continuing education units of measure equivalent to 50 to 60 minutes of participation in an approved organized learning experience, including home study with approved educational materials.

Continuing education—Professional education obtained to maintain, improve or expand current skills or knowledge, or to develop new skills or knowledge.

Department—The Department of State of the Commonwealth.

Institutions—Extended care facilities, nursing homes, nursing care facilities, convalescent homes, resident care facilities, hospitals or another place which offers medical treatment to patients who require food, board and overnight sleeping facilities and care.

Long term care facility—A nursing home, retirement care, mental care or other institution that provides extended health care to resident patients.

Pharmacist manager—The pharmacist in charge of a pharmacy who is responsible for operations involving the practice of pharmacy under section 4 of the act (63 P. S. § 390-4).

Pharmacy—The store or other place licensed by the Board where the practice of pharmacy is conducted.

Practice of pharmacy—The practice of that profession concerned with the art and science of preparing, compounding and dispensing of drugs and devices, whether dispensed on the prescription of a medical practitioner or legally dispensed or sold directly to the ultimate consumer. The term includes the proper and safe storage and distribution of drugs, the maintenance of proper records therefor and the responsibility of relating information as required concerning the drugs and medicines and their therapeutic values and uses in the treatment and prevention of disease.

Prescription area—That area of the pharmacy used for compounding, legend drug storage and other activities necessary to the practice of pharmacy. The term does not include waiting counters or display space attached to the waiting counters.

STANDARDS

§ 27.20. Facsimile machines.

(a) *Schedule II controlled substances.*

(1) A pharmacist may fill a prescription for a Schedule II controlled substance which was received on a facsimile machine if the original prescription signed by the medical practitioner is presented to the pharmacist for review prior to the actual dispensing of the controlled substance. The original prescription shall be maintained as the original pharmacy record.

(2) There are two exceptions to the requirement that the pharmacist review the original of the prescription received on a facsimile machine before dispensing a

Schedule II controlled substance. A pharmacist may fill and dispense a prescription for a Schedule II controlled substance which was received on a facsimile machine and may use the facsimile as the original pharmacy record of the following:

(i) A prescription for a Schedule II controlled narcotic substance which will be administered to a patient by parenteral, intravenous, intramuscular, subcutaneous or intraspinal infusion in the patient's home or hospice.

(ii) A prescription for a Schedule II controlled substance for a resident of a long term care facility.

(b) *Schedule III, IV and V controlled substances and other nonproprietary drugs.* A pharmacist may fill and dispense a prescription signed by a medical practitioner for a Schedule III, IV or V controlled substance or other nonproprietary drug which was received on a facsimile machine. The pharmacist may use the facsimile as the original pharmacy record.

(c) *General.*

(1) A pharmacist shall exercise professional judgment regarding the accuracy and authenticity of the facsimile copy of a prescription.

(2) Unless the original prescription will be maintained as the original pharmacy record, the quality of paper on which a facsimile copy of a prescription is printed shall be of a type that the facsimile copy can be maintained as a record for at least 2 years, as required under section 4(a)(3) of the act (63 P. S. § 390-4(a)(3)).

(3) A pharmacist or pharmacy may not contribute in any way to the installation of a facsimile machine in the office of a medical practitioner or in an institution.

(4) For purposes of this section, a prescription may not include an order for medication which is dispensed for immediate administration to a patient in an institution.

BUREAU OF CHARITABLE ORGANIZATIONS

[49 PA. CODE CHS. 51, 53 AND 55]

Charitable Organizations

The Department of State (Department) deletes Chapters 51, 53 and 55.

These chapters are being deleted because they were promulgated under the authority and reflect the provisions of the Solicitation of Charitable Funds Act (Act 1963) (10 P. S. §§ 160-1—160-17) which was repealed by the Charitable Organizations Reform Act (Act 1986) (10 P. S. §§ 161.1—161.19). Act 1986 was, in turn, repealed by the current Solicitation of Funds for Charitable Purposes Act (Act 1990) (10 P. S. §§ 162.1—162.24). These chapters are deleted in anticipation of the promulgation of regulations under the Act 1990.

Public notice of intention to delete the regulations under the procedures in sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) (CDL) has been omitted as authorized under section 204(3) of the CDL (45 P. S. § 1204(3)) because the Department finds that these procedures are, under the circumstances, unnecessary. Public comment is unnecessary and under the circumstances impractical because this rulemaking is intended to merely delete outdated

regulations which were promulgated under a prior statute which has been repealed. Furthermore, all registrants affected by the deletion have been given actual notice that the regulations at Chapters 51, 53 and 55 have no bearing on filings made under the Act 1990 and are concomitantly advised that filings made under the Act 1990 should not be made utilizing these out of date regulations. Accordingly, no substantive rights of any person will be affected by this order.

Compliance with Executive Order 1996-1

The Department reviewed this rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final/proposed omitted regulations address a compelling public interest as described in this preamble and otherwise comply with Executive Order 1996-1.

Statutory Authority

The Department's Bureau of Charitable Organizations general authority to delete these regulations is set forth in section 506 of The Administrative Code of 1929 (71 P. S. § 186). Authority is also specifically granted the Secretary of the Commonwealth in section 4 of the act (10 P. S. § 162.4(3)) which provides that the Secretary of the Commonwealth has the power to promulgate, adopt and enforce regulations necessary to carry out the act.

Fiscal Impact and Paperwork Requirements

This rulemaking will have no negative fiscal impact on the Commonwealth or its political subdivisions. The Department's Bureau of Charitable Organizations will no longer need to expend resources in rejecting filings based upon the out of date regulations and explaining to the public that the regulations have no applicability to registrations made under Act 1990. The public will realize a positive fiscal impact from not being confused by trying to comply with out of date regulations.

Regulatory Review

Under section 5(f) of the Regulatory Review Act (71 P. S. § 745.5(f)), on April 22, 1997, the Department submitted a copy of this rulemaking with proposed rulemaking omitted to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate and House Committees on State Government. On the same date, this rulemaking was submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5(c) of the Regulatory Review Act, the rulemaking was deemed approved by the House and Senate Committees on June 11, 1997, and approved by IRRC on May 22, 1997.

Additional Information

Individuals who desire information regarding this rulemaking are invited to submit inquiries to John T. Henderson, Jr., Deputy Chief Counsel, Department of State, Room 302 North Office Building, Harrisburg, PA 17120 (717) 787-6802.

Findings

The Department finds that:

(1) Public notice of intention to delete the regulations as adopted by this order under the procedure specified in sections 201 and 202 of the CDL has been omitted under the authority contained in section 204(3) of the CDL because the Department has, for good cause, found that the procedure specified in sections 201 and 202 of the CDL is in this circumstance, unnecessary, because the regulations are based upon a repealed statute.

(2) Persons affected by the deletion of these regulations as adopted by this order have been given actual notice of the Department's intention to delete the regulations under section 204(2) of the CDL.

(3) The deletion of the regulations in the manner provided in this order is necessary and appropriate for the administration of the act.

Order

The Department, acting under its statutory authority, orders that:

(a) The regulations of the Department's Bureau of Charitable Organizations, 49 Pa. Code Chapters 51, 53 and 55, are amended by deleting §§ 51.1, 51.2, 53.1—53.4 and 55.1—55.7 to read as set forth in Annex A.

(b) The Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall become effective immediately upon publication in the *Pennsylvania Bulletin*.

PROPOSED RULEMAKING

DEPARTMENT OF AGRICULTURE

Advance Notice of Proposed Rulemaking

The Department of Agriculture (Department) hereby gives advance notice of its intention to amend its regulations relating to animals and animal health. These regulations currently appear in 7 Pa. Code Part I (relating to Bureau of Animal Industry). The planned amendments are necessitated, in part, by 23 Pa.C.S. §§ 2301—2389 (relating to the Domestic Animal Law), which became effective on September 9, 1996, and which substantially revised, expanded and updated the Department's authority with respect to domestic animals.

Although section 2382(b) of the Domestic Animal Law allows the Department to enforce its current animal health regulations to the extent they are not inconsistent with that law, the Department seeks to accomplish the amendment of these regulations at the earliest date practicable. The Department is particularly interested in those regulatory provisions dealing with the prevention, detection, containment and elimination of transmissible disease of domestic animals.

The Department intends to accomplish this regulatory amendment by rescinding its regulations and supplanting them with entirely new regulatory provisions. The forthcoming regulations will be more logically-organized, succinct and user friendly.

Proposed Format

The Department's initial plan is to organize its regulatory authority with respect to domestic animals into five basic subparts, addressing the following general subjects:

Subpart A. General Provisions

Subpart B. Prevention of Dangerous Transmissible Diseases of Domestic Animals

Subpart C. Dangerous Transmissible Disease Elimination

Subpart D. Cooperative Domestic Animal Health Programs

In addition, the Department intends to rescind all of 7 Pa. Code Chapter 1 (relating to meat hygiene), since its underlying statutory authority, the Pennsylvania Meat and Poultry Hygiene Law of 1968 (31 P.S. §§ 483.1—483.24), has been preempted by Federal Legislation and regulations.

Public Comments and Contact Person

The Department of Agriculture encourages interested persons to participate in the preparation of the regulatory amendments described in this notice by submitting any suggested regulatory additions, deletions or changes to: Sherbyn Ostrich, Bureau of Animal Health and Diagnos-

tic Services, Department of Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110-9408.

[7 PA. CODE CH. 76] Food Employee Certification

The Department of Agriculture (Department), Bureau of Food Safety and Laboratory Services (Bureau), proposes to adopt Chapter 76 (relating to food employee certification).

These regulations are proposed under authority of the Food Employee Certification Act (act), 3 Pa.C.S. §§ 6503(d) and 6505 (relating to certification advisory board and programs; and rules and regulations) which, respectively: (1) require the Department to adopt food safety protection and training standards for the certification of supervisory employees who are responsible for the storage, preparation, display or serving of food to the public in establishments regulated by the Department or local health organizations; and (2) delegate to the Department the power to adopt regulations necessary for the proper enforcement and administration of the act.

In summary, the act will require most food establishments in this Commonwealth to have at least one supervisory employee who has undergone food safety training and passed a written examination evidencing food safety knowledge. The training programs will be reviewed and approved by the Department. The Department will certify persons to conduct and approve tests and certify the results of these tests to the Department. The Department will issue a certificate to persons who take the required training and pass the required test.

The act was the product of an industry-driven initiative to establish minimum food safety training requirements to be met by at least one supervisory employee in most food establishments in this Commonwealth. These requirements are specific to the category of food establishment involved. Given the industry-driven nature of the act, the Department circulated drafts of the proposed regulations to groups representing a broad cross section of the food industry, and made revisions in response to comments and suggestions from these groups. The Department intends these regulations to establish the least intrusive and least burdensome standards and procedures by which to meet the responsibilities imposed on the Department by the act.

An overview of the major provisions of the proposed regulations follows:

A food establishment need not comply with the requirements of the act until July 1, 2001. Proposed § 76.1 (relating to compliance) restates this effective date, but also emphasizes that it is to a food establishment's advantage to comply in advance of that date. It also restates the statutory provisions exempting certain food establishments from having to comply with the act.

Proposed § 76.2 (relating to definitions) contains definitions from the act and the Food and Drug Administration

Food Code. When practicable, it is the intention of the Department to define terms as they are commonly defined in the food industry and thereby help to develop or preserve a common vocabulary. Numerous terms defined in this section are required topics of instruction in approved certification programs, as described in proposed § 76.7 (relating to certification programs: food safety protection and training standards). Although some sectors of the food industry would prefer the Department not include and define such a large number of terms in the proposed regulations, the Department believes it important to be as specific as possible with respect to the required topics of instruction in a certification program.

Proposed § 76.3 (relating to requirements for food establishments) accomplishes several purposes: it delineates the industry-specific categories of food establishments required under section 6503(d) of the act. It restates the major premise of the act, that a food establishment must employ or designate at least one supervisory employe who is certified under the act with respect to the appropriate industry-specific category of the food establishment. It also sets forth the basic recordkeeping requirements for food establishments, under which the Department can monitor compliance with the act.

Although proposed § 76.4 (relating to eligibility to apply for certification) essentially restates the requirements of the act as set forth in section 6504(b) of the act (relating to certification of employees), it has been the subject of concern among several food industry representatives who were afforded the opportunity to review earlier drafts of the proposed regulation. The act does not allow for those persons who have food safety knowledge and expertise in excess of what would be required under the proposed regulation to be certified under the act without completing a Department-approved training course and passing an examination.

Proposed § 76.5 (relating to certification programs: obtaining the department's approval) sets forth the basic requirements for Departmental approval of a certification program and details the process by which an application for approval may be obtained and submitted.

Proposed § 76.7 (relating to certification programs: food safety protection and training standards) details the minimum content requirements of a certification program.

Proposed § 76.8 (relating to format of a certification examination) requires that a certification examination consist of at least 80 questions. This number corresponds with the number of questions on examinations given in connection with several of the more popular food safety courses offered by industry on a Nationwide basis. The Department believes that—given the various areas of instruction required in a certification program—it is not unreasonable to require a minimum number of questions on a certification examination.

Proposed § 76.9 (relating to reporting results of a certification examination) is intended to ensure the Department and the candidate for certification receive notice of examination scores within a reasonable time after certification examinations are administered.

Proposed § 76.10 (relating to applying for certification) describes the process by which a person may apply for certification, and requires the Department to act on an application within 20 days of receipt.

Proposed § 76.11 (relating to certificate) describes the content of a certificate, the obligation of a person having

possession of a certificate to return it to the Department upon written demand and the requirement a food establishment display the certificate of its certified supervisory employe.

The act requires a certificate be renewed at 5 year intervals, imposes a continuing education requirement on certificateholders and requires the Department approve continuing education courses. These provisions appear in section 6504(f) of the act. Proposed §§ 76.12 and 76.13 (relating to renewal of certification; and obtaining Departmental approval of a continuing education course) set forth recertification requirements and procedures and the procedure for approval of continuing education programs.

Proposed § 76.14 (relating to reciprocity with other states) essentially restates the reciprocity provisions in section 6507 of the act (relating to suspension of certification).

Proposed § 76.15 (relating to suspension or revocation of certification) describes the circumstances under which a certificate can be suspended or revoked, and describes the due process to the afforded persons facing suspension or revocation.

Proposed § 76.17 (relating to preemption and local governmental authority) clarifies that local government food employe certification programs that predate September 1, 1994, may remain in effect and that a local government unit having a program may, at its option, seek Departmental approval of any portion of its program with respect to an industry-specific category of food establishment.

Proposed § 76.19 (relating to civil penalties) repeats the penalty provisions in section 6508 of the act (relating to civil penalties), but clarifies that the Department will afford a food establishment that is assessed a penalty for not having a certified supervisory employe a period of 90 days within which to come into compliance before the Department would again penalize the food establishment for the same violation.

Fiscal Impact

Commonwealth

The proposed regulations would not impose any costs on the Commonwealth or have any fiscal impact upon the Commonwealth beyond those costs and fiscal impacts imposed by the act itself. The act requires the Department devote employe time to the review of proposed training programs, the keeping of required records and other functions. Although the Department will inspect food establishments for compliance, employes of the Department are already charged with the responsibility to inspect and license food establishments. The addition of the inspection responsibilities imposed by the act will not appreciably increase the Department's costs.

Political Subdivisions

The proposed regulations would impose no costs and have no fiscal impact upon political subdivisions.

Private Sector

The proposed regulations will not impose costs or other adverse fiscal consequences beyond those imposed by the act itself. Under the act, most food establishments in this Commonwealth will have to ensure they have at least one certified supervisory employe. Although the food establishment might impose the costs of necessary training on the supervisory employe, it is more likely the food establishment, itself, would incur these costs.

General Public

The proposed regulations would impose no costs and have no fiscal impact upon the general public. Although food establishments may incur some costs in obtaining certification for a supervisory employe, these costs are expected to be modest. In view of this expectation, and the fact that certification is valid for 5 years at a time, it is not likely any costs imposed by the act will measurably impact upon consumers.

Paperwork Requirements

The act requires that the Department issue certificates to supervisory employes who successfully complete an approved training program and pass an examination. It also requires the Department monitor compliance and enforce its provisions. This will certainly result in an increase in paperwork. The proposed regulations, however, do not impose paperwork requirements beyond those imposed by the act itself.

Regulatory Review

The Department submitted a copy of the proposed regulations to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Standing Committees on Agriculture and Rural Affairs on June 11, 1997, in accordance with section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)). The Department also provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulations, it must so notify the Department within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act sets forth detailed procedures for review of these objections by the Department, the General Assembly and the Governor prior to final publication of the proposed regulations.

Contact Person

Interested persons are invited to submit written comments regarding the proposed regulations within 30 days following publication in the *Pennsylvania Bulletin*. Comments are to be submitted to the Department of Agriculture, Bureau of Food Safety and Laboratory Services, 2301 North Cameron Street, Harrisburg, PA 17110-9408, Attention: Martha M. Melton.

Effective Date

The proposed regulations will become effective upon final adoption.

§ 76.1. Compliance.

(a) *Mandatory compliance.* On or after July 1, 2001, a food establishment shall comply with the act and this chapter, unless it is exempt under subsection (d).

(b) *Interim compliance optional.* A food establishment need not comply with the act or this chapter until July 1, 2001, but is encouraged to do so in advance of that date.

(c) *Benefit of interim compliance.* If a food establishment that voluntarily complies with the act and this chapter is the subject of an action to recover fines or penalties for a violation of the Food Act, and the violation occurs prior to July 1, 2000, the voluntary compliance of the food establishment will be considered a mitigating factor in determining whether the food establishment shall be assessed more than the minimum fine or civil penalty required by law.

(d) *Exemption for certain types of food establishments.* The following food establishments are exempt from the requirements of the act and this chapter:

(1) A food establishment where only commercially pre-packaged food is handled and sold.

(2) A food establishment that does not handle potentially hazardous food.

(3) A food establishment that is a food manufacturing facility engaged in the manufacture of prepackaged foods and which does not manufacture potentially hazardous food.

§ 76.2. Definitions.

The following word and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise or unless otherwise defined in the FDA Food Code, or a subsequent amendment thereof:

Act—3 Pa.C.S. Chapter 65 (relating to Food Employee Certification Advisory Board).

Adulterated food—Food that is considered adulterated under section 8 of the Food Act (31 P. S. § 20.8).

Adulteration—An action that creates adulterated food.

Advisory Board or Board—The Food Employee Certification Advisory Board.

Air dry—The exposure of wet articles to air for the purpose of drying through evaporation.

Air gap—The vertical distance between the point where water enters a plumbing fixture—such as a sink—and the level at which the plumbing fixture would overflow.

Asymptomatic—Presenting no evidence of disease.

Backflow device—A device that prevents liquid from flowing back or moving toward the source from which the liquid was introduced.

Bacteria—Single cell microorganisms.

Bacteria growth—Multiplication of bacteria through cell division.

Bakery—A food establishment in which baked products (breads, rolls, cakes, doughnuts, biscuits, pies, macaroni, spaghetti, noodles, and the like) are manufactured for human consumption.

Bleach—Sodium hypochlorite, a chemical sanitizer.

CIP or cleaned in place—Cleaned in place by the circulation or flowing by mechanical means through a piping system of a detergent solution, water rinse and sanitizing solution onto or over equipment surfaces that require cleaning, such as the method used, in part, to clean and sanitize a frozen dessert machine. The term does not include the cleaning of equipment, such as band saws, slicers or mixers that are subjected to in-place manual cleaning without the use of a CIP system.

Certificate—A document issued by the Department to a particular person to evidence that the named individual has demonstrated adequate food protection knowledge and is certified for purposes of section 6503(d) of the act (relating to certification advisory board and programs) with respect to an industry-specific category of food establishment.

Certificate holder—A person holding a valid certificate, regardless of whether that person is a supervisory employe.

Certified supervisory employe—A supervisory employe holding a valid certificate.

Cleanability—The property of being cleanable or accessible for cleaning.

Cleaning—The process by which dirt or other foreign matter is removed from an article.

Communicable disease—An infectious disease transmissible to persons or animals by direct or indirect means.

Confirmed disease outbreak—A foodborne disease outbreak in which laboratory analysis of appropriate specimens identifies a causative organism and epidemiological analysis implicates the food as the source of the illnesses.

Contamination—Soiling, staining, corrupting or infecting by contact or association.

Critical control point—A point or procedure in a specific food system where loss of control may result in an unacceptable health risk.

Critical item—An action which violates a food sanitation standard and which may contribute to food contamination, illness or environmental degradation.

Cross-contamination—The transfer of bacteria or other microorganisms from one source to another.

Department—The Department of Agriculture of the Commonwealth.

Detergent—A cleaning agent.

Easily cleanable—

(i) A characteristic of a surface that:

(A) Allows effective removal of soil by normal cleaning methods.

(B) Is dependent on the material, design, construction and installation of the surface.

(C) Varies with the likelihood of the surface's role in introducing pathogenic or toxigenic agents or other contaminants into food based on the surface's approved placement, purpose and use.

(ii) The term includes a tiered application of the criteria that qualify the surface as easily cleanable as specified in subparagraph (i) to different situations in which varying degrees of cleanability are required such as one of the following:

(A) The appropriateness of stainless steel for a food preparation surface as opposed to the lack of need for stainless steel to be used for floors or for tables used for consumer dining.

(B) The need for a different degree of cleanability for a utilitarian attachment or accessory in the kitchen as opposed to a decorative attachment or accessory in the consumer dining area.

Escherichia coli or E. coli—Gram-negative rod-shaped bacteria normally present in the intestines of man and animals, which may be pathogenic and are indicative of fecal contamination when found in food or water.

FDA Food Code—A publication issued by the United States Food and Drug Administration which is available from the Department.

Food—A raw, cooked or processed edible substance, ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

Food Act—The Food Act (31 P. S. §§ 20.1—20.18).

Food-contact surface—One of the following:

(i) A surface of equipment or a utensil with which food normally comes into contact.

(ii) A surface of equipment or a utensil from which food may drain, drip or splash into a food, or onto a surface normally in contact with food.

Food establishment—A room, building, place or portion thereof or vehicle maintained, used or operated for the purpose of selling to the public, commercially storing, packaging, making, cooking, mixing, processing, bottling, baking, canning, freezing, packing or otherwise preparing, transporting or handling food. The term includes retail food stores and public eating and drinking licensees, except those portions of establishments operating exclusively under milk or milk products permits and those portions of establishments operating exclusively under United States Department of Agriculture inspection. The term does not include dining cars operated by a railroad company in interstate commerce or a bed and breakfast, homestead or inn as defined in the Public Eating and Drinking Place Law.

Food processor—A food establishment that manufactures foods using methods such as cutting, grinding, chipping, peeling, baking, dicing, shredding, extrusion, drying, whipping, blanching, heating, extraction, smoking, freezing, fermenting, mixing or dehydrating, or that packages, cans, jars or otherwise places food in containers.

Food service—A food establishment that prepares and serves foods to the consumer. This category of food establishment includes restaurants, hotels, auction house

stands, hot dog vendors, flea market stands, nursing home kitchens, school cafeterias, college/university cafeterias, roadside stands, hand-dipped ice cream and yogurt sellers, college snack bars, stands at fairs and carnivals, caterers, snow-cone stands, camp kitchens, church kitchens, private clubs and associations, and food vendors at stadiums, racetracks, parks and public charity events.

Foodborne disease outbreak—

(i) An incident, except as specified in subparagraph (ii), in which:

(A) Two or more persons experience a similar illness after ingestion of a common food.

(B) Epidemiological analysis implicates the food as the source of the illness.

(ii) The term includes a single case of illness such as one person ill from botulism or chemical poisoning.

*Frozen dessert manufacturer—*A food establishment that is located in this Commonwealth and that is required to be licensed under authority of the Frozen Dessert Law (31 P. S. §§ 417.1—417.14).

*Fungi—*A division of lower plant life.

*H.A.C.C.P.—Hazard Analysis Critical Control Point—*A system that identifies and monitors specific foodborne hazards (biological, chemical or physical properties) that can adversely affect the safety of the food product.

*Handwash sink—*A sink specifically designated for hand washing.

*Hazard—*A biological, chemical or physical property that may cause an unacceptable consumer health risk.

*Hepatitis A infection—*A viral foodborne illness that can be transmitted from an infected person, through food, to another person.

*Hermetically sealed container—*A container that is designed and intended to be secure against the entry of microorganisms and, in the case of low acid canned foods, to maintain the commercial sterility of its contents after processing.

*Highly susceptible population—*A group of persons who are more likely than other populations to experience foodborne disease because they are immunocompromised or older adults and in a facility that provides health care or assisted living services, such as a hospital or nursing home; or preschool age children in a facility that provides custodial care, such as a day care center.

*Infection—*A disease or condition due to the growth of microorganisms in a host.

*Intoxication—*Illness caused by ingestion of food containing a bacterial toxin.

*Lag phase—*The time period needed for bacteria to acclimate to a new environment, during which bacterial growth is limited or nonexistent.

*Lag phase—*The time period which follows the lag phase and during which bacteria undergo accelerated growth.

*Nonfood contact surface—*Exposed surfaces which do not, under normal use, come into contact with food.

*pH—*The symbol for the negative logarithm of the hydrogen ion concentration, which is a measure of the degree of acidity or alkalinity of a solution.

*ppm—*Parts per million, or milligrams per liter (mg/l).

*Parasite—*A living organism which derives its nourishment from another living organism.

*Pathogenic organism—*A disease-producing organism.

*Person—*A corporation, partnership, limited liability company, business trust, other association, government entity (other than the Commonwealth), estate, trust, foundation or natural person.

*Plan review—*The process by which plans and specifications for the construction, remodeling or alteration of a food establishment are reviewed for conformance to specified standards.

*Poisonous or deleterious substance—*A substance that would be considered poisonous or deleterious under section 11 of the Food Act (31 P. S. § 20.11).

*Potable water—*Water that is safe for human consumption.

*Potentially hazardous food—*A food which consists in whole or in part of milk or milk products, eggs, meats, poultry, fish, shellfish, edible crustaceans or other ingredients, including synthetic ingredients, and which is in a form capable of supporting rapid and progressive growth of infectious or toxicogenic microorganisms. The term does not include foods that have a pH level of 4.6 or below or a water activity of 0.85 or less under standard conditions or food products in hermetically sealed containers processed to maintain commercial sterility.

*Product protection—*Safety measures used to prevent food contamination.

*Public eating and drinking place—*A place within this Commonwealth where food or drink is served to or provided for the public, with or without charge, or a place which otherwise conforms to the definition in section 1 of the Public Eating and Drinking Place Law (35 P. S. § 655.1). The term does not include dining cars operated by a railroad company in interstate commerce or a bed and breakfast homestead or inn.

*Public Eating and Drinking Place Law—*The act of May 23, 1945 (P. L. 926, No. 369) (35 P. S. §§ 655.1—655.13).

*Quaternary ammonium compound—*A chemical sanitizer which is a derivative of ammonium hydroxide or its salts.

Ready-to-eat food—

(i) Food that is in a form that is edible without washing, cooking or additional preparation by the food establishment or the consumer and that is reasonably expected to be consumed in that form.

(ii) The term includes:

(A) Unpacked potentially hazardous food that is cooked to the temperature and time required for the specific food under the most current edition of FDA Food Code.

(B) Raw, washed, cut fruits and vegetables.

(C) Whole, raw, fruits and vegetables that are presented for consumption without the need for further washing, such as at a buffet.

(D) Other food presented for consumption for which further washing or cooking is not required and from which rinds, peels, husks or shells are removed.

Reduced oxygen packaging—

(i) The reduction of the amount of oxygen in a package by mechanically evacuating the oxygen; displacing the oxygen with another gas or combination of gases; or otherwise controlling the oxygen content in a package to a

level below that normally found in the surrounding atmosphere, which is 21% oxygen.

(ii) The term includes methods that may be referred to as altered atmosphere, modified atmosphere, controlled atmosphere, low oxygen and vacuum packaging.

Retail food store—A food establishment or a section of a food establishment where food and food products are offered to the consumer and intended for off-premises consumption.

Salmonella enteritidis—Pathogenic Salmonella bacteria found in food which, if ingested in sufficient numbers, may cause salmonellosis in humans.

Salmonellosis—Foodborne disease caused by pathogenic Salmonella strains.

Sanitization—The application of cumulative heat or chemicals on cleaned food contact surfaces that, when evaluated for efficacy, yield a reduction of 5 logs, which is equal to a 99.999% reduction, of representative disease microorganisms of public health importance.

Secretary—The Secretary of the Department.

Slacking—The process of moderating the temperature of a food such as allowing a food to gradually increase from a temperature of -23°C (-10°F) to -4°C (25°F) in preparation for deep-fat frying or to facilitate even heat penetration during the cooking of previously block-frozen food such as spinach.

Staphylococcus—Spherical bacteria which occur in grape-like clusters, certain types of which cause food poisoning by releasing toxins.

Supervisory employe—An owner or a person employed by or designated by the business owner to fulfill the requirements of the act.

Temperature danger zone—The temperature range between 45°F and 140°F , which is favorable for the growth of many types of pathogenic organisms in potentially hazardous foods.

Test strips—Indicator papers which, when immersed, assume a color that can be compared to a known color standard to measure sanitizer strength.

Time and temperature—Important factors in controlling the growth of pathogenic organisms in potentially hazardous foods.

Toxin—A poisonous substance produced by pathogenic organisms.

Transmissibility—The ability of a disease to be conveyed person-to-person, organism-to-person, food-to-person, person to food or otherwise.

Virus—An intracellular, parasitic microorganism that is smaller than a bacterium.

Warewashing—The cleaning and sanitizing of food-contact surfaces of equipment and utensils.

Water activity—A measure of the free moisture in a food. The term is the quotient of the water vapor pressure of the substance divided by the vapor pressure of pure water at the same temperature, and is indicated by the symbol AW (aw).

§ 76.3. Requirements for food establishments.

(a) *Industry-specific categories of food establishments.* A food establishment that is not exempt from compliance under § 76.1(d) (relating to compliance) shall be classified under one or more of the following industry-specific categories:

(1) Food processor that manufactures potentially hazardous foods.

(2) Food service that prepares and serves potentially hazardous foods to the consumer.

(3) Bakery that processes potentially hazardous foods.

(4) Retail food store that offers potentially hazardous food to the consumer.

(5) Frozen dessert manufacturer.

(b) *Certified supervisory employe.* A food establishment shall employ or designate at least one certified supervisory employe who is certified with respect to the industry-specific category of the food establishment.

(c) *New food establishment.* A new food establishment shall bring itself into compliance with subsection (b) within 90 days of the date it commences operation.

(d) *Employe turnover.* If a food establishment loses its only certified supervisory employe through employe turnover or for any other reason, the food establishment shall bring itself into compliance with subsection (b) within 3 months of the date it lost its previous certified supervisory employe.

(e) *Certification records.* A food establishment shall maintain the following information at the food establishment site:

(1) The name of each certified supervisory employe in its employ.

(2) The name of each certified supervisory employe who has been in its employ in the past year.

(3) The certificate number of each certified supervisory employe referenced in paragraphs (1) and (2).

(4) The industry-specific category of food establishment with respect to which a certified supervisory employe referenced in paragraphs (1) and (2) was certified.

(5) The issuance and expiration dates of the certificate of any certified supervisory employe referenced in paragraphs (1) and (2).

(6) The date it lost any certified supervisory employe within the past year—whether through employe turnover or other change in status.

(f) *Availability of records.* Upon request by the Department, a food establishment shall make the records described in subsection (e) available for inspection by the Department during reasonable hours.

(g) *Posting of certificate.* A food establishment shall post the original certificate of its certified supervisory employe in public view at its business location.

(h) *Return of certificate.* A certificate is the property of the Department and is issued to the individual person identified on its face.

§ 76.4. Eligibility to apply for certification.

A person shall complete an approved certification program and obtain a score of 70% or higher on an approved certification examination to be eligible to apply to the Department for certification.

§ 76.5. Certification programs: obtaining the Department's approval.

(a) *Approval required.* A person shall obtain the Department's approval of a training program before the training program will be considered an approved certification program for purposes of the act and this chapter. Revisions or changes to a previously-approved certifica-

tion program shall also be approved by the Department. Approval under this section authorizes a person to develop and approve certification examinations, conduct certification examinations and certify the results of certification examinations to the Department in accordance with this chapter.

(b) *General requirements for approval.* The Department will approve a certification program if it addresses an industry-specific category of food establishment described in § 76.3(a) (relating to requirements for food establishments), meets the food safety protection and training standards described in § 76.7 (relating to certification programs: food safety protection and training standards) and has been recommended for approval by the Advisory Board.

(c) *Obtaining an application form.* The Department will provide an application form for certification program approval, or an application form for approval of revisions or changes to a previously-approved certification program, upon request. Requests for these forms shall be directed to the Department at the address in § 76.16 (relating to contacting the Department).

(d) *Contents: application for certification program approval.* The application form for certification program approval shall require the following information:

- (1) The applicant's name, address and telephone number.
- (2) A course syllabus demonstrating that the program would meet the minimum content requirements in § 76.7 (relating to certification programs: food safety protection and training standards).
- (3) The industry-specific category of food establishment, as described in § 76.3(a) (relating to requirements for food establishments), to be addressed by the certification program.
- (4) A copy of the examination to be administered at the conclusion of the certification program, together with an answer key for that examination, if these documents are available.
- (5) A copy of all teacher materials for the certification program, unless the certification program is a home-study program.
- (6) A copy of all materials to be distributed to persons taking the program.
- (7) The proposed sites and dates of the certification program, if known, unless the certification program is a home-study program.
- (8) If the certification program is a home study program, the proposed site and date the approved certification examination is to be administered.
- (9) Other information the Department might reasonably require.

(e) *Contents: application for approval of changes or revisions to a previously-approved certification program.* The application form for approval of changes or revisions to a previously-approved certification program shall require the applicant's name, address and telephone number and only information listed in subsection (d) that is relevant to the change or revision with respect to which approval is sought.

(f) *Deadline for filing the application.* An application for certification program approval or for approval of changes or revisions to a previously-approved certification program shall be delivered to the Department, at the

address in § 76.16 (relating to contacting the Department), at least 90 days in advance of the proposed date upon which the program is to be conducted.

(g) *Departmental and Advisory Board action on application.* The Advisory Board will consider whether to recommend Departmental approval of a certification program. If the majority of a quorum of the Advisory Board recommends Departmental approval of a certification program, the Department will grant its approval, if the other criteria in subsection (b) are met. The Department will mail the applicant its written approval of the certification program, its denial of approval or a request for additional clarification or documentation.

§ 76.6. Certification programs: audit by Department.

The Department may attend and audit an approved certification program to ascertain whether the program is conducted in accordance with the requirements of the act and in conformity to the program syllabus. A person offering or conducting an approved certification program shall allow the Department's auditors entry to the program and provide copies of course materials.

§ 76.7. Certification programs: food safety protection and training standards.

(a) *Overview of topics.* As described in detail in subsections (b)—(h), a training program shall contain instruction in the following topics:

- (1) Foodborne illness
- (2) Time and temperature
- (3) Relationship between personal hygiene and food safety
- (4) Food safety tracking system
- (5) Cleaning and sanitizing
- (6) Facilities and equipment layout
- (7) Statutory and regulatory requirements

(b) *Topic: foodborne illness.* A portion of the instruction in a training program shall pertain to the topic of foodborne illness. This instruction shall address the following:

- (1) Terms and definitions necessary to an understanding of foodborne illness. At a minimum, this shall include the following terms:
 - (i) Bacteria.
 - (ii) Communicable disease.
 - (iii) Confirmed disease outbreak.
 - (iv) Fungi.
 - (v) Potentially hazardous foods.
 - (vi) Infection.
 - (vii) Intoxication.
 - (viii) Parasite.
 - (ix) Pathogenic organism.
 - (x) Time and temperature.
 - (xi) Virus.

(2) Microorganisms that commonly cause foodborne infection or intoxication.

(3) The process by which microorganisms cause foodborne illness.

(4) The definition, characteristics and recognition of potentially hazardous foods.

(5) Factors that contribute to foodborne illness.

(6) Prevention of food contamination from employes, equipment, premises, utensils and consumers.

(7) Prevention of food contamination from chemicals.

(c) *Topic: time and temperature.* A portion of the instruction in a training program shall pertain to the topic of time and temperature. This instruction shall address the following:

(1) Terms and definitions necessary to an understanding of time and temperature requirements. At a minimum this shall include the following terms:

- (i) Bacteria growth.
- (ii) Contamination.
- (iii) Critical control point.
- (iv) Critical item.
- (v) Cross-contamination.
- (vi) Food contact surface.
- (vii) Hermetically sealed container.
- (viii) Lag phase.
- (ix) Log phase.
- (x) Ready-to-eat foods.
- (xi) Reduced oxygen packing.
- (xii) Slacking.
- (xiii) Temperature danger zones.
- (xiv) Water activity.
- (xv) Emerging pathogens.

(2) Prime factors which control the growth, survival and toxin production rate of pathogenic microorganisms in food during receiving, storing, cooking, thawing, cooling, preparation, holding/displaying, serving, freezing, transporting, reheating and storing after production.

(3) The types, uses and calibration of food thermometers.

(4) Proper food temperatures during refrigeration, freezing, cooling, hot holding, cooking, reheating, thawing and preparation.

(d) *Topic: relationship between personal hygiene and food safety.* A portion of the instruction in a training program shall pertain to the topic of the relationship between personal hygiene and food safety. This instruction shall address the following:

(1) Terms and definitions necessary to an understanding of the relationship between personal hygiene and food safety. At a minimum this shall include the following terms:

- (i) Asymptomatic.
- (ii) *Escherichia coli*.
- (iii) Hepatitis A infection.
- (iv) Highly susceptible group.
- (v) Pathogenic organism.
- (vi) *Salmonella enteritidis*.
- (vii) *Staphylococcus*.
- (viii) Transmissible.

(2) Prevention of food contamination by food establishment employe, including the following subjects:

- (i) Handwashing techniques and frequency.
- (ii) Relationship of hand contact to foodborne illness.
- (iii) Contamination by poor hygienic practices such as sneezing, coughing and scratching.
- (iv) Clothing.
- (v) Fingernails.
- (vi) Eating, drinking or using tobacco.
- (vii) Hair restraint.
- (viii) Animals in the workplace.

(3) Employe health, including the following subjects:

(i) Infections or diseases which can be transmitted by open wound, sinus infection, virus or sore throat.

(ii) Identifying employes who may transmit infection or disease.

(iii) High risk groups.

(iv) Imposition and removal of employe exclusions and restrictions.

(v) Mandatory and voluntary reporting of foodborne illness.

(4) Preventive measures such as training, written cleaning and sanitation schedules and procedures, self-inspection, integrated pest management and preventative maintenance.

(e) *Topic: food safety tracking system.* A portion of the instruction in a training program shall pertain to the topic of food safety tracking systems. This instruction shall address the following:

(1) Terms and definitions necessary to an understanding of a food safety tracking system. At a minimum this shall contain the following terms:

- (i) Adulteration.
- (ii) Contamination.
- (iii) Critical control point.
- (iv) Cross-contamination.
- (v) HACCP or Hazardous Analysis Critical Control Point.
- (vi) Product protection.

(2) Receiving food, including the following subjects:

- (i) Approved sources.
- (ii) Condition of food.
- (iii) Thermometers and temperature checks.

(iv) Rejection for adulteration, temperature violations, distressed merchandise or condition of carrier.

(3) Safe storage of food, including the following subjects:

- (i) Dry storage temperature and practices.
- (ii) Refrigeration and freezing holding temperatures and product protection.
- (iii) Shelf life.
- (iv) Cross-contamination and adulteration.
- (v) Product protection in retail service/display areas and storage areas.
- (vi) Product labeling.

- (vii) Labeling of poisonous or toxic materials.
- (viii) Original containers.
- (ix) Working containers.
- (x) Food storage prohibitions, including locker rooms, toilet rooms, garbage rooms and under sewer lines.
- (4) Preparation and processing of food, including the following subjects:
 - (i) Personal hygiene.
 - (ii) Practices regarding disposable gloves.
 - (iii) Contamination by chemical or physical additives.
 - (iv) Cross-contamination.
 - (v) Equipment/utensils.
 - (vi) Hazards to humans in using equipment.
 - (vii) Machine guards, slicer blades and protective light shields.
 - (viii) Corrective actions.
 - (ix) Potentially hazardous foods.
 - (x) HACCP.
 - (xi) Critical control point.
- (f) *Topic: cleaning and sanitizing.* A portion of the instruction in a training program shall pertain to the topic of cleaning and sanitizing. This instruction shall address the following:
 - (1) Terms and definitions necessary to an understanding of cleaning and sanitizing procedures. At a minimum this shall contain the following terms:
 - (i) Adulteration.
 - (ii) Air dry.
 - (iii) Bleach.
 - (iv) CIP.
 - (v) Cleaning.
 - (vi) Contamination.
 - (vii) Cross-contamination.
 - (viii) Detergent.
 - (ix) Easily cleanable.
 - (x) Food contact surface.
 - (xi) Nonfood contact surface.
 - (xii) pH.
 - (xiii) ppm.
 - (xiv) Sanitization.
 - (xv) Test strips.
 - (xvi) Warewashing.
 - (xvii) Quaternary ammonium compound.
 - (2) MSDS Fact sheets.
 - (3) Proper use of hot water or chemicals in sanitizing.
 - (4) The difference between cleaning and sanitizing.
 - (5) Types of sanitizers, their usage and the use of test strips.
 - (6) Detergents.
 - (7) Procedures to wash-rinse-sanitize.
 - (8) The frequency with which food contact surfaces, utensils, equipment and nonfood contact surfaces should be sanitized.

- (9) Equipment.
- (10) Manual warewashing.
- (11) Mechanical warewashing.
- (12) The proper use of cleaning methods such as air drying, wiping cloths, CIP and water temperature.
 - (g) *Topic: facilities and equipment layout.* A portion of the instruction in a training program shall pertain to the topic of facilities and equipment layout. This instruction shall address the following:
 - (1) Terms and definitions necessary to an understanding of the proper layout of equipment and facilities. At a minimum this shall contain the following terms:
 - (i) Air gap.
 - (ii) Backflow device.
 - (iii) Cleanability.
 - (iv) Potable water.
 - (v) Handwash sink.
 - (vi) Plan review.
 - (2) Proper equipment design and location.
 - (3) Construction of floors, walls and ceilings.
 - (4) Design of equipment such as refrigeration, hot holding, heating, ventilation, pest control, lighting and freezer equipment and design of the buildings in which the equipment is located.
 - (5) Acceptable water sources, water quality and quantity and water distribution systems.
 - (6) Plumbing design, construction, location, materials and operation.
 - (7) Management of solid and liquid waste, recyclables, refuse and returnable.
 - (8) Review of plans for equipment and building lay-out and design.
 - (h) *Topic: statutory and regulatory requirements.* A portion of the instruction in a training program shall pertain to the topic of statutory and regulatory requirements. This instruction shall address the following:
 - (1) Terms and definitions necessary to an understanding of the requirements imposed by the act and this chapter. At a minimum this shall contain the following:
 - (i) The act.
 - (ii) The certificate.
 - (iii) The certified supervisory employee.
 - (2) Statutes and regulations relevant to the industry-specific category of food establishment that is the subject of the approved certification program.

§ 76.8. Format of a certification examination.

Although it is recommended that a certification examination consist of no fewer than 100 questions, under no circumstances may a certification examination consist of fewer than 80 questions. These questions shall be multiple choice questions, true or false questions or a combination thereof that adequately test food protection knowledge with respect to an industry-specific category of food establishment described in § 76.3(a) (relating to requirements for food establishments).

§ 76.9. Reporting results of a certification examination.

A person who proctors a certification examination shall, within 20 days of proctoring the examination, mail or deliver to any person who took the examination written confirmation of that person's examination score, the date and location of the examination and the industry-specific category of food establishment addressed in the examination. The examination score shall be expressed as the percentage of correct answers. Within that same 20-day time period the proctor shall mail the same information to the Department at the address in § 76.16 (relating to contacting the Department), using a form provided by the Department upon request.

§ 76.10. Applying for certification.

(a) *Application required.* A person who has attained a score of 70% or higher on a certification examination may apply to the Department for certification. Certification is granted through issuance of the certificate described in § 76.11 (relating to certificate).

(b) *Form of application.* A person seeking certification under the act may obtain an application form from the Department at the address in § 76.16 (relating to contacting the Department). The applicant shall complete the form and return it to that same address. The application form shall require the following information:

- (1) The name and mailing address of the person seeking certification.
- (2) The location and dates of any approved certification program completed by the person seeking certification.
- (3) The location and date of the certification examination.
- (4) The industry-specific food establishment category (as described at § 76.3(a) (relating to requirement for food establishments)) with respect to which certification is sought.
- (5) Other information the Department might reasonably require.

(c) *Application fee.* A person applying for certification under this section shall pay an application fee of \$20, by check or money order made payable to the "Pa. Department of Agriculture." This payment shall accompany the application.

(d) *Department action on application.* The Department will, within 20 days of receiving an application and the application fee, mail the applicant a certificate, a disapproval notice or a request for additional clarification or documentation.

§ 76.11. Certificate.

(a) *Contents of certificate.* A certificate will bear the following information:

- (1) The name of the person to whom it is issued.
- (2) The industry-specific category of food establishment category, as described in § 76.3(a) (relating to requirement for food establishment), with respect to which the person is certified.
- (3) The date upon which the certificate was issued.
- (4) The expiration date of the certificate, which shall be 5 years from the date of issuance.
- (5) A unique identification number.
- (6) A statement that the Department has determined the person identified on the certificate to possess ad-

equated food protection knowledge and to be a certificateholder with respect to the industry-specific category of food establishment designated on the certificate.

(7) Other information the Department might reasonably include.

(b) *Ownership of certificate.* A certificate issued by the Department will remain the property of the Department. A certificateholder, certified supervisory employe, food establishment or other person having physical possession of a certificate shall, upon written notice from the Department, surrender and return the certificate to the Department.

(c) *Obligation to allow display.* A certified supervisory employe shall allow his employer to display the certificate issued by the Department, as required in § 76.3(g). Upon termination of a certified supervisory employe's employment, the employer shall surrender the certificate to the certificateholder named on the certificate.

§ 76.12. Renewal of certification.

(a) *General requirement.* A certificateholder shall obtain at least 7.5 hours of approved continuing education in the area of food safety and sanitation every 5 years, commencing with the date the certificate is issued. An approved continuing education course will not require a written examination as a condition of completion. If a certificateholder fails to obtain this approved continuing education and deliver a complete certification renewal application to the Department prior to the expiration date of the certificate, the certificate shall expire and the certificateholder shall successfully complete an approved certification program and a certification examination before certification will be granted.

(b) *Application for renewal.* A person seeking renewal of certification under this section may obtain an application form from the Department at the address in § 76.16 (relating to contacting the Department). The applicant shall complete the form and return it to that same address. The form shall require the following information:

- (1) The name and mailing address of the applicant.
- (2) Copies of course descriptions, course-completion certificates, college course transcripts and descriptions and similar documentation to evidence compliance with the requirement in subsection (a).
- (3) The industry-specific food establishment category, as described in § 76.3(a), with respect to which the applicant is certified.
- (4) The identification number and expiration date of the certificate.
- (5) Other information the Department might reasonably require.

(c) *Departmental action on application.* The Department will, within 30 days of receiving an application, mail the applicant a certificate (as described in § 76.11(a) (relating to certificate)), its denial of renewal of certification or a request for additional clarification or documentation.

(d) *Departmental action on application.* The Department will, within 30 days of receiving an application, mail the applicant a certificate (as described in § 76.11(a) (relating to certificate)), its denial of renewal of certification or a request for additional clarification or documentation.

(e) *Departmental action on application.* The Department will, within 30 days of receiving an application, mail the applicant a certificate (as described in § 76.11(a) (relating to certificate)), its denial of renewal of certification or a request for additional clarification or documentation.

§ 76.13. Obtaining Departmental approval of a continuing education course.

(a) *Approval required.* A person shall obtain the Department's approval of a continuing education course before the course will be considered an approved continuing education course for purposes of § 76.12 (relating to renewal of certification). Revisions or changes to a

previously-approved continuing education course shall also be approved by the Department.

(b) *General requirements for approval.* The Department will approve a continuing education course if it instructs participants in current food protection practices and has been recommended for approval by the Advisory Board.

(c) *Application for approval.* A person seeking the Department's approval of a continuing education course under this section may obtain an application form from the Department at the address in § 76.16 (relating to contacting the Department). The applicant shall complete the form and return it to that same address. The form shall require the following information:

- (1) The name and mailing address of the applicant.
- (2) A course syllabus demonstrating that the course addresses regulatory or food industry changes, updates or advancements.
- (3) A copy of teaching materials for the course.
- (4) A copy of materials to be distributed to persons taking the course.
- (5) The proposed sites and dates of the course.
- (6) Other information the Department might reasonably require.

(d) *Departmental and Advisory Board action on application.* The Advisory Board will consider whether to recommend Departmental approval of the continuing education course. If the majority of a quorum of the Advisory Board recommends Departmental approval of a continuing education course, the Department will grant its approval, if the other requirements of subsection (b) are met. The Department will mail the applicant its written approval of the continuing education course, its denial of approval or a request for additional clarification or documentation.

§ 76.14. Reciprocity with other states.

The Department may accept certification issued to a person by another state if both of the following occur:

- (1) The other state has requirements for certification that are comparable to those imposed by the act.
- (2) The Department and the other state jurisdiction have entered into a reciprocal agreement to accept each state's certification program as meeting the requirements of the act.

§ 76.15. Suspension or revocation of certification.

(a) *Basis for action.* The Department may suspend or revoke the certification of a certificateholder if that person does one or more of the following:

- (1) Violates a provision of this chapter.
- (2) Violates another sanitation regulation.
- (3) Violates the Public Eating and Drinking Place Law or its attendant regulations.
- (4) Violates the Food Act or its attendant regulations.

(b) *Notice.* The Department will provide a certificateholder with written notice of its intention to suspend or revoke certification, which will afford that person notice and opportunity for an administrative hearing before the Department prior to the effective date of the suspension or revocation.

(c) *Delivery of notice.* The Department will deliver the notice described in subsection (b) to the affected certificateholder by personal service or by regular mail to

the address provided by the certificateholder on his application for certificate under § 76.10 (relating to applying for certification).

§ 76.16. Contacting the Department.

A person seeking applications or information relating to the act or this chapter shall forward his request, in writing, to the following address:

ATTN: Food Employee Certification
Department of Agriculture
Bureau of Food Safety and Laboratory Services
2301 North Cameron Street
Harrisburg, PA 17110-9408

§ 76.17. Preemption and local governmental authority.

(a) *General.* The regulation of food safety protection and training standards for employes of food establishments is preempted by the Department except that, in accordance with section 6503(f) of the act (relating to certification advisory board and programs), any food employe certification program established by a county, city, borough or incorporated town or township prior to September 1, 1994, may remain in effect.

(b) *Limitation of local certification.* If a county, city, borough, incorporated town or township elects to operate a food employe certification program that was in existence prior to September 1, 1994, the certification of persons under that local program shall be valid only within the geographic boundaries of that local government unit. This program validity may be extended to other states or local government units through reciprocal agreements among other states or local government units which operate food employe certification programs that predate September 1, 1994.

(c) *Option of certain local government units.* A county, city, borough, incorporated town or township having a food employe certification program which was in effect prior to September 1, 1994, may, at its option, apply to the Department in accordance with the procedure in § 76.5 (relating to approved certification programs: obtaining the Department's approval) to become an approved certification program with respect to one or more industry-specific categories of food establishments.

(d) *Effect of a local government unit's decision with respect to exercising option.* If a county, city, borough, incorporated town or township having a food employe certification program which was in effect prior to September 1, 1994, does not exercise the option described in subsection (c) or does not obtain Departmental approval of its certification program with respect to any particular industry-specific category of food establishment, the unit of local government shall retain exclusive responsibility for certification of the food employes who would otherwise fall into that industry-specific category.

§ 76.18. Advisory Board.

(a) *Purpose.* The Advisory Board shall review and recommend Departmental approval of industry-specific certification programs which meet the requirements of the act and this chapter.

(b) *Composition.* The Advisory Board will be appointed by the Secretary and consist of at least 21 members. The membership of the Advisory Board will be as follows:

- (1) The Secretary, or a designee, who will serve as chairperson.
- (2) The Chairperson of the Agriculture and Rural Affairs Committee of the Senate, or a designee.

(3) The Chairperson of the Agriculture and Rural Affairs Committee of the House of Representatives, or a designee.

(4) The Minority Chairperson of the Agriculture and Rural Affairs Committee of the Senate, or a designee.

(5) The Minority Chairperson of the Agriculture and Rural Affairs Committee of the House of Representatives, or a designee.

(6) A consumer representative.

(7) Two representatives of production agriculture.

(8) At least one person recommended by each of the following:

(i) Pennsylvania Association of Milk Dealers.

(ii) Pennsylvania Restaurant Association.

(iii) Pennsylvania Food Merchants Association.

(iv) Pennsylvania Convenience Store Council.

(v) Pennsylvania Bakers Association.

(vi) Pennsylvania Food Processors Association.

(vii) Pennsylvania Veterinary Medical Association.

(viii) County Commissioners Association of Pennsylvania.

(ix) Pennsylvania League of Cities and Municipalities.

(x) Pennsylvania State Association of Boroughs.

(xi) Pennsylvania State Association of Township Commissioners.

(xii) Pennsylvania State Association of Township Supervisors.

(xiii) Pennsylvania School Food Service Association.

(9) At least one of the Advisory Board members described in paragraph (8) shall have experience in the field of public health.

(c) *Terms of appointees.* Advisory Board members described in subsection (b)(1), (2), (3), (4) or (5) shall be ex officio members. The terms of the initial appointees of the Secretary under subsection (b)(6)—(8) will be 2, 3 or 4 years, as determined by the Secretary, and will be staggered so that the terms of approximately 1/3 of these initial appointees expire in each of the 2nd, 3rd and 4th years of the Advisory Board's existence. Thereafter, the term of each of these appointees shall be 3 years. The term of a person appointed to replace another member whose term has not expired shall be only the unexpired portion of that term. Persons may be appointed to successive terms.

§ 76.19. Civil penalties.

(a) *General.* The Department may assess a civil penalty of up to \$300 against any person or food establishment that violates any provision of the act or this chapter for the first offense. The Department may assess a penalty of up to \$1,000 for each subsequent offense.

(b) *Notice.* The Department will provide a person or food establishment written notice of any violation of the act or this chapter and an opportunity for an administrative hearing on the violation prior to the imposition of a civil penalty.

(c) *Time for correction of condition giving rise to civil penalty.* If the Department assesses a civil penalty against a food establishment for failing to have the required certified supervisory employe, it will allow the food establishment a period of 90 days from the violation

giving rise to the initial civil penalty before it may assess another civil penalty. During that 90-day period, the food establishment shall bring itself into compliance with the act and this chapter.

STATE BOARD OF MEDICINE

[49 PA. CODE CH. 16]

Volunteer License

The State Board of Medicine (Board) proposes to amend § 16.11 (relating to licenses, certificates and registrations) and add § 16.18 (relating to volunteer license) to read as set forth in Annex A.

A. Effective Date

The proposed amendments will be effective upon publication of final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The Board is required to promulgate regulations governing the volunteer license category by section 5 of the Volunteer Health Services Act (act) (35 P. S. § 449.5) which became effective February 3, 1997. Section 5 of the act mandates regulations governing: (1) qualifications for placing an active license on volunteer status; (2) criteria under which a retired licensee who has allowed a license to become inactive may obtain a volunteer license; and (3) procedures under which a volunteer license holder may return to active status. The Board is authorized to adopt regulations necessary to the administration of its enabling statute under section 8 of the Medical Practice Act of 1985 (63 P. S. § 422.8).

C. Background and Purpose

The purpose of the proposal is to implement the act. The act is intended to increase the availability of primary health services by establishing a procedure for physicians and other health care practitioners who have retired from active practice to provide professional services as volunteers in approved clinics. Primary health services are defined in the act as including services such as regular checkups, immunizations, school physicals, health education, prenatal and obstetrical care, early periodic screening and diagnostic testing, and health education.

An approved clinic is defined in the act as an organized community-based clinic which offers services to: (1) individuals and families who cannot pay for their care; (2) Medical Assistance clients; or (3) residents of medically underserved or health professionals shortage areas. Examples of these clinics include Federal or State qualified and approved health centers or nonprofit community based clinics.

The act permits persons who have been issued a license by the State Boards of Medicine, Osteopathic Medicine, Dentistry, Podiatry, Nursing, Optometry and Chiropractic to practice a component of the healing arts to apply for volunteer status. A volunteer license will be issued to a retired individual who documents to the satisfaction of the Board that the individual will practice without remuneration in approved clinics.

The act exempts holders of a volunteer license from biennial renewal fees and, if applicable, professional liability coverage mandated by the Health Care Services Malpractice Act (40 P. S. § 1301.701) and section 6 of the Medical Practice Act (63 P. S. § 422.6). However, volunteer licenses will be subject to biennial renewal conditioned upon completion of any continuing education which the Board requires for biennial renewal generally.

D. Description of Amendments

The volunteer license category would be added to the licenses, certificates and registrations issued by the Board in § 16.11. Section 16.18 would provide the statutory references to the act, as well as the statutory basis for the volunteer license category. The Board has interpreted the act as permitting a volunteer license holder to practice exclusively in an organized community-based clinic without remuneration.

Under section 3 of the act (35 P. S. § 449.43), an active licensee must possess a current, active, unrestricted license to qualify for a volunteer license. Section 4 of the act permits a licensee to apply who retired with a license in good standing. The Board has interpreted this qualification to mean a license which at the time of the application is not subject to an outstanding disciplinary action such as revocation or suspension. The act's definition of an "approved clinic" is included in subsection (b)(3). The criteria for obtaining a volunteer license are set forth in § 16.18(b). Both active licensees and retired licensees, registrants and certificateholders with inactive licenses may receive a volunteer license in order to practice as a volunteer without remuneration in an approved clinic.

Procedures to apply for a volunteer license are set forth in § 16.18(b). Applicants would be requested to provide basic license information. In addition, the applicant would be requested to execute a verification that the applicant intends to practice exclusively within the scope of a volunteer license. Also, in order to provide proper enforcement of the limitation of the act, applicants will be required to file with the Board a letter of agreement from the clinic that the applicant will work in the clinic. Section 16.18(c) would make this notification a continuing obligation during the biennial period of the license.

Biennial renewal of the volunteer license would be provided for under § 16.18(e). A volunteer license is subject to biennial renewal. However, under the act, the applicant for biennial renewal is exempt from payment of the biennial renewal fee in § 16.13 (relating to license, certification, examination and registration fees) and professional liability insurance coverage under § 16.31 (relating to notification).

Section 16.18(f) provides for return to active, remunerative practice. A volunteer would be required to apply to the Board and meet the general reactivation requirements of § 16.15 (relating to biennial registration; inactive status and unregistered status).

Section 16.18(g) notifies the volunteer license holder that he continues to be subject to the disciplinary provisions of the Medical Practice Act of 1985 (63 P. S. §§ 422.1—422.45). In addition, § 16.18(g) proposes that a violation of the act or the regulations adopted thereunder may constitute independent grounds for discipline.

E. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1, in drafting and promulgating the proposed amendments the Board solicited input and suggestions

from the regulated community by providing drafts to organizations and entities which represent the professionals and to nonprofit organizations who represent qualified providers of volunteer services.

F. Fiscal Impact and Paperwork Requirements

1. *Commonwealth*—The proposed amendments will create a new license for which no fee will be charged. As such, the expenses of the program will be borne as a part of the Board's overall operating expenses which are financed through biennial renewals of active licensees. Therefore, the administration and enforcement of a new license category may have a fiscal impact on overall Board costs. The net effect, however, is estimated to be minimal owing to the relatively small number of licensee population who will seek a volunteer license compared with the number of active licensees. Additional paperwork will be incurred by the Board and the private sector to generate and file application forms.

2. *Political subdivisions*—There will be no adverse fiscal impact or paperwork requirements imposed.

3. *Private sector*—The proposed amendments will have a positive fiscal impact on individual licensees who restrict their professional activities to volunteer work since these individuals are exempt from maintaining professional liability insurance required under the Health Care Services Malpractice Act (40 P. S. §§ 1301.101—1301.1006) and the biennial renewal fee for licensure. The proposed amendments should impose no additional fiscal or paperwork requirements.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Board, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Gerald S. Smith, Board Counsel, State Board of Medicine, P. O. Box 2649, 116 Pine Street, Harrisburg, PA 17105-2649, within 30 days of publication

of this proposed rulemaking. Please reference No. 16A-494 (Volunteer License), when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 16. STATE BOARD OF MEDICINE—GENERAL PROVISIONS

Subchapter B. GENERAL LICENSE, CERTIFICATION AND REGISTRATION PROVISIONS

§ 16.11. Licenses, certificates and registrations.

* * * * *

(d) The Board will issue a volunteer license to qualified licensees, certificateholders and registrants.

§ 16.18. Volunteer license.

(a) *Purpose and scope.* The following subsections implement the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) and provide for the issuance of a volunteer license to a qualified Board-regulated practitioner as defined in section 2 of the act (63 P. S. § 422.2), who retires from active practice and seeks to provide professional services as a volunteer. A volunteer license authorizes the holder to practice only in an organized community-based clinic and without remuneration.

(b) *License.* A volunteer license may be issued to a Board-regulated practitioner of the Board who meets one of the following:

(1) Holds a currently renewed, active, unrestricted license, registration or certificate in this Commonwealth and retires from active practice at the time the applicant applies for a volunteer license.

(2) Retires from active practice in this Commonwealth in possession of an unrestricted license which was allowed to lapse by not renewing it. A retired licensee, registrant or certificateholder shall meet the requirements of the act or the regulations pertaining to continued education or continued competency to be eligible for renewal. As used in this section, an “unrestricted license, certification or registration” is a license which is not restricted or limited by order of the Board under its disciplinary power.

(3) Documents to the satisfaction of the Board that the applicant will practice without personal remuneration in approved clinics. As used in this section, an “approved clinic” is an organized community-based clinic offering primary health care services to individuals and families who can-

not pay for their care, to Medical Assistance clients, or to residents of medically underserved areas or health professionals shortage areas. The term may include a State health center, nonprofit community-based clinic and Federally qualified health center, as designated by Federal rulemaking or as approved by the Department of Health or the Department of Public Welfare.

(c) *Applications.* An applicant for a volunteer license shall complete an application obtained from the Board. In addition to providing information requested by the Board, the applicant shall provide:

(1) An executed verification on forms provided by the Board certifying that the applicant intends to practice exclusively as follows:

(i) Without personal remuneration for professional services.

(ii) In an organized community-based clinic offering primary health care services to one or more of the following:

(A) Individuals and families who cannot pay for their care.

(B) Medical assistance clients.

(C) Residents of medically underserved areas or health professional shortage areas.

(2) A letter signed by the director or chief operating officer of the community-based clinic that the applicant has been authorized to provide volunteer services in the named clinic by the governing body or responsible officer of the clinic.

(d) *Validity of license.* A volunteer license shall be valid for the biennial period for which it is issued, subject to biennial renewal. During each biennial renewal period, the volunteer license holder shall notify the Board of any change in clinic or volunteer status within 30 days of the date of a change, or at the time of renewal, whichever occurs first.

(e) *Renewal of license.* A volunteer license shall be renewed biennially on forms provided by the Board. The applicant shall be exempt from payment of the biennial renewal fee of § 16.13 (relating to licensure, certification, examination and registration fees), and shall be exempt from the requirements with regard to the maintenance of liability insurance coverage under section 701 of the Health Care Services Malpractice Act (40 P. S. § 1301.701) and § 16.31 (relating to notification).

(f) *Return to active practice.* A volunteer license holder who desires to return to active practice shall notify the Board and apply for biennial registration on forms provided by the Board.

(g) *Disciplinary provisions.* A volunteer license holder shall be subject to the disciplinary provisions of the act and this chapter. Failure of the licensee to comply with the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) or this section may also constitute grounds for disciplinary action.

STATE BOARD OF NURSING

[49 PA. CODE CH. 21] Nursing Functions

The State Board of Nursing (Board) proposes to amend §§ 21.11, 21.12—21.17 and 21.145 pertaining to functions of the licensed registered nurse (RN) and functions of the licensed practical nurse (LPN) to read as set forth in Annex A.

The proposed rulemaking has two purposes. First, the proposal would require that nurses when accepting medical orders exercise responsibility to assure the correctness of the order and employ standard procedures to document the order. Second, the proposal would implement the Board's review of certain regulations in conformance with Executive Order 1996-1, which directs State agencies to eliminate unnecessary or burdensome regulations.

With respect to medical orders, the Board proposes to revise § 21.11 (relating to general functions) pertaining to registered nurses (RNs) and § 21.145 (relating to functions of the LPN) pertaining to licensed practical nurses (LPNs) to establish a single practice standard. The proposal was generated by a request from the Pennsylvania Health Care Association which suggested that the Board consider removing language in § 21.145 which prohibits an LPN from accepting an oral order except in urgent circumstances.

Although concurring in the need for regulatory relief with regard to the language of § 21.145, the Board also believes that safe nursing practice would benefit from standards and guidelines for both the RN and the LPN. The proposal would amend § 21.11 by inserting a new subsection (a)(8) governing the acceptance of orders and would revise § 21.145. The scope of practice of nursing includes the execution of medical regimens as prescribed by a licensed physician or dentist. In doing so, the nurse accepts an order from a physician in written or oral form. In accepting an order, nurses have the responsibility to question an order where circumstances indicate the order is either unclear or contraindicated for the patient. The Board proposes to add this professional standard in its regulations. Further, the Board proposes to establish uniform procedures for the acceptance of an oral order by either the RN or the LPN. A cross reference to the LPN would be made to § 21.14 (relating to administration of drugs) with regard to administration of drugs.

In proposing these changes, the Board recognizes that health care facility regulations of the Department of Health contain similar uniform regulations concerning the acceptance of oral orders. See 28 Pa. Code §§ 107.62 and 201.3. Easing the restrictions on LPNs in this regard is in accordance with the education requirements of an LPN and will improve patient care by increasing communication between the prescribing or ordering practitioner and the nurse.

The Board also proposes additional changes to § 21.11. The Board proposes to add language to subsection (a)(1), (2), (4) and (5) and to add a new subsection (a)(7) to incorporate into the functions of the RN general health care services in addition to nursing care and the RN's participation in multidisciplinary teams of professionals who collaborate to identify health care needs and plan for

the delivery of health care services. The new subsection (a)(8) governs the acceptance of oral and written orders by a registered nurse.

The Board proposes to amend subsection (b) to clarify the Board's intention to make the RN accountable for the delivery of nursing care in a safe manner. Existing subsection (b) makes the RN accountable for the quality of the care delivered. The Board deems this language ambiguous inasmuch as quality may be affected by factors beyond the nurse's control or ability to control. The Board believes that the manner of delivery of care is properly within the professional responsibility of the RN.

Existing subsection (c) was intended to cover circumstances in which the RN practices in a specialized practice. The Board determined that by revising subsection (c) the appropriate standard could be established which could apply to all areas of practice and functions. In so doing, §§ 21.12, 21.13, 21.15 and 21.16 could be deleted since the requisite criteria for performance of a function or practice, preparation skill and knowledge, remain a constant standard, embodied in § 21.11(c). By restructuring the regulations in this fashion, the Board anticipates that it will protect the public from incompetent practice while avoiding the need to increase the volume of regulations. A new subsection (d) would list functions and cross reference to subsection (c).

Technical amendments are proposed to § 21.17 pertaining to the administration of anesthesia to reflect the correct name of the National accrediting body for nurse anesthetists and to include dentists as part of the collaborating team.

Fiscal Impact and Paperwork Requirements

The proposed amendments will have no fiscal impact and will not impose additional paperwork on the private sector, the general public and the Commonwealth and its political subdivisions.

Statutory Authority

The Board has authority to promulgate these proposed amendments under section 2.1(k) of the Professional Nursing Law (63 P. S. § 212.1(k)) and section 17.6 of the Practical Nurse Law (63 P. S. § 667.6). These provisions authorize the Board to establish rules and regulations for the administration of the law.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairperson of the House Committee on Professional Licensure and to the Senate Committee on Consumer Protection and Professional Licensure. In addition to submitting the proposed amendments, the Board has provided the Committee and IRRC with a copy of a detailed Regulatory Analysis Form. A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Board, the General Assembly and the Governor of objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed

amendments to Herbert Abramson, Board Counsel, State Board of Nursing, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of these proposed amendments in the *Pennsylvania Bulletin*. Please refer to (16A-514) Nursing Functions, when submitting comments.

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 21. STATE BOARD OF NURSING

RESPONSIBILITIES OF THE REGISTERED NURSE

§ 21.11. General functions.

(a) The registered nurse assesses human responses and plans, implements and evaluates nursing care for individuals [or], families or groups for whom the nurse is responsible. In carrying out this responsibility, the nurse performs [all of] the following general functions:

(1) Collects complete and ongoing data to determine nursing and health care needs.

(2) Analyzes the health status of the individuals [and], families and groups and compares the data with the norm when possible in determining nursing care needs and the delivery of health care services.

* * * * *

(4) Carries out nursing care actions which promote, maintain [and], restore or support the well-being of individuals, families or groups across their life span.

(5) Involves individuals [and their], families or groups in their health promotion, maintenance [and] or restoration.

(6) Evaluates the effectiveness of [the quality of] nursing care [provided].

(7) Participates with the multidisciplinary team in identification of health care needs and coordination of health care services. A multidisciplinary team is a team composed of professionals from a variety of disciplines who are consultants in the health management of the individual, family or group for whom the nurse is responsible.

(8) Accepts oral or written orders for medical regimens as prescribed by a licensed physician or dentist.

(i) The registered nurse shall question any order which the registered nurse perceives to be unclear, unsafe or contraindicated for the patient/client. If an order appears to be unclear, unsafe or contraindicated for the patient/client, the registered nurse shall take action in accordance with standards of practice.

(ii) An oral order to execute a medical regimen accepted by the registered nurse shall be immediately transcribed in the proper place on the medical record of the patient/client. The transcription

shall include the prescriber's name, date and time of acceptance of the oral order for a medical regimen and the full signature of the registered nurse accepting the oral order for a medical regimen.

(b) The registered nurse is [fully] responsible for all actions as a licensed nurse and is accountable to patients/clients for the [quality of care delivered] delivery of safe care.

(c) The registered nurse may not engage in [areas] any area of [highly specialized] practice without [adequate knowledge of and skills in the practice areas involved] the necessary preparation, experience and knowledge to properly implement the practice.

(d) [The Board recognizes standards of practice and professional codes of behavior, as developed by appropriate nursing associations as the criteria for assuring safe and effective practice.] The registered nurse performs functions including venipuncture, intravenous fluids, resuscitation and airway maintenance, monitoring and defibrillating and immunizations in accordance with subsection (c).

(e) The Board recognizes standards of practice and professional codes of behavior, as developed by appropriate nursing associations.

§ 21.12. [Venipuncture; intravenous fluids] (Reserved).

[Performing of venipuncture and administering and withdrawing intravenous fluids are functions regulated by this section, and these functions may not be performed unless:

(1) The procedure has been ordered in writing for the patient by a licensed doctor of the healing arts.

(2) The registered nurse who performs venipuncture has had instruction and supervised practice in performing venipuncture.

(3) The registered nurse who administers parenteral fluids, drugs or blood has had instruction and supervised practice in administering parenteral fluids, blood or medications into the vein.

(4) A list of medications which may be administered by the registered nurse is established and maintained by a committee of physicians, pharmacists and nurses from the employing agency or the agency within whose jurisdiction the procedure is being performed if no employing agency is involved.

(5) The intravenous fluid or medication to be administered is the fluid or medication specified in the written order.

(6) The blood is identified as the blood ordered for the patient.

(7) An accurate record is made concerning the following:

(i) The time in the injection.

(ii) The medication or fluid injected.

(iii) The amount of medication or fluid injected.

(iv) Reactions to the fluid.]

§ 21.13. [Resuscitation and respiration] (Reserved).

[External cardiac resuscitation and artificial respiration, mouth-to-mouth, are procedures regulated by this section, and these functions may not be performed unless both of the following provisions are met:

(1) External cardiac resuscitation and artificial respiration, mouth-to-mouth, shall only be performed by a nurse on an individual when respiration or pulse, or both, cease unexpectedly.

(2) A nurse may not perform external cardiac resuscitation and artificial respiration, mouth-to-mouth, unless the nurse has had instruction and supervised practice in performing the procedures.]

§ 21.14. Administration of drugs.

(a) Administering to a patient a drug ordered for that patient by a licensed doctor of the healing arts in the dosage prescribed is a procedure regulated by this section, and the function may not be performed by a person other than a licensed registered nurse[,] and licensed practical nurse except that a licensed registered nurse, responsible for administering a drug, may supervise a nursing student in an approved program and a graduate nurse.

* * * * *

§ 21.15. [Monitoring, defibrillating and resuscitating] (Reserved).

[The use of monitoring, defibrillating or resuscitating equipment, or a combination of the three, hereinafter called "therapy," is a proper function of a registered nurse and is a function regulated by this section; the function may not be performed unless all of the following provisions are met:

(1) The employer, through written policy, has agreed that the registered nurse may administer the therapy.

(2) A committee of licensed physicians and nurses within the employing agency has established written criteria prescribing when the therapy shall be administered by a registered nurse either in the presence or absence of the attending physician.

(3) The techniques for administering the therapy have been established by a committee of licensed physicians and registered nurses within the employing agency.

(4) The registered nurse has had instruction and supervised practice in administering the therapy.

(5) The registered nurse has demonstrated competency in administering the therapy to the satisfaction of the employer.

(6) The registered nurse shall have employed the prescribed techniques in administering the therapy in accordance with the established criteria.]

§ 21.16. [Immunizations] (Reserved).

[(a) Immunization and skin testing is a proper function of a registered nurse and is a function regulated by this section, and the function may not be performed unless all of the following conditions are met:

(1) A written order has been issued by a licensed physician. The order may be a standing order applicable to individuals or groups.

(2) The policies and procedures under which the registered nurse may administer immunizing agents and do skin testing have been established by a committee representing the nurses, the physicians, and the administration of the agency or institution. These written policies and procedures shall be available to the nurse. The committee shall also perform the following functions:

(i) Identify the immunizing and skin testing agents which the nurse may administer.

(ii) Determine contraindications for the administration of specific immunizing and skin testing agents.

(iii) Outline medical principles governing the treatment of possible anaphylactic reactions.

(iv) Establish instruction and supervised practice required to insure competency in administering immunizing and skin testing agents.

(b) Following skin testing, the size of the induration or its absence may be observed and recorded by the properly instructed registered nurse.]

§ 21.17. Anesthesia.

The administration of anesthesia is a proper function of a registered nurse and is a function regulated by this section; this function may not be performed unless:

(1) The registered nurse has successfully completed the education program of a school for nurse anesthetists accredited by the Council on Accreditation of [Education Programs of] Nurse Anesthesia Educational Program of the American Association of Nurse Anesthetists.

Volunteer License**

The State Board of Nursing (Board) proposes to add Chapter 21, Subchapter F (relating to volunteer licenses) to read as set forth in Annex A.

A. Effective Date

The proposed regulations will be effective upon publication of final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The Board is required to promulgate regulations governing the volunteer license category by section 5 of the Volunteer Health Services Act (act) (35 P.S. § 449.5) which became effective February 3, 1997. Section 5 of the act mandates regulations governing: (1) qualifications for placing an active license on volunteer status; (2) criteria under which a retired licensee who has allowed a license to become inactive may obtain a volunteer license; and (3) procedures under which a volunteer license holder may return to active status. The Board is authorized to adopt regulations necessary to the administration of its enabling statute under section 2.1(k) of the Professional Nursing Law (63 P.S. § 212.1(k)) and section 17.6 of the Practical Nurse Law (63 P.S. § 667.6).

C. Background and Purpose

The purpose of the proposal is to implement the act. The act is intended to increase the availability of primary health services by establishing a procedure for retired nurses and other health care practitioners to provide professional services as volunteers in approved clinics. Primary health services are defined in the act as including services such as regular checkups, immunizations, school physicals, health education, prenatal and obstetrical care, early periodic screening and diagnostic testing, and health education.

An approved clinic is defined in the act as an organized community-based clinic which offers services to: (1) individuals and families who cannot pay for their care; (2) Medical Assistance clients; or (3) residents of medically underserved or health professionals shortage areas. Examples of these clinics include Federal or State qualified and approved health centers or nonprofit community-based clinics.

The act permits persons who have been issued a license by the State Boards of Medicine, Osteopathic Medicine,

Dentistry, Podiatry, Nursing, Optometry and Chiropractic to practice a component of the healing arts to apply for volunteer status. A volunteer license will be issued to a retired individual who documents to the satisfaction of the Board that the individual will practice without remuneration in approved clinics.

The act exempts holders of a volunteer license from biennial renewal fees.

D. Description of the Regulations

The volunteer license category would be added as Subchapter F. Section 21.601 (relating to purpose and scope) would provide the statutory references to the act, as well as the statutory basis for the volunteer license category. The Board has interpreted the act as permitting a volunteer license holder to practice exclusively in an organized community-based clinic without remuneration.

The criteria for obtaining a volunteer license are set forth in § 21.602 (relating to volunteer license). Under section 3 of the act (35 P.S. § 449.3), an active licensee must possess a current, active, unrestricted license to qualify for a volunteer license. Section 4 of the act permits a licensee to apply who retired with a license in good standing. The Board has interpreted this qualification to mean a license which at the time of the application is not subject to an outstanding disciplinary action such as revocation or suspension. Both active licensees and retired licensees with inactive licenses may receive a volunteer license in order to practice as a volunteer without remuneration in an approved clinic. Currently licensed nurses qualify for a volunteer license so long as their license is unrestricted, that is, not subject to or limited by a disciplinary order of the Board. Retired nurses must have retired with an unrestricted license. In addition, a nurse returning to active practice as a volunteer whose license has been inactive for 5 or more years must satisfy the Board's regulations regarding continued competency in § 21.30a and § 21.156a (relating to continued competency). The act's definition of an "approved" clinic is included in subsection (c).

Procedures to apply for a volunteer license are set forth in § 21.603 (relating to application). Applicants would be requested to provide basic license information. In addition, the applicant would be requested to execute a verification that the applicant intends to practice exclusively within the scope of a volunteer license. Also, in order to provide proper enforcement of the limitation of the act, applicants will be required to file with the Board a letter of agreement from the clinic that the applicant will work in the clinic. Section 21.604 (relating to validity of license) would make this notification a continuing obligation during the biennial period of the license.

Biennial renewal of the volunteer license would be provided for under § 21.605 (relating to biennial renewal). Under the act, volunteer licenses may be renewed without paying the biennial renewal fee; therefore, § 21.605 cross references §§ 21.5, 21.147 and 21.253 (relating to fees).

Section 21.606 (relating to return to active practice) provides for return to active, remunerative practice by a volunteer by applying to the Board.

Section 21.607 (relating to disciplinary provisions) notifies the volunteer license holder that he continues to be subject to the disciplinary provisions of the Professional Nursing Law (63 P.S. §§ 211—225) and the Practical Nurse Law (63 P.S. §§ 651—667). In addition, § 21.607

proposes that a violation of the act or the regulations adopted thereunder may constitute independent grounds for discipline.

E. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1, in drafting and promulgating the proposed regulations the Board solicited input and suggestions from the regulated community by providing drafts to organizations and entities which represent the professionals and to nonprofit organizations who represent qualified providers of volunteer services.

F. Fiscal Impact and Paperwork Requirements

1. *Commonwealth*—The proposed regulations will create a new license for which no fee will be charged. As such, the expenses of the program will be borne as a part of the Board's overall operating expenses which are financed through biennial renewals of active licensees. Therefore, the administration and enforcement of a new license category may have a fiscal impact on overall Board costs. The net effect, however, is estimated to be minimal owing to the relatively small number of licensee population who will seek a volunteer license compared with the number of active licensees. Additional paperwork will be incurred by the Board and the private sector to generate and file application forms.

2. *Political subdivisions*—There will be no adverse fiscal impact or paperwork requirements imposed.

3. *Private sector*—The proposed regulations will have a positive fiscal impact on individual licensees who restrict their professional activities to volunteer work since these individuals are exempt from maintaining professional liability insurance required under the Health Care Services Malpractice Act (40 P. S. §§ 1301.101—1301.1006) and the biennial renewal fee for licensure. The proposed regulations should impose no additional fiscal or paperwork requirements.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of these proposed regulations to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed regulations, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulations, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by the Board, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed regulations to Herbert Abramson, Board Counsel, State

Board of Nursing, P. O. Box 2649, 116 Pine Street, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-517 (Volunteer License), when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 21. STATE BOARD OF NURSING

Subchapter F. VOLUNTEER LICENSES

Sec.	
21.601.	Purpose and scope.
21.602.	Volunteer license.
21.603.	Applications.
21.604.	Validity of license.
21.605.	Biennial renewal.
21.606.	Return to active practice.
21.607.	Disciplinary provisions.

§ 21.601. Purpose and scope.

This subchapter implements the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) and provides for the issuance of a volunteer license to a qualified registered nurse, a certified registered nurse practitioner and a licensed practical nurse who retires from active practice and seeks to provide professional services as a volunteer. A volunteer license authorizes the holder to practice only in an organized community-based clinic and without remuneration.

§ 21.602. Volunteer license.

A volunteer license may be issued to a licensee of the Board who meets one of the following conditions:

(1) Holds a currently renewed, active, unrestricted license as a registered nurse, a certified registered nurse practitioner or a licensed practical nurse in this Commonwealth and retires from active practice at the time the applicant applies for a volunteer license.

(2) Retires from the active practice of nursing in this Commonwealth in possession of an unrestricted license which was allowed to lapse by not renewing it. A registered nurse whose license had lapsed or had been placed on inactive status shall comply with § 21.30a or § 21.156a (relating to continued competency). As used in this section, an "unrestricted license" is a license which is not restricted or limited by order of the Board under its disciplinary power.

(3) Documents to the satisfaction of the Board that the applicant will practice without personal remuneration in approved clinics. As used in this section, an "approved clinic" is an organized community-based clinic offering primary health care services to individuals and families who cannot pay for their care, to Medical Assistance clients, or to residents of medically underserved areas or health professionals shortage areas. The term may include a State health center, nonprofit community-based clinic and Federally qualified health center, as designated by Federal rulemaking or as approved by the Department of Health or the Department of Public Welfare.

§ 21.603. Applications.

An applicant for a volunteer license shall complete an application obtained from the Board. In addition to providing information requested by the Board, the applicant shall provide:

(1) An executed verification on forms provided by the Board certifying that the applicant intends to practice nursing exclusively:

(i) Without personal remuneration for professional services.

(ii) In an organized community-based clinic offering primary health care services to one or more of the following:

(A) Individuals and families who cannot pay for their care.

(B) Medical Assistance clients.

(C) Residents of medically underserved areas or health professional shortage areas.

(2) A letter signed by the director or chief operating officer of the community-based clinic that the applicant has been authorized to provide volunteer services in the named clinic by the governing body or responsible officer of the clinic.

§ 21.604. Validity of license.

A volunteer license shall be valid for the biennial period for which it is issued, subject to biennial renewal. During each biennial renewal period, the licensee shall notify the Board of any change in clinic or volunteer status within 30 days of the date of a change, or at the time of renewal, whichever occurs first.

§ 21.605. Biennial renewal.

A volunteer license shall be renewed biennially on forms provided by the Board. The applicant shall be exempt from payment of the biennial renewal fee of § 21.5, § 21.147 or § 21.253 (relating to fees), as applicable.

§ 21.606. Return to active practice.

A volunteer license holder who desires to return to active practice shall notify the Board and apply for biennial registration on forms provided by the Board.

§ 21.607. Disciplinary provisions.

A volunteer license holder shall be subject to the disciplinary provisions of the act and this chapter. Failure of the licensee to comply with the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) or this subchapter may also constitute grounds for disciplinary action.

**STATE BOARD OF
OPTOMETRY**

[49 PA. CODE CH. 23]
Volunteer License

The State Board of Optometry (Board) proposes to add § 23.26 (relating to volunteer license) to read as set forth in Annex A.

A. Effective Date

The proposed regulation will be effective upon publication of final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The Board is required to promulgate regulations governing the volunteer license category by section 5 of the Volunteer Health Services Act (act) (35 P. S. § 449.5) which became effective February 3, 1997. Section 5 of the act mandates regulations governing: (1) qualifications for placing an active license on volunteer status; (2) criteria under which a retired licensee who has allowed a license to become inactive may obtain a volunteer license; and (3) procedures under which a volunteer license holder may return to active status. The Board is authorized to adopt regulations necessary to the administration of its enabling statute under section 3(b)(14) of the Optometric Practice and Licensure Act (63 P. S. § 244.3(b)(14)).

C. Background and Purpose

The purpose of the proposal is to implement the act. The act is intended to increase the availability of primary health services by establishing a procedure for retired physicians and other health care practitioners to provide professional services as volunteers in approved clinics. Primary health services are defined in the act as including services such as regular checkups, immunizations, school physicals, health education, prenatal and obstetrical care, early periodic screening and diagnostic testing, and health education.

An approved clinic is defined in the act as an organized community-based clinic which offers services to: (1) individuals and families who cannot pay for their care; (2) Medical Assistance clients; or (3) residents of medically underserved or health professionals shortage areas. Examples of these clinics include Federal or State qualified and approved health centers or nonprofit community based clinics.

The act permits persons who have been issued a license by the State Boards of Medicine, Osteopathic Medicine, Dentistry, Podiatry, Nursing, Optometry and Chiropractic to practice a component of the healing arts to apply for volunteer status. A volunteer license will be issued to a retired individual who documents to the satisfaction of the Board that he will practice without remuneration in approved clinics.

The act exempts holders of a volunteer license from biennial renewal fees. However, volunteer licenses will be subject to biennial renewal conditioned upon completion of any continuing education which the Board requires for biennial renewal generally.

D. Description of Amendments

The volunteer license category would be added to § 23.26. Section 23.26(a) would provide the statutory references to the act, as well as the statutory basis for the volunteer license category. The Board has interpreted the act as permitting a volunteer license holder to practice exclusively in an organized community-based clinic without remuneration.

The criteria for obtaining a volunteer license are set forth in § 23.26(b). Both active licensees and retired optometrists with inactive licenses may receive a volunteer license in order to practice as a volunteer without remuneration in an approved clinic. The act's definition of an "approved clinic" is included in subsection (b)(3). In addition to the criteria, under section 3 of the act (35 P. S.

§ 449.3), an active licensee must possess a current, active, unrestricted license in order to qualify for a volunteer license. Section 4 of the act (35 P. S. § 449.4) permits a licensee to apply who retired with a license in good standing. The Board has interpreted this qualification to mean a license which at the time of the application is not subject to an outstanding disciplinary action such as revocation or suspension.

Procedures to apply for a volunteer license are set forth in § 23.26(c). Applicants would be requested to provide basic license information. In addition, the applicant would be requested to execute a verification that the applicant intends to practice exclusively within the scope of a volunteer license. Also, in order to provide proper enforcement of the limitation of the act, applicants will be required to file with the Board a letter of agreement from the clinic that the applicant will work in the clinic. Section 23.26(d) would make this notification a continuing obligation during the biennial period of the license.

Biennial renewal of the volunteer license would be provided for under § 23.26(e). Subsection (e) references continuing education requirements which must be met and § 23.91 (relating to fees) pertaining to the renewal fee from which a volunteer license is exempt under the act.

Section 23.26(f) provides for return to active, remunerative practice by a volunteer by applying to the Board and meeting the general reactivation requirements.

Section 23.26(g) notifies the volunteer license holder that he continues to be subject to the disciplinary provisions of the Optometric Practice and Licensure Act (63 P. S. §§ 244.1—244.12). In addition, § 23.26(g) proposes that a violation of the act or the regulations adopted thereunder may constitute independent grounds for discipline.

E. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1, in drafting and promulgating the proposed regulation the Board solicited input and suggestions from the regulated community by providing drafts to organizations and entities which represent the professionals and to nonprofit organizations who represent qualified providers of volunteer services.

F. Fiscal Impact and Paperwork Requirements

1. *Commonwealth*—The proposed regulation will create a new license for which no fee will be charged. As such, the expenses of the program will be borne as a part of the Board's overall operating expenses which are financed through biennial renewals of active licensees and may have a fiscal impact on overall Board costs. The net effect, however, is estimated to be minimal owing to the relatively small number of licensee population who will seek a volunteer license. Additional paperwork will be incurred by the Board and the private sector to generate and file application forms.

2. *Political subdivisions*—There will be no adverse fiscal impact or paperwork requirements imposed.

3. *Private sector*—The proposed regulation will have a positive fiscal impact on individual licensees who restrict their professional activities to volunteer work since these individuals are exempt from maintaining professional liability insurance required under the Health Care Services Malpractice Act (40 P. S. §§ 1301.101—1301.1006) and the biennial renewal fee for licensure. The proposed regulation should impose no additional fiscal or paperwork requirements.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of this proposed regulation to the Independent Regulatory Review Commission (IRRC) and the Chairperson of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed regulation, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulation, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulation, by the Board, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed regulation to April L. McClaine, Board Counsel, State Board of Optometry, P. O. Box 2649, 116 Pine Street, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-526 (Volunteer License), when submitting comments.

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 23. STATE BOARD OF OPTOMETRY

§ 23.26. Volunteer license.

(a) *Purpose and scope.* The following subsections implement the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) and provide for the issuance of a volunteer license to a qualified individual who retires from active practice and seeks to provide professional services as a volunteer. A volunteer license authorizes the holder to practice only in an organized community-based clinic and without remuneration.

(b) *License.* A volunteer license may be issued to a licensee of the Board who meets one of the following conditions:

(1) Holds a currently renewed, active, unrestricted license as an optometrist in this Commonwealth and retires from active practice at the time the applicant applies for a volunteer license.

(2) Retires from the active practice of optometry in this Commonwealth in possession of an unrestricted license which was allowed to lapse by not renewing it. A retired

licensee shall meet the requirements of the act or the regulations pertaining to continued education or continued competency to be eligible for renewal. As used in this section, an "unrestricted license" is a license which is not restricted or limited by order of the Board under its disciplinary power.

(3) Documents to the satisfaction of the Board that the applicant will practice without personal remuneration in approved clinics. As used in this section, an "approved clinic" is an organized community-based clinic offering primary health care services to individuals and families who cannot pay for their care, to Medical Assistance clients or to residents of medically underserved areas or health professionals shortage areas. The term may include a State health center, nonprofit community-based clinic and Federally qualified health center, as designated by Federal rulemaking or as approved by the Department of Health or the Department of Public Welfare.

(c) *Applications.* An applicant for a volunteer license shall complete an application obtained from the Board. In addition to providing information requested by the Board, the applicant shall provide:

(1) An executed verification on forms provided by the Board certifying that the applicant intends to practice optometry exclusively:

(i) Without personal remuneration for professional services.

(ii) In an organized community-based clinic offering primary health care services to one or more of the following:

(A) Individuals and families who cannot pay for their care.

(B) Medical Assistance clients.

(C) Residents of medically underserved areas or health professional shortage areas.

(2) A letter signed by the director or chief operating officer of the community-based clinic that the applicant has been authorized to provide volunteer services in the named clinic by the governing body or responsible officer of the clinic.

(d) *Validity of license.* A volunteer license shall be valid for the biennial period for which it is issued, subject to biennial renewal. During each biennial renewal period, the licensee shall notify the Board of any change in clinic or volunteer status within 30 days of the date of a change, or at the time of renewal, whichever occurs first.

(e) *Biennial renewal.* A volunteer license shall be renewed biennially on forms provided by the Board.

(1) As a condition of biennial renewal, the applicant shall satisfy the same continuing education requirements as the holder of an active, unrestricted license.

(2) The applicant shall be exempt from payment of the biennial renewal fee of \$ 23.91 (relating to fees).

(f) *Return to active practice.* A volunteer license holder who desires to return to active practice shall notify the Board and apply for biennial registration on forms provided by the Board.

(g) *Disciplinary provisions.* A volunteer license holder shall be subject to the disciplinary provisions of the act and this chapter. Failure of the licensee to comply with the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) or this section may also constitute grounds for disciplinary action.

STATE BOARD OF OSTEOPATHIC MEDICINE

[49 PA. CODE CH. 25]

Volunteer License

The State Board of Osteopathic Medicine (Board) proposes to amend Chapter 25, by adding Subchapter L (relating to volunteer license) to read as set forth in Annex A.

A. *Effective Date*

The proposed regulations will be effective upon publication of the final-form regulations in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The Board is required to promulgate regulations governing the volunteer license category under section 5 of the Volunteer Health Services Act (act) (35 P. S. § 449.5) which became effective February 3, 1997. Section 5 of the act mandates regulations governing: (1) qualifications for placing an active license on volunteer status; (2) criteria under which a retired licensee who has allowed a license to become inactive may obtain a volunteer license; and (3) procedures under which a volunteer license holder may return to active status. The Board is authorized to adopt regulations necessary to the administration of its enabling statute under section 16 of the Osteopathic Medical Practice Act (63 P. S. § 271.16).

C. *Background and Purpose*

The purpose of the proposal is to implement the act. The act is intended to increase the availability of primary health services by establishing a procedure for physicians and other health care practitioners who have retired from active practice to provide professional services as volunteers in approved clinics. Primary health services are defined in the act as including services such as regular checkups, immunizations, school physicals, health education, prenatal and obstetrical care, early periodic screening and diagnostic testing, and health education.

An approved clinic is defined in the act as an organized community-based clinic which offers services to: (1) individuals and families who cannot pay for their care; (2) Medical Assistance clients; or (3) residents of medically underserved or health professionals shortage areas. Examples of these clinics include Federal or State qualified and approved health centers or nonprofit community based clinics.

The act permits persons who have been issued a license by the State Board of Medicine, Osteopathic Medicine, Dentistry, Podiatry, Nursing, Optometry and Chiropractic to practice a component of the healing arts to apply for volunteer status. A volunteer license will be issued to a

retired individual who documents to the satisfaction of the Board that the individual will practice without remuneration in approved clinics.

The act exempts holders of a volunteer license from biennial renewal fees and professional liability coverage mandated by the Health Care Services Malpractice Act (40 P. S. § 1301.701). However, volunteer licenses will be subject to biennial renewal conditioned upon completion of any continuing education which the Board requires for biennial renewal generally.

D. Description of the Proposed Regulations

The volunteer license category would be added in § 25.601 (relating to purpose and scope). Section 25.601 would provide the statutory references to the act, as well as the statutory basis for the volunteer license category. The Board has interpreted the act as permitting a volunteer license holder to practice exclusively in an organized community-based clinic without remuneration.

Under section 3 of the act (35 P. S. § 449.43), an active licensee must possess a current, active, unrestricted license to qualify for a volunteer license. Section 4 of the act (35 P. S. § 449.44) permits a licensee to apply who retired with a license in good standing. The Board has interpreted this qualification to mean a license which at the time of the application is not subject to an outstanding disciplinary action such as revocation or suspension. Accordingly, the Board uses the term unrestricted license as a qualification for the issuance of a volunteer license in subsection (d). The criteria for obtaining a volunteer license are set forth in § 25.602. Both active licensees and retired licensees with inactive licenses may receive a volunteer license in order to practice as a volunteer without remuneration in an approved clinic. The act's definition of an "approved" clinic is included in subsection (c).

Procedures to apply for a volunteer license are set forth in proposed § 25.603 (relating to applications). Applicants would be requested to provide basic license information. In addition, the applicant would be requested to execute a verification that the applicant intends to practice exclusively within the scope of a volunteer license. Also, in order to provide proper enforcement of the limitation of the act, applicants will be required to file with the Board a letter of agreement from the clinic that the applicant will work in the clinic. Section 25.604 (relating to validity of license) would make this notification a continuing obligation during the biennial period of the license.

Biennial renewal of the volunteer license would be provided for under § 25.605 (relating to biennial renewal). Subsections (a) and (b) would cross reference § 25.271 (relating to requirements for renewal) pertaining to continuing education requirements which must be met and § 25.231 (relating to schedule of fees) pertaining to the renewal fee from which a volunteer license is exempt under the act.

Section 25.606 (relating to return to active practice act) provides for return to active, remunerative practice by a volunteer by applying to the Board and meeting the general reactivation requirements.

Section 25.607 (relating to disciplinary provisions) notifies the volunteer license holder that he continues to be subject to the disciplinary provisions of the Osteopathic

Medical Practice Act (63 P. S. §§ 271.1—271.18). In addition, § 25.607 proposes that a violation of the act or the regulations adopted thereunder may constitute independent grounds for discipline.

E. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1, in drafting and promulgating the proposed regulations the Board solicited input and suggestions from the regulated community by providing drafts to organizations and entities which represent the professionals and to nonprofit organizations who represent qualified providers of volunteer services.

F. Fiscal Impact and Paperwork Requirements

1. *Commonwealth*—The proposed regulations will create a new license for which no fee will be charged. As such, the expenses of the program will be borne as a part of the Board's overall operating expenses which are financed through biennial renewals of active licensees. Therefore, the administration and enforcement of a new license category may have a fiscal impact on overall Board costs. The net effect, however, is estimated to be minimal owing to the relatively small number of licensee population who will seek a volunteer license compared with the number of active licensees. Additional paperwork will be incurred by the Board and the private sector to generate and file application forms.

2. *Political subdivisions*—There will be no adverse fiscal impact or paperwork requirements imposed.

3. *Private sector*—The proposed regulations will have a positive fiscal impact on individual licensees who restrict their professional activities to volunteer work since these individuals are exempt from maintaining professional liability insurance required under the Health Care Services Malpractice Act (40 P. S. §§ 1301.101—1301.1006) and the biennial renewal fee for licensure. The proposed regulations should impose no additional fiscal or paperwork requirements.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of these proposed regulations to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed regulations, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulation, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by the Board, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed

regulations to Herbert Abramson, Board Counsel, State Board of Osteopathic Medicine, P. O. Box 2649, 116 Pine Street, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-537 (Volunteer License), when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 25. STATE BOARD OF OSTEOPATHIC MEDICINE

Subchapter L. VOLUNTEER LICENSE

Sec.	
25.601.	Purpose and scope.
25.602.	Volunteer license.
25.603.	Applications.
25.604.	Validity of license.
25.605.	Biennial renewal.
25.606.	Return to active practice.
25.607.	Disciplinary provisions.

§ 25.601. Purpose and scope.

This subchapter implements the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) and provides for the issuance of a volunteer license to a qualified Board-regulated practitioner as defined in section 2 of the act (63 P. S. § 271.2), who retires from active practice and seeks to provide professional services as a volunteer. A volunteer license authorizes the holder to practice only in an organized community-based clinic and without remuneration.

§ 25.602. Volunteer license.

A volunteer license may be issued to a Board-regulated practitioner who meets one of the following conditions:

(1) Holds a currently renewed, active, unrestricted license, registration or certificate in this Commonwealth and retires from active practice at the time the applicant applies for a volunteer license.

(2) Retires from the active practice in this Commonwealth in possession of an unrestricted license which was allowed to lapse by not renewing it. A retired licensee, registrant or certificateholder shall meet any requirements of the act or the regulations pertaining to continued education or continued competency to be eligible for renewal. As used in this section, an “unrestricted license, certification or registration” is a license which is not restricted or limited by order of the Board under its disciplinary power.

(3) Documents to the satisfaction of the Board that the applicant will practice without personal remuneration in approved clinics. As used in this section, an “approved clinic” is an organized community-based clinic offering primary health care services to individuals and families who cannot pay for their care, to Medical Assistance

clients, or to residents of medically underserved areas or health professionals shortage areas. The term may include a State health center, nonprofit community-based clinic and Federally qualified health center, as designated by Federal rulemaking or as approved by the Department of Health or the Department of Public Welfare.

§ 25.603. Applications.

An applicant for a volunteer license shall complete an application obtained from the Board. In addition to providing information requested by the Board, the applicant shall provide:

(1) An executed verification on forms provided by the Board certifying that the applicant intends to practice exclusively:

(i) Without personal remuneration for professional services.

(ii) In an organized community-based clinic offering primary health care services to one or more of the following:

(A) Individuals and families who cannot pay for their care

(B) Medical assistance clients

(C) Residents of medically underserved areas or health professional shortage areas.

(2) A letter signed by the director or chief operating officer of the community-based clinic that the applicant has been authorized to provide volunteer services in the named clinic by the governing body or responsible officer of the clinic.

§ 25.604. Validity of license.

A volunteer license shall be valid for the biennial period for which it is issued, subject to biennial renewal. During each biennial renewal period, the volunteer license holder shall notify the Board of any change in clinic or volunteer status within 30 days of the date of a change, or at the time of renewal, whichever occurs first.

§ 25.605. Biennial renewal.

A volunteer license shall be renewed biennially on forms provided by the Board.

(1) As a condition of biennial renewal, the applicant shall satisfy the same continuing education requirements as the holder of an active, unrestricted license under § 25.271 (relating to requirements for renewal).

(2) The applicant shall be exempt from § 25.231 (relating to schedule of fees) pertaining to the biennial renewal fee and shall be exempt from § 25.283 (relating to biennial renewal of license) with regard to the maintenance of liability insurance coverage under section 701 of the Health Care Services Malpractice Act (40 P. S. § 1301-701).

§ 25.606. Return to active practice.

A volunteer license holder who desires to return to active practice shall notify the Board and apply for biennial registration on forms provided by the Board.

§ 25.607. Disciplinary provisions.

A volunteer license holder shall be subject to the disciplinary provisions of the act and this chapter. Failure of the licensee to comply with the Volunteer Health

Services Act (35 P. S. §§ 449.41—449.50) or this subchapter may also constitute grounds for disciplinary action.

STATE BOARD OF PODIATRY

[49 PA. CODE CH. 29] Volunteer License

The State Board of Podiatry (Board) proposes to add § 29.55 (relating to volunteer license) to read as set forth in Annex A.

A. Effective Date

The proposed regulation will be effective upon publication of final-form regulation in the *Pennsylvania Bulletin*.

B. Statutory Authority

The Board is required to promulgate regulations governing the volunteer license category by section 5 of the Volunteer Health Services Act (act) (35 P. S. § 449.5) which became effective February 3, 1997. Section 5 of the act mandates regulations governing: (1) qualifications for placing an active license on volunteer status; (2) criteria under which a retired licensee who has allowed a license to become inactive may obtain a volunteer license; and (3) procedures under which a volunteer license holder may return to active status. The Board is authorized to adopt regulations necessary to the administration of its enabling statute under section 15 of the Podiatry Practice Act (63 P. S. § 42.15).

C. Background and Purpose

The purpose of the proposal is to implement the act. The act is intended to increase the availability of primary health services by establishing a procedure for podiatrists and other health care practitioners who have retired from active practice to provide professional services as volunteers in approved clinics. Primary health services are defined in the act as including services such as regular checkups, immunizations, school physicals, health education, prenatal and obstetrical care, early periodic screening and diagnostic testing, and health education.

An approved clinic is defined in the act as an organized community-based clinic which offers services to: (1) individuals and families who cannot pay for their care; (2) Medical Assistance clients; or (3) residents of medically underserved or health professionals shortage areas. Examples of these clinics include Federal or State qualified and approved health centers or nonprofit community based clinics.

The act permits persons who have been issued a license by the State Boards of Medicine, Osteopathic Medicine, Dentistry, Podiatry, Nursing, Optometry and Chiropractic to practice a component of the healing arts to apply for volunteer status. A volunteer license will be issued to a retired individual who documents to the satisfaction of the Board that the individual will practice without remuneration in approved clinics.

The act exempts holders of a volunteer license from biennial renewal fees and professional liability coverage mandated by section 701 of the Health Care Services Malpractice Act (40 P. S. § 1301.701). However, volunteer licenses will be subject to biennial renewal conditioned upon completion of any continuing education which the Board requires for biennial renewal generally.

D. Description of Amendments

The volunteer license category would be added to § 29.55. Section 29.55 would provide the statutory references to the act, as well as the statutory basis for the volunteer license category. The Board has interpreted the act as permitting a volunteer license holder to practice exclusively in an organized community based clinic without remuneration.

Under section 3 of the act (35 P. S. § 449.3), an active licensee must possess a current, active, unrestricted license to qualify for a volunteer license. Section 4 of the act permits a licensee to apply who retired with a license in good standing. The Board has interpreted this qualification to mean a license which at the time of the application is not subject to an outstanding disciplinary action such as revocation or suspension. Accordingly, the Board uses the term "unrestricted license" as a qualification for the issuance of a volunteer license in subsection (b). The criteria for obtaining a license are set forth in new § 29.55(b)(1). Both active licensees and retired podiatrists with inactive licenses may receive a volunteer license in order to practice as a volunteer without remuneration in an approved clinic. The act definition of an "approved clinic" is included in subsection (b)(3).

Procedures to apply for a volunteer license are set forth at proposed § 29.55(c). Applicants would be requested to provide basic license information. In addition, the applicant would be requested to execute a verification that the applicant intends to practice exclusively within the scope of a volunteer license. Also, to provide proper enforcement of the limitation of the act, applicants will be required to file with the Board a letter of agreement from the clinic that the applicant will work in the clinic. Section 29.55(d) would make this notification a continuing obligation during the biennial period of the license.

Biennial renewal of the volunteer license would be provided for in § 29.55(e). This subsection cross references § 29.13 (relating to fees) pertaining to the renewal fee from which a volunteer license is exempt under the act.

Section 29.55(f) provides for return to active, remunerative practice by a volunteer by applying to the Board and meeting the general reactivation requirements.

Section 29.55(g) notifies the volunteer license holder that he continues to be subject to the disciplinary provisions of the Podiatry Practice Act of 1956 (63 P. S. §§ 42.1—42.21a). In addition, § 29.55(g) proposes that a violation of the act or the regulations adopted thereunder may constitute independent grounds for discipline.

E. Compliance with Executive Order 1996-1

In accordance with the requirements of Executive Order 1996-1, in drafting and promulgating the regulation the Board solicited input and suggestions from the regulated community by providing drafts to organizations and entities which represent the professionals and to nonprofit organizations who represent qualified providers of volunteer services.

F. Fiscal Impact and Paperwork Requirements

1. *Commonwealth*—The proposed regulation will create a new license for which no fee will be charged. As such, the expenses of the program will be borne as a part of the Board's overall operating expenses which are financed through biennial renewals of active licensees. Therefore, the administration and enforcement of a new license category may have a fiscal impact on overall Board costs. The net effect, however, is estimated to be minimal owing to the relatively small number of licensee population who will seek a volunteer license compared with the number of active licensees. Additional paperwork will be incurred by the Board and the private sector to complete and file application forms.

2. *Political subdivisions*—There will be no adverse fiscal impact or paperwork requirements imposed.

3. *Private sector*—The proposed regulation will have a positive fiscal impact on individual licensees who restrict their professional activities to volunteer work since these individuals are exempt from maintaining professional liability insurance required under the Health Care Services Malpractice Act (40 P. S. §§ 1301.101—1301.1006) and the biennial renewal fee for licensure. The regulation should impose no additional fiscal or paperwork requirements.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 6, 1997, the Board submitted a copy of this proposed regulation to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed regulation, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulation, it will notify the Board within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulation, by the Board, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed regulation to Beth Sender Michlovitz, Board Counsel, State Board of Podiatry, P. O. Box 2649, 116 Pine Street, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-443 (Volunteer License), when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 29. STATE BOARD OF PODIATRY LICENSURE APPLICATIONS

§ 29.55. Volunteer license.

(a) *Purpose and scope.* The following subsections implement the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) and provide for the issuance of a volunteer license to a qualified individual who retires from active practice and seeks to provide professional services as a volunteer. A volunteer license authorizes the holder to practice only in an organized community-based clinic and without remuneration.

(b) *Issuance of license.* A volunteer license may be issued to a licensee of the Board who meets one of the following conditions:

(1) Holds a currently renewed, active, unrestricted license as a podiatrist in this Commonwealth and retires from active practice at the time the applicant applies for a volunteer license.

(2) Retires from active practice in this Commonwealth in possession of an unrestricted license which was allowed to lapse by not renewing it. A retired licensee shall meet any requirements of the act or the regulations pertaining to continued education or continued competency to be eligible for renewal. As used in this section, an "unrestricted license" is a license which is not restricted or limited by order of the Board under its disciplinary power.

(3) Documents to the satisfaction of the Board that the applicant will practice without personal remuneration in approved clinics. As used in this section, an "approved clinic" is an organized community-based clinic offering primary health care services to individuals and families who cannot pay for their care, to Medical Assistance clients or to residents of medically underserved areas or health professionals shortage areas. The term may include a State health center, nonprofit community-based clinic and Federally qualified health center, as designated by Federal rulemaking or as approved by the Department of Health or the Department of Public Welfare.

(c) *Applications.* An applicant for a volunteer license shall complete an application obtained from the Board. In addition to providing information requested by the Board, the applicant shall provide:

(1) An executed verification on forms provided by the Board certifying that the applicant intends to practice nursing exclusively as follows:

(i) Without personal remuneration for professional services.

(ii) In an organized community-based clinic offering primary health care services to one or more of the following:

(A) Individuals and families who cannot pay for their care.

(B) Medical Assistance clients.

(C) Residents of medically underserved areas or health professional shortage areas.

(2) A letter signed by the director or chief operating officer of the community-based clinic that the applicant has been authorized to provide volunteer services in the named clinic by the governing body or responsible officer of the clinic.

(d) *Validity of a license.* A volunteer license shall be valid for the biennial period for which it is issued, subject to biennial renewal. During each biennial renewal period, the volunteer license holder shall notify the Board of any change in clinic or volunteer status within 30 days of the date of a change, or at the time of renewal, whichever occurs first.

(e) *Renewal of license.* A volunteer license shall be renewed biennially on forms provided by the Board.

(1) As a condition of biennial renewal, the applicant shall satisfy the same continuing education requirements as the holder of an active, unrestricted license.

(2) The applicant shall be exempt from § 29.13 (relating to fees) pertaining to the biennial renewal fee and

shall be exempt from the requirements with regard to maintenance of liability insurance coverage under section 701 of the Health Care Services Malpractice Act (40 P. S. § 1301-701) and §§ 29.51—29.54.

(f) *Return to active practice.* A volunteer license holder who desires to return to active practice shall notify the Board and apply for biennial registration on forms provided by the Board in accordance with §§ 29.51 and 29.52 (relating to applicants; and requirements for applicants).

(g) *Disciplinary provisions.* A volunteer license holder shall be subject to the disciplinary provisions of the act and this chapter. Failure of the licensee to comply with the Volunteer Health Services Act (35 P. S. §§ 449.41—449.50) or this chapter may also constitute grounds for disciplinary action.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Commission Meeting and Public Hearings

The Delaware River Basin Commission will hold a public hearing on Wednesday, June 25, 1997. The hearing will be part of the Commission's regular business meeting which is open to the public and scheduled to begin at 1:30 p.m. in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, NJ.

An informal conference among the Commissioners and staff will be held at 10:30 a.m. at the same location and will include a presentation on New Jersey's statewide watershed management implementation strategy, a Natural Resources Conservation Service presentation on Basinwide digitization of soils data, and a status report on the Commission's GIS program.

In addition to the subjects listed which are scheduled for public hearing at the business meeting, the Commission will also address the following: Minutes of the May 28, 1997 business meeting; announcements; General Counsel's report; report on Basin hydrologic conditions; a resolution concerning FY '97 budget adjustments; a resolution providing for the election of the Commission offices of Chair, Vice Chair and Second Vice Chair and public dialogue.

The subjects of the hearing will be as follows:

Current Expense and Capital Budgets. A proposed current expense budget for the fiscal year beginning July 1, 1997, in the aggregate amount of \$3,445,500 and a capital budget reflecting revenues of \$2,187,500 and expenditures of \$2,074,500. Copies of the current expense and capital budgets are available from the Commission on request by contacting Richard C. Gore. This hearing was deferred at the January 22, 1997 business meeting.

Applications for Approval of the Following Projects under Article 10.3, Article 11 and/or Section 3.8 of the Compact.

1. *Chester County Water Resources Authority D-73-87 CP Revision 3.* A project to modify the outlet structure of the applicant's existing Barneston Flood Control Project (Pennsylvania Dam 432) on the East Branch Brandywine Creek in Wallace Township, Chester County, PA. The facility is a dry dam serving Chester County providing flood control by reducing the rate of flood water flow in the East Branch Brandywine Creek via a single-stage riser and a concrete conduit. A new conduit will be installed to replace the existing deteriorating riser/conduit outlet, and no change in the dam's functions or operation is proposed. The new conduit will continue to allow the passage of fish.

2. *Fawn Lake Forest Water Company D-81-61 CP RENEWAL 3.* An application for the renewal of a groundwater withdrawal project to supply up to 4.5 million gallons (mg)/30 days of water to the applicant's distribution system from Well Nos. 1, 2, 3, 4 and 5. Commission approval on May 20, 1992 was limited to 5 years. The

applicant requests that the total withdrawal from all wells remain limited to 4.5 mg/30 days. The project is located in Lackawaxen Township, Pike County, PA.

3. *Borough of Allentown D-89-32 CP RENEWAL.* An application for the renewal of a groundwater withdrawal project to supply up to 9 mg/30 days of water to the applicant's distribution system from Well Nos. 1 and 2. Commission approval on June 28, 1989 was limited to 7 years. The applicant requests that the total withdrawal from all wells remain limited to 9 mg/30 days. The project is located in Allentown Borough, Monmouth County, NJ.

4. *Elastimold, Inc. D-95-54.* An application for approval of an increase in groundwater withdrawal to supply up to 5.83 mg/30 days of water to the applicant's industrial facility from existing Well No. 3, and to limit the withdrawal to 5.83 mg/30 days. The project is located in Washington Township, Morris County, NJ.

5. *Jefferson Township Sewer Authority D-97-6 CP.* A project to construct a 410,000 gallons per day (gpd) sewage treatment plant (STP) to serve communities throughout Jefferson Township, Lackawanna County, PA; including Mount Cobb, Moosic Lakes and Lake Spangenberg, and the residential developments of Happy Acres, Belair Acres, Floral Estates, Jefferson Heights and High View Terrace. The STP will provide tertiary treatment prior to discharge to an unnamed tributary of the West Branch Lake Wallenpaupack Creek. The STP will be situated approximately 1,000 feet south of State Route 348 and just east of Mount Cobb in Jefferson Township. An importation of wastewater of approximately 21,000 gpd is projected from the Happy Acres service area which is located in the Susquehanna River Basin.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Contact Thomas L. Brand concerning docket-related questions. Persons wishing to testify at this hearing are requested to register with the Secretary prior to the hearing.

Other Scheduled Hearings

By earlier notice, the Commission announced its schedule of public hearings on proposed amendments to its Ground Water Protected Area Regulations for Southeastern Pennsylvania concerning the establishment of numerical groundwater withdrawal limits for subbasins in the protected area. The proposed limits, based upon hydrologic budget analyses, would initially be specified for the 14 subbasins in the Neshaminy Creek Basin. Limits for the remaining 52 subbasins within the protected area would be developed upon completion of additional hydrologic budget analyses scheduled to be completed late in 1997.

The public hearings are scheduled as follows:

June 24, 1997 beginning at 3 p.m. and continuing until 5 p.m., as long as there are people present wishing to testify. The hearing will resume at 7 p.m. and continue until 9 p.m., as long as there are people present wishing to testify. The hearings will be held in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, NJ.

Copies of the full text of the proposed amendments as well as the Commission's Ground Water Protected Area Regulations for Southeastern Pennsylvania may be obtained by contacting Susan M. Weisman, Commission Secretary, at (609) 883-9500 ext. 203.

Persons wishing to testify are requested to notify the Secretary in advance. Written comments on the proposed amendments should be submitted to the Secretary at the

Delaware River Basin Commission, P. O. Box 7360, West Trenton, NJ 08628.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of July

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of July is 9 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the indi-

vidual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 7.00 to which was added 2.50 percentage points for a total of 9.50 that by law is rounded off to the nearest quarter at 9 1/2%.

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The EPA waiver is in effect.

PA 0027103, Amendment No. 1. Sewage. **Delaware County Regional Water Quality Control Authority**, 100 East Fifth Street, P. O. Box 999, Chester, PA 19016-0999.

This application is for amendment of an NPDES permit to discharge treated sewage from Delcora's Western Regional Treatment Plant in City of Chester, **Delaware County**. This is an existing discharge to (001—014) Delaware River Zone 4, (015—018) Ridley Creek and (019—027) Chester Creek.

This permit is being amended in order to extend the due date of Delcora's CSO Long Term Control Plan. The date is being extended to July 25, 1997. Also, an additional CSO relief point is being added to the permit (027—2nd and Dock Street Pump Station). All other conditions and requirements of the permit, as issued on July 21, 1993 remain in effect.

PA 0032301. Sewage. **American Commonwealth Management Service Company, Inc.**, Ridgewood Corporate Center, 402 Boot Road, Downingtown, PA 19335.

This application is for renewal of an NPDES permit to discharge treated sewage from Concord Industrial Park STP in Concord Township, **Delaware County**. This is an existing discharge to West Branch of Chester Creek.

The receiving stream is classified for the following uses: trout stocking fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 20,000 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

INDIVIDUAL PERMITS

(PAS)

The following parties have applied for an NPDES
permit to discharge stormwater from a proposed construc-
tion activity into the surface waters of this Common-
wealth. Unless otherwise indicated on the basis of pre-
liminary review and application of lawful standards and
regulations, the Department of Environmental Protection
(Department) proposes to issue a permit to discharge,
subject to certain limitations set forth in the permit and
special conditions. These proposed determinations are
tentative. Limitations are provided in the permit as
erosion and sedimentation control measures and facilities
which restrict the rate and quantity of sediment dis-
charged.

Where indicated, the EPA, Region III, Regional Admin-
istrator has waived the right to review or object to this
proposed permit action under the waiver provision 40
CFR 123.24(d).

Persons wishing to comment on the proposed permit
are invited to submit a statement to the Regional Office
or County Conservation District Office indicated as the
responsible office, within 30 days from the date of this
public notice. A copy of the written comments should be
sent to the County Conservation District Office. Com-
ments reviewed within this 30-day period will be consid-
ered in the formulation of the final determinations re-
garding this application. Responses should include the
name, address, and telephone number of the writer and a
concise statement to inform the Regional Office of the
exact basis of the comment and the relevant facts upon

which it is based. A public hearing may be held if the
Regional Office considers the public response significant.

Following the 30-day comment period, the Water Pro-
gram Manager will make a final determination regarding
the proposed permit. Notice of this determination will be
published in the *Pennsylvania Bulletin* at which time this
determination may be appealable to the Environmental
Hearing Board.

The application and related documents, including the
erosion and sedimentation control plan for the construc-
tion activity, are on file and may be inspected at the
County Conservation District Office or the Department
Regional Office indicated above the application.

Persons with a disability who wish to attend the
hearing and require an auxiliary aid, service or other
accommodation to participate in the proceedings should
contact the specified program. TDD users may contact the
Department through the Pennsylvania AT&T Relay Ser-
vice at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person

proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Regional Field Office, Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Corporate Real Estate Limited—Werner Street Site, Washington Township, Northampton County. Kristen Main, Vectre Corporation, P. O. Box 930, Lafayette, NJ 07848 has submitted a Notice of Intent to Remediate, on behalf of her client, George Goodwin, Corporate Real Estate Ltd., 636 Pen Argyl Street, Pen Argyl, PA 18072, concerning the remediation of site soils and groundwater which are suspected of being contaminated with BTEX (benzene, toluene, ethylbenzene and xylene) compounds and metals. The applicant proposes to meet the nonresidential Statewide health standard for groundwater and most metals; the background standard is proposed for arsenic in soils.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted to the Department under the Land Recycling and Environmental Remediation Stan- dards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department

provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Approval of Reasonably Available Control Technology (RACT) Plan; Public Hearing

Notice of proposed revision to the State Implementation Plan for oxides of nitrogen and volatile organic compounds; Notice of proposed establishment of emission limitations to ensure maintenance of the National Ambient Air Quality Standard for nitrogen dioxide; and Notice of public hearing.

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) plan and an amendment to the State Implementation Plan (SIP) for a line production facility (Bellefonte Plant) owned and operated by Bellefonte Lime Company in Spring Township, Centre County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into an operating permit for the facility and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to the Commonwealth's State Implementation Plan.

The following is a summary of the preliminary RACT determination for this operation:

<i>Source</i>	<i>Nitrogen oxides emission limit</i>
#4 lime kiln	4.20 pounds per ton of lime produced
#5 lime kiln	7.90 pounds per ton of lime produced

The Department has additionally determined that the following nitrogen oxides emission limitations are needed to ensure the maintenance of the National Ambient Air Quality Standard for nitrogen dioxide and is consequently also proposing to establish these limitations as a condition of the proposed operating permit issuance:

<i>Source</i>	<i>Nitrogen oxides emission limit</i>
#4 lime kiln	69.9 pounds per hour
#5 lime kiln	106.9 pounds per hour

One public hearing will be held for the purpose of receiving comments on the proposed operating permit and the proposed SIP revision. The hearing will be held on July 10, 1997 at 1 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (717) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organiza-

tion is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (717) 327-3659 or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to William P. Parsons, Acting Air Quality Environmental Program Manager, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments should be submitted by July 25, 1997.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (717) 327-3693.

MINING

CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be

incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Application filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

E49-204. Encroachment. **Northumberland Borough**, 221 Second St., Northumberland, PA 17857. To remove the existing structure and to construct and maintain 1) 250 feet of R-5 riprap channel lining, 2) 260 linear feet of 5 foot diameter pipe, 3) 240 linear feet of 6 foot diameter pipe, 4) 850 linear feet of mostly open channel except for four box culverts under roads and alleys in an unnamed tributary to the north branch of the Susquehanna River located near the Liberty Pool Complex (Northumberland, PA Quadrangle N: 3.0 inches; W: 5.25 inches) in the Borough of Northumberland, **Northumberland County**. Estimated stream disturbance is approximately 1,600 linear feet; stream classification is WWF.

E59-343. Encroachment. **Westfield Township**, P. O. Box 61, Cowanesque, PA 16918. To extend an existing dike and to maintain the entire dike, about 1,500 feet long along the Cowanesque River just downstream of the Potterbrook bridge (Potter Brook, PA Quadrangle N: 6.75 inches; W: 13.75 inches) in Westfield Township, **Tioga County**. The Cowanesque River is designated WWF and this project will impact 670 feet of stream with no wetland impacts.

Northwest Regional Office, Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E10-264. Encroachment. **Treesdale Golf and Country Club**, One Arnold Palmer Drive, Gibsonia, PA 15044. To place fill in 0.425 acre of seven separate wetlands, to construct and maintain two bridges across two separate wetlands, to enclose and maintain 150 linear feet of a

tributary to Breckneck Creek (WWF, contributory drainage area approximately 120 acres) and to enclose approximately 1,390 linear feet of four separate tributaries to Breckneck Creek (WWF, contributory drainage areas less than 100 acres) to construct the third nine holes for the Treesdale Golf and Country Club Golf Course. This project will also include the creation of a single 0.45-acre replacement wetland adjacent to hole No. 4. The project is located approximately 4,000 feet southwest of the intersection of S. R. 0228 and S. R. 3015 (Mars/Valencia Road) (Mars, PA Quadrangle N: 9.3 inches; W: 1.1 inches) located in Adams Township, **Butler County**.

E20-443. Encroachment. **Estate of Ivor J. Lee, II**, c/o William T. Jorden, Esq., 966 South Main Street, Meadville, PA 16335. To maintain 1.10 acres of wetland fill through an approximately 30-acre wetland system, maintain 1,100 feet of channel realignment and maintain a 36-inch culvert in the old Erie Canal. These wetlands are nonexceptional value palustrine, forested, broad-leaved, deciduous, seasonally saturated, fresh water, mineral soil wetlands. The watershed is of high quality water use. This after-the-fact application is the result of a Consent Order and Agreement. The applicant has successfully constructed 2.29 acres of replacement wetland and has successfully restored 1.0 acre of wetland. The project is located between Aldina Drive and S. R. 0618, approximately 3,000 feet northeast of the intersection of S. R. 0618 and S. R. 0006 (Conneaut Lake, PA Quadrangle N: 20.8 inches; W: 9.2 inches) located in Sadsbury Township, **Crawford County**.

E25-551. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 1-0, 1140 Liberty Street, Franklin, PA 16323-1289. To pave the streambed with concrete to a depth of 1 foot below the existing streambed and to place rock protection at the inlet and outlet of the existing bridge located on S. R. 3021 (West Stancliff Road) across Goodban Run (CWF, MF). This project will protect the existing bridge from further scour damage. The project is located on S. R. 3021 (West Stancliff Road) approximately 5,400 feet east of the intersection of S. R. 3021 and S. R. 0098 (Edinboro North, PA Quadrangle N: 15.2 inches; W: 11.2 inches) located in Franklin Township, **Erie County**.

E43-258. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 1-0, 1140 Liberty Street, Franklin, PA 16323-1289. To pave the streambed with concrete to a depth of 1 foot below the existing bridge located on S. R. 0062 across Pine Run (WWF, TSF). This project will protect the existing bridge from further scour damage. The project is located on S. R. 0062 in the City of Sharon approximately 800 feet west of the intersection of S. R. 0062 and S. R. 0518 (Sharon East, PA Quadrangle N: 19.5 inches; W: 16.7 inches) located in the City of Sharon, **Mercer County**.

E43-259. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 1-0, 1140 Liberty Street, Franklin, PA 16323-1289. To pave the streambed with concrete to a depth of 1 foot below the existing streambed and to place rock protection at the inlet and outlet of the existing bridge located on S. R. 4019 (Methodist Road) across a tributary to Little Shenango River (TSF) locally known as Sankeys Run. This project will protect the existing bridge from further scour damage. The project is located on S. R. 4019 (Methodist Road) approximately 4,200 feet southwest of the intersection of S. R. 4019 and S. R. 0358 (Greenville East, PA Quadrangle N: 5.6 inches; W: 12.9 inches) located in Hempfield Township, **Mercer County**.

E62-331. Encroachment. Pennsylvania Department of Transportation, 1140 Liberty Street, Franklin, PA 16323. To remove the existing bridge and to construct a new bridge with a clear span of 27 feet and an average underclearance of 5.4 feet over Andrews Run, a cold water fishery. Temporary stream diversion structures will be implemented during abutment construction and temporary traffic run-arounds will be constructed in Andrews Run and wetland. The temporary run-around will impact 0.059 acre of nonexceptional value wetland. Project is located on S. R. 3007 approximately 1,700 feet north of the intersection of S. R. 3007 and T-374 (Pittsfield, PA Quadrangle N: 11.9 inches; W: 1.4 inches) located in Pittsfield Township, **Warren County**.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System
Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

A person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800)

654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1 and 693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Permits Issued and Actions on 401 Certifications:

Southeast Regional Office, Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-745. Encroachment Permit. **Quakertown Borough**, 15-35 N. Second Street, P. O. Box 727, Quakertown, PA 18951. To reconstruct, operate and maintain wellhouse No. 18 at the location of existing wellhouse No. 15, which will be demolished and debris removed from floodplain. The site is located along Beaver Run, in the 100 year floodplain, at the south side dead end of Second Street (Quakertown USGS Quadrangle N: 10.90 inches; W: 11.60 inches) in Richland Township, **Bucks County**. This permit was issued under section 105.13(e) "small projects."

E23-326. Encroachment Permit. **Southeastern Pennsylvania Transportation Authority**, 1234 Market Street, Philadelphia, PA 19107-3780. To remove an existing 25.7-foot long bridge and rebuild the structure utilizing 47.4-foot long prestressed concrete beams with parapet walls and concrete roadway paving. The abutments and approach areas will also be rebuilt. This bridge will have a span of approximately 43.5 feet and an underclearance of 8 feet. This bridge spans Cobbs Creek along Hathaway Lane (Lansdowne, PA Quadrangle N: 21.6 inches; W: 7.75 inches), in Haverford Township, **Delaware County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

E46-760. Encroachment Permit. **Wissahickon Valley Watershed Association**, 12 Morris Road, Ambler, PA 19002-5499. To construct and maintain a 48-foot wide prefabricated pedestrian bridge across a branch of the Wissahickon Creek and in the adjacent 100-year floodway at Four Mills Nature Reserve. The site is located approximately 8,300 feet upstream from the confluence with Sandy Run (Ambler, Quadrangle N: 4.00-inch; W: 14.00-inch) in Upper Dublin Township, **Montgomery County**. This permit was issued under section 105.13(e) "small projects." This permit also includes 401 Water Quality Certification.

E15-396. Encroachment Permit. **Wooldrige Construction of PA, Inc.**, 1500 Greenhill Road, West Chester, PA 19380. To perform the following activities:

1. To construct and maintain 37 linear feet of 72-inch by 44-inch ALCMP culvert beneath Chandler Drive and across an unnamed tributary to Boot Run (HQ TSF), and adjacent wetlands (PEM) situated immediately south of Lincoln Village;

2. To remove the riser box on the upstream end of Chandler Drive road crossing of Boot Run, and to install 8 linear feet of 73-inch by 55-inch CMP culvert to an existing 73-inch by 55-inch CMP roadway culvert, and operate and maintain this culvert crossing;

3. To operate and maintain 5 existing water obstructions and encroachments, consisting of fill placed in wetland, the 100 year floodway of Boot Run and tributaries of Boot Run; 29 stormwater outfall structures; and 5 utility line crossings of regulated waters of the Commonwealth;

4. To restore 1.05 acres of wetland and approximately 1,000 feet of watercourse.

The project includes a total of 4.31 acres of wetland impact during construction of the Hershey's Mills Golf Course and Residential Subdivision. This development is bounded by Boot Road to the west, Green Hill Road to the north, and Chester Road (S. R. 0352) to the east (Malvern, PA Quadrangle N: 0.05 inch and W: 6.5 inches), in East Goshen Township, **Chester County**. This permit requires the construction of 8.50 acres of replacement wetlands.

E15-520. Encroachment Permit. **County of Chester**, Courthouse, 2nd and High Streets, West Chester, PA 19380. To repair, modify and maintain Chester County Bridge No. 178 carrying Pickering Road (T-504) over Pickering Creek (HQ-TSF). The proposed work will consist of replacing deteriorated iron trusses and laminated timber deck with steel I-beams, open steel grid and timber plank deck, and remounting existing steel trusses on exterior beams. The work also will include repair of existing stone masonry abutment and wingwall facings, constructing new reinforced concrete abutments behind existing abutments, and placing riprap stone protection along the abutments and wing walls. Also included in this project will be the reconstruction of approximately 350 linear feet of roadway bridge approaches, and installation of two storm drainage outfall structures which are a 38-foot long, 18-inch diameter CMP for Pickering Road and a 52-foot long, 24-inch by 18-inch elliptical CMP for Lincoln Road. This bridge is located approximately 1 1/2 miles southeast of the intersection of S. R. 113 and Pickering Road (Malvern, PA Quadrangle N: 18.3 inches; W: 9.8 inches) in Charlestown Township, **Chester County**. This permit was issued under section 105.13(e) "small projects." WATER QUALITY CERTIFICATION

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of

practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Availability of Technical Guidance

Governor's Office List

Once a year on the first Saturday in August, the Governor's Office publishes a list of the non-regulatory guidance documents of all State agencies in the *Pennsylvania Bulletin*. The next publication of this list will be in the August 2, 1997, *Pennsylvania Bulletin*.

DEP's Technical Guidance Document Inventory

DEP publishes a list of its technical guidance documents in its Technical Guidance Document Inventory twice a year. The June 1997 edition of the Inventory will soon be available on DEP's World Wide Web site. DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of the Inventory once on the DEP home page, persons should choose the Public Participation Center/Technical Guidance Document/Inventory.

Bound paper copies of the June 1997 Inventory will become available in July for those who do not have access to the Web site. DEP automatically mails a paper copy of the June 1997 Inventory to persons who received a bound paper copy of the December 1996 Inventory. Persons who wish to add their address to the mailing list should call Nina Huizinga at (717) 783-8727.

DEP's Technical Guidance Documents on the World Wide Web

DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of DEP's Technical Guidance Documents once on the DEP home page, persons should choose the Public Participation Center. The Center contains several links to DEP's Technical Guidance Documents. Persons should look under the heading "Proposals Open to Comment" for the link to "Draft Technical Guidance." Persons

should look under the heading "Proposals Recently Finalized" for the link to "Technical Guidance." Persons should look under the heading "Technical Guidance" for one link to the "Basic Inventory" and a second link to "Final Guidance." The final documents menu will list DEP's bureaus. Persons should click on the name of the bureau to get to the list of the documents from that bureau that are currently on the Web. Then, to get to see a document, persons should click on the ID number of the document. DEP will be adding its revised documents to the Web throughout 1997.

Help Protect the Environment: Use the Web and Save Trees

DEP encourages members of the public who read these announcements in the *Pennsylvania Bulletin* and DEP's UPDATE and who have access to the World Wide Web to avoid the needless duplication of paper copies of DEP's technical guidance documents. Persons can download those DEP documents which are posted on DEP's Web site onto their computers and read them electronically. This method saves both paper and money.

Ordering Paper Copies of DEP Technical Guidance

Although DEP promotes the use of electronic copies of its technical guidance rather than paper copies, there are still reasons for DEP to continue to provide members of the public with paper copies: 1) It may be more convenient to use some documents in a paper form, 2) Not everyone has access to the World Wide Web and 3) Not all DEP documents are on DEP's Web site yet. Persons can order an unbound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Between publication of its Inventory, DEP announces changes to its technical guidance documents in its weekly newsletter, the UPDATE and the *Pennsylvania Bulletin*. Here is the current list of recently finalized documents, draft documents and notices of intended changes to technical guidance.

Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments about the Inventory, the documents on the World Wide Web, the availability of paper copies from the printer or the technical guidance document process in general should call Nina Huizinga at (717) 783-8727.

Draft Technical Guidance

DEP ID: 561-5300-201 BMR PGM: VI:2:1 Title: Damage Claim Processing Background: The Coal and Clay Mine Subsidence Insurance Act of August 23, 1961 (P. L. 1068, No. 484; 52 P. S. §§ 3201—3226) requires DEP to administer the Mine Subsidence Insurance program for the purpose of providing a reliable and economical source of insurance coverage against the losses caused by mine subsidence. This document provides the instructions and criteria required to process Mine Subsidence Insurance

damage claims. Deadline for Submittal of Comments: July 15, 1997 Contact: Lawrence Ruane at (717) 783-9586.

DEP ID: 563-2000-104 BMR PGM: II:1:4 Title: Sealing Exploratory Drill Holes Background: 25 Pa.Code §§ 86.133 and 89.54 require exploratory drill holes to be cased, lined, sealed or otherwise managed to prevent degradation of the quality of ground and surface water, minimize disturbance to the prevailing hydrologic balance, ensure the safety of people, livestock, fish, wildlife and protect machinery in the permit and adjacent areas. The Department has documented adverse hydrologic consequences associated with improperly sealed drill holes at underground bituminous coal mines, and has historically required mine operators to seal these holes with cement or bentonite. This guidance is intended to document those requirements as written policy. Deadline for Submittal of Comments: July 14, 1997 Contact: Harold Miller at (717) 787-3174.

DEP ID: 563-2504-411 BMR PGM: II:1:4 Title: Processing Completion Reports Background: This document is being revised to improve clarity, to address Office of Surface Mining Reclamation and Enforcement (OSMRE) concerns about bond rollover and to add recommended items for consideration when allowing sediment controls to be left permanently. We have also incorporated the bond release changes authorized by Act 43 which will make bond release computation the same for both coal mining and coal remining permits. Deadline for Submittal of Comments: July 8, 1997 Contact: John Meehan at (717) 783-9388.

Notice of Intent to Remove Technical Guidance from the Inventory

DEP ID: 560-0600-205 BMR PGM: I:9:5 Title: Memorandum of Understanding with the Bureau of Laboratories Background: This document pertains only to internal DEP procedures for handling water samples. It contains the Bureau of Laboratories standard operating procedures for maintaining the chain of custody of water samples. Effective Date: June 30, 1997 Contact: Evan Shuster at (717) 787-7846.

Notice of Intent to Add and Revise Technical Guidance

Draft Title: Critical Elements for Certification of Laboratories for Microbiology Background: This document is being added to the Inventory (It is an existing document that has never been listed on the Inventory before) and it is being revised. This guidance provides conditions for obtaining and/or maintaining drinking water laboratory certification in the area of microbiological analyses. It is based on EPA's Manual for the Certification of Laboratories Analyzing Drinking Water. Anticipated Effective Date: September 1, 1997 Anticipated Draft Development Date: June 15, 1997 Proposed Development and Review Process: The draft will be distributed within DEP, including drinking water program staff as well as program counsel, for review. It will also be announced in the *Pennsylvania Bulletin* and the UPDATE for public review and comment. Contact: Ted Lyter at (717) 783-7150.

Proposed Water Management Experimental Permit for Small Flow Sewage Treatment System

The Pennsylvania Rural Electric Association (PREA) has applied for an experimental permit to construct and operate a new technology demonstration project on the property of Willis and Terese Stevick, Cranberry Township, Venango County. The project will consist of a small flow sewage treatment system comprised of conventional septic tanks, a recirculating sand filter and an ultra-violet light for disinfection. A discharge into a soil infiltration system is planned. The project is designed to serve a home and will address existing sewage problems at the project location.

Unless otherwise indicated on the basis of detailed technical review of the application and/or lack of submission of necessary prerequisite planning approvals or municipal sponsorship/ordinance assuring proper operation and maintenance of the project, the Department has made a tentative decision to issue the experimental permit. All experimental permits represent only the conditional approval of such systems and must be promptly replaced or modified by the permittee, to the satisfaction of the Department if they fail, malfunction or cause a public nuisance. At the completion of the successful demonstration, the permit will be transferred to the property owner who will be responsible for continued compliance, operation and maintenance.

Persons wishing to comment on the proposed permit are invited to submit a written statement to, Permits Section, Division of Permits and Compliance, P. O. Box 8774, Harrisburg, PA 17105-8774, or John Murtha @A1.DEP.STATE.PA.US within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the final determination regarding this application. All comments should include the name, address and telephone number of the writer and a brief statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A fact-finding public meeting may be held if the Department considers the public response significant.

Following the comment period, the Department will make a final determination regarding the proposed permit action. Notice of the final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents, and the proposed permit with any special conditions can be inspected at the Division of Permits and Compliance located on the 10th floor of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA.

DEPARTMENT OF GENERAL SERVICES

Design Professional Selections

The Selections Committee for the Department of General Services will meet to consider selections of Design Professionals for the following projects:

Project No. DGS 800-220—Construction of Multi-Purpose Facility for Student Activities, The Pennsylvania State University, The Behrend College Campus, Erie, Erie County, PA. Construction Cost: \$9,000,000. The scope of work includes, but is not limited to, a facility to house a variety of spaces including a main arena which will also accommodate academic assemblies and concerts. Also included are a Natatorium; Racquet/Sports Area; Training and Rehabilitation Areas which will include General/Team/Visiting Team/Faculty locker and shower areas; Fitness and Research Area; Office Area and parking area with site work.

Project No. DGS 1103-43—Renovation and Addition to Alumni Hall and Chemistry Building, University of Pittsburgh, Pittsburgh, Allegheny County, PA. Construction Cost: \$5,000,000. The scope of work includes, but is not limited to, renovations and additions to Alumni Hall required to accommodate the expansion of the Chemistry and other Science programs. In addition, bring the facility into conformance with all applicable codes/regulations, including ADA. The work in the Chemistry Building will be that which is required to extend utilities and other systems to the renovated areas.

Requirements and Information

Note—Project Program

A Project Program, prepared by the Using Agency, for the above advertised projects may be available and can be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125, telephone (717) 783-8468.

Instructions for Filing Application

Professionals will not be considered by the Committee until all of the following requirements are met.

(a) Signed Revised 1994 Form 150, not more than 1 year old as of the deadline date stated in paragraph (d) below, must be filed with the Department of General Services for the requesting professional firm and the designated key consultants listed on the requesting professional firm's application (Form 150-S). All signatures on Form 150 must be original signatures. Consultants listed on the requesting professional firm's application (Form 150-S) shall be deemed to be designated key consultants. If these documents are not on file with the Department, the requesting professional firm must submit them with firm's application (Form 150-S). A photocopy of Form 150 without an original signature of a principal of the firm is not acceptable. Revised 1994 Form 150, Architect/Engineer Questionnaire, may be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125, telephone: (717) 783-8468.

(b) The requesting professional firm shall obtain from each consultant listed in the requesting professional firm's application (Form 150-S) a signed letter of certification on the consultant's letterhead, attesting to the firm's consent to participate in the requesting professional firm's application (Form 150-S) for the specific project. Signed letters of certification from consultants are required and constitute a part of the requesting professional firm's application (Form 150-S) for the specific project. All signatures on letters of certification must be original signatures.

(c) The requesting professional firm must submit six signed copies of Revised 1994 Form 150-S, Specific Project Form, for each project herein advertised in which the firm is interested and qualified to perform. All signatures on Form 150-S must be original signatures. For architectural projects and, when appropriate, for engineering projects, the Professional shall supply photographs showing a maximum of two different views of each of the three projects described in Question 14, Page 5 of the application (Form 150-S). The requesting professional firm or Joint Venture members must be the Professional of Record for the projects described in Question 14, Page 5 of the application (Form 150-S). It is not acceptable to list work performed by key consultants. The identification and appropriate supportive information concerning each photograph shall include the name, project title, location, and the name of the Professional of Record. Renderings and brochures will not be accepted in lieu of photographs. The photographs shall be attached to each copy of the application, (Form 150-S). The pages of each copy of revised 1994 Form 150-S must be stapled with photographs and consultant's letters of certification followed by photocopies of licenses of registered professionals included as the last section of the application. Do not bind the application (Form 150-S) in any way to any other documentation. Do not bind the application (Form 150-S) in a binder of any type. Revised 1994 Form 150-S may be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125, telephone: (717) 783-8468.

(d) A complete project submission, which consists of documents described in paragraphs (a), (b) and (c) above, must be received on or before the close of business (5 p.m.) Tuesday, July 15, 1997, and addressed to the Selections Committee, Department of General Services,

Room 104, 18th and Herr Streets, Harrisburg, PA 17125. FAX applications are not acceptable.

Project submissions must be made on the current 1994 forms. Outdated forms are not acceptable.

(e) The Selections Committee may at its discretion establish interviews with any or all of the Professionals who have requested consideration for appointment as designer for the above projects. If an interview is required, the Professional will be notified by the Committee as to the date, time and location.

(f) Additional information, in writing, may be requested by the Committee as required. Additional Services—Indoor Air Quality Assessment Program and Hazardous Materials.

The Professional firm selected to design a project will be expected to perform and administer, when required by the Department as Additional Services, an Indoor Air Quality Assessment Program during Building or Renovation Commissioning and the sampling, testing, inspection and monitoring for removal of any asbestos, other hazardous waste or contaminants encountered during project design or construction, unless otherwise stated in the Scope.

The professional agrees to comply with the terms of the Agreement and specifically as it relates to the Professional Liability Insurance and the General Liability Insurance Requirements.

The Selections Committee encourages responses from small firms, minority firms, women-owned firms and firms who have not previously performed State work, and will consider Joint Ventures, which will enable them to participate in this program.

All applications submitted are subject to review by the Selections Committee. The Selections Committee disclaims any liability whatsoever as to its review of the applications submitted and in formulating its recommendations for selection. All recommendations for selection made by the Committee shall be final under the act of July 22, 1975, (P. L. 75, No. 45).

ENVIRONMENTAL HEARING BOARD

Bethlehem Apparatus Company, Inc. v. DEP; Doc. No. 96-070-MG

The Department of Environmental Protection (Department) and Bethlehem Apparatus Company, Inc. (Bethlehem) have agreed to a settlement of the above matter. Bethlehem operates a mercury recycling facility located in Hellertown, PA (Hellertown Facility). By letter dated January 30, 1996, Bethlehem submitted a Request for Determination of Minor Significance to the Department, which requested that the Department determine that the Hellertown Facility was a source of minor significance and thus was exempt from the plan approval and operating permit requirements. By letter dated February 12, 1996, the Department denied Bethlehem's Request for Determination of Minor Significance. By notice of appeal dated March 18, 1996, Bethlehem appealed the Department's February 12, 1996 letter.

The Department and Bethlehem have agreed to a settlement, the major provisions of which include:

1. Bethlehem's Hellertown Facility will be designated as a source of minor significance and exempt from the plan approval and operating permit requirements during such times that the facility complies with the terms and conditions set forth in the determination.
2. Bethlehem will install specified air pollution control equipment and will conduct daily monitoring of process emissions.
3. Bethlehem will pay a civil penalty of \$1,000 in full resolution and satisfaction of civil penalty liability for alleged violations of the Department's rules and regulations concerning emissions on August 5, 1995 and September 7, 1995.

Copies of the full consent adjudication are in the possession of:

John Herman, Assistant Counsel, Department of Environmental Protection, Southwest Regional Office of Chief Counsel, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4262;

John P. Judge, Esquire, Eckert Seamans Cherin & Mellot, 1700 Market Street, Suite 3232, Philadelphia, PA 19103, (215) 575-6000;

and at the offices of the Environmental Hearing Board, and may be reviewed by an interested person on request during normal business hours.

Persons who are aggrieved by the above settlement have a right to appeal the Environmental Hearing Board, Second Floor, Market Street State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457. If information concerning this notice is required in an alternative form, contact the Secretary to the Board at (717) 783-3483. TDD users may contact the Board through the Pennsylvania Relay Service at 1 (800) 654-5984.

Appeals must be filed within 20 days of this publication.

The Environmental Hearing Board is empowered to approve this settlement if no objection is timely filed with the Board.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11 a.m., Thursday, June 5, 1997, and took the following actions:

Regulations Approved:

Environmental Quality Board # 7-299: Corrections to Drainage Lists (amends 25 Pa. Code §§ 93.9(c)—93.9(g), 93.9(i), 93.9(l), 93.9(n), 93.9(o), 93.9(p), 93.9(q), 93.9(r), 93.9(s), 93.9(t), 93.9(w), 93.9(x) and 93.9(y))

Board of Claims # 105-3: Rules of Procedure (rescinds 4 Pa. Code Chapter 121 and amends 61 Pa. Code Chapter 899)

Insurance Department # 11-154: Premium Taxes for Foreign Fire Insurance (amends 31 Pa. Code Chapter 113)

Insurance Department # 11-156: Investments of Fire and Casualty Companies (amends 31 Pa. Code Chapter 101)

Insurance Department # 11-158: Conversion of Certain Mutual Insurance Companies (repeals 31 Pa. Code, Chapter 109, Sections 109.1—109.6)

Regulations Disapproved:

Environmental Quality Board # 7-294: Administration of Sewage Facilities, Planning Program and Standards for Sewage Disposal Facilities (Act 149) (amends 25 Pa. Code Chapters 71—73)

Environmental Quality Board—Corrections to Drainage Lists; Doc. No. 7-299

Order

On July 24, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking would amend 25 Pa. Code §§ 93.9(c)—93.9(g), 93.9(i), 93.9(l), 93.9(n), 93.9(o), 93.9(p), 93.9(q), 93.9(r), 93.9(s), 93.9(t), 93.9(w), 93.9(x) and 93.9(y). The authority for this regulation is sections 5(b)(1) and 402 of The Clean Streams Law (35 P. S. §§ 691.5(b)(1) and 691.402), and Section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20). The proposed regulation was published in the August 3, 1996 *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on May 6, 1997.

This rulemaking represents an extensive editing project. The amendments to 25 Pa. Code § 93.9 in this regulation include minor corrections and reinstatements of information inadvertently dropped from the drainage lists during a reformatting of Chapter 93 in 1992. No additional costs will be imposed on the Commonwealth, local governments or private sector by this regulation.

We have reviewed this regulation and find it to be in the public interest. These amendments are intended to correct errors in the stream listings and will not change current stream designations that are being implemented for these streams. This regulation is beneficial because it provides the public with the proper information for stream designations that are already in effect.

Therefore, It Is Ordered That:

1. Regulation No. 7-299 from the Environmental Quality Board, as submitted to the Commission on May 6, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Board of Claims—Rules of Procedure; Doc. No. 105-3

Order

On May 9, 1997, the Independent Regulatory Review Commission (Commission) received this regulation from the Board of Claims (Board). This rulemaking would

rescind 4 Pa. Code Chapter 121 and amend 61 Pa. Code Chapter 899. The authority for this regulation is found at 72 P. S. § 4651-10. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The Board is proposing to rescind two outdated sets of rules of practice and procedure and replace them with a single set of procedural rules. The Board's enabling statute and caselaw requires that all matters before the Board be governed by the Pennsylvania Rules of Civil Procedure (Pa.R.C.P.). The new rules supplement the Pa.R.C.P. to conform to the Board's authority and to allow for the efficient handling of claims.

Two major procedural changes are proposed. First, the new rules require a party filing preliminary objections to also file a supporting brief. Failure to file the brief may result in the dismissal of the preliminary objections. Second, the new rules delete the filing of discovery material with the Board and limit each party in an action to the service of 60 interrogatories or requests for admission.

During our review, we discovered drafting errors in three of the proposed rules. The more substantive of the errors is in Rule 402(b) relating to discovery motions. As submitted, the rule provided that a brief need not be filed by a moving party when a motion to compel answers to interrogatories or production of documents is filed. However, the Board intended to eliminate the brief requirement in situations when the motion avers only that a response or objection has not been timely served. As drafted, a brief need not be filed if any motion avers that a response or objection has not been timely served.

The Board submitted a letter to the Commission on May 30, 1997, amending the regulation. The amendments clarify the very limited exception to the brief requirement and correct additional drafting errors.

We have reviewed this regulation and find it to be in the public interest. The regulation deletes obsolete procedural rules and replaces them with rules of procedure consistent with the Pa.R.C.P. The new rules will allow the Board to expeditiously and efficiently process claims.

Therefore, It Is Ordered That:

1. Regulation No. 105-3 from the Board of Claims, as submitted to the Commission on May 9, 1997, and amended on May 30, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Insurance Department—Premium Taxes for Foreign Fire Insurance; Doc. No. 11-154

Order

On May 15, 1997, the Independent Regulatory Review Commission (Commission) received this proposed rulemaking from the Insurance Department (Department). It would amend 31 Pa. Code Chapter 113 by deleting sections 113.21—113.23 as obsolete and unnecessary. The authority for this rulemaking is found in sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); and the Foreign Fire

Insurance Tax Distribution Law (1984 Law) (53 P. S. §§ 895.701—895.803). Notice of proposed rulemaking was omitted for these amendments; they will become effective upon publication in the *Pennsylvania Bulletin*.

The affected sections were adopted in April of 1970, under the authority of the act of June 25, 1895, P. L. 108 (1895 Act) (72 P. S. § 2262). The 1895 Act provided that a 2% premium tax paid by foreign fire insurers be distributed to political subdivisions and used for relief or pension funds for the paid and volunteer employees of fire departments. The regulations require foreign fire insurers to assign a code number to each policy to identify the political subdivision in which the insured property is located. The Department of Revenue (Revenue) used the codes to assure that tax revenue was properly distributed among the various political subdivisions. The 1895 Act was repealed by section 801 of the 1984 Law (53 P. S. § 895.801).

The 1984 Law provides a formula for the distribution of the 2% tax, which is different than that provided under the 1895 Act. The distribution is now based on population and market values of property. Revenue no longer requires information concerning location of insured properties and no longer assigns codes to political subdivisions. Section 706 of the 1984 Law (53 P. S. § 895.706) sets forth specific requirements that municipalities are to follow in connection with the use of foreign fire insurance tax moneys.

We have reviewed this regulation and find it to be in the public interest. The Department's repeal of the obsolete provisions of sections 113.21—113.23 of 31 Pa. Code will eliminate confusion by deleting outdated and inapplicable requirements.

Therefore, It Is Ordered That:

1. Regulation No. 11-154 from the Insurance Department, as submitted to the Commission on May 15, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Insurance Department—Investments of Fire and Casualty Companies; Doc. No. 11-156

Order

On May 15, 1997, the Independent Regulatory Review Commission (Commission) received this regulation from the Insurance Department. This rulemaking would amend 31 Pa. Code Chapter 101, by deleting sections 101.1 and 101.2. The authority for this regulation is contained in sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); and sections 802.1 and 803.1 of The Insurance Company Law (40 P. S. §§ 912.1 and 913.1). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

Sections 101.1 and 101.2 subject mutual fire insurance companies and mutual casualty insurance companies to investment laws applicable to stock fire insurance companies and stock casualty insurance companies. These pro-

visions were promulgated in 1958 under sections 517, 602 and 802 of The Insurance Company Law (40 P. S. §§ 652, 722 and 912). Sections 517, 602 and 802 of The Insurance Company Law have since been repealed by Act 106 of 1989 (Act 106). Further, Act 106 enacted new requirements at sections 802.1 and 803.1 relating to investments of mutual fire and mutual casualty companies.

We have reviewed this regulation and find it to be in the public interest. Repeal of the obsolete information at sections 101.1 and 101.2 of the Department regulations will eliminate potential confusion by removing outdated information and citations.

Therefore, It Is Ordered That:

1. Regulation No. 11-156 from the Insurance Department, as submitted to the Commission on May 15, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: Robert J. Harbison, III, Vice Chairperson; Alvin C. Bush; Arthur Coccodrilli; John F. Mizner

Public Meeting held

Insurance Department—Conversion of Certain Mutual Insurance Companies; Doc. No. 11-158

Order

On May 15, 1997, the Independent Regulatory Review Commission (Commission) received this regulation from the Insurance Department (Department). This rulemaking would repeal 31 Pa. Code, Chapter 109, sections 109.1—109.6, and is proposed under the Department's authority under sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The purpose of Chapter 109 was to implement the provisions of Act 279 of 1970 and to facilitate compliance. However, Act 279 was repealed by Act 79 of 1995. The currently effective requirements for the conversion of mutual companies are found in sections 801-A—818-A of the Insurance Company Mutual-to-Stock Conversion Act (act) (40 P. S. §§ 911-A—928-A).

The repeal of Chapter 109 has no fiscal impact because the currently effective requirements relating to the conversion of mutual companies are found in the act. All mutual insurance companies licensed to do business in Pennsylvania will be impacted by the repeal of Chapter 109 because they will now rely on the language of the act for the requirements governing the conversion of mutual insurance companies. The repeal of Chapter 109 will benefit insurance companies by eliminating the potential confusion created by having outdated requirements in the regulations and the current requirements in the act.

We have reviewed this regulation and find it to be in the public interest. The repeal of Chapter 109 will eliminate an obsolete, unnecessary regulation.

Therefore, It Is Ordered That:

1. Regulation No. 11-158 from the Insurance Department, as submitted to the Commission on May 15, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Environmental Quality Board—Administration of Sewage Facilities, Planning Program and Standards for Sewage Disposal Facilities (Act 149); Doc. No. 7-294

Order

On March 12, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking would amend 25 Pa. Code Chapters 71—73. The authority for this regulation is contained in section 9 of the Pennsylvania Sewage Facilities Act (act) (35 P. S. § 750.9), section 1920-A of The Administrative Code of 1929 (71 P. S. § 510.20), and The Clean Streams Law (35 P. S. §§ 691.1—691.1001.). The proposed regulation was published in the March 30, 1996 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on May 6, 1997.

This regulation implements various amendments to the act which were enacted on December 14, 1994 (P. L. 1250, No. 149). The regulatory amendments to Chapters 71, 72 and 73 are necessary to bring existing regulations into compliance with amendments to the act and to update some technical standards for onlot sewage treatment systems. Among the more significant regulatory amendments are provisions relating to procedures for private requests for permitting authorized under section 5 of the act (35 P. S. § 750.5); review of official plans, update revisions, requests for exceptions to the requirements to revise an official plan, responsibilities of and administrative procedures for delegated agencies, and reimbursement to and expanded authority of local agencies under sections 6 and 8 of the act (35 P. S. §§ 750.6 and 750.8); individual spray irrigation systems authorized under section 7.3 of the act (35 P. S. § 750.7c); and fees for the review of planning modules and certain permit applications and certain responsibilities of sewage enforcement officers.

There was extensive comment on the proposed regulation. We received written comments from the following parties on the proposed regulation:

Chester County Health Department
City of Philadelphia Health Department
Cook Township Supervisors
Shamokin Dam Borough
Montgomery County Department of Health
Pennsylvania State Association of Township Supervisors
Pennsylvania Builders Association
Pennsylvania Society of Land Surveyors
Pennsylvania Society of Professional Engineers (PSPE)
Pennsylvania Association of Sewage Enforcement Officers
Pennsylvania Septage Management Association
Pennsylvania Association of Realtors

We also received numerous written comments from Sewage Enforcement Officers (SEOs) and Professional Engineers (PEs). Most of the comments focused on the question of whether an SEO is authorized by statute or qualified by training and education to design the individual residential spray irrigation systems (IRSIS).

In response to these comments, Department of Environmental Protection (DEP) sent a request dated May 14, 1996, to the State Registration Board for Professional Engineers, Land Surveyors, and Geologists (PE Board) for a formal determination as to who may design IRSIS. The PE Board responded on May 28, 1996, stating that its members voted unanimously to oppose the proposed regulation because, in the PE Board members' opinion, the design of IRSIS constitutes the practice of engineering. Section 3 of the Engineers, Land Surveyors, and Geologists Registration Law (63 P. S. § 150) prohibits the practice of engineering in the Commonwealth by any person unless he or she is licensed and registered under the laws of the Commonwealth as a PE.

In our comments on the proposed regulation, we raised two concerns with the proposal to authorize SEOs to design onlot systems. First, based upon our review of arguments raised in comments and review of the act, we could not find any provisions which indicated that the Legislature intended or authorized SEOs to design onlot sewage systems. Second, the SEO "design" course on IRSIS does not require any proof of the expertise of a student to design such a system because there is no examination at the conclusion of the course. Accordingly, we recommended that the EQB delete the provisions which would allow SEOs to design IRSIS. We also recommended that the EQB review the qualifications of landscape architects with the State Registration Board for Landscape Architects to determine if their training would qualify them to design all phases of IRSIS including the effluent requirements.

In the final-form regulation, the EQB deleted qualifications of designers from the final-form regulation, leaving the regulation silent as to who could design IRSIS. After the submittal of the final-form regulation, we received a letter from PSPE urging disapproval of the regulation because it no longer contains any guidance regarding the qualifications for designers of pressurized onlot systems including IRSIS. PSPE believes the language in the final-form regulation could be interpreted to allow almost anyone to prepare a spray irrigation system or other complex pressurized distribution system.

We have reviewed this regulation and find it not to be in the public interest. Specifically, we believe that the regulation may result in unnecessary costs being imposed on individuals who desire to have an IRSIS system installed and does not meet the clarity and reasonableness criteria in the Regulatory Review Act (71 P. S. §§ 745.5(e)(1) and (3)). The EQB responded to comments from commentators and the PE Board by deleting the proposed language allowing SEOs to design IRSIS and pressure systems, but went a step further by deleting the existing and proposed language stating that IRSIS and pressure systems must be designed by a PE. This action creates an unacceptable level of ambiguity. EQB deleted existing language and proposed language establishing the qualifications for designers of pressurized distribution, dosing pumps and IRSIS systems in Sections 73.44(c)(1), 73.46(a)(7) and 73.161(a). Given this absence of direction in the final-form regulation, it could be logically concluded that anyone could design these systems and have a permit approved by this regulation. However, DEP staff admits this is not their intent.

We recognize the fact that many people believe SEOs should be allowed to design IRSIS systems. The preamble of the final-form regulation states that the EQB and DEP believe some SEOs who are not PEs are qualified to design such systems. At our public meeting, the DEP staff made it clear that they are pursuing two options to allow SEOs to design these systems. First, they are working to develop a training course to be approved by the PE Board that would qualify SEOs to design IRSIS systems. In addition, they believe that the General Assembly may pass legislation to amend the Engineers, Land Surveyors and Geologists Registration Law to exempt SEOs from the PE license requirement for designing onlot systems. We do not disagree with the EQB's and DEP's policy goals. However, we are constrained by current law and our statutory criteria as established in the Regulatory Review Act. We are required to consider the clarity, reasonableness and consistency of a regulation with existing statutes.

Given the decision of the PE Board, we believe that the EQB has no other choice than to amend the regulation to state that only PEs can design IRSIS systems. DEP staff stated in our public meeting that their preference would be to keep the regulation neutral in anticipation of a policy change by the PE Board or legislative change in the statutes. However, DEP counsel admits that the EQB does not have the authority to ignore or overrule the decision by the PE Board.

DEP has informed all registered SEOs by letter that if an application for IRSIS does not have a PE seal, the permit application should be returned as incomplete. If the DEP and EQB recognize the PE Board's legal authority to make the PE seal a requirement for these systems, this requirement needs to be in the regulation. The regulation does not provide the necessary guidance on the qualifications of designers. We believe any confusion caused by this omission is unnecessary. DEP is following the PE Board's ruling. Hence, the requirement for IRSIS to be designed by a PE needs to be in the regulation.

In the preamble of the final-form regulation, the EQB reasoned that the act does not provide a statutory basis for the EQB to determine the qualifications of system designers. The EQB believes qualification of designer determinations must be made under appropriate statutes related to registration or licensing of professionals. We strongly disagree with the EQB's position. Although the EQB may not have the authority to contradict or contravene the PE Board, we believe it has the power, if not the duty, to establish qualifications for designers in this regulation. The act does provide a statutory basis for the EQB to establish qualifications of system designers as part of the permit standards for sewage systems. For example, section 7 of the act (35 P. S. § 750.7) states the following:

(b)(1) Application for permit shall be in writing to the local agency in accordance with the provisions of section 8 of this act, and *shall be made in such form and shall include such data as the department may prescribe.* (Emphasis added.)

Section 7.3. *Individual Residential Spray Irrigation Systems* (35 P. S. § 750.7c) provides the following:

Permits for the construction of individual residential spray irrigation systems may be issued by a local agency under this act when all of the following have been met:

* * *

(2) The site, soil conditions *and system design meet the Department's standards for these systems.* (Emphasis added.)

Furthermore, the EQB has authority under Section 9. *Powers and Duties of the Environmental Quality Board* (35 P. S. § 750.9) which provides the following:

The Environmental Quality Board shall have the power and its duty shall be to adopt such rules and regulations of the department, applicable throughout the Commonwealth, as shall be necessary for implementation of the provisions of this act. Such rules and regulations shall *establish standards for the construction, installation, alteration, maintenance and operation of individual sewage systems and community sewage systems and of sewage treatment plants in such systems, . . .* (Emphasis added.)

These provisions clearly provide the EQB with authority to establish qualifications of system designers as part of the permit standards for sewage systems

Deleting any qualifications for designers from the regulation, creates unnecessary confusion for home builders, property owners, SEOs, or anyone who looks to the regulation for the legal requirements applicable to IRSIS or pressurized systems. We recommend that the regulation not be written to overrule or ignore the decisions of the PE Board, but be written to conform with the PE Board decision and current law. Further, the regulation's requirements should not differ from standards that DEP intends to impose. When there is a change in the PE Board's decision or in current law on this particular issue, we stand ready to work with the EQB to expedite the appropriate change in the regulation.

Therefore, It Is Ordered That:

1. Regulation No. 7-294 from the Environmental Quality Board, as submitted to the Commission on May 6, 1997, is disapproved;
2. The Environmental Quality Board shall, within 7 days of receipt of this Order, notify the Governor, the designated Standing Committees of the House of Representatives and the Senate, and the Commission of its intention to either proceed with the promulgation of the regulation without revisions, to revise the regulation, or to withdraw the regulation. Failure to submit notification within the 7-day period shall constitute withdrawal of the regulation;
3. The Commission will transmit a copy of this Order to the Legislative Reference Bureau; and
4. This Order constitutes a bar to final publication of Regulation No. 7-294 under section 6(b) of the Regulatory Review Act (71 P. S. § 745.6(b)).

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Drinking Water State Revolving Fund Projects; Federal FY 1997 Project Priority List and In- tended Use Plan

The Pennsylvania Infrastructure Investment Authority and the Department of Environmental Protection have received approval from the Environmental Protection Agency (EPA) of the final fiscal year 1997 Project Priority List (PPL) and Intended Use Plan (IUP) list of drinking water projects to be considered for a design and engineering or construction loan from funds Pennsylvania will receive from fiscal year 1997 funds approved by Congress to capitalize the Drinking Water State Revolving Fund (DWSRF) program.

A public meeting was held on January 22, 1997, for the purpose of receiving comments from the public regarding the FY 1997 DWSRF PPL and the FY 1997 IUP. Interested persons were invited to express their views on the priority rating or ranking of projects on the PPL and the IUP at the public meeting. Comments were also received from EPA relative to the eligibility of certain projects on the proposed PPL and IUP. A summary of the testimony received is available for review by any interested person by contacting the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, telephone (717) 787-6744.

The projects to be considered for a loan from the DWSRF must meet the Federal requirements for funding

in accordance with section 1452 of the Federal Safe Drinking Water Act. Accordingly, the projects included in the IUP are expected to meet the requirements applicable to use of the DWSRF loan funds. Projects listed on the FY 1997 IUP are expected to proceed with design and engineering or to construction in the near future. Other projects on the DWSRF Project Priority List are projects that are in development or will be developed for future loan consideration. Any project removed from an IUP is maintained on the Project Priority List unless otherwise completed.

The final FY 1997 PPL and IUP follow this notice.

Interested persons may direct questions relating to the status of a project or its priority rating to the appropriate regional office of the Department. A list of the Department's regional offices follows:

PENNSYLVANIA MUNICIPAL RETIREMENT BOARD

Hearings Scheduled

Hearings have been scheduled, as authorized by Pennsylvania Municipal Retirement Code (53 Pa.C.S. §§ 881.101—881.501) relating to Pennsylvania Municipal Retirement Board, in connection with the Pennsylvania Municipal Retirement Board's denial of claimants' requests concerning the indicated accounts.

The hearings will be held before a hearing examiner at the Pennsylvania Municipal Retirement Board, 1010 North 7th Street, Suite 301, Eastgate Center, Harrisburg, PA 17102.

July 21, 1997	Glen W. Elfner (Disability Benefit)	1:30 p.m.
July 28, 1997	Victor Lee Alli (Disability Retirement Benefits)	1:30 p.m.

Persons with a disability who wish to attend the above-listed hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Helen Willis at (717) 787-2065 to discuss how the Pennsylvania Municipal Retirement System may best accommodate their needs.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The hearings will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law). Under 16 Pa. Code § 91.1 (relating to applicability of general rules), procedural matters will be in conformance with the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.251 unless specific exemption is granted.

JAMES B. ALLEN,
Secretary

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Railroad With Hearing

A-0011325. Consolidated Rail Corporation. An application has been made to the Pennsylvania Public Utility Commission, under the provisions of Public Utility Code, for approval of: Abandonment of seven crossings where Conrail's Weirton Secondary from MP 26.7 to MP 35.7 intersects various roadways with four at-grade crossings and three under-grade separated crossings, Sub. No.

1132X, LC 402206, Washington County.

A public hearing on this application will be held Tuesday, August 19, 1997 at 10 a.m. in the 11th Floor Hearing Room, Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA, when and where all persons in interests may appear and be heard if they so desire.

JOHN G. ALFORD,
Secretary

Railroad With Hearing

A-00113589. County of Lebanon Transit Authority; C-00970106. South Lebanon Township Board of Supervisors v. Consolidated Rail Corporation; C-00970107. City of Lebanon v. Consolidated Rail Corporation; C-00970126. Pennsylvania Department of Transportation v. Consolidated Rail Corporation. An application and three complaints have been made to the Pennsylvania Public Utility Commission (Commission) under the provisions of the Public Utility Code, requesting that the Commission approve the suspension of a series of crossings involving the Cornwall Industrial Track of Consolidated Rail Corporation (CONRAIL) located in the City of Lebanon, Lebanon County (**A-00113589**). A complaint stating the South Lebanon Township Board of Supervisors has received numerous complaints about the crossing at South Lincoln Avenue mainly regarding ruts and deep holes causing damage to vehicles (**C-00970106**). A complaint stating the City of Lebanon is concerned about the condition of crossings on the Cornwall Industrial Track of CONRAIL at the following locations in the City of Lebanon: Willow Street; Cumberland Street; Chestnut Street; Walnut Street; 12th Street; 10th Street; 8th Street. Complainant states it has received complaints from the public that crossings are causing damage to their vehicles (**C-00970107**).

A complaint stating that the Department of Transportation is concerned about the safety of at-grade crossing at State Route 2003, L. R. 38016 at State Drive. Complainant says crossing is sunken with rotting timbers breaking out. Due to location on an over vertical curb, a driver is not aware of crossing's poor condition until it is too late (**C-00970126**).

A public hearing on this application will be held Tuesday, August 5, 1997 at 10 a.m. in an available Hearing Room, Ground Floor, North Office Building, North Street and Commonwealth Avenue, Harrisburg, PA, when and where persons in interests may appear and be heard if they so desire.

JOHN G. ALFORD,
Secretary

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
